The Permanent Committee of Arrangements for the One Hundredth General Assembly (Minutes 1885, pp. 628 and 698), presented its Report which was adopted, and is as follows:

The Permanent Committee of Arrangements for the One-hundredth General Assembly respectfully report to this General Assembly recommending:

1. That the General Assembly of 1888 meet in Philadelphia, and that the second Thursday of its meeting be designated and exclusively set apart by the Assembly as a special day of Celebration, Thanksgiving and Consecration.

2. That as leading up to this, it be urged on all churches, Presbyteries and Synods, which have not recently done so, to arrange for the collection and publication of the facts of their history, and that the Presbyteries and Synods be requested as far as practicable to have these historical publications presented at their meetings in the fall of 1887, and to forward two copies to the Stated Clerk of the General Assembly, and to the Presbyterian Historical Society respectively.

3. That each of the Boards of our Church be urged to provide for the preparation and publication of the history and outlook of its work, and arrange for the presentation of a brief synopsis of the same, at its evening meeting, during the sessions of the General Assembly of 1888.

4. That the whole of the day of celebration be devoted to meetings to be held in one or more places in the City of Philadelphia, under the direction of a Special Committee of Arrangements, appointed by this Permanent Committee; these meetings to be addressed in brief speeches on the work and the spiritual life of the Church by persons appointed by the said Special Committee of Arrangements. And also that on the evening of that day, a meeting be held under the direction of the Permanent Committee, to be addressed by two persons appointed by said Permanent Committee, one on the History, the other on the Future Work, of the Presbyterian Church in the United States of America.

5. That during the year of celebration, 1887-8; a special contribution be raised for the various objects hereinafter specified, such contributions to be known as the Centenary Fund; and also that the Permanent Committee be authorized to appoint a Finance Committee from their own number, and also a Secretary and Treasurer, the several duties of said Finance Committee and officers to be designated by the Permanent Committee, and all expenses of management to be paid out of the Centenary Fund.

6. That efforts shall be made to collect for this Fund not less than \$5,000,000. Among the objects for which contributions are asked we place:

a. Not less than \$1,000,000 as an addition to the Permanent Fund of the Board of Relief.

b. Not less than \$500,000 for the work of the Board of Aid for

Colleges and Academies, and for immediate distribution according to the needs of the field, and in the discretion of the Board.

c. The endowment of each of the Boards of the Church with a fund which, in addition to any existing endowments, will yield an income sufficient to pay the salaries of secretaries and all other expenses of administration, so that all future contributions from the Church to the Boards may go undiminished to the objects for which these Boards are established. To do this will require at least the following sums for each of the Boards respectively :

|                   |   |   |   |   |                   |

d. A sum sufficient to secure the full endowment of our Presbyterian theological seminaries.

7. That all the ministers and congregations of our Church in this and foreign lands be urged to unite with the General Assembly of 1888, on the day of commemoration, by such meetings and services as may to them seem suitable to such an occasion.

8. That the churches in our own and foreign lands be urged to make this centennial year an occasion of special supplication to God, that there may be such an outpouring of the Holy Spirit as our Church has never known, to the end that there may be a general quickening of faith and of aggressive spiritual work which shall lift all the churches to a permanent higher life, adding multitudes to their membership, and thus hastening on the grand and final triumph of the Church Universal.

The Committee further reports that it has received official notice of the appointment of a similar Committee by the Presbytery of New York.

The Committee requests that it be empowered to add to its own number.

Respectfully submitted,

E. R. CRAVEN, *Chairman.*

Resolution I was amended by the insertion of "Depositories" for "Agencies," and "Proper" for "Possible" in the second line. Resolution II was referred to the Standing Committee on Publication. Resolution III was amended by striking out from "as" in the first line to "the Board" in the third line. Resolutions IV and V were adopted. Resolution VI was referred to the Standing Committee on Publication. Resolutions VII VIII and IX, were indefinitely postponed. Resolution X was referred to the Standing Committee on Publication. The Resolutions as amended were adopted, and the whole Report was then referred to the Standing Committee on Publication to conform it to the action taken, and especially on Resolution VII.

The Committee on the Boundaries of the Synods of Michigan and Wisconsin (Minutes, 1885, p. 689), presented its Report, which was adopted, and is as follows :

The following is the result of the deliberation of the Joint Committee of the Synods of Wisconsin and Michigan at Marquette, Nov. 18 and 19, 1885.

The General Assembly having adopted a plan for the re-organization of the Synods on the general principle that "the boundaries of each Synod shall be made, unless obviously impracticable, coterminous with the boundaries of the State;" and the Synod of Michigan, in accordance with this principle, having overtured the General Assembly to transfer the Presbytery of Lake Superior to the Synod of Michigan; and the Presbytery of Lake Superior, by the action of the majority of its churches, having withheld its consent to said transfer, and the Synod of Wisconsin, in the absence of such consent, being unwilling to recommend said transfer; therefore,

*Resolved*, 1. That the Joint Committee of the Synods of Wisconsin and Michigan do hereby unanimously recommend to the next General Assembly to take no action in this matter, unless the Presbytery of Lake Superior, previous to that meeting, shall express its consent to said transfer.

*Resolved*, 2. That in view of all the interests involved, we do advise the Presbytery of Lake Superior and its churches, to give careful consideration to the plan of the General Assembly for the re-organization of the Synods, and the general principle on which the plan is based, and the reasons therefor, as given in the

Minutes of the General Assembly for 1881, pages 560-62, and review their action at the earliest convenient opportunity.

*Resolved*, 3. That copies of this action be furnished by this Committee to the members and churches of the Presbytery of Lake Superior.

The Committee on Commissions reported the attendance of the following additional commissioners, and it was ordered that they be enrolled :

From 9.30 A.M.—*Ministers*—James P. Fulton, of the Presbytery of Larned ; John C. Irwin, of the Presbytery of Winona ; James T. Houston, of the Presbytery of Rio de Janeiro ;—*Ruling Elders*, Horatio L. Lockwood, of the Presbytery of Columbia ; William J. Sly, of the Presbytery of Hudson ; Samuel M. Robinson, of the Presbytery of Palmyra ; Samuel L. Tate, of the Presbytery of Southern Dakota ; Walter N. Halsey, of the Presbytery of Santa Fé ; Robert Lynn, of the Presbytery of Platte ; Edwin B. Husted, of the Presbytery of North River ; Dwight H. Cooley, of the Presbytery of Morris and Orange ; George H. Ely, of the Presbytery of Cleveland ; John Q. Ingham, of the Presbytery of Chemung ; and Joseph R. Reed, of the Presbytery of Council Bluffs.

From 2.30 P.M.—*Ministers*—Joseph J. Gilchrist, of the Presbytery of Pueblo ; John M. Boal, of the Presbytery of Los Angeles ; Hunter Corbett, of the Presbytery of Shantung ; Thomas M. Boyd, of the Presbytery of Idaho ; Adolphus D. Waugh, of the Presbytery of Catawba ;—*Ruling Elders*, George E. Schnabel, of the Presbytery of East Florida ; Albion P. Hurd, of the Presbytery of Logansport ; Maxwell C. Steele, of the Presbytery of Yadkin ; Charles E. Freeman, of the Presbytery of La Crosse ; Henry M. Warren, M.D., of the Presbytery of Monroe ; John P. Sherman, M.D., of the Presbytery of Lake Superior ; John S. Kirby, of the Presbytery of Champlain ; Charles F. Haseltine, of the Presbytery of Philadelphia.

The Special Committee on the Charter of Biddle University presented its Report, which was adopted, and is as follows :

The Committee appointed by the General Assembly of 1885 on the Charter of Biddle University, and directed to report thereon to the Assembly of 1886, beg leave now to report :

That they have examined carefully the draft of a proposed Charter for Biddle University, submitted by members of the Presbyterian Board of Missions for Freedmen, and have deemed it proper to suggest some amendments thereto which the Committee think ought to be made. The amendments are suggested by alterations in ink of the type-written proposed Charter, and the whole, as so amended, we submit herewith to this Assembly,

recommending that it be by this Assembly approved, and the Legislature of the State of North Carolina requested to enact the same.

We beg leave to call attention to the fact that this proposed Charter as now presented:

1. Clearly and unequivocally recognizes that the existing institution has been established by this Presbyterian Church, and not by any other body, nor by philanthropists generally.

2. It forbids that any professor or instructor shall be a Trustee of the University, which is in accord with the principle adopted by the Assembly of 1885.

3. It declares in express terms that the purpose of the institution is for the education of men of the colored race and others for the ministry, for catechists and for teachers.

4. It requires a bond from the Treasurer of the Board of Trustees for the faithful discharge of his duties, to be fixed and approved by the Board of Missions for Freedmen.

5. The General Assembly has complete control of the Chair of Theology.

6. The Board of Missions for Freedmen controls the naming and election of the Trustees, and also of the professors.

We also call attention to section 15 of the proposed Charter. It creates a misdemeanor for certain offenses committed within one mile of the University, and affixes no penalty. None is necessary if by the general laws of the State of North Carolina a penalty or punishment is affixed to all misdemeanors for which no specific punishment is named. If no such general provision exists, then some one learned in the laws of North Carolina, and we suggest Judge Bynum, of Charlotte, North Carolina, should be entrusted with the duty of adding proper words at the end of section 15 specifying the penalty or punishment, and we so recommend.

Respectfully submitted,

CHAS. D. DRAKE,  
WOOLSEY WELLES,  
RALPH E. PRIME.

Accompanying the Report was the charter of Biddle University, which will be found in the Appendix.

The Special Committee on the Calvin Monument (Minutes 1885, p. 584) reported, asking to be continued, which request was granted.

*Resolved*, That a committee of three—Howard Crosby, D.D., Tryon Edwards, D.D., and Ruling Elder John L. Reed—be appointed to report to the next Assembly a system of recording in the minutes the number of communicants, so that both the enrolled number and the number of missing members may appear.

The Assembly adjourned, and was closed with prayer.

SATURDAY, May 22d, 9 o'clock A. M.

The Assembly met, and after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures reported, recommending the reference of several papers in their hands to the appropriate Committees. Adopted.

The Committee on Commissions reported the attendance of *Minister* Daniel Q. Jones, of the Presbytery of Cincinnati; and *Ruling Elders* Jonathan Parsons, of the Presbytery of Kalamazoo; James Sample, of the Presbytery of Idaho, and John B. Dwinnell, of the Presbytery of Madison, and recommended that they be enrolled. The report was adopted.

An Overture asking for an amendment of Chapter xii, Section 7, of the Form of Government, was referred to the Committee on the Polity of the Church, with the direction to report not later than Thursday next.

An invitation from the Young Men's Christian Association of the City of Minneapolis to visit its rooms was accepted, with thanks.

The Order of the Day, being the Report of the Standing Committee on Ministerial Relief, was taken up. The Report was read, accepted and, after an address by the Rev. William C. Cattell, D.D., Secretary of the Board, was adopted, and is as follows:

Your Committee to whom was referred the Thirty-first Annual Report of the Board of Ministerial Relief, having carefully examined the same, find much therein that calls for devout gratitude to God for what He has wrought through this agency. In our estimate of the comparative merits of the several Boards created by this Assembly, we are slow to discriminate in favor of any one of them to the seeming disparagement of others. But we believe this Board of Relief, the first that is brought to the attention of this Assembly, demands special prominence. Whilst we are sending out more laborers to the field, we should care for those who have fallen in the furrows. There is no cause which, if properly presented to our people, will secure a wider place in their sympathies and sense of justice, and draw forth more fully their helpful aid. And your Committee are persuaded that the Church will regard with special gratification the prominent position accorded to this Board in the Report of the Centennial Committee submitted yesterday to this Assembly.

The number on the roll of this Board, exclusive of those who are at the Ministers' House at Perth Amboy, is as follows, viz:

ministers, 191; widows of ministers, 265; orphan families, 28; making a total of 484. The number of persons comprised in these families is over 2000. They were recommended by 148 Presbyteries. There have been 64 new applications during the past year, including 30 ministers, 32 widows, and 2 orphan families. A comparison with the report of the preceding year shows a decrease of 32 in the number of persons relieved by this agency.

The receipts of the Board for the year ending April 1st, 1885, for current expenses were \$120,437.19, and for the Permanent Fund \$18,414.01. The contributions in clothing are valued at \$5064.83. This shows a gratifying increase in receipts from churches and individuals over those of the preceding year of nearly \$20,000. Our churches are awaking to a deeper sense of obligation to these needy representatives of their absent Lord, and are realizing in an increasing fullness the blessedness of Christ-like ministrations.

In compliance with the recommendation of the last General Assembly, women who have devoted themselves to missionary work, have been placed on the roll for the benefactions of this Board, on the same conditions as ministers. This is an act of justice, which will be appreciated by all Christian women, and will doubtless increase their contributions to this Board. It is gratifying to know that in some of our churches there have been formed Committees of Women on Ministerial Relief, and whilst these women are aiding the support of missionaries in active service at home and abroad, they are caring with womanly tenderness for those who have sunk under the heat and burden of the day. This expanding benevolence of woman in her work for women is one of the significant signs of the times. The Marys who lingered at the cross and went early to the sepulchre are come again, and we hail with joy their consecration to the interests of Christ's kingdom, hoping that it may stimulate the whole membership of the Church to greater exertion in behalf of the same.

The indications of this result are not wanting. At the meeting of the General Assembly, held one year ago, the elders then present expressed profound sympathy with this Board of Relief. Liberal things were devised. Generous pledges were made. The enthusiasm awakened was not ephemeral. In proof of this we refer to the action of the elders of the Synod of Indiana, binding themselves to earnest endeavor to increase the contributions to this object of all the churches within their bounds, with special reference to the Permanent Fund. This is an example worthy of general emulation. The elders of the Presbyterian Church of this country have it in their power, under God, to terminate the plaint of Christ's needy servants, "I was sick and ye visited me not; I was an hungered and ye gave me no meat."

A considerable number of those who received assistance from the Board in former years have withdrawn their names from the roll. This reveals an instructive fact. The ministry of kindness

has so lightened the burdens of Christ's disabled servants, that they have recovered from the prostration incident to exhausting labor and disease, and are again engaged in active service. Without this timely aid some of them at least might have been hopelessly disabled or transferred to the ministry of Him who has revealed a life in which His beloved shall hunger no more, neither thirst any more.

The Perth Amboy House deserves special mention. It is an Elim in the wilderness where weary pilgrims have been refreshed; some to renew their service here, others to ascend to the house above. The number of guests at this Saints' Rest during the past year was twenty-five. Nine of these were ministers, all of whom had passed the bound of their three score and ten. One had come from India, another came from our far West, who, after brief respite from suffering, had resumed his ministry as a home missionary at the advanced age of seventy years, and again in failing health found a home at Perth Amboy. This house ought to be sufficiently and speedily endowed.

It seems fitting to call attention to a misapprehension which has arisen with regard to a recent bequest of a benevolent lady of Philadelphia, of \$100,000 to support disabled ministers. It has been generally supposed to be a contribution to the Board. The act is one which is deserving of the most hearty commendation; but it creates a private institution which is in no way related to this Board, and brings no direct advantage to it.

We notice with pleasure that the action of the last Assembly urging "increased means to teach and persuade Christian people to bear this cause upon their minds and hearts" has been duly regarded, and special contributions have been made by which information concerning the work of this Board, through printed circulars and otherwise, has been extended, and in consequence of this the receipts have been correspondingly increased.

Owing to the re-payment of over \$20,000, the amount of the reduction during last year, the Board enters upon the work of another year with a balance but little in excess of that of one year ago. The supply will soon be exhausted and absolute suffering result, unless our churches respond at once to the appeal for liberal contributions. During the summer months the receipts are comparatively small, but need recognizes no law, except that of continuous demand. The motives which address themselves to us in behalf of this most Christian charity are familiar. There is a volume comprised in one or two sentences from the pen of one whom the Church delights to honor: "There is a filial aspect in the cause of relief for disabled ministers which gives it a peculiar interest to the Church. It is largely the Church's care of its venerated fathers, and the first thought which arises in considering the case is that of an abundant provision, to which the facts, alas! do not respond."

In view of the fact that of six thousand churches under the

care of this Assembly, nearly one-half have contributed nothing to this fund during the past year; and in view of all the sacred interests which are committed to this agency, we, in conclusion, present the following resolutions:

1. The Committee having examined the Minutes of the Board of Ministerial Relief, find them well and correctly kept, and recommend their approval.

2. That this Assembly do heartily approve the fidelity and service of the Board, and earnestly commend this cause to the prayers and support of all our churches, emphasizing the recommendation of previous Assemblies, that not less than \$150,000 be annually contributed to this sacred cause.

3. That the ministers of the Presbyterian Church be instructed to present the cause of Ministerial Relief in a sermon to their respective churches on the first Sabbath of September in each year, or as soon thereafter as practicable, and to take a collection for the purposes of this Board. And the Assembly recommends that each Session select a ruling elder to assist his pastor in presenting the cause to the people on the occasion.

4. That the following members of the Board whose term of service now expires, be reappointed to their office to continue three years from this time, viz:

Henry E. Niles, D.D., Robert D. Harper, D.D., George Junkin, Esq., and A. Charles Barclay, Esq.; and that J. Frederick Dripps, D.D., be appointed to fill a vacancy in the class whose term expires in 1888.

All of which is respectfully submitted by your Committee.

ROBERT F. SAMPLE, *Chairman.*

Invitations were received from the Chamber of Commerce of St. Paul, the Washburn A. and the Pillsbury A. Mills, which were accepted with thanks; also, an invitation from the Minneapolis Industrial Exposition to attend the exercises at the laying of the corner-stone, which was referred to the Committee of Arrangements.

The Committee on Correspondence reported the following telegrams, which were ordered to be attested by the Moderator and Stated Clerk and presented to the bodies named:

*To the General Assembly of the Presbyterian Church in the United States, meeting in Augusta, Georgia.*

The General Assembly of the Presbyterian Church in the United States of America, in Session at Minneapolis, Minnesota, sends greeting:

"Therefore, my beloved brethren, be ye steadfast, unmoveable, always abounding in the work of the Lord, forasmuch as ye know that your labor is not in vain in the Lord." 1 Corinthians xv: 58.

*To the General Assembly of the Cumberland Presbyterian Church in the United States, in Session at Sedalia, Missouri.*

The General Assembly of the Presbyterian Church in the United States of America sends fraternal greetings:

"The Lord bless thee, and keep thee; The Lord make His face to shine upon thee: The Lord lift up His countenance upon thee, and give thee peace."

The Assembly adjourned until 9 o'clock A. M. on Monday morning, and was closed with prayer.

---

MONDAY, May 24th, 9 o'clock A. M.

The Assembly met and, after devotional services, was opened with prayer.

The Committee on Commissions reported the following additional Commissioners as present, and recommended that they be enrolled: *Ruling Elders*—Christopher A. Bliss, of the Presbytery of Aberdeen; James W. Clark, of the Presbytery of Bismarck, and John F. Henderson, of the Presbytery of Iowa City. The report was adopted.

An invitation from the President of the University of Minnesota to visit that institution was received, and acknowledged with thanks.

The following resolutions were unanimously adopted, and directed to be sent by telegraph:

*To the General Assembly in Session at Augusta, Georgia, from the General Assembly in Session at Minneapolis, Minnesota, greeting.*

*Resolved*, 1. That this General Assembly, congratulating the Presbyterians of the country upon the happy re-establishment of fraternal relations between the two great branches of the Church in this land, most cordially and earnestly invite the General Assembly of the Presbyterian Church in the United States to co-operate with us in the year 1888 in the celebration of the organization of the General Assembly, at Philadelphia.

2. That the Committee of this Assembly on the One Hundredth General Assembly be, and they are hereby directed and empowered to confer with a similar committee from the General Assembly of the Presbyterian Church in the United States, if this invitation be accepted and such committee be appointed, and arrange the method and plan of such co-operation.

3. That the Moderator be requested to communicate these resolutions by telegraph to the General Assembly now sitting in Augusta, Georgia.

In behalf of the General Assembly,

D. C. MARQUIS, *Moderator*.

W. H. ROBERTS, *Stated Clerk*.

The Committee on the Polity of the Church reported the following papers:

*Overture, No. 1*, being a request from the Presbytery of Erie, that the Indian Church of Allegheny and Cornplanter be transferred from the Presbytery of Buffalo to the Presbytery of Erie.

It is recommended that the request be granted. Adopted.

*Overtures Nos. 2, 3 and 4*, being requests from the Presbyteries of Kalamazoo, Buffalo and Boston respectively, that the Directory of Worship be amended, with a view of giving greater prominence to Systematic Beneficence as an act of worship.

Inasmuch as the recent Overture with regard to this subject has been adopted by a majority of the Presbyteries of our Church, it is recommended that no action be taken. Adopted.

*Overture, No. 5*, being a request from the Synod of New York for an answer to the following question: "Is the pastor of a church, by virtue of his office, the moderator of a meeting of the communicants of his church called to elect ruling elders and deacons, and will the answer to this question also apply to regularly appointed moderators of Sessions who are not pastors?"

It is recommended that these questions be answered in the affirmative. Adopted.

The Special Committee on the Property of the Board of Missions for Freedmen made its report, which was approved, and is as follows:

The Committee on Property among the Freedmen begs leave to report:

That the title to all the property among the freedmen, such as church, chapel and school buildings, teachers' cottages and houses for pastors, belonging to the Presbyterian Church in the United States of America has, with the exception of a very few small pieces, been secured to that Church. The value and kind of each piece of property may be found in the report of the Board of Missions for Freedmen. The estimated value of the whole is \$299,690.

The Committee is glad to be able to say that one debt of \$600 resting upon the school and church at Aiken, S. C., and another of \$350 incurred by the purchase of a house of worship from the Baptists, at a very low price, is the only indebtedness, and provision has been made for the payment of both of these sums, the first of which is due in June and the second in July, of this year. During last year the indebtedness previously incurred by changes and

improvements, and the purchase of school furniture at Biddle University and Beaufort, S. C., and the purchase of a church building at Augusta, Georgia, have been liquidated.

The citizens of Crockett, Houston county, Texas, have donated twelve acres of ground for the erection of a boarding-school for colored girls, and the erection of a building for this purpose is now in progress. This will add from \$12,000 to \$15,000 to the property of the Church.

The Committee will add that the utmost care is taken to have the buildings fully insured in reliable companies.

JAMES ALLISON, *Chairman.*

The Standing Committee on Freedmen presented its Report, which was accepted, and pending a motion to adopt, the Assembly was addressed by the Rev. Richard H. Allen, D.D., the Secretary of the Board of Missions for Freedmen, and others. The Report was adopted, and is as follows :

The Standing Committee on Freedmen respectfully submit the following Report :

There have been placed in our hands the Twenty-first Annual Report of the Board of Missions for Freedmen, and the Minutes of the Board for the past year.

Both these are most interesting reading, and have been thoroughly examined. They suggest much more, which would be deeply instructive to the Assembly, than can be presented in a report which from its very nature must be brief.

If we are guided to say just the things which will deepen interest and awaken greater effort in this noble cause, our object will be attained.

We are brought by the report of this Board face to face with 7,000,000 souls. Think of their history, of the avarice that brought them to this land, of the chains of abject slavery that bound them for two hundred and fifty years, of the burdens they carried and the crosses they bore, of the much tribulation through which they came, before the threshold of liberty was reached. Hear them sing of their deliverance, as Israel sung when released from the hand of the oppressor. Hear them pleading now for the Gospel, for Christian homes and emancipation from ignorance and from sin. And think how all this touches the heart of Him who when He saw the multitudes was moved with compassion on them because they fainted, and were scattered abroad as sheep having no shepherd. Estimate, if you can, the result to the social, political and material interests of our country, which would follow the education and evangelization of these 7,000,000 souls. To say nothing of the honor of Christ and the advancement of His kingdom, would not the elevation of this great body of people, in our very midst and a part of our nation, do much to settle the questions of peace and order among the working classes? Such thoughts suggest the dignity and magnitude of the interests committed to this Board.

The next thoughts suggested in reading the Report for the past year is the need of an awakening among our churches upon this subject. Our Church has not been indifferent to the claims of the Freedmen. She was among the first to hear their cry, and to undertake their education and evangelization. Much has been accomplished. There is abundant evidence that the efforts of our Board have been recognized by a gracious God. We see much to cheer, to encourage and to awaken devout thanksgiving. But the Church has only begun to grasp the magnitude of her undertaking in this great field, ripe for the harvest. The unoccupied districts of the South, the hundreds of thousands who can neither read nor write, the over-crowded schools, the great need of endowment for the institutions of learning already established, the touching appeals for teachers and missionaries which cannot be answered, the difficulty which the Board experiences in supplying funds to hold the work in hand, the 3387 churches that did not contribute a cent to this cause last year and the debt of \$6000 with which the Board closes the year, tell us plainly that the Church is not awake to her duty to the Freedmen. Here is work for every pastor and every elder in this Assembly. Here is new business for some of our Presbyteries. The people need instruction upon this subject. Let us see to it that this instruction be given. Is not this a subject for conversation, for prayer and for at least one sermon a year? The Report presents a most interesting statement of the work now in the hands of the Board. The entire working force numbers 266; an increase of twenty over last year. Of these 106 are ordained ministers, 1 is a licentiate, 14 are catechists and 95 are teachers. There are 202 churches, 12 of which were organized this year; 13,754 communicants, 1680 of whom were added this year; 201 Sabbath-schools with 14,563 scholars and 89 day schools instructing 9436 pupils. This statement shows a net increase for the year of 4 churches, 7 schools, 12 day schools, 2 catechists, 18 teachers, 2382 communicants, 1114 Sunday-schools and 690 day school pupils. In this increase an important fact is to be noticed. The purging of the rolls of the churches and the exercise of discipline made last year's Report show a decrease in the communicants of the churches. It appears from the Report that 500 of the delinquents have returned to their places in the Church. Time does not permit us to speak at length of our established institutions. The interests of Biddle University have been harmonized and its future is promising. Too much cannot be said in favor of the work undertaken by this university. It is a source of power beyond our ability to estimate.

Scotia Seminary is doing a noble work. The same may be said of Wallingford Academy and Brainerd and Fairfield Institutes.

The Report of the financial condition of the Board shows that its resources are entirely inadequate for the work committed to its care. The offerings have, during twenty years, increased from \$10,000 to \$91,500. But the demands of the field have much

more rapidly increased. The debt of \$6000 with which the year closes only testifies to the comparative unfaithfulness of the Church, and to the imperative demands of the great interests of the freedmen. The Treasurer's report shows that the actual receipts for the year, from all sources have been \$113,918.52; the expenditures \$118,459.25, and that the permanent fund has reached \$25,000. This is a gain of \$1402.34 in the income of the Board and an increase of \$8880 in the permanent fund. A view of the entire Report shows a most encouraging advance in the work. It is being carried forward in the spirit with which it was begun more than twenty years ago. Higher education is given wherever this is practicable and profitable. Great effort is made to instruct all in the Scriptures, and our Shorter Chatechism. The education, in all cases, is distinctively Christian. Constant effort is made to establish Christian homes. The women of the Church have come to the front in this effort. The increase in their offerings from \$3000 last year to almost \$8000 this year is a small part of what our Christian women have done for this great cause. That noble, devoted woman, Mrs. Mary Allen, whom God has so suddenly taken from us, has touched the cord of loving sympathy in thousands of hearts; and willing hands from our Northern homes of wealth and luxury are opening to bless their lowly sisters of the South. The Mary Allen Seminary in Texas has just been founded in the midst of 196,380 negro women, 140,285 of whom are illiterate. Through the eloquent lips of the woman whose name it bears, God has founded this school to educate Christian wives and mothers. May He endow it by the sadder and more pathetic eloquence of her death, for she being dead, yet speaketh.

In view of what has been accomplished and of the claims of the Freedmen upon our Church, it is recommended:

1. That the Board be commended for its faithful discharge of duty, that the minutes of the last year be approved, and that the Board be encouraged to continue its work upon the present plan of operation.

2. That this Assembly record its high appreciation of the work of the late Mrs. Mary Allen, beloved wife of our Secretary, in behalf of this Board, and extend to him in his great sorrow most loving sympathy.

3. That we commend to all our churches the Woman's Department for Freedmen, under the Women's Executive Committee of Home Missions.

4. That all pastors be urged to instruct their congregations in the work among the Freedmen, and appeal to them for offerings to this cause.

5. That the Board be urged to persevere in its efforts to secure the co-operation of the Trustees of Lincoln University in our common work in behalf of colored men.

6. That E. E. Swift, D.D., James Allison, D.D., B. B. Warfield, D.D., James B. Lyon, Esq., and Robert C. Totten, Esq., whose

terms of service expire with this Assembly, be re-elected members of the Board for the term of three years.

H. O. GIBBONS, *Chairman*.

The report of the Committee on Missionary Periodicals was taken up. Pending its discussion, the Assembly took recess, and was closed with prayer.

---

MONDAY, May 24th, 2.30 o'clock P. M.

The Assembly met, and was opened with prayer.

The Committee of Correspondence reported that it had received the credentials of the Rev. William H. Reid, of the Reformed Episcopal Church, and recommend that his name be enrolled as a delegate member, and that he be heard to-morrow morning, immediately after the reading of the minutes, or at such time as the Assembly may designate.

It was made the First Order of the Day for Saturday, to hear the report of the Committee on the Narrative, and the Second Order, to hear the reports of the Committees on the Records of the Synods.

The discussion of the Report on Missionary Periodicals was resumed. The Report was amended and adopted, and is as follows:

The Special Committee on Missionary Publications, as instructed by the last General Assembly, has taken measures to bring the question of consolidating the three monthly journals before the Presbyteries, and solicited their careful consideration and definite action.

1. As the first point of report to this General Assembly, the Committee presents a summary of returns received from 98 Presbyteries. Of this number 67 Presbyteries voted for the consolidation of the three periodicals, 6 for the merging of *The Record* in *The Home Missionary*, and 25 voted against consolidation or the making of any change in the magazines. The 73 Presbyteries desiring some change comprise 2492 ministers; the 25 opposing any change comprise 806 ministers, making a proportion of three-fourths in favor of partial or complete consolidation and one-fourth opposed, both as respects the number of Presbyteries and of ministers. By those favoring a single periodical or the merging of *The Record*, many and various reasons have been presented. Those opposing any change have failed to suggest any definite ground for their action.

Of the remaining 72 Home Presbyteries, the majority seem to regard the matter with indifference, while a few have refrained from

action, not so much from lack of interest as of information, or of some definite plan by which seeming difficulties could be removed.

2. The Committee would next notice certain difficulties and objections that have been suggested in personal correspondence or in the pages of the *Home and Foreign Missionary Journals*:

(1) The chief, and if well-founded, insurmountable difficulty, presented alike by those who warmly favor and those who oppose consolidation, rests upon an entire misconception of any plan that has been referred to by this Committee. It relates to the proposed editorship, and assumes that all the stock of information and correspondence constantly accumulating in the rooms of every Board, out of which the material for publication is sifted, must be handed over to such editor, and the files of each office thus emptied of all matters needful for use and reference. No such idea of Secretarial displacement or improper interference has been hinted at. No other person besides the Secretary of each Board can intelligently or effectively use the material which makes its current history. Nor can any other mind than his be so filled with his own special theme as to be able to give fitting expression to its finer, more impressive points of thought, gathered from an ever-widening experience and enthusiastic study. In this quickening editorial work to propose as a substitute for thoroughly informed Secretaries an uninformed man would be folly. But in the placing within one cover the material furnished as now by the Secretaries, there would be a call for some educated and efficient man possessing both intellectual and business ability, call him editor, publisher, manager, or agent, who should attend to the details of the make-up, printing and distribution of the one magazine—the identical work now required of three or more persons in connection with three magazines.

If it be suggested (as it has been) as another difficulty in this connection, that the gathering of such material each month and its timely transmission from different and separated points is impracticable, the sufficient answer is that *The Record* has been published for years in Philadelphia with abundant matter (including many pages of duplicated receipts) from the Home and Foreign offices in New York. It may be added, that if the reasonable hope of a great Presbyterian House to be erected in New York be realized, the transmission of editorial and other matter from these offices need be simply by elevator.

(2) A second objection takes the form of a doubt respecting the larger circulation of a single magazine, and a consequent fear of loss to the *Home and Foreign Journals*. These have a paid subscription of from fifteen to twenty thousand each. Combined, the present number of paying and non-paying recipients is somewhere between thirty and thirty-five thousand, out of about 150,000 different families in the entire Presbyterian Church membership. This very considerable subscription, it is justly claimed, has been gained by the earnest and judicious effort of years, and it is be-

lieved, gained in permanence. In answer to this reasonable objection of doubt and fear, it may be fairly and frankly asked, Is it likely that interested readers thus gained would be estranged from either Home or Foreign Missions, and refuse to receive and ponder over the quickening thought and stimulating facts simply because the same matter is brought to them within the same cover and with the added story of current Christ-like work by other Boards? But there is a better answer to this objection—one based upon fact if we can depend upon the judgment and word of scores of pastors, as indicating the sentiment and purpose of hundreds. In scores of personal and written communications the plain avowal is made: "I have done nothing, can do nothing to circulate three magazines; I will use my utmost ability to put one into every family of my congregation." Two pastors volunteered to guarantee the taking of a specific number of copies; one in a small congregation, 50 copies; another in a large church, 250 copies. With the Committee's knowledge of the intense interest already awakened and rapidly increasing in this matter, any possible reduction in paid-for copies from the proposed consolidation is simply incredible. Our assured conviction is that it must result in a largely increased subscription. A single citation from a Western pastor in support of these statements: "Several of our pastors have said that if the Church would combine the existing monthlies into one, that they would do their very best to place a copy in every family in their churches. And I have no doubt that the circulation of one monthly, at a reasonable cost (say from \$1.00 to \$1.50), would be vastly increased over the combined subscriptions of existing monthlies, and would result in stimulating the churches tremendously."

(3) A third objection is the supposed greater cost of a single magazine, than of the three existing ones. This too is based upon a misapprehension of fact. The price of even an eighty-page magazine, which would contain more than "the same amount of information now given," need not exceed one dollar, nor reach that figure if published at cost, and only in exceptional cases sent without payment; while, as is well known, the lowest price of the three journals exceeds one dollar. But there is a further element in the comparison of cost that both refutes and transfers this objection. It respects the work of binding, covering, enveloping, addressing, and mailing. All these particulars, as well as the keeping of books and accounts, plainly demand a three-fold expenditure in workers and in means, to the manifest waste of two-thirds of the amount so expended. To this might be added the unnecessary duplication of Receipts by the Home and Foreign Boards in *The Record*.

(4) Another objection to the proposed consolidation is expressed in the published statement of the Secretaries of the Home and Foreign Boards, that it "consigns each of these causes to a mere department of a magazine for Church work." Such a statement might properly be challenged by the questions, Is the work of

Home and Foreign Missions the only work of the Church? Or is it in any respect a higher, more Christ-like work than that of the other Boards, that the claim for a separate, independent and loftier place is justifiable? But there need be no fear that these two confessedly leading agencies, the Foreign and the Home Boards, will ever be suffered to take other than their rightful foremost place in the interest and affection of God's people, or that they will receive other than their proportionate space and attention in a united magazine of Church work. It would seem, however, that the honored brethren of these Boards would do well to consider the fact, which has become a matter of very serious thought to hundreds of our earnest pastors, that five at least of the other Boards do not receive either rightful attention or proportionate support, and this mainly because, unlike the two, they have no adequate medium of information or appeal to ministers and people. Would it not be a noble thing for these acknowledged leaders of the working hosts, to second any wise movement by the Assembly, in meeting its obligation to make adequate provision for this need of the other Boards, even though such movement involve a welcome to fellowship within the cover of the same journal?

(5) An objection to any movement in this matter by the churches, or any action by the Assembly, calls for brief notice. It is to the effect that the question of "establishing a general magazine for Church work should be submitted to and decided by the actual subscribers to the Home and Foreign Mission Journals, and not by general legislation" in the Assembly. That is, the few thousand individuals who receive the two magazines are to decide what the Church shall do in behalf of its eight Boards and its 600,000 members. In reply it suffices to observe, that upon so vital a matter "general legislation," by a certainly competent General Assembly, seems preferable to such limited and anomalous legislation.

(6) Two "unanswerable arguments" in the *Home Missionary* will be sufficiently disposed of by simple denial. One is that "the present movement for consolidation is in the case of many a desire for something new." Than this suggestion of trivial motive nothing can be farther from the fact, as shown by the inception and progress of the movement. It was inaugurated by serious thinkers and workers, not for something new, but for something better and more adequate, something more fitted to promote aggressive and efficient work in all departments, especially neglected ones, of the Church's mission. No breath of dissatisfaction exists with the material and conduct of the *Foreign Missionary* and the *Home Missionary*; but a yearning to have this most helpful material put in such shape as to enlarge its reach and usefulness, and to add to it intelligence respecting the work of other Boards, intelligence as necessary in its place and proportion. The other "argument," to the effect that the proposed consolidation will not "diminish the number of

magazines because the Women's Board will start a magazine of their own," needs only to be stated for its own refutation.

3. Having thus, it is believed, fairly answered every objection that has application or force, and in the answer suggested various points strongly favoring consolidation, the Committee next refer to additional considerations bearing directly upon the subject committed to them, and sustaining the expressed judgment of seventy-four Presbyteries concerning the combination of the publications.

A forcible argument in favor of this judgment is found in the indifference of so large a number of ministers to the working agencies of the Church and their work, as indicated by their failure to notice this matter of the periodicals, brought before them now for two years. This indifference has long been emphasized by the blanks in the columns of annual contributions, in Minutes and Reports. It is often referred to, plaintively or vigorously, in the pages of the *Foreign and Home Missionary* monthlies. And the lack of a just and healthful *esprit du corps* in the great Presbyterian Church is felt and expressed by all earnest toilers, not in the Boards only, but in our ministry and eldership. Now, this lacking *esprit du corps*, so desirable and needful, simply means unity, oneness of sentiment and feeling throughout the entire body touching the life and advancement of the Church. It means a common interest in and devotion to the progress and prosperity of the espoused cause of Christ. But how shall we have this living unity, how can this common interest be created, this devotion fostered and increased, except through such close and continuous study of the work Christ puts upon us, as will habitually excite our best thought and stir our deepest sympathies? Assuredly the only true unifying influence is that which rightly informs and deeply moves, which stimulates to thoughtfulness, to prayer, and to helpful action—the influence which comes, not alone from the speech of the pulpit, but in great part from the printed story of Christian workers in the wide harvest field. And it is in the lack of this latter source of unifying influence that a chief, a fundamental cause of our lack of unity is found. Our informing agencies, excellent and useful as they are, block each other's way. This is the universal testimony from every section: "The Home and Foreign Boards are the only ones that have the ear of the Church." "Some who take one say, We have no interest in the other. The remaining Boards have few friends." "Pastors have neither time nor heart to bring three periodicals before their people." "The people will not subscribe for so many." "The crying need of the laity of our congregations is information as to the work the Church is doing, and the needs of that work; not in the way of urgent solicitation, but of interesting intelligence as to the work itself." "My experience is that our people will be liberal to all good causes that they understand. In these matters 'faith cometh by hearing.'" These plain citations manifestly enforce the necessity of seeking the desired unity, and a better progress through

increased unity, by using the unifying influence of a single periodical.

Another argument for combination, one really "unanswerable," is found in the fact that while the Home and Foreign Boards have two organs, and avail themselves, as they ought, to the full extent of their advantages, the five Boards, of Education, Church Erection, Ministerial Relief, Freedmen, and College Aid, as also the Assembly's Committees on Benevolence and Temperance (not to include its Seminaries), have practically no audience or standing in the churches, so far as a necessary printed medium of communication is concerned. Even the small space allotted in *The Record* (of which journal only 600 copies were taken in 1884 by 600,000 Church members), suffices only to present statistics and receipts with a meagre statement or appeal. No authorized medium have these Boards and Committees, in which can be properly set forth the great principles which underlie each cause, and the distinctive considerations and facts which form the only effective basis of appeal. Hence it is that these Boards (in the words of a former Secretary of one of them) "have been painfully embarrassed almost every year from lack of funds, and could but imperfectly accomplish the ends for which they were established." "If these Boards are satisfied," writes one of our wisest, most conservative pastors, "the Church is not." In this connection, too, we cite the words of the honored senior Secretary of the Foreign Mission Board in his admirable preface to *The Record*: "No one of the Boards can stand alone, nor pursue an exclusive course; but all make one family, and ought to help each other; among other ways, in the use of a common periodical. Moreover, in many hundreds of our churches it is convenient, and in many cases indispensable, that the objects of all the Boards should be advocated in the same magazine; otherwise they would not be reached at all by means of the printed page."

A brief word in reference to the agitation of this subject through the action of this Committee, which for three years has simply and honorably obeyed the instructions of the General Assembly. Yet a few judicious ministers and laymen, in their warm sympathy with the Home and Foreign work, have deprecated discussion through fear of loss to the two living periodicals. But upon this point, too, the facts happily remove the fear; for the subscription lists of both magazines show conclusively that the discussion already had, limited as it has been, has served to provoke thought, to stimulate investigation, to increase interest, and so enlarge instead of diminishing their subscriptions. And why should wise, practical ministers and the earnest men and women of our churches, who read and appreciate these excellent journals, surrender so great a good until they have in hand a better? As a further suggestion upon this point, the Committee adopts this sentiment of the *St. Louis Evangelist*: "Investigation and discussion does not mean fault-finding, but it does imply a desire to accom-

plish all that can be done in the increase of resources and doing the most good with the means set apart for these objects." In the Committee's judgment, fair and temperate discussion cannot result in anything but good and gain.

As the natural sequence of all that has been said, we reach the fundamental and vital question connected with publications touching the work of the Church. This is not the question of economy, nor even that of efficiency, important as both economy and efficiency are in the administration of the Lord's business. The supreme, commanding question, that which underlies all others, the question which demands the intensest emphasis, is, How shall the various helpful points of instructive thought and impressive fact be most effectually brought to and pressed upon the attention of the entire constituency charged with the manifold mission work of the Church? How shall the multitude of thinking Christian men and women in our churches, who have the love of Christ and of His cause in their hearts and consecrated means in their hands, be best enabled and prompted to understand, to appreciate and to feel the needs of every department of the Lord's work, so that it shall be a privilege and joy to aid each cause according to their several ability? To provide for the continuous reception of thought and knowledge and impression, through the printed page, by the entire individual membership of the churches, in order to an habitual exercise of prayerful sympathy and an unbroken practice of considerate, systematic giving, this is the imperative need, this the weighty practical problem whose solution is demanded in the highest interest and for the sure, rapid advancement of the Church and of her work. And the solution of this problem, the determination of the methods by which this imperative present need is to be met, manifestly belongs, not to the Boards or their officials, but to the constitutional representatives of the whole Church.

With this extended statement and discussion, in connection with the two reports of 1884 and 1885, this Committee has now completed its assigned task, *to take into consideration and report upon the whole subject of the Missionary Periodicals published by the Boards*. The Committee has sought for information, suggestion and counsel from every helpful quarter, and steadily pursued its investigation with a single aim to ascertain the wise and practicable course to be taken in order to reach the best attainable results. The conviction respecting such judicious and practicable action attained by the Committee is simply the logical conclusion of all its statements and arguments. In accord with the view expressed by so large a proportion of our Presbyteries and ministers, the Committee unqualifiedly favors complete consolidation. But the call of the Church is not unanimous, and many Presbyteries have expressed no judgment. And there is a strong impression on the part of some wise and good men, ministers and laymen, based upon judgment rather than feeling, that the Foreign Board, for the present at least, requires its own separate publication.

J. G. BUTLER, *Chairman*.

(In place of the recommendations of the Committee, appended to its Report, the following resolutions were adopted by the Assembly:)

1. That, commencing with January, 1887, there shall be but one authorized periodical to present the work, need, and claims of all our Benevolent Boards, to the churches under the care of the General Assembly.

2. That the Committee to arrange the details of the publication of said single periodical be constituted first, of the members of the present Special Committee on Missionary Periodicals; second, of one Secretary from each of the Boards of the Church, the Secretary representing each Board to be named by the Board which he represents.\*

The Assembly adjourned, and was closed with prayer.

---

TUESDAY, May 25th, 9 o'clock A. M.

The Assembly met and, after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures presented a Report, which was adopted, and is as follows:

*Paper No. 1.* An Overture from the Presbytery of Dayton asking: "Is it admissible for a session or minister, by any official act to recognize the Swedenborgian Church as a Christian Church; as for instance, to recognize its certificates of Church membership as valid?"

The Committee recommend the following answer: In view of the great doctrinal differences between the Swedenborgians and ourselves, the Assembly regards the reception of Church members upon certificate from them as inadmissible. It is not intended by this deliverance, however, to deny the Christian character of many who are known as Swedenborgians.

*Paper No. 2.* An Overture from the Presbytery of Utah, requesting the Assembly to take official action in reference to electioneering for Moderator.

The Committee recommends the answer that any official action would be inexpedient.

*Paper No. 3.* A memorial from the Board of Home Missions asking that the Boards be empowered during the interim of the Assemblies to accept the resignation of any one of their members, and proposing for adoption the following resolution, the adoption of which is recommended by the Committee:

*Resolved,* That any one of the Boards of this Church be, and is

\* NOTE.—Amended on Saturday, May 29th. See proceedings of that day.

hereby empowered to accept during the interim of the Assemblies the resignation of any one of its members; provided, however, that such resignation does not reduce the remaining number of members to less than two-thirds of the whole number appointed under its constitution; and that such resignation be reported to the next Assembly.

*Paper No. 4.* An Overture from the Presbytery of Cayuga. (For action upon this Overture see Proceedings of Monday, May 31.)

*Paper No. 5.* An Overture from the Presbytery of West Virginia, asking the Assembly to appoint a day of fasting, humiliation and prayer, and to take further action, in view of the general and extensive neglect on the part of Church members of presenting their infant children for Baptism.

The Committee recommended the following in answer:

The Assembly cannot regard an extensive neglect of this important ordinance to be as general as is alleged in the Overture; it admits, however, that there may be considerable and even extensive neglect in certain sections of the Church. Nevertheless, in view of the vital importance of the subject, it adopts with some modification one of the suggestions of the Overture, namely, that our Sessions and Presbyteries be enjoined to make careful inquiry in regard to this matter; that they see to it that pastors carefully instruct their churches on this subject; and also that sessions be directed to exercise proper discipline where neglect exists and is persisted in.

*Paper No. 6.* An Overture from the Presbytery of Rio de Janeiro, asking that an Overture be sent down to the Presbyteries proposing an amendment to Chapter xxiv, Section 4, of the Confession of Faith, by striking out the last period thereof.

The Committee recommend that the request be complied with, and that an Overture be sent down to the Presbyteries, in the following form, with direction to report their answers to the next Assembly:

Shall Chapter xxiv, Section 4, of the Confession of Faith, be amended by striking out the last period thereof—namely, “The man may not marry any of his wife’s kindred nearer in blood than he may of his own, nor the woman of her husband’s kindred nearer in blood than of her own?”

The time of the morning session to-day and to-morrow, was extended until 12.30 P. M.

The Rev. William H. Reid, the Delegate from the Reformed Episcopal Church, conveyed the congratulations of that Church to the Assembly, and was responded to by the Moderator.

The Committee on Commissions reported the name of *Ruling Elder* William Dugdale, of the Presbytery of Baltimore, and recommended that his name be enrolled. Adopted.

The Standing Committee on Home Missions presented its Report, which was accepted. Pending a motion to adopt, the Assembly was addressed by the Rev. William C. Roberts, D.D., one of the Secretaries of the Board, and by others. It was adopted, and is as follows:

The Standing Committee on Home Missions respectfully report that they have considered the Sixteenth Annual Report of our Board of Home Missions, and find in it very much of the deepest interest and importance, and beg leave to commend it to the careful perusal of all our people.

It has been said that one of the "highest efforts of genius is to rescue well-known truths from the neglect into which they have fallen from the circumstance that they are well known." Probably no one of our Boards is more familiar to the people than that of Home Missions. Almost everybody in the Church has some general idea of its aims and objects. There are few, however, who appreciate to any adequate extent the vital and fundamental work which this agency is attempting to accomplish. All our great schemes of benevolence, all our efforts to advance the Redeemer's kingdom among men are mainly conditioned upon what is done by this Board. In a high sense it is the head spring of which the others are streams, and these streams are large and fructifying according as this is kept full. If Home Missions falter in their onward career, if the Church fails to keep abreast of the drift and changes of population which are occurring in our borders with such rapidity, every other benevolent interest is thereby damaged. Undoubtedly the "field is the world," and the Gospel is to be preached to every creature according to the Saviour's last command; but the advance of Christ's kingdom on earth is like the movements of an army in a hostile country. There must ever be a wise and constant reference to the base of supplies. If our American Church is to have a noble part in the evangelization of the nations lying in darkness, her first and most vital concern is to look out for her own spiritual interests, and see to it that her cords are lengthened and her stakes strengthened according to the call of God's providence. The men and the means which are now being used for the spread of the Gospel are no longer drawn as they were once from seaboard communities. Our ability as a Church to do the Lord's work on the earth, lies mainly in the fact that in the years recently gone by we have in some measure followed with the Gospel the westward drift of population. A large proportion of all our Presbyterian churches, west of the Alleghenies, which are now exerting their blessed influence in these mighty towns and cities and all over the world were once, and that within the memory of some on the floor of this Assembly, missionary churches and helped into life by the Board of Home Missions. Twenty-seven years ago the church where we are now assembled, with its splendid appointments and ability for service, had no existence. It was begun by missionary labor, and but for that labor put forth in the days of

its weakness, no such magnificent fruits as we now behold would have been seen. It may be that the growth of this church and of this city is somewhat exceptional, but in kind, if not in degree, it is exactly what is going on in thousands of places through all these Western borders. The great and vital interests of the Church and of the world are wrapped up in this missionary work. Everything that we hold dear in social life, in civil government, in Christian institutions, in the spread of religion over the earth, so far as human instrumentalities are concerned, depends upon the way we preach the Gospel in these rapidly growing communities. Our people have been going West for a good many years and they are going yet in increasing numbers. There are just as many possibilities of rapid development in the future as there have been in the past, and we are trying through our Board of Home Missions to meet this development, to permeate with Gospel influence these ever-swelling tides of population, and to strengthen the things that remain wherever there is need of help.

The past year has been one of peculiar interest in this work. It opened in the midst of dark and heavy clouds. The General Assembly which met a year ago heard the mournful tidings that a debt of nearly \$140,000 rested upon the Board. The order had already been given to retrench, abridge the work already in hand, and cut down the meagre salaries of the missionaries 25 per cent, but before that Assembly adjourned the clouds began to break away, and before the year had closed the debt had largely disappeared, and besides this more money was placed at the disposal of the Board for current use than ever came to its treasury in a single year. This is certainly a matter of profound gratitude to God.

During the year past the Board has had under appointment 1367 men, 68 less than last year, besides 199 missionary teachers. These brethren have been preaching the Gospel all over the land, and for the most part in places of spiritual destitution, places where but for them the Gospel, as we understand it, would not have been preached at all. They have kept alive weak churches in the older States, they have gone with the farmer to his home on the prairie, followed the miner to his camp in the mountains, gathered Sabbath-schools, built churches, instructed the people in the ways of truth and righteousness, and have added to the fold of Christ on profession of faith 9561 souls. Who can estimate the value of such work, especially when we think that a large part of it has been done at the very foundations of human society, moulding the elements which are to go into communities now small and new, but which soon will certainly be large and influential. It is a matter of thankfulness that of all these missionaries, so widely scattered and so much exposed, only six have died during the year.

The Committee desire to call the attention of the Assembly to several important matters, some new and some old:

1. The financial situation.

The receipts of the Board from all sources for the year were

\$671,772.87. Of this amount \$102,389.41 was applied to the payment of last year's indebtedness, the balance was expended in the regular work of the Board. The debt still remaining is \$35,454.05. The increase of receipts over last year was \$118,417.-54. But with this large gain the Board has expended for mission work only \$1182.50 more than in the preceding year, the balance being used in part payment of the debt.

We have on our roll 6193 churches. Of these 1504 gave nothing to the funds of the Board. No doubt many of these non-contributing churches have merely a nominal existence; but this is not true of the most of them, and it is the duty of every Presbytery to see to it that every church, whether weak or strong, has an opportunity to help in this work.

While there is abundant reason for gratitude to God that so large an amount of money has been raised during the year, and while everything connected with the work seems auspicious, it is no time to stop for congratulations. The cry comes from nearly every quarter of the field for more help. Missionaries who are on the ground and know whereof they speak, ask for at least one hundred and fifty men to locate in new places where the Gospel is sorely needed. These men are not wanted to "dispossess other denominations, but to fill Presbyterian pulpits or folds where Presbyterian people are calling to us for help, and are hungering for the Word and are not likely to have it but at our hands."

## 2. Women's work.

Your Committee has examined with great interest the records of the past year which the Woman's Executive Committee have placed in their hands. The peculiar and practical character of the work done by the Presbyterian women, the intelligent, Christian zeal with which they have taken up and carried it on, and the Divine favor shown in the glorious results challenge attention. The work is thoroughly organized and systematized in all the Synods of the Church. A large number of new Societies have been formed, new departments of effort started, and still more proposed. Precious revivals in Home Mission churches are seen to be intimately connected with, and to have largely grown out of God's blessing on the schools under the care of our Women's Society. The various organizations, through their auxiliaries, have raised for the past year \$175,910, which is \$47,387 more than last year. No feature of the future financial outlook is more hopeful than that connected with the Women's Board. When we remember that this agency has been in operation but eight years, and that its first annual contribution was but a little over \$5000, the ratio of increase is unparalleled in all of our benevolent operations.

The death of two distinguished and devoted officers of the Women's Executive Committee cannot be overlooked. Mrs. Ashbel Green, the honored President, died August 17, 1885, and Mrs. R. H. Allen, the beloved and efficient Secretary of the Freedmen's Department, died March 3, 1886. The entire Church has

suffered a great loss in the death of these two noble women, so eminently fitted for their work.

This Women's Executive Committee has in charge nearly all the mission school work of our Church among the Mormons, Indians, Mexicans, Freedmen and Southern whites. They are sustaining 110 schools with 221 teachers. The work among the Freedmen and Southern whites is already assuming such importance, that the Executive Committee need all the assistance possible in the way of scholarships, salaries for teachers and special contributions for suitable school-houses.

### 3. Sustentation.

There is nothing of importance to be said on this subject. The fund has been administered as usual by the Board of Home Missions with a somewhat diminished income—the whole amount received during the year being \$15,614.70, as against \$21,410 last year. We join the Board in the expression of the hope that the efforts being made for the reconstruction of the scheme by the great Synods of New York, Pennsylvania and New Jersey, will reach a satisfactory adjustment during the year, and thus relieve the Board from the complication of a two-fold method of operation.

### 4. Our Foreign Population.

The Report of the Board contains some startling facts and figures on this subject which we desire to commend to the thoughtful consideration of our ministers and elders. The increase of this element of our population, especially in the great Central West, is something appalling. In the city of Chicago there are 40,000 Bohemians, 10,000 Poles, and 200,000 Germans, one-third of the entire population; while in St. Louis the proportion is still greater. What is to be done with these people? They are coming to us in swarms from every quarter of the Old World, and they will continue to come, for here of all the earth is the place where the probabilities of gain are the most tempting. Will they become American, or shall we become European? The emigrants that we see crowding all these Western railway trains, carrying their blankets and their bundles, with a dozen children in every family, these are the men and women who in a few years are to have wealth and influence, and are to determine largely our social and moral conditions. There are tremendous perils in this state of things. Within the last thirty days there have been outbursts of anarchy, bloody collisions of law with Socialistic elements of the worst type. The whole land has been roused and brought into actual contact with some of the portentous facts of our foreign emigration. People can see, in the light of these recent outbreaks, that some of our foreign population are bitterly hostile to the best interests of man. It is absolutely certain that these people of foreign birth and alien habits must have the Gospel of Christ, or else they will be only an ever present source of danger to our civilization. It is high time the Church entered upon this work

of evangelization more earnestly and methodically than she has hitherto done.

#### 5. The Evangelization of Cities.

Ably treated in the Report, we can do little more than call attention to this topic. It is a subject which is rapidly growing in importance, because cities are fast becoming the dominating power in our civilization. We are told that one-fourth of the entire population of the country is to be found in cities of not less than 8000 people each. We are told also, that in these cities there are vast areas of population which have no adequate provision for their spiritual wants, no Church accommodations and no stated preaching of the Gospel. Tract distribution, mission Sunday-schools and the like will not avail for the spiritual welfare of these destitute regions. The Christian Church must be established, and the Christian minister must go in and out before them, breaking unto them the bread of life. Left without the means of grace, they become sources of corruption and danger. We commend this subject to the rich men in our churches, who largely live in cities, and we also think that whatever money the Board can spare for this work will be well and wisely expended.

#### 6. School work in the South.

A loud and urgent call to enter a needy and promising field comes to the Board from a quarter altogether neglected in the past, and yet second to no other in its claims, and second to no other in its promise of substantial and lasting results. This call is from a class, and a more numerous class than most of us think, and it is only of late that any attention has been paid to them. It is now discovered that within the mountain districts of the States of North Carolina, S. W. Virginia, Southern and Eastern Kentucky, and Eastern Tennessee, there is a white population of about 2,000,000, with a sprinkling of colored people. They are largely descended from that genuine Presbyterian stock, the Scotch-Irish, their ancestors having settled in that country more than a century ago. There they have lived much isolated from all civilizing and Christianizing influences; and, while progress in all directions has been going on elsewhere, it has not touched them. Our Board has had great success in its efforts among what are called exceptional populations. There is assuredly need to enter this field, which might well be termed exceptional illiteracy, for about 70 per cent of this population can neither read nor write. In this condition of ignorance they have been, and are, the easy victims of Mormon agents, and multitudes, it is said, have been carried away to Utah and destroyed in that vile den of iniquity. The imperative needs of these people are schools and school-teachers. They are beginning to realize their condition, and are calling for help. Their history and their condition are sufficient to warrant an earnest effort in their behalf. Two Overtures on this subject have been referred to this Committee—one from the Presbytery of Louisville

and one from Union Presbytery. These Overtures ask for help in teaching the white people of the South. As this matter is in the line of work which the Women's Executive Committee is doing, the Committee would recommend that it be referred to them for such action as they consider wise, earnestly commending it to their favorable notice.

The Home Missionary work in the Indian Territory is coming to be of great importance, and is urgent in its demands upon the resources of the Board. Prosecuted vigorously, it is certain to repay abundantly all outlay.

The Committee recommend the passage of the following resolutions:

1. Commend the fidelity and energy of the Board and its officers.

2. That the Assembly reminds congregations receiving aid from the Board of the duty of striving to become self-sustaining.

3. That the attention of Presbyteries is called to the necessity of more rigid supervision of Home Missionary work within their own bounds, and that, when possible, feeble churches should be induced to assume self-support.

4. That in view of the rapid growth of population in the West, the constant arrival of vast numbers from foreign countries, the illiteracy of large populations in several of our States, the spiritual needs of our great cities, and the general and growing religious wants of our entire country, the General Assembly is impressed with the necessity of at once awakening all the churches to the tremendous importance of prosecuting the Home Missionary work with greater vigor than ever before. It believes that not less than \$750,000 should be provided during the coming year for the use of the Board of Home Missions, this amount to include the balance of debt now due; that to secure this large sum will require the earnest and persevering efforts of all the ministers and members of the Church; that the Women's Missionary Society and the Sabbath-schools are urged to do all in their power for the accomplishment of this object; that every pastor be enjoined to preach on Home Missions during the current year, and fully inform his people of the progress and needs of the work, and that the sessions make special and strenuous efforts to secure liberal collections.

5. That the Stated Clerk be directed to have the foregoing Resolution (No. 4) printed in circular form, and a copy thereof sent to every pastor and vacant church connected with the Assembly, during the month of September of this year, the expenses of the same to be paid by the Board.

6. That on Sunday, the 4th day of July next, the Sabbath-schools be recommended to take up a special collection for the payment of the debt of the Board.

7. That the minutes of the Board be and hereby are approved.

8. We recommend the reappointment for three years of the fol-

lowing members of the Board whose terms of service expire with this Assembly, to wit:

*Ministers*—Thomas S. Hastings, D.D.; Alfred Yeomans, D.D.

*Laymen*—Joseph F. Joy, Jacob D. Vermilye, Walter M. Aikman.

HENRY F. HICKOK, *Chairman*.

The following telegram was received and read:

AUGUSTA, GA., May 25th, 1886.

*To the General Assembly of the Presbyterian Church in the United States of America:*

The General Assembly of the Presbyterian Church in the United States returns most hearty greetings, 2 Corinthians 1: 2: "Grace be to you and peace from God our Father, and from the Lord Jesus Christ."

J. H. BRYSON, *Moderator*.

J. R. WILSON, *Stated Clerk*.

The Assembly adjourned till 3 P. M., and was closed with prayer.

TUESDAY, May 25th, 3 o'clock P. M.

The Assembly met, and was opened with prayer.

The Standing Committee on the Board of Aid for Colleges and Academies presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. Hervey D. Ganse, D.D., Secretary of the Board, and by others. The Report was adopted, and is as follows:

Between the Sunday-school and the theological seminary there is a very broad gap in the educational work of our Church, which the Board of Aid for Colleges and Academies is designed to supply by its efficient enquiry; and the object sought in filling this gap is not only to prepare material for the theological seminary, and thus increase the number of our ministers, but also and more generally to secure the religious instruction of all our youth, whatever may be the expected vocation of their manhood. Many leave the teachings of the Sunday-school to be exposed to the irreligious influences of secular academies and colleges, where the seeds of error are sown effectively by worldly-minded and materialistic instructors, through whom the young raised in Presbyterian families swell the ranks of indifferentism and infidelity. The Church has but lately been awakened to a sense of this appalling danger, and the institution of this Board of the General Assembly is the result. Assuredly no department of the Church's work appeals more imperatively to the godly conscience and wisdom of

the Church at large than this. The future of the Church and of our country is intimately connected with the action of the Church in response to this Board's appeal. Are the coming generations who shall guide the destinies of our vast empire to be the exponents of irreligious and false philosophy, from which only moral ruin can issue, or shall they be grounded in Divine truth and become the promoters of a Christian civilization?

This is the question propounded to the churches by this Board for their immediate and practical solution. A wise and liberal provision now made will open living fountains of pure education in all parts of our growing States and Territories, and will meet, if not forestall, the activity of the emissaries of the evil one, who are ever found in the forefront of our advancing population. Such a provision will be the most powerful adjunct and support of every form of our Home Mission work, and will render connected and permanent what might otherwise prove but sporadic and temporary efforts at evangelization.

The Board has had only three years of experience. In that brief period it has been able to assist forty colleges and academies, six of which have been opened since the Board was organized, and with its aid. These are all guaranteed (as far as guarantees can go) to remain *in perpetuum* Presbyterian institutions. While the institutions aided by the Board are by no means shut up to the Board as their only benefactor, but are open to the benefactions of all, yet it is understood that they are not to seek aid from the churches in the name of the Board, except under the explicit rules which prescribe both place and amount, and it is desirable that all churches giving to such institutions should not give to them directly, but through the medium of the Board, that there may be no confusion of accounts.

As the work is novel, and therefore needs large sums to meet the foundation-laying over a large area of country, special efforts should be made to secure large donations by testamentary bequests from such friends to the cause as may not be able to spare large sums in their life-time. The receipts of the Board for the first year were \$14,912, for the second year \$40,049, and for the third year \$45,621. In the first year only 480 churches contributed to the funds of the Board, in the second year 1330, and in the third year 1529, out of our total of 6000 churches. These figures show that the Church has not yet appreciated the vast importance of the work, and induce us to believe that if all the congregations in the land would respond to the call the Board's receipts would readily reach \$150,000 a year. It is to be hoped that the members of this Assembly will return to their Presbyteries with the charge upon their hearts and consciences to see that every church fulfills its duty in this regard. The Report for this year gives details in respect to private gifts and directs donations to the institutions assisted, which we need not repeat here. Your Committee, after examining the work of the Board, are satisfied that it is conducted

with wisdom and with all the economy of expense that is possible, and consider the Church favored in enjoying the untiring energy and discreet administration of its accomplished Corresponding Secretary, whose life of devotion to the cause of Christ has won for him the esteem and respect of all.

Your Committee, in view of the importance of this Board to the Church, and of the fact that it is still a young and therefore, in some respects, an unknown Board, recommend to the Assembly the following resolutions:

1. That a special emphasis should be laid by pastors on the claims of the Board upon their people, and the grounds of its importance should be carefully explained, so that the whole heart of a well-informed Church may respond to its appeals.

2. That the work of multiplying Christian colleges and academies in our great Western States and Territories should keep pace with the remarkable increase of the population.

3. That the wealthy members of our churches should regard the endowment of such institutions as among the worthiest objects of their benevolence, thus laying the foundations of a Christian future for our nation when it shall be the most populous nation on the earth.

4. That loyalty to the Presbyterian Church demands that each congregation, according to its ability, contribute to the treasury of this Board, and so promote the wide interests of the Church in our land.

5. That as the terms of service of the following members of the Board now expire, to wit: Herrick Johnson, D.D., Simon J. McPherson, D.D., John W. Dinsmore, D.D., Thomas H. Cleland, D.D., and Messrs. Charles M. Charnley, Homer N. Hibbard and Robert McClellan, and as there is one vacancy, the following be now elected to supply these places, to wit:

*Ministers*—Herrick Johnson, D.D., Simon J. McPherson, D.D., John W. Dinsmore, D.D., E. R. Burkhalter, D.D.; *Laymen*—Charles M. Charnley, Homer N. Hibbard, Robert McClellan, William H. Swift.

All of which is respectfully submitted.

HOWARD CROSBY, *Chairman.*

The Committee on Commissions reported the following additional Commissioners, and recommended that their names be enrolled as present from three o'clock to-day: *Minister*—John C. McKee, of the Presbytery of Bismarck; *Ruling Elder*—John T. Marriott, of the Presbytery of Niobrara. The Report was adopted.

The Moderator appointed as a Committee on Days and Concerts of Prayer: *Ministers*—Arthur T. Pierson, D.D., Edward H. Sowers; *Elder*—Samuel T. Logan.

The Standing Committee on the Polity of the Church made an additional Report, as follows:

*Overture No. 6.* Being an Overture from the Presbytery of Milwaukee, for an answer to the following question: "In a meeting of Presbytery, is there constitutional objection to inviting a Ruling Elder, present as the retiring Moderator, but not a delegate, to sit as a corresponding member?"

It is recommended that this answer be returned:

He cannot be invited to sit as a corresponding member in the Presbytery, because he is from no body in correspondence with it, and because he is eligible to the Presbytery as one of its constituency, and has not been delegated by his Session. Adopted.

*Overture No. 7.* Being a paper referred to us by the General Assembly, requesting that an Overture be sent down to the Presbyteries, for an amendment to the Form of Government, with a view to secure a recognition of the Ruling Elder as eligible to the office of Moderator of the Assembly.

It is recommended that the sending down of such an Overture be decreed inexpedient. Recommitted.

*Overture No. 8.* A request from the Presbytery of Newcastle for an answer to the following question: "Have members of a congregation, not communicants, who regularly contribute their due proportion of the necessary expenses of the Church and congregation, a right to vote in the election of a pastor?"

The Committee recommend that the question be answered in the affirmative, in accordance with previous deliverances, with this special appended statement, that the usage of some congregations which confines the right of voting for pastor to communicants, is wholly legitimate, and might profitably become more prevalent. Adopted.

*Overture No. 9.* A request from the Presbytery of Topeka, asking the Assembly to overture the Presbyteries, with the view of securing a change in the plan of term eldership, so that it will compel annual elections.

It is recommended that, inasmuch as the proposed amendment would practically annul Section 8 of Chapter xiii of the Form of Government, it is inexpedient that such an Overture be transmitted to the Presbyteries. Adopted.

*Overture No. 10.* Being a request from the Presbytery of Rio de Janeiro, asking that an Overture be transmitted to secure a change in our Form of Government, with the view of securing the more speedy organization of Presbyteries on Foreign Missionary fields under no Synodical jurisdiction.

It is recommended that this Overture be referred to a Special Committee, to report to the Assembly of 1887. Adopted.

It was made the Order of the Day for Friday, at 10 A.M., to hear the Report of the Committee on Theological Seminaries.

The Special Committee on Ministerial Support (Minutes, 1885, p. 585) presented a Report, which was accepted and the Committee continued, with the following members: Henry E. Niles, D.D., S. A. Mutchmore, D.D., Samuel C. Logan, D.D.

Papers relating to the London Council of the Alliance of the Reformed Churches holding the Presbyterian system, were referred to a Committee consisting of: *Ministers*—James McLeod, D.D., Howard Crosby, D.D.; *Ruling Elder*—Ralph E. Prime, to report to this Assembly.

The Assembly adjourned, and was closed with prayer.

---

WEDNESDAY, May 26th, 9 o'clock A.M.

The Assembly met and, after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures presented an additional Report, which was adopted, and is as follows:

*Paper No. 7.* An Overture from the Presbytery of Rio de Janeiro, asking the Assembly to reaffirm the doctrines of the Confession of Faith, Chapter xxv, Section 6, in regard to the Church of Rome.

The Committee recommend in answer that, in view of the recent deliverances of General Assemblies, further action at this time is inexpedient.

*Paper No. 8.* The Committee recommend for action the following:

*Resolved*, That the Stated Clerk of the Assembly be directed to put a place in the dismissal blanks of ministers for the insertion of the date of ordination.

*Paper No. 9.* Overtures from the Presbyteries of Austin and Trinity, in regard to the use of the expressions "Northern Presbyterian Church" and "Presbyterian Church North," by editors of papers, the Boards of the Church, and the public generally.

In response to these Overtures, the Committee recommend the following:

*Resolved*, 1. That the General Assembly enjoins great care that in all papers emanating from the Assembly or any of our Boards only the legal name of the Church be used, viz: "The General Assembly of the Presbyterian Church in the United States of America."

*Resolved*, 2. That the General Assembly asks that religious papers claiming to be in special sympathy with this Church, as far as possible, avoid the use of the expressions found to be hurtful to the growth of our Church in the Southern States.

A resolution relating to publishing the histories of the several Boards was referred to the Standing Committee on Publication.

The Standing Committee on Foreign Missions presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. John Gillespie, D.D., one of the Secretaries of the Board. The Report was adopted, and is as follows:

This Report naturally divides itself into two parts. The first relates to the work which has been done under the general direction of the Board of Foreign Missions during the past year. The details of this work are adequately set forth in the Annual Report, which is placed in the hands of the General Assembly, and which will in due time be sent down to the ministers and churches. It may suffice for the present purpose to notice that in no one of the fields in which our missions are planted has any serious disaster occurred, and that in all of them more or less progress has been made, and that in several of them the marked blessing of God has been enjoyed, especially in very encouraging additions to the churches.

The amount of money contributed from all sources during the past year has been \$745,164.46. Of this, the sum of \$51,474.08 was given for the debt which existed at the close of the year 1884-5, which debt amounted to \$57,651.72. The remainder of this large sum is in the Treasurer's Report credited as follows: Donations from churches, \$503,942.38; individuals and miscellaneous sources, \$78,558.56; legacies, \$111,189.44.

A further examination reveals the fact that \$224,025.40 of the foregoing totals came into the hands of the Board through the five Women's Boards or Societies which are auxiliary in this work; \$5269 also of this income was given by the Sabbath-schools as a Christmas offering, besides such other contributions as came from this source.

The Board say that "in pursuance of the urgent counsel of the last General Assembly to avoid, if possible, a debt, the estimated appropriations called for by the missions were cut down about twelve per cent on the average, and the total amount of appropriations actually made fell \$31,000 short of the actual expenditures of the previous year. The impossibility of cutting down a growing work in the enemy's country is shown, however, in the fact that with the utmost effort only a reduction of about \$3000 from last year's expenditure could be made." The result is that the balance which remains as a debt is \$57,853.28, an increase of \$202.56 over the debt which embarrassed the Board at the close of the fiscal year 1884-5.

The fields occupied are the same as they were last year. No new regions have been occupied. Perhaps the only thing which needs specially to be noted as to fields is that, the part of the work in Papal countries, which was formerly carried on by other socie-

ties, but which is now in the hands of this Board, has so expanded that about one-third of the income is spent on these fields. The number of American ordained missionaries shows a decrease of 2, the total now being 171. There is an increase of 5 in the force of ordained native missionaries, the total being 122, and also of 1 native licentiate, the total being 164. The American male missionaries have been increased by 6, and thus raised to 29; and the American female missionaries have been increased by 9, and thus raised to 296. Of native lay missionaries there are now 731, that is, 22 less now employed by the Board than there were last year. There are upon the roll of the missions 271 churches, with a membership of 20,294. During the year 2533 persons have been added to these churches. They have contributed \$23,059. Connected with the missions there are 461 schools, with an aggregate of 24,115 scholars. There are 11,179 pupils in the Sabbath-schools, and 98 students for the ministry are reported. These figures include statistics from missions where ordained American members are connected with Union Presbyteries. The relation of these missionaries needs fuller definition.

During the year, Rev. David Irving, D.D., has been called to his reward in heaven, and the Rev. John Gillespie, D.D., has been chosen to fill the office of Secretary thus left vacant.

The second part of this Report is designed to call the attention of the General Assembly, and of the Church at large, to what seems to your Committee to be the feature of this work, which deserves the most prayerful and careful consideration. It is a fact that as a body of God's people we appear to have ceased to advance in this great undertaking of evangelizing the world. The Annual Report of the Board makes the following statement: "For the last three years the contributions of the churches, including the Sabbath-schools, for the current work of the Board, has shown the following strange uniformity: 1884, \$279,063.95; 1885, \$279,730.95; 1886, not including special gifts for the debt, \$279,916.98. These amounts taken alone would seem to indicate that the churches had become stationary in their support of this great and expanding work of missions. The total receipts for these years, including the proceeds of woman's work, legacies, etc., scarcely improves the exhibit. They are as follows: 1884, \$687,396; 1885, \$693,257; 1886, not including debt, \$686,363. Here is a decrease of \$6594. What makes the matter worse is, that so great a work must depend chiefly on the regular gifts of the churches, and that upon the pastors and Sessions of those churches, under the instruction of the Presbyteries, must be the responsibility of deciding whether a cause whose half-century history of success has been so remarkable shall now remain stationary, and the fatal limit of Two Hundred and Seventy-nine shall be, in all the future, as in the last three years the impregnable rampart of heathenism, beyond which the spiritual forces of the Presbyterian Church cannot pass."

The Board has been unable to solve the problem with which they are thus confronted, and they have, therefore, come without any reserve to seek counsel and direction from the Church at large, through the General Assembly.

What shall we offer as an explanation of this stationary condition of the work? It is not because any new light has come to us which renders the condition of the unevangelized nations any less pitiful. The great body of those who are recognized as constituting the proper subjects of missionary labor are ignorant, superstitious, vicious, degraded and perishing, and can have no hope except through the Gospel. Nor is it because the great field of the world is at length so fully occupied by missionary laborers that there is no further need of increased effort on our part. Three-fourths of the population of the globe as yet know almost nothing of the way of salvation through Christ. We cannot plead that the door is closed against further advances. One of the things which seem most marvelous at the present to Christian people who have lived to be fifty years old, is the accessibility of all parts of the habitable globe to the missionary. We have not even to such an extent cultivated the fields which we have begun to occupy, that there is no call in them for enlarged effort. What are the few men and women whom we have sent forth to China and Japan, and India and Siam, and Persia and Corea, and Syria and West Africa, and Central and South America, and our own Indian tribes, in comparison with the laborers who are needed to reap the fruits of the seed already sown on these fields, and to redeem the pledge which we have thus practically given to God, and to the rest of His people here on earth, that we will take charge of the evangelization of the hundreds of millions who inhabit these lands! Can we excuse ourselves on the ground that God does not seem to bless the labors of our missionaries when we send them forth and sustain them with our prayers and with our money? Where has our Church a mission which is a failure? God crowns our efforts with success. If a whole nation is not evangelized at once, steady progress, nevertheless, is everywhere making by our missionaries. Are there no more men and women who are anxious to go into the dark lands to labor for Christ? More offer than the Board dares to accept. Some of the best qualified young men in our theological seminaries have offered themselves, and are in suspense as to the answer which shall be given to their purpose, to consecrate their lives to this heroic service. It seems possible to raise only one other question, which is based upon a presumption that we can justify ourselves in our stationary attitude. Has the Presbyterian Church in the United States of America, with her aggregate of 25 Synods, her nearly 200 Presbyteries, her 5500 ministers, her 20,000 elders, her 6000 churches and her 650,000 communicants, reached the limit of her pecuniary ability to carry on the work of evangelizing the nations? It may be that there are individuals among the rich and the poor,

who have given all that duty requires. But can we stand up before Him who gave Himself for us and say, that as a church we have even very closely approximated to the gifts of money, and of men which we should gladly devote to this service? The question needs only to be squarely put, to call forth from ourselves an answer which is unequivocally in the negative. We are able to do much more, not as a temporary and extraordinary effort to meet some special emergency, but as the steady expression of our love for Christ, and of our compassion for the perishing millions of the unevangelized nations.

But if this be so, the problem which needs to be solved is, how to draw forth from the ministry and the membership of the churches, the help which duty and privilege call us to extend to the perishing world. Many expedients have suggested themselves; some of them, and perhaps all of them, have merit. Improvements in methods of collecting funds are possible in many cases. Doubtless it would be a good thing if we could bring our churches to something like the Scotch system of regular subscriptions on the part of every church member, to the support of all our missionary and benevolent operations, according to the necessities of each. The special Christmas offering made by the children last year shows what possibilities lie in that direction. It might be well that the Board should no longer hesitate to take the necessary preliminary steps toward putting into execution the suggestion of the last General Assembly, to add another Secretary to its force, especially if by this means more attention should be given to the development of the home churches. We must not forget that the vast increase of the work of the Board during recent years has not been attended with a corresponding increase in the force of Secretaries. One man offers to contribute \$5000 towards the payment of the debt, provided others contribute \$20,000 more for this purpose. There ought to be no difficulty in finding men who will promptly meet this offer, or who will even go farther, and pay off, by such special gifts, this entire debt which now embarrasses the Board. All of these suggestions are worthy of careful attention, and deserve to be put into execution so far as this can judiciously be done. Some special means of greater efficiency are hereafter recommended.

But something deeper and more permanent seems to be needed to move the Church from the present stationary attitude as to this work, and to start her in an advance which will be permanent, and which will increase steadily in the coming years, according to the ever enlarging claims of foreign missions upon her. What shall be the needed stimulus? We have faith in the soundness of the great body of our people as to doctrine, and we do not question the reality of their piety. What seems to be needed more than anything else is, that the whole Church, its ministry, its eldership, and its private membership should, in the face of existing facts, faithfully consider over again, the claims of this great work

upon them; those claims which rest ultimately upon the individual, and upon the entire membership of the Church. What is necessary above all else, is for us all to face the question which now really confronts us all, and from which we cannot escape. That question is, Shall we, as a Church, call a halt and act upon the principle that further advance upon the strongholds of heathenism and other forms of superstition and error in foreign lands is not practicable? Shall we say to our Board, you must not encourage new laborers to offer themselves, except so far as they are needed to fill vacancies? Shall we turn our backs upon the new fields which are open before us? Shall we agree together that, except so many as can be reached by our present force, all the remainder of the millions of the unevangelized nations, so far as we are concerned, must perish? We need also to face squarely the additional conclusion, that if we are not prepared to assume such a position, then upon us who are already doing something to help this cause devolves the necessity of doing more. It may be that we can, in one way or another, stimulate non-contributing churches or non-contributing church members to join us in our efforts. But the prospect of any immediate help on any large scale from that source is not bright. The sum which we can hope thus to secure is not likely to be large. The only adequate hope must be in ourselves; in a larger and more thorough consecration of the property of those who already are doing something for missions. A new impetus, the commencement of a new and steady and permanent advance is not impossible; but here is the quarter in which it must begin.

The following specific resolutions are recommended for adoption:

1. That we devoutly thank God for the privilege of laboring for this great cause during the past year, and for the success with which He has crowned our efforts; and that we own that all our help in this service must come from Him.

2. That we approve the minutes of the Board for the year, and that we commend the fidelity of the Board and its officers in the management of the work committed to them.

3. That in the death of Rev. David Irving, D.D., late a Secretary of the Board, the Church has lost the services of a most valued and efficient laborer in this cause, and that we thus place on record our high esteem for his character and work.

4. That we approve the choice of Rev. John Gillespie, D.D., as Secretary of the Board, and that we pledge to him our cordial support in his new and arduous duties.

5. That the formation of Union Presbyteries in foreign fields jointly occupied by organizations in harmony with the reformed system of doctrine and with the Presbyterian polity is encouraged; and that the whole subject of the relation of our American ordained missionaries to these Union Presbyteries is referred to a committee of three ministers and two ruling elders, whose duty

shall be carefully to define the ecclesiastical status of such missionaries, and to report to the next General Assembly for approval.

6. That we recognize the efficiency of the Woman's Boards and Societies, and request their hearty coöperation for the coming year.

7. That we also are cheered by the help which comes into the treasury from our Sabbath-schools as regular gifts and by special contributions, such as Christmas offerings, and that we recommend the children of our Sabbath-schools to raise \$50,000 in the month of December of this year as a Christmas offering.

8. That we recommend all our churches and members, unless for special reasons, to make their contributions to missions in heathen and in nominal Christian lands to our own Boards rather than to other agencies, however worthy of confidence, and that the churches be urged hereafter to make a contribution which shall be devoted exclusively to assist in the great and increasing work of the Board in Papal lands.

9. That we would hail a response to the offer on certain conditions to contribute \$5000 toward the payment of the debt, and that we recommend our more wealthy members earnestly to consider their duty in this matter.

10. That we ask all our ministers and elders, together with the entire membership of the churches, to consider afresh and thoroughly their duty as to foreign missions in view of the existing state of affairs, to be much in prayer concerning it, and to do all in their power to start the work on a new and steady advance; that we enjoin all our Synods and Presbyteries during the coming year to give special attention to the subject; and that in concert with the churches in living communication with the American Board of Commissioners for Foreign Missions, and such others as may unite in this observance, a Sabbath of November be devoted especially to prayer and instruction concerning this great cause.

11. That the following persons are chosen to fill the vacancies in the Board of those members whose term expires May 1, 1886: William M. Paxton, D.D., John D. Wells, D.D., Robert Carter, William A. Booth, Ezra M. Kingsley.

DANIEL W. FISHER, *Chairman.*

The Assembly took a recess, and was closed with prayer.

---

WEDNESDAY, May 26th, 2.30 o'clock P. M.

The Assembly met, and was opened with prayer.

The Standing Committee on Education reported Overtures from the Presbyteries of Cape Fear and Yadkin, asking for certain changes in the Rules of the Board of Education; with the answer that inasmuch as the course requested has already been taken by

the Board of Education, no action is needed. The Report was adopted.

*Resolved*, 1. That this Assembly has heard with the profoundest interest the address from Chinese Christians presented by the Rev. Hunter Corbett, and signed by upwards of 1200 native converts.

*Resolved*, 2. That we request him to furnish a copy of the document in English, for publication in the Minutes of the Assembly and in the *Foreign Missionary*.

*Resolved*, 3. That a committee of five be appointed by the Moderator to frame a suitable recognition and reply to be forwarded to these Christian brethren in China, and that it be recommended to the Board of Foreign Missions to print a circular containing both a copy of the Chinese original and the translation thereof, and forward to the scholars in the Sunday-schools before the month of December next, with a view of securing increased contributions in connection with the Christmas offering.

The Committee on Bills and Overtures presented an additional Report, which was adopted, and is as follows:

*Paper No. 10. Whereas*, It is commonly reported that in several of our Presbyteries the custom prevails, first, of permitting ministers, who have received calls from churches, to serve such churches, through a series of years, without installation; and, second, of placing the names of such ministers in the statistical tables as pastors-elect (P. E.);

*And, whereas*, Such customs are manifestly inconsistent with the express requirements or implications of Form of Government (Chapter xv, Section 8, and Chapter xvi, Section 3); therefore,

*Resolved*, That all our Presbyteries be enjoined,

1. To take order that, as soon as possible after a licentiate or ordained minister has been called by a church and the call has been approved and accepted, such person be installed as pastor of the church calling him.

2. To place the names of none in the statistical tables as pastors-elect (P. E.), whose calls have not been regularly approved by the Presbytery having charge of the church issuing the call, and who have not signified their acceptance thereof and readiness for installation.

As intimately connected with the foregoing, the Committee recommend the adoption of the following:

*Resolved*, That the careful attention of Presbyteries be directed to the deliverances of past Assemblies on the subject of Stated Supplies as they are set forth in Chapter iv, Section 1, of Moore's Digest (pp 112-113); and also in the supplement of said Digest, shortly to be published; all which deliverances are hereby reaffirmed by this Assembly.

The Committee on Commissions reported the following additional Commissioners as present, and recommended that they be

enrolled. *Ruling Elders*—Perry W. Conway, of the Presbytery of Butler, and Simon Anawangmani, of the Presbytery of Dakota (Indian). The Report was adopted.

*Resolved*, That the Chairman of the Mileage Committee be authorized to settle the mileage bills of the Commissioners.

*Resolved*, That the Chairman of the Mileage Committee be directed to pay to the Stated Clerk the amounts received for the Entertainment and Contingent Funds.

The Committee on Finance made a partial Report, being upon the Thirty-second Annual Report of the Trustees of the Presbyterian House; and also upon the Annual Report of the Trustees of the General Assembly, which was accepted and put on the Docket.

The Standing Committee on Publication presented a partial Report, which was adopted. (Afterwards reconsidered. See Proceedings of Thursday, May 27th.)

The Assembly adjourned, and was closed with prayer.

---

THURSDAY, May 27, 9 o'clock A. M.

The Assembly met and, after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

*Resolved*, 1. That the Standing Orders be reconsidered; and

*Resolved*, 2. That the limitation of time be removed from the Standing Orders for this Assembly.

The Standing Orders, as amended, were adopted.

The Committee on Correspondence reported the reception of telegrams, as follows:

SEDALIA, MO., *May 26th, 1886.*

*To the General Assembly in Session at Minneapolis:*

The General Assembly of the Cumberland Presbyterian Church reciprocates your fraternal greetings. See 2 Corinthians 13:14.

E. C. CUSHMAN, *Moderator.*

T. C. BLAKE, *Stated Clerk.*

Also,

*The General Assembly in Session at Augusta, Ga., to the General Assembly in Session at Minneapolis, greeting:*

*First*—*Resolved*, That this General Assembly, participating in the gladness caused by the reestablishment of fraternal relations.

between the churches which we represent, willingly accepts the cordial invitation of the General Assembly of the Presbyterian Church of the United States of America, to coöperate with them in the year 1888, in celebrating the organization of the General Assembly at Philadelphia in 1789.

*Second*—Resolved, That a Committee of this Assembly be appointed to act with a similar Committee of the Assembly at Minneapolis in arranging the mode of coöperation and the plan of this celebration.

*Third*—Resolved, That the Moderator of this Assembly be authorized to communicate these resolutions by telegraph to the General Assembly now in session at Minneapolis.

J. H. BRYSON, *Moderator*.

J. R. WILSON, *Stated Clerk*.

The subject matter of the telegram from the Presbyterian Church in the United States was referred, with power, to the Permanent Committee on Arrangements for the One-hundredth General Assembly.

The Committee on Bills and Overtures reported a letter of thanks from the Presbyterian Church at Palmyra, Mo., which was referred to the Committee on Correspondence.

The Report of the Standing Committee on the Board of Publication was reconsidered, amended and adopted, and is as follows:

Your Standing Committee on the Board of Publication beg leave to submit the following as their Report:

In the short time allowed for the examination of the Annual Report, and the financial statements and other matters referred to this Committee, it has been almost impossible to intelligently digest and report the same to the Assembly in detail.

An examination of the Annual Report gives us cause for gratitude to God that so much has been accomplished in the face of adverse circumstances. The Board is engaged in a much needed service and one which is varied in its character.

It needs no argument to convince this Assembly and all thoughtful Christians of the necessity of a wholesome and pure Christian literature, to counteract the pernicious effects of the ever-increasing tide of vile and immoral publications which deluge the land, invading our homes, influencing the imaginations and corrupting the hearts of the children of our country. The cheapness of these corrupting publications, and the zeal with which they are circulated and pushed in every direction, make them terrible weapons in the warfare which Satan is waging against Christianity. The evil calls for the most strenuous efforts on the part of Christians to counteract it. When we remember that the books and periodicals of our Board are not only pure and instructive in their tendencies, but that they are distinctively Presbyterian in their

teachings, we cannot be too emphatic in commending the objects of this Board to church members throughout the whole country. We appeal to them as Christians, as parents, as citizens and patriots, in the name of Christ, in the name of the family, and in the name of our country, to rally to the support of this great work of publishing and circulating a distinctively Christian and denominational literature, not only in our own, but in the homes of the destitute, the wicked and the depraved.

In this age when the "schoolmaster is abroad" and States vie with each other in affording facilities for the education of the young, children and adults must and will read; and the money-gatherer, the atheist, the agnostic and the scientist so-called, regardless of the moral corruption and wickedness built up and fostered by their teachings, flood the land with attractive and cheap publications, and debauch the minds and imaginations of our youth. If they can do this for gold and for the devil, surely Christians can afford to publish and circulate the teachings of the Bible for souls and for Christ.

The necessities of the situation are great, and we are glad to record the energy and perseverance of the Board in endeavoring to meet them with the limited means at their command. The thanks of the Church are due to the noble men who are engaged in the various departments of this work for their fidelity to their trusts under adverse circumstances.

We note with great regret that the Corresponding Secretary, William E. Schenck, D.D., who for thirty-two years has brought an unusual intelligence and great capacity to this grand work, has been compelled, in the declining years of his life, by physical infirmity and disease, to resign the position which he has so long filled with honor to himself and great benefit to the Church.

This Board was established not as a money-making enterprise, but to publish and circulate Gospel truth. During the year just ended the Board has employed, in its Missionary and Colportage Department, 89 colporteurs, who have labored in 22 Synods and 107 Presbyteries, have distributed by sale 52,344 volumes, and have distributed gratuitously 78,055 volumes, making in all 130,399 volumes. In addition to this, 7,143,060 pages of tracts and periodicals have been gratuitously distributed. They have visited 126,354 families, having religious conversation and prayer with them when circumstances permitted, and have held 4166 prayer meetings and other religious services. They have organized 167 new Sabbath-schools, and have visited and infused new life in 2817 schools, many of which were in a state of decadence. During the past eleven years in which our colporteurs have been engaged in the Sabbath-school work, the Board reports the organization and nurture of 1300 schools, and visitation and aid to 18,467 schools. This is a great work, and the immediate good accomplished, and the incalculable results springing up from the seeds of truth thus

sown, can only be known to Him who knoweth all things and who is pledged to reward His faithful servants.

During last year, in this branch of the Board's labors, as compared with the preceding year, there were 18 colporteurs less, and their labors were confined to 14 Presbyteries less; the number of volumes sold were 6544 less, the number of volumes gratuitously distributed were 34,397 less; the number of pages of tracts and periodicals given away, 2,625,309 less; the number of families visited, 24,056 less; the number of prayer and other religious meetings held were 534 less; the number of Sabbath-schools organized, 103 less; the number of Sabbath-schools visited and encouraged, 323 less. The painful recurrence of the word "less" in these particulars calls for an explanation, and it is easily given. The Report to the last General Assembly rejoiced in the mention of a "year of extraordinary and unqualified usefulness," of calls from the Presbyteries for colporteurs gladly met by the Board, and of enlarged grants to Sabbath-schools, home missionaries, foreign missionaries and pastors. The end of last year found the Missionary Department in debt \$6467.94. The General Assembly exhorted the Board to go forward and the churches to sustain the work, recommending that at least \$75,000 be contributed for this purpose. The Board began the year hopefully, but it was soon found that the Missionary Fund was not coming up to expectations, and failed to equal the expenditures. This necessitated contraction in the missionary work. Besides, the Board was deprived of the services of the executive officer of this department, in December last, by the protracted ill-health which finally compelled his resignation.

The amounts received by the Board this year for its missionary and Sabbath-school work are as follows: From churches and Sabbath schools, \$29,919.78; from individual gifts, \$1006.65; from legacies, \$10,101.50; from interest, \$4213.64; total, \$45,241.57.

This is \$29,758.43 less than the sum asked of the churches by the General Assembly last year, and is \$8477.30 less than the income from the same sources the previous year. Add to these receipts \$5653.07 profits on sales by colporteurs last year, and we have the total receipts, \$50,894.64, or \$8982.35 less than the preceding year. If we include the balance on hand April 1st, 1884, of \$8940.77, the available assets for last year were \$17,923.12 less than the preceding year.

On the other hand, the expenditures of this department for the year are as follows: Compensation of colporteurs, \$31,998.13; traveling expenses, etc., of colporteurs, \$11,824.70; freights on publications, etc., \$1306.96; net value of publications given away, \$11,806.56; expenses of Sabbath-school work, including salary, etc., of Secretary of Sabbath-school work, \$4514.38; for other salaries and expenses, \$5785.71; for commissions paid to depositories in Chicago and St. Louis, \$1435.52; share of deficiency of *Monthly Record*, \$266.16; making the total expenditures for the

year, \$68,938.12, or \$6347.60 less than last year. The total income for the year being \$50,894.64, and the expenditures \$68,938.12, the balance against the Missionary Fund for the year is \$18,043.48. Add to this the deficiency for the preceding year, \$6467.11, and we have \$24,511.42 as the amount of the indebtedness of this department April 1st, 1886.

The amount of investments held by the Trustees of the Presbyterian Board of Publication, the income of which is paid to the Missionary Fund, is \$59,900, yielding interest of \$4213.64; besides this these Trustees hold uninvested \$1600, making the total trust funds \$61,500.

The number of churches contributing to this Board during the year is 2442, or 51 less than the preceding year. This shows an apathy in the churches which should not exist, and we urge upon pastors and Sessions to exert themselves to properly present the claims of this work to their respective churches. A small contribution from the non-contributing churches would pay the debt, and greatly aid the Board in making a large advance in its benevolent work. The Board makes the request that "each minister when about to take the collection for this cause, will state distinctly that the Board of Publication sustains its Publishing and Book-selling Department wholly by its sales, and that all contributions of churches and individuals are put into the Missionary Fund, and are used exclusively in carrying forward the Board's missionary and Sunday-school work, in supporting the colporteurs, in paying for books and tracts given away, and in defraying such expenses as belong legitimately to this benevolent branch of the Board's work." The Committee endorse this request, and hope that next year's contributions will show a large increase both in contributing churches and in amounts of contributions.

#### SABBATH-SCHOOL WORK.

We note with interest and pleasure the Sabbath-school work of the Board under the supervision of its wide-awake and efficient Secretary of Sabbath-school work.

The Report shows all along the line an advance that is greatly encouraging; a greatly increased membership of the Sabbath-school, 37,694 being added; a much better attendance of scholars on the regular church services; the reception of 20,778 from the Sabbath-school into full communion in the Church, a gain of 5803 over the previous year; much greater interest in teachers' meetings; a largely increased distribution of excellent books in the libraries; over 500 more schools giving regular instruction in the Shorter Catechism; an increase of \$12,000 in the contributions to the Boards of the Church, and a very gratifying increase in the use of the *Westminster Helps*.

The work of the Bible Correspondence School is especially praiseworthy and improving, carried on by the Secretary without

additional cost to the Board, and without lessening his work in any part of his official duties, and achieving, upon the testimony of thousands from all lands, blessed results. Teachers are trained to more efficiency for their general work, they are better prepared to teach the lessons of the year, and they render better service in their classes. This institution has been adopted by the Committee of Publication of the Southern Presbyterian Church as their own, "and a special edition of the text-books approved by that Committee is furnished." This is significant. May God bless it to the binding together of the two Churches into a still closer bond of union.

A Theological Department has been added to the Bible Correspondence School, for which a text-book has been specially prepared by Dr. A. A. Hodge.

While the Report shows to us that there is great work yet to be done, it also reveals to us a work of faithfulness and faith, on the part of the Board and Presbyteries and Sessions and schools and teachers, of which the Presbyterian Church has reason to be proud.

We commend this Sabbath-school work to the churches of our denomination, and ask a hearty and cordial support, not alone by contributions, but by personal participation either as teachers or as scholars.

#### BUSINESS DEPARTMENT—PUBLICATIONS.

The publications of the Board are admirably fitted for the purposes for which they are intended and are gaining in popularity and usefulness. They are sold at the lowest possible prices, and in cheapness, quality and mechanical execution compare favorably with those of any similar institution in the land. The Board has published in new books, tracts, etc., and reprinted from former publications 1,145,250 copies, and of periodicals 16,517,776 copies, annual reports 6500 copies, making in all 17,669,526 copies, or 1,984,506 copies in excess of the preceding year.

In addition to the Publication House at Philadelphia, depositories under the control of the Board have been established under the direction of the General Assembly at St. Louis, Chicago and San Francisco. Branch houses have been established at various points in the West. Whether this plan of operations is conducive to the general advantage of the circulation of our books the Committee is unable to determine. We believe that this is a question which addresses itself to the business sense of the Board, and we leave it there with the belief that such policy will be adopted as experience will show to be for the best interests of the whole Church. We recommend, however, that the Board should foster and strengthen depositories established by the General Assembly in great centres of population, and that, so far as consistent with the interests of general circulation of our literature, such a policy should be adopted as will result in the Board itself reaping the

profits. We do not deem it necessary to notice in detail the publications, as the Report shows fully what editions have been issued and what are now in press.

#### PERIODICALS OF THE BOARD.

It is gratifying to note the evidence of increasing prosperity in this department of the Board's work. Its periodicals are appreciated by growing numbers, and with their increased circulation it is enabled to furnish some of them at reduced prices. The real merit of the *Westminster Helps* and *Illustrated Papers* is further evinced by the fact that they have been adopted by the Publication Committee of the Presbyterian Church in England, and are now commended to the churches and Sabbath-schools of that body. These periodicals are now ten in number, exclusive of the annual Question Book and the *Record*, and show an increase of circulation within the last year of 1,461,608 copies, and an increase of cash receipts amounting to \$3568.71.

#### RECEIPTS AND SALES OF BUSINESS DEPARTMENT.

The Treasurer's Report shows the receipts of the year to have been \$298,419.50, including a balance on hand from the previous year of \$20,966.13; and the entire expenditure has been \$284,466.14, leaving on hand with the Treasurer a balance of \$13,953.36. The total receipts, including balances, being \$6534.57 less than in the previous year, and the total expenditure being \$20,695.79 less. The cash receipts from the sales of books in the year has been \$107,558.94, and from periodicals, \$106,062.70.

#### BALANCE SHEET OF THE BUSINESS DEPARTMENT.

In addition to the Financial Exhibit found in the Annual Report of the Board, the Business Superintendent has placed in the hands of the Committee tabulated statements, showing the operations of the Board during the year, and its financial condition when the year terminated.

Chief among the statements is the Balance Sheet, giving the debit and credit accounts as shown by the ledger; an inventory of stock; a merchandise account; a capital account, and a summary of assets and liabilities.

From these statements it appears that the capital stock, at the beginning of the year, was \$494,716.63, and at the close, \$496,323.04, making a net gain of \$1606.41.

The Business Superintendent has not only furnished these statements, but has given such full and clear explanations, as to satisfy the Committee that the financial and business affairs of the Board are faithfully and honestly conducted.

We cannot close this Report without adverting to the difficul-

ties which have heretofore existed between the two departments of the Board and which appear to be inherent here. The Business Department naturally desires to make as good a showing of its work as possible, and the Missionary Department to exhibit a thorough systematic distribution of our literature through their colportage system. The methods of one of these are those of business, of the other those of benevolence. The General Assembly in its deliverances has repeatedly insisted upon as wide a separation as possible between these two departments of the Board, and this feeling has been expressed by this Assembly in its action on the Report of the Special Committee appointed in 1884. The officers and some of the members of the Board have informed the Committee that a separation between the two is as distinct as can be made. Since the resignation of Dr. Wm. E. Schenck the Board of Publication have considered the question of reorganization, and have adopted the following resolutions:

1. That in the judgment of this Board, in view of the resignation of Rev. Dr. Schenck as Corresponding Secretary, it is desirable in the interest of the work committed to the care of the Board, to elect a General Secretary who shall have supervision and direction, subject to control of the Board, over all departments of its work, and to whom all the other administrative officers shall be subordinate.

2. That the work of the Board shall be so reorganized as to do away with the offices of Corresponding and Editorial Secretaries, and to distribute the duties which have heretofore belonged to these two offices, among the officers who shall remain after such reorganization.

3. That in the opinion of the Board it will be for the best interests of this Board to elect Rev. Dr. Dulles, the present Editorial Secretary, as General Secretary.

4. That this Committee be continued for the purpose of considering and recommending such changes in the By-laws, and in the organization and distribution of the work of the Board, and in any matters cognate thereto, as may be desirable in view of the action of the Board upon the preceding resolutions.

Your Committee have considered that perhaps to separate the two departments absolutely, and to put the Sunday-school and colportage work under the immediate supervision of one head, and to organize the Publication Department as a business enterprise under another, dividing and reorganizing the Board as the case might require, would be advisable. The separation of benevolence from business would give each an ample sphere for the most active endeavor without encroachment upon the sphere of the other. It would remove the seeming objection of the Church at large to contributing to a business enterprise, as the Business Department is now and would be self-sustaining, and the contributions would thus be solicited for a purely benevolent Board. The change would not increase the objects of benevolence on

the contribution roll of the Church, as the contributions which now go to the Missionary Department of the Board of Publication, would be made direct to the Board of Sunday-school and Colportage Work. It is impossible for the Committee in the short time allotted to it to investigate intelligently and report on all these questions. We need more light on the subject; but we recognize that some change in the management of this work is necessary. The great respect for and confidence in the Board which we have, suggest that the difficulty is organic, or it would have been removed before this. It is possible that such a separation cannot and ought not to be made, but your Committee think it would be a wise action for the Assembly to appoint a Special Committee, of its most experienced and wisest ministers and elders, to investigate this question thoroughly and report to the next Assembly.

In concluding this Report, your Committee recommend the following resolutions and suggestions for action of this General Assembly:

1. That the Board of Publication deserves the thanks and commendation of the General Assembly for its fidelity to the trust committed to it.

2. We express our heartfelt appreciation of the long-continued and faithful services of the Rev. Dr. Schenck, Corresponding Secretary of this Board, and regret exceedingly that his declining years and physical infirmities should have compelled him, from a sense of duty, to resign the trust which he has so long and so efficiently held. We assure him of our sincere sympathy in his afflictions, and earnestly pray that his health may be speedily restored.

3. We commend the efficiency of the Editorial Secretary, as manifested in the great excellence of the publications of the Board, and also the valuable services rendered by the Secretary of Sabbath-school work, and the efficient and valuable services of the Assistant to the Editorial Secretary, and the Business Superintendent.

4. That the Board is exhorted to prosecute its colportage work, in the distribution of our literature and in making grants to the needy, to the utmost extent which may be considered wise and proper, considering the financial condition of the Board and its available resources. And we exhort and urge our churches throughout the land, and our Sabbath-schools, to regard the importance of this cause, and to make at least one annual contribution to the Missionary Fund of the Board.

5. It is with great regret that we learn that the churches have not conformed to the recommendation of the last General Assembly, in contributing during the year the sum of \$75,000 to the Missionary Fund of this Board, and we earnestly renew the recommendation for a collection of \$75,000 during the coming year, in order that the Board may be relieved of its financial difficulties,

and put in a position to successfully prosecute this important work.

6. The increasing favor and popularity in our own Church, and in other evangelical denominations, of the various periodicals of our Board, is extremely gratifying to the General Assembly, and we cordially commend to pastors, Sessions and Sabbath-schools, in our connection, to use the periodicals of our Board in their religious work in preference to all others.

7. We cordially approve the system and plan of Sabbath-school work, as promulgated by the efficient Secretary thereof, and commend to all the churches its adoption and thorough organization thereunder, and we specially request Presbyteries and Sessions, to make the Sabbath-school work a prominent feature in their labors, and to particularly enjoin the observance of Children's Day on the second Sabbath in June, as directed by a former General Assembly.

8. We again emphasize the importance of the supervision of the Sabbath-school work, and the selection of officers and teachers, and the general conduct of the school by the Sessions of the respective churches, and particularly enjoin careful instruction in the distinctive denominational features of our Church government.

9. The General Assembly calls the attention of the Board to the necessity of great care in the establishment of "branch houses" or "representatives," not multiplying these except when the necessity is apparent, and the probabilities of advancing religious ends are such as to warrant the extension of the same, without militating against the interest of other important agencies, organized under the direction of the General Assembly, and we recommend that so far as consistent with a proper circulation of our literature, the business be so conducted, that the profits thereof shall accrue to the benefit of the Board, rather than to the benefit of private individuals.

10. We recommend that the Board issue, as soon as consistent with their financial and business condition, cheaper editions of some of their important books, so as to meet the wants of the needy, and to cheapen as far as possible, consistently with safe business conduct, the Sabbath-school books and periodicals.

11. The Moderator is hereby authorized to appoint a special Committee, consisting of four ministers and four elders, who shall take into consideration the expediency, feasibility and legality of reorganizing this work, by separating absolutely, the Sunday-school and colportage work, or Missionary Department, from the editorial and publishing work or, Business Department, of the Board, and if such is found to be expedient, feasible and legal, to report a plan of such separation; and if not so found, to ascertain what steps are necessary to put the work of this Board on a permanent and harmonious basis, and to report their recommendations, together with the reasons therefor, to the next General Assembly.

12. The Committee recommend the election of the following

persons to fill the vacancies in the Board, caused by the expiration of the terms of office, viz: *Ministers*—Robert M. Patterson, D.D., Thomas Murphy, D.D., William T. Eva, D.D., James A. Worden, D.D., Herrick Johnson, D.D., John S. MacIntosh, D.D., John S. Sands, D.D., W. H. Roberts, D.D.; *Laymen*—Frank K. Hipple, George W. Mears, William Wood, William L. Dubois, Robert H. Hinckley, George S. Graham, John Scott.

Also that George Alexander, D.D., be elected in the place of J. A. Henry, D.D., resigned, and John S. Kennedy, of New York, in the place of Theodore W. Baker, deceased, and Edwin Packard, of Brooklyn, N. Y., in the place of Edward A. Rollins, deceased.

The Committee have also had referred to them the Report and resolutions of a Special Committee of former General Assemblies. We have not yet had time to carefully consider what action should be taken thereon.

We have also had before us the Minutes of the Board of Publication, and other matters which we have not yet had time to consider, and we respectfully ask permission to make report thereon at some later date convenient to the Assembly.

The General Assembly have also referred to this Committee Overtures from the Presbyteries of Chicago, New Brunswick and Westchester, N. Y., requesting that the Board of Publication be directed to omit from its *Lesson Helps*, the entire Scripture text, and your Committee, after fully considering the matter, would respectfully recommend, that the following answer be given to such Overtures:

That such an omission from 300,000 *Lesson Helps*, now issued by the Board of Publication, would be impracticable, but we recommend to the Board of Publication, that if a sufficient number of applications for *Helps* without the Scripture text shall be received by the Board, that a special edition be issued, omitting the Scripture text, to meet this demand, and to be furnished as cheaply as possible.

All of which is respectfully submitted.

GEORGE H. SHIELDS, *Chairman*.

The Standing Committee on Education presented its Report, which was accepted. Pending the motion to adopt, the Assembly was addressed by the Rev. Daniel W. Poor, D.D., the Secretary of the Board. The Report was adopted, and is as follows:

The Standing Committee on Education would respectfully report that they have carefully examined the Sixty-seventh Annual Report of the Board of Education submitted to the General Assembly, and also the minutes of the various meetings of the Board during the past year.

Beginning the year with a debt of \$6700, the Board comes to

the Assembly with a balanced account, though the number of students under its care has been increased. For this freedom from debt, our grateful thanks are due to the great head of the Church for providing the means, as the legacies, providentially left to the Board, have far exceeded the amount ordinarily received from that source.

Some changes have taken place in the membership of the Board during the year: Elder F. W. Hastings having been removed by death, and Rev. N. S. McFetridge, D.D., having resigned to accept a Professorship in Macalester College. In place of the latter, Rev. George D. Baker, D.D., was elected to serve till the meeting of the present Assembly.

The amount of the scholarships allotted and the regulations for their distribution remain as before; for those in colleges and theological seminaries, \$110, and for those in preparatory departments, \$85, except in institutions under the care of the Freedmen's Board, where less was required and asked for. But it is the decided conviction of the Committee that the aid given to all classes of our candidates should be larger than it now is, and that larger contributions from the churches should enable the Board to increase the allowances made, so as to meet the expenses of living which are everywhere increasing with the growing prosperity of our country. The United States give some \$800 a year to each of its military and naval students at West Point and Annapolis. And ought not the great Presbyterian Church to aid liberally those who are giving themselves to the army of the Lord of Hosts?

The number of candidates received has increased to 638, 19 more than in the previous year. Of these, 262 are in theological seminaries, 308 in colleges, and 68 in preparatory departments. Classified as to nationality or race, 29 are Germans, 5 Bulgarians, 96 Negroes, 1 Hindoo, 1 Indian and 2 Spanish, and the remaining 504 are Scotch, Irish, English, Welsh and American. As to scholarship, 193 are marked high, 173 above medium, 222 medium, and 7 low. Those marked low have been retained in deference to the judgment of their instructors, who have testified to their promise of usefulness from their excellence in other respects.

During the year one candidate has died, four have withdrawn, having found other means of support, and one lost his scholarship for marrying prematurely. Only five have been dropped for marked disqualifications in attainments and character. In contrast to this small number of failures, such as are found in every sphere of life, it may be well to quote some of the very favorable testimonies received from professors and teachers, giving the cheering assurance that the aid of the Board is wisely applied, and is yielding most profitable returns to the Church. They are such as the following:

From Centre College: "These young men have been steadily at their work since last report, not having missed a recitation. Messrs. ——— and ——— stand at the very head of their classes. Mr.

——— hardly equals the others, though he stands high. They are of more than common promise."

From Parsons College: "These are fifteen of our very best students—all working well."

From Hanover College: "We never had a better lot of students."

From Macalester College: "They are both rare young men."

From Western Theological Seminary: "Our middle and junior classes, as a whole, fifty-eight in number, are young men of a high order."

From Princeton College: "It gives me pleasure to be able to make so favorable a report as to the candidates under the care of the Board in connection with our College. Mr. ——— is one of the very best students every way."

From another: "These young men are all boarding themselves and enduring many privations, to make the means they earn during vacation and their allowance from the Board cover their expenses."

The Board is in constant and careful correspondence, not only with its candidates, but with professors and teachers, and from the reports and returns made, has reason to believe that all the candidates under its care give promise of creditable usefulness in their calling. Of those at theological seminaries, 72 completed their studies this spring; from Princeton, 16; Northwestern, 15; Western, 12; Lane, 10; Union, 5; Auburn, the German School at Dubuque, Lincoln, Biddle, each 3; and Howard University, 2. The institutions at which the candidates of the Board are studying are all in connection with our Church; 68 candidates being students in 32 academies; 308 in 54 colleges; and 262 in 13 theological seminaries. The Synods represented by these students are 21, and the Presbyteries 133. It is thus shown in what institutions the candidates are studying, and from what widely scattered places they come. The details, in these respects, are fully set forth in the printed Report of the Board, which is earnestly commended to the careful perusal of all our ministers and elders, as a clear, compact and business-like paper, showing the whole condition and work of the Board.

The income of the Board for the year, from all sources, was \$82,217.46, being an increase upon that of the previous year of \$9484.09. But of the above sum only \$47,160.12 consisted of contributions from churches and Sunday-schools, showing a falling off of \$2877.71 from last year, and of \$3948.19 from the year before. Of our more than 6000 churches only 2635 the last year contributed to the Board, leaving 3373 that did not contribute to this important department of our Church's work. It is hoped that the decrease of gifts, on the part of the giving churches, may have been occasioned by the special efforts made during the year to cancel the debts resting on some of the other Boards, and not to a decline of interest on the part of the churches

in the great work of raising up an ample supply of ministers, to be able and faithful pastors and teachers in building up the Church of Christ, and proclaiming the Gospel to the perishing. Not to plant the seed, is no way to make sure of the harvest. To neglect or undervalue the fountain, is the sure way to have the streams fail or be impure.

If we ask as to the need for ministers in our 6093 churches, 1197 are marked as vacant, and 68 were last year dissolved. And if it be said that of the vacant churches many are too weak to support a pastor, the reply is, that 28 of these churches have a membership of from 200 to 700; 17 a membership of from 200 to 250; 87 a membership of from 100 to 150 or more; and 217 a membership of from 50 to 100. And, however feeble the weakest of the 1197 may be, by a faithful and well-sustained ministry, most of them might be developed into churches of strength within, and power without for good. In the Synod of Iowa, as we are told by its Report, there are but 180 ministers as effective supplies for its 353 churches, and the Report well says, "It is all in vain to continue to organize churches, only to cast them out, like newborn infants, without care or nourishment, to pine away to an early death." "And the alternative," as your Secretary well suggests, "is clear—that the Church must either draw back from its work of expansion or greatly multiply its ministers." As we heard but yesterday, our Home Missionary Board is crying out most earnestly for more men, and in the warfare with ignorance and immorality, and every form of sin and evil, we are not to hold back in our enlistments or in training up leaders for the army of the living God. If there is any one thing that our country needs and our new settlements need, and the rising generation needs, and that is called for to assimilate our mixed populations and arrest the encroachments of infidelity and vice, and to save the family and bless the State, it is the Gospel of Christ, and for this we need more and more thoroughly trained and earnest and devoted ministers. As further showing this need and the importance of the work in which our Board of Education is engaged, we need but look at our large indebtedness to other denominations for our ministerial supplies. In the last six years we have received from other denominations 398 ministers, while we have dismissed only 153, showing that the excess of 245 is of ministers not of our own training. And then the number of our ordinations last year was 20 less than in the year before, and less by 47 than the number of our newly organized churches, to say nothing of ministers taken away by death or disabled for work by infirmity or age. The graduates last year from our six largest theological seminaries number 155, only six more than the year before, and if we deduct those thus graduating who do not belong to our body, we have but little more than enough to fill the vacant pulpits of the 132 churches, which have more than 100 members each, leaving the rest of the 1197 churches unprovided for. It is true that the num-

ber of our candidates is increasing, and that it has increased from 600 in 1880 to 839 in 1885, but the number of our churches and of our population is increasing more rapidly still. And when we bear in mind that so many of our ministers are engaged as secretaries and editors and professors and presidents of colleges, and that so many most excellent and able men are practically laid aside because of the false idea that they have passed some imaginary dead line of about 50—unwisely and, as perhaps we might say, wickedly laid aside or turned from and avoided by churches and people who forget that some men are born old, and some do not grow old, and that thus the rich experience and broad sympathies and wise counsels of so many faithful servants of God are lost to the Church and the world—surely we have reason to pray that the Lord would raise up and send forth laborers for the harvest, and to do our part as a powerful and growing Church toward the same blessed end.

In this connection it is pertinent to mention that loud calls are continually coming from the great West and from some of our large cities for aid from the Board, not only to young, but to middle-aged men, who have been found to have natural gifts for impressing divine truth, but who have not the time and means for taking more than a partial theological course.

An Overture from the Presbytery of Chicago indirectly asks that in exceptional cases the Board be authorized to aid such persons when they are properly recommended by their Presbyteries. And the scarcity of thoroughly educated ministers to take charge of our feeble churches, and to do the work which our Methodist brethren so extensively and successfully do by one class of their preachers, presses the problem on our attention. Your Committee would present a Resolution, which, so far as the Board of Education is concerned, will, it is believed, meet the views of the Overture mentioned, leaving the broader question of preserving our present standard, and at the same time bringing into service a second grade of evangelists and teachers for our feebler churches, for the Assembly to consider, if it be thought best so to do. Two other Overtures from the Presbyteries of Cape Fear and Yadkin ask that the Board be instructed so to modify its rules as to do away with all special rules for colored candidates. The modification thus asked, we find, from the minutes of the Board, has already been wisely made.

In conclusion your Committee would respectfully recommend the adoption of the following resolutions:

1. That the minutes of the Board be approved, and its officers and members be commended for their diligence and fidelity in the wise and prudent administration of its affairs during the past year.

- \*2. That the Board be allowed to exercise its judgment in relaxing the stringency of its rules requiring a full collegiate education, or its equivalent as preparatory to a theological course, in exceptional cases that may be presented by the Presbyteries.

\* See action recorded on page 72.

3. That the Presbyteries be enjoined to see, as far as possible, that every one of their churches have the cause of education presented every year, and an opportunity given, in every one, for a collection in aid of the Board.

4. That ministers, elders and Christian parents be earnestly exhorted to do all in their power to lead the young men of the churches, seriously to consider the question of giving themselves to the work of the ministry.

5. That the following members of the Board, whose term of office expires this year, be re-elected for a similar term, viz: *Ministers*—J. F. Dripps, D.D., R. M. Patterson, D.D., J. S. McIntosh, D.D.; and G. D. Baker, D.D., to serve out the term of N. S. McFetridge, D.D., in whose place he was chosen; *Elders*—W. Fewsmith, Samuel Field, and R. N. Wilson; and Andrew Blair, to serve out the term of F. W. Hastings, deceased.

TRYON EDWARDS, *Chairman*.

*Resolved*, That the General Assembly hereby expresses its high appreciation of the continued watchful care, exercised by the pastors and Sessions of our churches at Annapolis and West Point, over the cadets from Presbyterian families found in the Naval and Military Academies; and the Assembly urges upon every parent, in our Church, whose son is in either of these institutions, or who may secure appointment therein, to see that his child be specially commended to the care of the churches respectively named.

On motion, Resolution No. 2 of the Report of the Standing Committee on Education, relating to relaxing the stringency of the rules of the Board, requiring a full collegiate education, was referred to a Special Committee of five, to report to the next General Assembly.

Resolutions on a Permanent Committee on Arbitration and Peace were referred to the Committee on Bills and Overtures.

The Assembly took recess, and was closed with prayer.

---

THURSDAY, May 27th, 2.30 o'clock P. M.

The Assembly met, and was opened with prayer.

The Judicial Committee reported Judicial Cases Nos. 1, 2, 3 and 4, being Judicial decisions by certain of the Synods, and sent up to the General Assembly, in accordance with the direction found on page 662 of the Minutes of the Assembly of 1885.

The Report was adopted, and is as follows:

*Judicial Case No. 1*, being the appeal and complaint of H. D. Brown to the Synod of Pennsylvania, against a decision of the Presbytery of Western Africa, deposing him from the office of ruling elder.

The Committee report that there is no reason to suppose from the Records of the Synod that any injustice has been done to the appellant either in the Presbytery or Synod.

*Judicial Case No. 2*, being the appeal and complaint of the Rev. George N. Smith, to the Synod of New York, against the Presbytery of Geneva, for certain irregularities in the proceedings in his case.

The Committee report that the Synod has final jurisdiction in the matter.

*Judicial Case No. 3*, being the complaint of Rev. J. W. Cummings and Rev. S. C. Faris to the Synod of Ohio, against the Presbytery of Wooster, for changing the terms of a call without the consent of parties.

The Committee report that final jurisdiction in the case belongs to the Synod.

*Judicial Case No. 4*, being the complaint of certain members of the former Central Church, Jacksonville, Ill., to the Synod of Illinois, against the action of the Presbytery of Springfield in uniting the First and Central Churches of Jacksonville.

The Committee report that the Synod is the court of last resort in such cases.

J. G. MONFORT, *Chairman*.

The following resolution was adopted:

*Resolved*, That in view of the near approach of the centennial anniversary, this General Assembly calls special attention to the Presbyterian Historical Society, located at Philadelphia, and cordially commends it to the favor and liberality of our ministers, elders and churches.

The partial Report of the Standing Committee on Finance was taken up, adopted, and is as follows:

The Standing Committee on Finance beg leave to report, in part, as follows:

The following documents have been placed in the hands of the Committee:

1. The Thirty-second Annual Report to the General Assembly, of the Trustees of the Presbyterian House.

2. The Report of the Treasurer of the Trustees of the Presbyterian House.

3. The Report of the Trustees of the General Assembly, accompanied by their Treasurer's Report and financial statements for the year closing March 31, 1886.

As to the Thirty-second Annual Report of the Trustees of the

Presbyterian House, it is the final Report of the corporation of that name, that corporation having been by legal authority merged with the corporation known as the Trustees of the General Assembly, pursuant to the directions of the General Assembly of 1885. From this Report it appears that, with the balance reported to the last Assembly, the Trustees of the Presbyterian House received before their merger with the Trustees of the General Assembly the sum of \$12,018.85, and that they paid out the sum of \$11,320.78, leaving a balance of \$698.07, which balance it would appear from the Report dated March 16, 1886, had been paid over to the Trustees of the General Assembly, but which by the Report of the Treasurer of the Trustees of the Presbyterian House was March 19, 1886, still in his hands.

This Report is an interesting document in other respects. It is a history of the corporation, and a table of all its officers and trustees from its incorporation to its merger in 1885 with the Trustees of the General Assembly, and that its story may be conveniently at the hands of every minister and of every other interested member of our Church, we recommend that it be printed at length in the Appendix to the Minutes of the Assembly.

Accompanying the last Trustees' Report is the Account and Report of the Treasurer of the Presbyterian House, from which it appears that he had paid out the sum of \$11,320.78, and that he had received the sum of \$12,018.85, and that the balance remaining in his hands is \$698.07. It also contains a list of invested funds with which he is chargeable to the sum of \$113,483, and a list of securities held therefor to the amount of \$113,483. This account has endorsed thereon the certificate of Alexander Whilldin and Enoch Taylor, the Auditing Committee of the Trustees, certifying that they have examined and compared it with the vouchers and find it correct, and that the balance on hand is the sum of \$698.07, and that they have seen the securities mentioned in the account (except the coupon bonds, for which they have seen the receipt and certificate of deposit of the Fidelity Trust Company), and that all the securities, with the cash balance, had been paid over, assigned and transferred to the Trustees of the General Assembly.

The Report of the Trustees of the General Assembly dated March 6, 1886, does not report the receipt of any cash or securities from the Trustees of the Presbyterian House, but "they will fully appear in the next and further Reports." So that we are not able this year to trace the funds and securities out of the old corporation, which has ceased separately to exist, into the hands of the other corporation, the Trustees of the General Assembly.

The Report as presented, with the accounts annexed, contains a statement of legacies, three in number, received during the year, in the sum of \$28,343.94; the filing voluntarily by the Stated Clerk, as Treasurer of the Assembly, of a new bond, the sureties

on his previous bond having both died during the past year, and the approval of the bond by the Trustees.

The merger and consolidation of the "Trustees of the Presbyterian House" with the "Trustees of the General Assembly of the Presbyterian Church in the United States of America," by authority of the General Assembly, by proceedings in Court of Common Pleas of Philadelphia county, was not completed at the close of the fiscal year of the surviving corporation, and that is the reason stated why the receipt of the balance of cash and securities turned over is not acknowledged and accounted for in this year's Report, and the full information of the completed transfer and receipt of the property will be reported in the Report for the next fiscal year.

The Hon. William Strong, LL.D., on account of his inability, from non-residence, to attend meetings, has resigned his office as one of the Trustees of the General Assembly.

In connection with the merger and consolidation of the two corporations in the Trustees of the General Assembly by the Court, its approval was also obtained of an amendment of the sixth section of the charter of the corporation, so that, as we are informed by the Report, for the future, Trustees can be named, and one-third of the whole eighteen changed annually, as the Assembly shall order.

We observe in the lists of the members of many of the Boards of our Church the names of the Trustees of the General Assembly. It is not possible that all the honesty, all the intelligence and all the zeal of our Church are limited to a few persons. Certainly there are in the ministry and eldership of the Church many who ought to be brought to the front and engaged in the business work of our benevolent enterprises, who are as capable, as honest, and as zealous as those who for years have been in the work. The latter persons, by reason of being, some upon two, and some upon three, of our Boards, must find it almost impossible to do justice to all or faithfully to serve either, or at least must find a continuing temptation to neglect one for the other.

The members of your Committee have concluded for themselves:

1. That these Trusteeships should, as nearly as possible, be equally divided between ministers and elders.

2. That no person, minister or elder, should have laid upon him the responsibility of more than one Board.

Certainly, a division of responsibility and labor will conduce to the most faithful discharge of duty and the most zealous watchfulness of trust.

The amendment of the charter of the Trustees of the General Assembly authorizes this General Assembly, meeting at any place, to change annually one-third of the Trustees and to fill all vacancies. The full Board will comprise eighteen Trustees. There are eight vacancies, leaving but ten existing Trustees. Without assuming that the one-third of the Trustees subject to change each

year is one-third of eighteen, the full number, or one-third of ten the actual number, we propose that of the ten now in office the places of three, one of whom is a Trustee in three other Boards, and all of whom are in one or more Boards, be changed for three who are not found in any like place of trust.

We recommend, therefore, the following resolution :

*Resolved*, That Rev. Arthur T. Pierson, D.D., be chosen Trustee in place of Rev. Thomas J. Shepherd, D.D.; that Rev. Joseph Beggs, D.D., be chosen Trustee in place of Rev. Wm. T. Eva, D.D.; that Rev. John E. Wright, D.D., be chosen Trustee in place of Rev. Villeroy D. Reed, D.D., and that the following be chosen Trustees to fill the existing vacancies, viz: Rev. W. B. Noble, D.D., of Norristown, Pa.; Rev. J. Howard Nixon, D.D., of Wilmington, Del.; Rev. John Dixon, of Trenton, N. J.; Elder Barker Gummere, of Trenton, N. J.; Elder Charles M. Lukens, of Philadelphia; Elder Enoch Taylor, of Philadelphia; Elder George W. Simons, of Philadelphia; Elder Andrew Blair, of Philadelphia.

R. E. PRIME, *Chairman*.

The Rev. Wm. H. Roberts, D.D., the Stated Clerk, was unanimously authorized and empowered to cast the ballot of the Assembly for the following persons for Trustees of the General Assembly, viz: for

Rev. Arthur T. Pierson, D.D., in place of Rev. Thomas J. Shepherd, D.D.; Rev. Joseph Beggs, D.D., in place of Rev. Wm. T. Eva, D.D.; Rev. John E. Wright, D.D., in place of Villeroy D. Reed, D.D., and the following to fill existing vacancies: *Ministers*—Wm. B. Noble, D.D., J. Howard Nixon, D.D., John Dixon; *Elders*—Barker Gummere, Charles M. Lukens, Enoch Taylor, George W. Simons and Andrew Blair.

The following minute on Conference with other Presbyterian Churches was adopted:

The General Assembly of the Presbyterian Church in the United States of America, in session at Minneapolis, Minn., recognizing its obligations to consult, not only for the special interests of the Church which it represents, but also for the larger interests of the cause and kingdom of Jesus Christ in the world, as well as for the advancement of the principles of faith and order which we hold in common with other Presbyterian communions in this land; and, noting, further, the increasing desire which is constantly manifested for closer Christian fellowship and intercommunion among those who bear the general name of Presbyterians, and who are now represented in the "Alliance of the Reformed Churches holding the Presbyterian system," does hereby declare its entire sympathy with this growing and most encouraging tendency toward closer fellowship as Christians and Presbyterians, believing it to be a token for good to all the branches of our Church in this country, and having in it, if wisely guided, the promise of freer and

more hearty intercommunion between Churches now separate, and of a cordial coöperation in the work of Christian missions at home and abroad.

Further, in order to give practical effect to its own earnest wish thus freely declared, this General Assembly would respectfully represent to all the churches in this country now united in the Alliance of the Reformed Churches holding the Presbyterian system, that it is prepared to confer with them, in any proper way, in reference to coöperation in the work of extending the faith and orders which we hold, and especially in regard to unity of effort and organization in the mission fields abroad; and the Assembly hereby directs its Stated Clerk to transmit a copy of this minute to the chief courts of these churches for their consideration.

*Resolved*, That a sufficient number of the Reports of the Boards and Committees be forwarded by them, to the place of meeting of each Assembly prior to the day of meeting; and that a complete file of the same, stitched together, be delivered to each Commissioner.

The Standing Committee on the Board of Church Erection presented its Report, which was accepted. Pending a motion to adopt, the Assembly was addressed, at the request of the Board, by the Rev. E. R. Craven, D.D., a member of the Board. The Report was adopted, and is as follows:

Your Committee have carefully examined the minutes of the meetings held by this Board during the past year, as well as the Annual Report submitted to the Assembly. We deem it proper at the outset to say a word about that venerable and faithful servant of the Church, the Secretary of the Board. Your Committee regret to learn that he was suffering great pain both in body and in mind when his Report was presented to the Board for its approval; and not only so, but his sufferings were even more intense when it became his duty to prepare that Report. Hence, it is not at all strange that here and there his Report should be somewhat lacking in point and in clearness. But that his Report, in its present form, should be approved by so careful and competent a Board requires some explanation. That explanation is found in the fact that at the time that Report was submitted to them, the attention of the Board was absorbed by a most unfortunate affair to which reference is made in their supplementary Report. This will account for what, to the ordinary reader, must appear to be a disagreement between the Report of the Secretary and that of the Treasurer. In the Report of your Committee the Treasurer's statement is taken as reliable in every particular, though it might with advantage be made fuller and more explicit.

The gross receipts for the year have been \$116,578.24, which is only about \$4000 less than that of last year. But it is cause for regret that during the year the contributions from the churches

have fallen off very considerably. The cause of this decrease is not surprising, when we take into consideration the loud cries which have been heard concerning the heavy debts of other Boards, but it is hoped that the contributions of the churches this year, will be so large as to prove that this Board lies very close to the hearts of our people.

The whole amount contributed by the churches last year was \$46,396.46. This year that sum should, at the very least, be doubled, and to carry on this work still more effectively the Board ought to have for the current year not less than \$200,000.

Surely the membership of our churches ought not to think that they have done their whole duty to this Board, when they have given to it only seven cents apiece in the whole year. It appears that out of our 6093 churches reported to the last Assembly there are 3284 that failed to take up any collection for this cause. This fact calls for especial emphasis, inasmuch as many of these churches are under special obligations to this Board.

The regular grants made during the year have been 144, and the special grants entrusted to the Board and distributed by it have been 39, in all 183; the whole amount that has been appropriated for churches, chapels and manses during the year is \$66,846.02.

The Board expresses its disappointment that its Report is not as cheerful as that of last year; but, as it touchingly says, "How much sorer the disappointment to those poor churches who, for want of sufficient aid, have been obliged to drag through another winter without shelter from the storm or a Christian home for their families." Such words ought to touch the heart of this Assembly, and they should stimulate every pastor and every elder to see to it that this cause is laid before the people, and that the opportunity be given to them to contribute to its support.

The value of the work done by this Board can scarcely be overestimated. The building of houses of worship is only a little less important than the grand work done by our home missionaries. What would our home missionaries do, when here and there they gather together a little flock and organize them into churches, were it not that this Board comes to their aid? Without churches, in which to preach, without homes in which to live, what would these faithful home missionaries do? Indeed, the work done by this Board is only another phase of the work of Home Missions; hence this Board may very properly appeal to every friend and to every lover of Home Missions to aid it in carrying on its most beneficent work.

The care which this Board has always taken to guard the property of the Church entrusted to it against loss by fire should receive our hearty commendation. It holds 1700 policies, protecting property amounting to \$1,183,664.83.

The Board has carried out the instructions of the last Assembly touching the work of building manses, and in order to do this it has secured the necessary amendment to its charter. The funds

for this object have so far been contributed by a few generous friends, who appreciate its importance. The thanks of this Assembly are due to them, and your Committee expresses the hope that the number of the friends of this cause may be greatly multiplied. The rules regarding the management of the Manse Fund are found in the Annual Report, and attention is called to them.

Your Committee regret that a sense of duty compels them before closing this Report to call attention to the painful fact referred to in the supplementary Report which the Board have submitted to the Assembly. It is a fact, we are sure, upon which this Assembly has no desire to dwell. Suffice it, therefore, to say regarding it that, while the late Treasurer of this Board has been most unfaithful to his trust, the Church will not lose a single dollar thereby. Our honored and revered Secretary, now a broken-hearted father, has come to the rescue of his son, and he has furnished ample security for the payment of the late Treasurer's indebtedness to the uttermost farthing.

The following resolutions are submitted for the approval of the Assembly:

1. That this Annual Report contains abundant evidence of the fidelity of the Board to the sacred trust which the Assembly has committed to its care, and the minutes of the Board are recommended for approval.

2. That before the Report be printed for distribution throughout the Church, the Board be requested to revise the Report of the Secretary, so that it may not appear to be in conflict with that of the Treasurer.

3. That the Board be instructed to call the attention of the Presbytery of New York to the facts contained in the supplementary Report, and to give the Presbytery access to all its records touching the case in question.

4. That the plan adopted by the Board to aid in the building of manses is hereby approved.

5. That in order to carry on this work for the current year this Board is entitled to have a sum not less than \$200,000.

6. The term of office of the following members of the Board having expired, namely: *Ministers*—Joseph Fewsmith, D.D., Elijah R. Craven, D.D., C. Cuthbert Hall, D.D.; *Elders*—F. G. Burnham, B. F. Randolph, John Sinclair, E. Francis Hyde, we recommend that they be re-elected; and further recommend that the Rev. Archibald McCullagh, D.D., be chosen to fill the vacancy caused by the resignation of the Rev. John Gillespie, D.D.

All of which is respectfully submitted.

JAMES MCLEOD, *Chairman.*

The following resolution was referred to the Board of Church Erection:

That during the ensuing year the Board of Church Erection, when requested to do so by the Presbyterial or Synodical Com-

mittee, shall place the funds granted to the first church in a new community, at the disposal of the Presbyterial or Synodical missionary for immediate use in the purchase of lumber and other materials for such building, under such regulations as the Board may deem wise, and that this rule continue in future years if it does not prove detrimental to the interests and progress of the Church.

*Resolved*, That, inasmuch as the supplementary Report of the Board of Church Erection has answered its purpose in bringing the matter contained therein before the General Assembly, and as this subject has been fully discussed by the Assembly, the Sixteenth Annual Report do appear without such supplementary portion.

The Standing Committee on the Polity of the Church reported:

*Paper No. 7*, being a paper recommitted to us by the General Assembly, requesting that an Overture be sent down to the Presbyteries for an amendment to the Form of Government, with a view to secure a recognition of the eligibility of the ruling elder to the office of Moderator. The Report was adopted, and is as follows:

It is recommended that the following proposed addition to Chapter xix, Section 4, of the Form of Government, be transmitted to the Presbyteries for their action:

In case the Moderator of any judicatory, above the Church Session, shall be a ruling elder, he may open the next meeting with an address; but any acts appropriate only to an ordained minister of the Gospel shall be performed by a minister appointed by such ruling elder.

E. E. SWIFT, *Chairman*.

The following Overture was adopted, and directed to be transmitted to the Presbyteries for their action:

Shall Chapter xii, Section 7, of our Form of Government, be amended, so that the whole section will read as follows:

The General Assembly shall meet at least once in every year. On the day appointed for that purpose the Moderator of the last Assembly, if present, shall open the meeting with a sermon, or if the Moderator be a ruling elder with an appropriate address, and he shall preside until a new Moderator be chosen. In the absence of the Moderator, some other minister or other ruling elder shall be chosen to perform the duties above specified. No Commissioner shall have a right to deliberate or vote in the Assembly until his name shall have been enrolled by the Clerk, and his commission examined and filed among the papers of the Assembly.

The Assembly adjourned, and was closed with prayer.

FRIDAY, May 28th, 9 o'clock A. M.

The Assembly met and, after devotional services, was opened with prayer.

The minutes of yesterday's sessions were read and approved.

The Special Committee on matters pertaining to the Alliance of the Reformed Churches presented its Report, which was adopted, and is as follows :

The Special Committee to whom were referred matters relating to the Alliance of the Reformed Churches begs leave to report :

One of the papers submitted calls for the payment by this Assembly of \$1950 as its share of the necessary expenses of the Alliance for the year 1885-6. Your Committee is informed that no organization of the Standing Committee of the Alliance with a permanent Secretary has yet been effected, and hence it is recommended that the matter here referred to be laid over until the next General Assembly.

Another paper calls the attention of this Assembly to the fact that, the Fourth General Council of the Alliance of the Reformed Churches holding the Presbyterian System will meet, in London, Eng., on June 26th, 1888, and asks this Assembly to take steps for the appointment of delegates thereto. Our Church is entitled to forty representatives, including ministers and ruling elders; and as the appointment of these delegates is a matter requiring considerable time and careful discrimination, your Committee recommends the adoption of the following resolution :

*Resolved*, That *Ministers* David C. Marquis, D.D., William H. Roberts, D.D., William E. Moore, D.D., Francis H. Marling, Francis L. Patton, D.D., LL.D., John S. MacIntosh, D.D., and Hanford A. Edson, D.D., with *Ruling Elders* George H. Shields, Warner Van Norden and Ralph E. Prime, be and hereby are appointed delegates to the Fourth General Council of the Alliance of the Reformed Churches holding the Presbyterian System; and, further that these delegates now appointed, constitute a Committee to select the additional delegates, both principals and alternates, to which our Church is entitled, and report their action to the next General Assembly.

JAMES MCLEOD, *Chairman*.

The Committee on the Polity of the Church reported *Overture No. 11*, and recommended that it be referred to the Special Committee on the Rules of the Board of Education. The recommendation was adopted.

The Committee on Bills and Overtures reported :

*Paper No. 11*. Overtures from the Presbyteries of Cincinnati and Washington, the former embodying a memorial from our

missionaries stationed in Canton, China, asking for a deliverance from the General Assembly in reference to the barbarous treatment of the Chinese immigrants in many sections of our country.

The Committee recommends to the Assembly the adoption of the following:

*Whereas*, There has come before the General Assembly a memorial from our missionaries in Canton, China, endorsed and urged in Overtures from the Presbyteries of Cincinnati and Washington, respecting the inhuman and un-Christian treatment of Chinamen by mobs in various parts of the land, which treatment most plainly is a violation of the first principles of justice and morality, as well as repugnant to the Gospel of Christ, and is also calculated to endanger the property and lives of missionaries and other Americans in China, and to retard the growth of Christ's Church there; therefore,

*Resolved*, 1. That this General Assembly, in accordance, we are glad to be assured with the general sentiment of ministers, elders and members of our churches on the Pacific slope, views with utter reprobation all such acts of lawless violence against helpless foreigners in our land; and we recognize the fact that our Government is bound not only by the ordinary laws of humanity and by plain treaty obligations, but also, by considerations of what is due to our citizens resident in China, to protect the Chinese who are among us, and to redress the great wrongs which mob violence has inflicted upon them.

*Resolved*, 2. That the Assembly warmly commends the action of the brethren on the Pacific coast, who, even when exposed to sore obloquy and threatened danger, remembering the demands of justice and humanity, and the golden rule of our Lord, have stood up nobly in the defense of the rights of the oppressed.

*Resolved*, 3. That we urge our ministers and people to do all within their power to create such a state of public sentiment upon the subject as shall discourage all future outrages against law-abiding strangers in our midst, and shall secure to all men, without distinction of race, all that is fair and right according to the laws of the land and the law of God.

*Resolved*, 4. That a copy of this deliverance be officially sent to the Chinese Ambassador at Washington, engrossed in the Chinese language; also that a copy thereof be transmitted to the President of the United States and to our missionaries in China.

The Report was adopted unanimously by a rising vote. Also, *Paper No. 12*, which was adopted, and is as follows:

*Whereas*, The Council of the Reformed Churches holding the Presbyterian System, assembled at Belfast, urged the raising of \$25,000 in aid of the poor, struggling, but faithful and resolute children of the martyrs in Bohemia (See Min., 1885, p. 704), and,

*Whereas*, The European section of the Alliance Commission have raised their quota; viz: \$15,000, therefore,

*Resolved*, That this cause be and is hereby earnestly commended

to the liberality of our branch of the great Presbyterian family, and that the members thereof be urged promptly to do their part in completing the needed sum.

E. R. CRAVEN, *Chairman*.

The Standing Committee on Theological Seminaries presented its Report, which was adopted, and is as follows:

There have been placed in the hands of your Committee reports from all the thirteen Theological Schools under the care of the Assembly, excepting that of Blackburn University.

These reports are not all of them as complete as could be desired, but the facts disclosed by them give occasion for gratitude to God, for the evident tokens of His favor toward these important institutions of our Church.

Their present condition may be seen by the tabulated statement on page 84.

From the figures therein presented it will be observed, in comparing them with the corresponding figures of the Report of last year, that there has been an increase in the whole number of students attending these Seminaries. Last year the number was 604, this year it is 620. There has been also an increase in the number of those matriculated and graduated: last year the number matriculated was 281, and the number graduated 142; this year the number matriculated is 306, and the number graduated 156.

Although there is one institution yet to hear from, and there have been one death and two resignations among the professors, the whole number of the latter remains the same as last year, viz., 57.

There have been added to the libraries of these Seminaries during the year 5541 volumes and 1204 pamphlets.

It also appears that there has been a general increase in the value of real estate held by the Seminaries, and also in the amount of their endowment, scholarship, lectureship, library and special funds, while the increase in income is \$42,052 over that of last year.

It is, however, to be noted that notwithstanding the increase of income, the expenses of four of the largest and best endowed of our Seminaries have increased this year beyond their income; Princeton, to the amount of \$2564.50, Lane, \$2641, Union, \$10,000, and Western, \$13,216.19. In the case of the last-mentioned, we are informed that this large increase of expenses is due to needed improvements and repairs to the property of the Seminary.

While recording with thankfulness to God the large additions of \$42,838 to the Scholarship Funds, as showing the increased ability of our Seminaries to give aid to our needy candidates for the ministry, your Committee doubts the propriety, under ordinary circumstances, of using such funds for aiding the education of the candidates belonging to other churches, as has been done by one of our Seminaries during the year, its report telling us that four belonging to the Cumberland Presbyterian Church, one to the Christian

Church (New Lights or Stonites), one to the Methodist Episcopal Church, etc., have been so aided. The whole amount of aid given to these candidates of other churches was \$850. This may show the large-hearted liberality of Presbyterians, but it seems questionable whether funds given for the education of a Presbyterian ministry should be so used.

San Francisco Seminary reports as the great event of the year, the proposition of Mr. W. S. Ladd, of Portland, Oregon, to endow a professorship with \$50,000, "on conditions uniting the two Synods of the Pacific and the Columbia in the support and management of one Seminary."

Lincoln reports that through the favor of Rev. William A. Holliday, D.D., \$15,000 have been offered that institution for the more complete endowment of one of its chairs, upon conditions heartily accepted by the Board of Trustees.

The German Theological School of Newark, N. J., has increased its endowment by \$10,435, various friends of the institution contributing thereto. The items are fully recorded in the Report of the School, to be printed in the Appendix to the Minutes of the Assembly. The Report states, "We have received a larger total amount from all sources than during any preceding year." The interest of the Germans themselves, and especially of the German ministers, in this institution is most gratifying.

The German Theological Seminary of the Northwest has received a legacy of \$3000 during the year, which has been largely used in meeting the indebtedness of that institution. Other Seminaries have been favored with gifts from generous friends, all showing that the interest of our people in the promotion of the higher education of our ministry has not died out.

Princeton reports that of the graduating class two expect to go on foreign missions, seven go to the West, most of them under the Home Board, fifteen are already called to churches in the East, one goes to Edinburgh to study, and several of the rest have the prospect of speedy settlement. The students have been actively and earnestly engaged in evangelistic work in the neighborhood during the winter. More than fifteen stations have been steadily supplied by eighty-five or ninety of the students, most of them from the middle and junior classes.

Union is to celebrate its semi-centennial in December next, and we would in advance extend to this favored institution the hearty congratulations of this Assembly. Mr. Bunker and Mr. Gilmore, who have just graduated from this Seminary, have gone to Corea as teachers, by appointment of the Corean government.

The Seminary of the Northwest reports that the year has been one of gratifying spiritual and intellectual progress. For those who have pursued the study of Hebrew a special advanced course has been provided, consisting of instruction in Old Testament theology, history, or introduction, as they may elect, thus laying the foundation for a fourth year of study. Owing to the large

influx of students, fifteen of them were obliged during the year to room outside of the Seminary building, but arrangements have been made, so that ample provision is assured, for the accommodation of all the students who may seek instruction in the Seminary during the coming year. The cheering fact is also stated, that this year this Seminary sends more men to the foreign field than any other in our connection.

Western Seminary reports the resignation of Rev. S. H. Kellogg, D.D., as Professor of Didactic Theology, in order to accept a position in Toronto, Canada, which resignation took effect in December last. By special request the Rev. William F. Johnson, D.D., has since fulfilled the duties of this chair with great faithfulness and acceptance.

Your Committee learns with pleasure of the brightening prospects of Danville, and heartily approves of the arrangements made to give instructions in each department by a separate instructor, by securing, in addition to the services of Dr. Yerkes, the coöperation of the pastor of the Church of Danville, the Rev. C. B. H. Martin, D. D., and also of members of the faculty of Centre College, brethren who are spoken of as well known to the churches of Kentucky and the adjacent States, and who have their regard and confidence.

The theological institutions of our Church, having for their object the raising up of a ministry for the Germans and the Freedmen of this country, your Committee feel, should especially call forth the sympathy, prayers and help of all our churches. Because the special work these institutions are doing, has a most important bearing upon the extension of Christ's cause and the best interests of this nation. Your Committee would therefore commend the German Theological School of Newark, N. J., and the German Theological Seminary of the Northwest, at Dubuque, Iowa, and also Lincoln University and Biddle Institute to the churches for their generous aid.

Seven of our Seminaries have been sufferers by reason of the death of valued men connected therewith. Auburn especially has been greatly afflicted in this way, reporting five deaths, one from the number of its students, Mr. E. W. Nash; of the middle class; and four of its Trustees, viz., Rev. Samuel Hart Gridley, D.D., of Waterloo, N. Y., for thirty-seven years a Trustee; Rev. Charles Hawley, D.D., of Auburn, for ten years a Trustee; Rev. Timothy Stillman, D.D., of Dunkirk, N. Y., for thirty-five years a Trustee; and Sylvester Willard, M. D., of Auburn, for forty years a Trustee.

Union reports the death of Alfred C. Post, M.D., LL.D., a Director.

The Western Seminary reports the death of Rev. Robert B. Walker, D.D., and Robert McKnight, Directors; San Francisco, the death of Rev. Rodney L. Tabor, a Director; and Princeton, the death of Hon. John K. Findlay, a Director; the Seminary of

the Northwest, the death of Rev. William Curtis, D.D., a Director; while Lane mourns the loss of Rev. James Eells, D.D., LL.D., who for but a brief period filled the chair of Practical Theology, and who previously had done very efficient work in aid of the endowment of San Francisco Seminary.

Your Committee would recommend:

1. The approval and confirmation of the action of the Board of Trustees of Lincoln University in the establishment of the "Chair of Instruction in the English Version of the Bible;" in the transfer of the Rev. Benjamin T. Jones from the Chair of Sacred Rhetoric in that institution to this new "Chair of Instruction in the English Version of the Bible;" the election of the Rev. David E. Shaw, A.M., of the United Presbyterian Church, to the Professorship of Hebrew and Old Testament Literature; and also the election of the Rev. Samuel A. Martin, A.M., of the Presbytery of Westminster, to the William E. Dodge Professorship of Sacred Rhetoric in the same institution.

2. The confirmation of the election of the Rev. Henry J. Van Dyke, D.D., of Brooklyn, N. Y., as Professor of Systematic Theology in the San Francisco Theological Seminary.

The confirmation of the election of Rev. Robert Dick Wilson, A.M., as Professor of Hebrew, Chaldee and Old Testament History in the Western Theological Seminary.

The confirmation of the election of the Rev. Edward L. Curtis, A.B., as Professor of Old Testament Literature and Exegesis in the Seminary of the Northwest.

3. The following Overture has been sent to this General Assembly by the Directors of the Presbyterian Theological Seminary of the Northwest:

"In view of the munificent and unselfish benefactions on the part of the McCormick family, the Board of Directors of the Presbyterian Theological Seminary of the Northwest request the General Assembly to re-enact Section 2, of Article xi, of the Constitution of the Seminary, adopted by the Assembly of 1882, with the change of name as follows:

"*Article xi, Section 2.*—In just recognition of the relation of the late Hon. Cyrus H. McCormick and his family to this Seminary, Cyrus H. McCormick, Jr., is hereby constituted from this time forth a special member of the Board of Directors of the Presbyterian Theological Seminary of the Northwest, to qualify as and to be entitled to all the prerogatives of other full members of the Board, to continue in the office during the term of his natural life or until he shall resign."

Your Committee recommends that this request of the Board of Directors of the Presbyterian Theological Seminary of the Northwest be granted, and that Article xi, Section 2, of the Constitution of said Seminary be re-enacted, with the change of the name as desired, viz: the substitution of the name of Cyrus H. McCormick, Jr., for that of Cyrus H. McCormick.

4. Your Committee would further call the attention of the General Assembly to the following resolutions unanimously passed by the Directors of the Presbyterian Theological Seminary of the Northwest at their recent meeting:

*"Resolved, That, in the opinion of this Board, the corporate name of this Seminary should be changed so that it will read 'The McCormick Theological Seminary of the Presbyterian Church.'*

*"Resolved, That the Trustees be requested to take the legal measures necessary to effect such change."*

Your Committee recommends that, in accordance with these resolutions, the Board of Trustees of the Presbyterian Theological Seminary of the Northwest be hereby authorized to change the corporate name of the same so that it shall read "The McCormick Theological Seminary of the Presbyterian Church."

Respectfully submitted,

SAMUEL M. STUDDIFORD, *Chairman.*

The Standing Committee on Benevolence presented its Report, which was accepted. Pending the discussion of the motion to adopt, the Assembly was addressed by the Rev. Charles S. Pomeroy, D.D., Chairman, and Ruling Elder Thomas Kane, a member of the Committee. The Report was adopted, and is as follows:

The following matters have been placed in our hands for consideration, viz:

1. An Overture accompanied by a memorial from the Presbytery of Niagara, asking this Assembly to transmit a deliverance to the churches concerning the custom of raising money for the Boards by means of "fairs, festivals, bazars, dramatic entertainments, and the like." The memorial widens the range of inquiry to take in the whole matter of raising money for any purpose by these means, by and with the consent of Church authorities. Your Committee are of opinion, while passing to the underlying principles with which we are concerned, that the memorial confuses things proper with things manifestly improper, and recommends, in harmony with previous deliverances of the General Assembly, that every Session be enjoined to exercise the utmost care as to the sort of entertainment sanctioned by it. The great desire of your Special Committee here emerges to view, which is to educate the people up to a point where by hearty consecration of all they have and are to God in Christ as His stewards, and by faithful and systematic giving of their increase as He has prospered them, the day of dependence upon such measures may hasten to its close. God speed the time when giving shall not be to Boards, but to the Lord; when money shall go from pocket to treasury direct, and not by way of suppers and fairs and the like. But that day of advanced education is not yet for every people in every place, and for us now to condemn every unexceptionable measure that loving hearts and willing hands may devise and execute for noble ends would be a great mistake. We may throw away the cane entirely when we shall have strength to go quite alone.

One word more. In order to the best degree of efficiency in every church there needs to be developed social life; people need to come together and work together, and thus learn to know each other and sympathize with each other in work attempted for Christ. There is need to furnish every one with something to do, and as all are not able to work with Mary in spirituals, but many prefer to work with Martha in temporals, we are unwilling to give any further deliverance than to leave the whole matter to the intelligent judgment of the Session.

2. An Overture from the Presbytery of Springfield, requesting an answer to the following question, viz:

"In the Annual Reports of the churches to the Stated Clerks of the Presbyteries, ought Sessions to include under the head of 'Miscellaneous' contributions only the collections taken up by the direction of the officers of the Church? Or shall they include the individual gifts of members of the Church to religious and benevolent objects so far as the same may be known by inquiry?"

This Overture asks light upon two points: First, the manner in which it is ascertained, that contributions have been made to objects that may properly be reported under the head of miscellaneous gifts, and, second, What are suitable objects?

Two things are apparent to the minds of your Committee. The first is that, if the individual gifts of our members to general benevolence were reported, the amount would be very large. In one view of it this would be desirable, for it would give a glimpse at the vast work our people are doing in undenominational ways. In another view of it, it would give us pain as we came to contrast it with the burdensome debts of our Boards from time to time, and with the swelling desires of our Secretaries which are too often confined, for want of means, like a bird within a cage, beating fruitlessly for freedom against unyielding bars.

The second thing that is apparent to the mind of your Committee is that, any attempt to secure a fair and uniform report of these gifts would utterly fail for obvious reasons. It must never be assumed that because an individual becomes a member of a particular church, therefore he and his are the property of that church in any such sense, as that his individual gifts outside of its channels are to be accredited to that church. But, on the other hand, if he voluntarily says, "I wish the church to have the credit of my benefactions," and to this end makes a report thereof to some church officer, they do then become part of that church's giving, and may be distributed among the columns, "miscellaneous" included. The direction, as printed annually in the Assembly Minutes, for the filling of this column is, "To include all other collections for Bible and Tract Societies, etc., and for general benevolence." This manifestly means all collections taken in the church in any public meeting, or taken from house to house by authorized canvassers, or moneys reported to the proper church officers by individuals who, from any influence, have been moved to make a solitary gift and

likewise are moved to report the same. But your Committee would not encourage the pencil-in-hand inquiry, in those quarters where there may be a suspicion that giving is going on, for the purpose of making a plethoric report.

As to the objects, the gifts to which, made in either of the ways above set forth may be legitimately placed in the miscellaneous column, your Committee return the answer: All objects for which it would be proper and consistent to take a collection in a Church of Christ, if in view of other collections already ordered to be taken, the Session should deem it to be expedient to add to the number.

### 3. The Book of Minutes of the Special Committee.

From the reading of this book, your Committee are assured of the diligence and conscientiousness with which your Permanent Committee is prosecuting the work entrusted to them.

### 4. The Printed Report of the Special Committee.

We rise from the reading of this admirable summary of work done in the past year, and of the progress of the cause, with great pleasure. The statement that information is spreading and interest deepening; that, as a consequence, ministers, elders and laymen are coming to view this subject from the right standpoint, and to act intelligently, is cheering and full of hope for the future.

There has been a gain of 664 contributions over last year, while there remains a possible 30,000 to be secured. In some cases these blanks are inevitable, as some churches are in their days of infantile helplessness, and others are in their days of senility and decay. But many in both these classes could do better than they do, while hosts of well-to-do churches have only to conquer their selfishness, sluggishness or indifference, to fall in line and help the Committee on to victory. Moreover, while extending its conquests comprehensively, the Committee also is gaining victories intensively. Many churches that hitherto filled the columns of their reports are now filling them with larger figures, and we may be sure from correspondence, from inquiries and the like, that they are accompanying their gifts with more numerous and more fervent prayers. All this is as it should be, and although we are often told that benevolent giving is a plant of slow growth, our experience assures us that it is slowest at the outset; that when fairly started it increases with astonishing rapidity.

Conducive to this end the Special Committee feels assured that the sending out of their 50,000 and more of documents of information, direction and appeal, has played an important part. Let every pastor take pains to put himself into communication with this fountain of benevolent inspiration, that he and his people may be blessed in its outflow.

But more nearly lying by the very heart of this subject, and at the foundation of this increase, is the bringing of a consciousness of God's presence, will and acceptance in this matter of alms-giving. The more widely we open our hearts, the more we

shall be softened and made helpful to our fellow-men, the more we shall look upon the world out of the eyes of Him who died for it, and who has promised to us unfading glories and imperishable riches as the rewards of obedience, the more we shall find our highest glory in His cross, our sweetest pleasure in His service, and our constant question, "What can I do to express my love to Him?" Hence with especial pleasure does your Special Committee rejoice at the elevation, by the vote of the Presbyteries, of alms-giving into worship. Most earnestly do we ask that the Synods, Presbyteries and Sessions, under the care of this Assembly, shall seek to enter into the spirit of this portion of the service of God's house, making it to be worship indeed, not a mere form which of itself may be expected to work a charm upon the people and secure larger benefactions, but thereby teaching the people conscientiousness in the stewardship of the property entrusted to them, placing the whole matter of giving on a new plane, leading up to it by new considerations, stimulating it by new motives. A grand, united forward movement all along our lines may now be inaugurated, using the authority of the General Assembly for the new activity. The second century of the General Assembly, soon to dawn, will not reach its evening without seeing such advance on this line, as would astonish us and confirm our wildest dreams. Let every heart be enlisted, let every voice speak encouragement, let every hand lay hold upon the work. There will come right speedily a breaking up of the deeper heart of our people, and as these fountains begin to pour out, the opened windows of heaven will begin to pour down and there will be a flood, not destructive to any, but helpful to all, one that shall float our Zion many cubits above the tops of the highest mountains of financial hindrances, that stay her more glorious progress.

Your Committee recommend the following for adoption:

1. That in adopting the Report of the Committee on Systematic Benevolence, the Assembly heartily endorses their diligence and zeal in prosecuting their work for the past year, and commend them for the year to come to the open ear, the warm heart and the active coöperation of every pastor and Session of our Church.

2. That we recommend that each Presbytery, at its fall meeting in the present year, set apart some Sabbath on which a service shall be held in each church, in the interest of systematic and proportionate giving.

3. That we encourage the formation of organizations, in each church, of those who practice the method of proportionate giving, with a view to mutual information and to the enlistment by active canvassing of the interest of others therein.

4. That in view of the need of prayer to the end that giving may be conscientiously performed, we recommend that in those churches which set apart a special day for a collection for a particular Board of the Assembly, the work of that Board be recommended as the subject for the prayer-meeting in the week pre-

vious, and that the pastor call ruling elders and members to his aid, thus enlisting them and others in its interests. And that in all churches which pursue a different method of giving, an occasional service of prayer in this spirit and of this same general character be maintained.

5. That every Presbytery be charged to do all in its power, to bring up to proper beneficence those of the churches that are evidently lagging behind their ability and duty. That the Assembly recommend to all the Presbyteries to inquire, at their stated spring meeting, of any churches which have failed to contribute to all the Boards, the reasons for such failure, and if the reasons are not deemed satisfactory, to direct the omitted collections to be taken as soon as possible.

6. That each Presbytery urge all churches under its care to raise the amount of their offerings for the Boards at least ten per cent above last year, and that the Presbytery and each Session take measures to see it done. This will be something definite, and not difficult to strive for. Let them go beyond it, if possible, but on no account come short of the ten per cent advance. This would pay all the debts and give a decided onward movement to the work. Comparisons between different churches may not always be either agreeable or fair, but improving upon one's self is always legitimate endeavor.

7. We ask this Assembly to repeat the instruction of its predecessors to all Synods and Presbyteries, that they keep under appointment active committees on systematic beneficence, reporting to and coöperating with the Assembly's Special Committee.

8. That every member be earnestly advised to adopt proportionate giving as a principle of his Christian stewardship.

9. We recommend that some equitable ratio of contributions be established between the Boards, by this Assembly, for the better guidance of churches in apportioning their undesignated contributions; also, that some explanation like the following be prefixed to the list of monthly contributions in the minutes, "For churches that have not yet adopted the scheme of weekly offerings, recommended in our Directory of Worship, the first Lord's Days of the following months are set apart for contributions to the Boards."

10. That it be made a standing order that, the Report of the Standing Committee on Benevolence be presented to the General Assembly, on the second Thursday evening, at 7.30 o'clock.

11. That the name of the "Permanent Committee on Systematic Beneficence" be changed to the "Special Committee on Systematic Beneficence."

12. That the expenses of the Committee for the past year to the amount of \$490.30 be paid out of the Contingent Fund of the General Assembly.

13. That the following named members constitute the Special Committee on Systematic Beneficence for the year 1886-7: *Ministers*—Charles S. Pomeroy, *Chairman*; I. Williams Cochran,

Rufus S. Green, Edward C. Ray, David R. Breed, Edward P. Whallon, Rollo Ogden, Anson Smyth, *Acting Secretary*; *Ruling Elders*—Dan. P. Eells, *Secretary*, Thomas Kane, Walter Carter, Archibald McClure, William Bakewell, Thomas Lord, Reuben F. Smith.

Respectfully submitted on behalf of the Committee.

FRANCIS A. HORTON, *Chairman*.

The following Committee was appointed to adjust the proportion of undesignated contributions to the various Boards of the Church: *Ministers*—John S. MacIntosh, D.D., Robert Hunter, and *Ruling Elder*—George W. Mears.

The Assembly took recess, and was closed with prayer.

---

FRIDAY, May 28th, 2.30 o'clock P. M.

The Assembly met, and was opened with prayer.

The Special Committee, appointed (Minutes, 1885, p. 646) to consider the time of closing the fiscal year of the Boards, reported a Resolution, which was read and referred to the Committee on Bills and Overtures.

A letter was received from the General Synod of the Reformed Church in America, which was read and referred to the Committee on Correspondence.

A Resolution on a Journal of the Proceedings of the General Assembly was referred to the Committee on Bills and Overtures.

The Judicial Committee reported Judicial Cases Nos. 6, 7 and 8. The Reports were severally adopted, as follows:

*Judicial Case No. 6*, viz: The appeal and complaint of Rev. Leo Baier against the Synod of Minnesota, for not sustaining his complaint against the Presbytery of St. Paul, for dissolving the pastoral relation between the First Presbyterian Church and Rev. C. C. Herriott, for allowing an elder to sit in Presbytery after he had received a dismissal from the Church, and for accepting control of the records of Session. The minutes of the Synod are defective in not specifying the points upon which it based its action in deciding Mr. Baier's complaint, and for not giving its reasons for the same. They recommend that the case be remanded to the Synod for a new trial, or for a more specific statement of the case, and of the reasons for its decision.

*Judicial Case No. 7*, viz: The complaint of Rev. Wm. W. Campbell against the Synod of Baltimore for not sustaining his

complaint against the Presbytery of Baltimore for dissolving the pastoral relations between him and the Grove Church, and for its action upon the report of the Home Missionary Committee of the Presbytery having reference to himself. The Judicial Committee recommended that the complaint be dismissed, as such cases are not subject to the jurisdiction of the General Assembly.

*Judicial Case No. 8*, viz: The complaint and appeal of Saharanpur Presbytery, of the Reformed Presbyterian Church, India, against the Presbyterian Board of Foreign Missions and against Furrukhabad Presbytery, because of the reception of Rev. J. S. Woodside by the Presbytery, and the approval of its action by the Board. The Committee recommend the rejection of the complaint and appeal for the reason that the Saharanpur Presbytery has no right of complaint or appeal to the General Assembly, and because the Synod of Northern India, in accordance with the action of the Assembly of 1884, has adjudicated all questions belonging to the case.

J. G. MONFORT, *Chairman*.

*Resolved*, 1. That one of the standing orders of the General Assembly shall be that, so far as practicable, the Stated Clerk shall have printed and ready for distribution, on the morning of the day fixed for their consideration, the resolutions appended to the reports of Special Committees appointed at previous Assemblies to report at that meeting.

*Resolved*, 2. That one of the standing orders of the General Assembly shall be that the Stated Clerk and Permanent Clerk shall be a Committee to revise the phraseologies of all papers sent down to the Presbyteries to be voted upon, provided that in no case shall this Committee so change the phraseology as to alter the meaning.

The Special Committee on Concerts of Prayer reported, recommending:

1. That the churches be recommended to observe the usual Week of Prayer, from the first Sunday to the second Sunday of January, inclusive; that, as far as practicable, daily services be held, and that the original and missionary character of this concert be made more emphatic.

2. That the last Thursday of January be observed as the Day of Prayer for colleges, seminaries and all other educational institutions, that they may become fountains of a true Christian learning and culture, and including the schools and colleges now proving so important an adjunct to our missionary work in foreign lands.

3. That, in connection with Children's Day in June, special prayer be made for the baptized children of the Church, that they may be led to the personal consecration of themselves to Christ, and for all the youth of our congregations.

4. That the Concert of Prayer for Young Men's Christian Associations in November, be commended to general observance in the churches.

5. That the Sabbath in November, set apart for special instruction in foreign missions, be also kept as a day of prayer for a new spirit of intelligence and zeal in connection with the kingdom of God.

The Committee would earnestly and affectionately urge the Assembly to give all possible emphasis to the promises of God in connection with the agreement of disciples in prayer. We believe that the whole Church needs most of all a revival of faith in the power of united supplication for definite objects. The mightiest movements of history are traceable to such union of devout souls, covenanting to pray with one accord, in one place, for one object. And without such prayer the best methods and most complete organization will prove only as a mechanism without motive power.

The Report was adopted.

On the Report of the Stated Clerk it was

*Resolved*, That the Committee on Entertainment be authorized, so far as may be necessary, to pay the bills of the Commissioners up to the limit of two dollars per day.

The Committee on Correspondence reported the following telegram :

ASBURY PARK, N. J., May 28th, 1886.

---

SATURDAY, May 29th, 9 o'clock A. M.

The Assembly met and spent one half hour in devotional exercises.

The minutes of yesterday's sessions were read and approved.

The Committee on Bills and Overtures made a Report, which was adopted, viz:

*Paper No. 13.* The Committee recommend the adoption of the Resolutions on Peace and Arbitration, referred to them with amendments, as follows:

*Resolved*, 1. That in view of the enormous and deplorable evils of war, we would hereby declare our earnest conviction that Christian nations, at least, ought to establish speedily a permanent international court of arbitration, with competent powers and jurisdiction, to which should be referred for settlement such disputes as cannot be settled by negotiation.

*Resolved*, 2. That we heartily welcome all wise legislation, or other prudent measures, looking to the early establishment of such a court of arbitration for our own American continent.

*Resolved*, 3. That this General Assembly appoint a Committee of three, to be known as the "Committee on Peace and Arbitration," whose duty it shall be, by correspondence and otherwise, to carefully investigate this subject, and to report to the next General Assembly what further action, if any, may be deemed expedient.

The Standing Committee on Correspondence presented a Report' which was adopted, as follows:

The Committee on Correspondence acknowledge the receipt of a paper from the First Presbyterian Church of Palmyra, N. Y., in connection with the Presbyterian Church in the United States, in which their thanks are conveyed to the Assembly for a donation, through the Board of Church Election, and recommend that it be filed among the papers of the Assembly.

They also recommend the appointment of Rev. John S. MacIntosh, D.D., with Rev. Hughs O. Gibbons, alternate, as delegate from the General Assembly to the General Council of the Reformed Episcopal Church, which meets at Philadelphia, Pa., in June, 1887.

The Stated Clerk presented a letter from the Rev. George F. Moore, D.D., in reference to the duty assigned him by the last Assembly.

ANDOVER, MASS, May 26th.

*The Rev. Wm. H. Roberts, D.D., Stated Clerk of the General Assembly:*

DEAR SIR: The General Assembly last year commissioned me to represent our Church, at the Synod of the Free Evangelical Church of France at its sessions, at St. Foy Lagrande, in September, 1885. The postponement of the meeting of the Synod until November made it impossible for me to attend the session, as I was at the time in Northern Germany and on the eve of leaving for America. I communicated with the Secretary, and also in a letter sent to the Presiding Officer in Paris, expressing as best I could the interest of the American Church in the work of the Free Church, and delivered our fraternal salutations. I regret that the circumstances prevented my doing so in person.

GEORGE F. MOORE.

| Total, . . . . .                                    | <u>\$41,024.64</u> |

There are 199 Presbyteries on the roll, an increase of three since the last meeting of the Assembly.

Four hundred and eighty-two Commissioners have been enrolled, a decrease of ninety-four.

Of the whole number, twenty-seven Presbyteries are exempt from payment. Six of these, to wit, Atlantic, Catawba, Corisco, Fairfield, Knox and Yadkin, paid an aggregate of \$115.02. Of the remaining 172 Presbyteries 158 paid every apportionment in full, according to the system adopted by the General Assembly.

The following paid only the Contingent Fund: Albany, Bellefontaine, Newcastle.

The following paid the Contingent Fund and the whole or part of the Mileage Fund: Chester, Madison, Columbus, St. Clairsville, Erie, Shenango, Indianapolis, West Jersey, Kalamazoo. The Presbytery of Alaska paid Contingent in full, and sent no Commissioners. The whole amount of assessments unpaid is \$1912.53.

The above statement shows that while the great majority of the Presbyteries have conformed to the rules of the General Assembly and have punctually paid their full apportionment, a small number have followed systems of their own, thus throwing on the majority a burden greater than their share. As a large number of the delegates of non-paying Presbyteries have been entertained at the houses of the hospitable people of Minneapolis, these Presbyteries pay nothing for the entertainment of many of their own Commissioners.

The Committee offer the following:

1. *Resolved*, That this Assembly earnestly recommends all Presbyteries to adhere to the rule established by the General Assembly, and, in justice to all, to pay in full their proportion of the Contingent, Entertainment and Mileage Funds.

2. That the claim of Elder W. C. Baird, of the Presbytery of Idaho, for repayment of the sum of \$18.75, alleged to have been paid by him in error, in the year 1882, be referred to the Stated Clerk, with power to settle the same.

3. That the apportionment for next year shall be four cents for each communicant for Mileage, two cents for Entertainment and one cent for Contingent expenses—a total of seven cents.

4. That the Chairman of the Committee on Mileage is hereby directed to pay to William H. Roberts, D.D., Stated Clerk, the balance of \$374.49 remaining in his hands.

WARNER VAN NORDEN, *Chairman*.

*Resolved*, That the cordial thanks of this Assembly are hereby tendered to the Chairman and other members of the Committee on Mileage for their arduous and successful labors.

The Standing Committee on Publication, to which was referred the Report of the Special Committee on the Board of Publication, presented a supplementary Report, which was accepted, and it was

*Resolved*, That the Report of the Standing Committee be adopted, but that the Report of the Special Committee, with the exception of the resolutions adopted by the Assembly itself, do not appear in the Minutes.

The Report is as follows:

*To the General Assembly:*

Your Standing Committee on Publication beg leave to submit their Report on the Report of the Special Committee appointed by the General Assembly of 1884.

The Assembly amended and adopted resolutions numbered one and three, adopted without amendment numbers four and five, indefinitely postponed numbers seven, eight and nine, and referred to this Committee for consideration numbers two, six and ten; then adopted the resolutions as amended and referred the whole Report to this Committee, "to conform it to the action taken specially on resolution seven."

1. The Committee is of the opinion that, as the Assembly has adopted resolutions No. 1, 3, 4 and 5, these resolutions are not before the Committee for consideration or suggestion.

2. The Committee is of the opinion that the second resolution of the Report relates to details of business between the missionary and publishing departments, and to instructions to colporteurs as to their duties, all of which are essentially within the province of the Board itself, subject to general principles declared by the General Assembly. In view of the deliverances of this and other Assemblies on the subject of the general principles which shall govern these two departments of the Board, the Committee deems this resolution unnecessary and therefore recommends that it be indefinitely postponed.

3. The Committee is of the opinion that the sixth resolution also relates to details of business which should be left to the Board. There is another reason against making this a permanent rule of the Board. The periodicals of the Board are largely intended for the Sunday-school work, and it has been the uniform policy of the General Assembly to cheapen them as rapidly as possible. If the periodicals should bear a portion of the expenses of the book department, in addition to their own cost, it might prevent cheapening these Sabbath-school periodicals, and a disastrous business year in the book department might actually increase the price of this Sabbath-school literature. The proposed rule might be proper for the business at one time and improper under different circumstances. Discretion in such matters should be left to the Board. If that discretion should be improperly exercised, it will then be time enough to remedy the matter. We, therefore, recommend that the sixth resolution be indefinitely postponed.

4. The Committee is of the opinion that the tenth resolution should be amended so as to read as follows:

"That in addition to the annual balance sheets, the Board is

hereby instructed to send to the General Assembly, for the use of its Standing Committee on Publication, a special report of its actual profits during the year, and also plain, concise, and separate statements of the business during the year in its two departments and the various branches thereof." The object of the proposed change is: First, to require such statements of the business in its departments and various branches, as will enable the General Assembly to know the results in each. These statements ought to be made so plain that they will explain themselves. Second, we think the Board is the best judge of the necessity of sending its officers to represent it before the committees, and we do not think it wise to direct them in this regard, or to require them to incur expense which may be unnecessary. The Committee therefore recommends the adoption of resolution numbered 10 as herein amended.

5. We recommend that the Stated Clerk be authorized to make such changes in the numbering of the resolutions as the Assembly's action thereon may require.

6. There is a diversity of opinion between the members of the Committee as to its duty under the reference order of the Assembly. The motion adopted was to refer the Report to the Standing Committee on Publication, to conform it to the action taken, especially on No. 7. Part of the Committee construe this to apply only to the resolutions of this Special Committee, and contend that they have no right to strike out the arguments and statements of the Special Committee, but only to harmonize the resolutions. Part of the Committee contend that the object of the Assembly was to harmonize not only the resolutions, but to strike out all statements and arguments in the Report which relate to the sections amended or to those indefinitely postponed; in other words, taking the resolutions as the basis, to make the Report conform to them. Another part of the Committee contend that the last part of the resolution of reference, "specially on Section 7," limits the striking out process to those parts of the Report bearing on the subjects mentioned in Resolution No. 7. The Committee therefore instructed their Chairman to ask further and more definite instructions on this point.

Your Committee also had referred to it a resolution in regard to the compilation and publication of a history of the various Boards of the Church, and the endeavor to place a copy thereof in every Sunday-school library, beg leave to report that the same has been carefully considered, and we recommend that the subject be referred to the several Boards for favorable consideration.

All of which is respectfully submitted,

GEO. H. SHIELDS, *Chairman.*

The Resolutions of the Report of the Special Committee on the Board of Publication, as amended and adopted, are as follows:

*Resolved*, 1. That the Assembly instruct the Publishing Depart-

ment to continue to encourage the Depositories already appointed, offering all proper inducements to assist them in their work, where no pecuniary responsibilities will inure to the Board.

*Resolved*, 2. That the Board be instructed to charge all salaries and wages of officers and employés of the Missionary Department to that department

*Resolved*, 3. That in order to exhibit the exact amount of missionary contributions, and of grants to the destitute, the Missionary Department be instructed to keep a separate account of actual contributions to the Missionary Fund, and of grants, and to turn over all orders for books to the Publishing Department.

*Resolved*, 4. That the Board be directed to replace the money that has accrued from the Benjamin and Guthrie Funds, for Bible purposes, since 1872, and apply it to the gratuitous distribution of the Bible, in accordance with the stipulations of the donors; also, to pay to the Bible Society all moneys received from the sales of Bibles obtained from said Society from April 1, 1872, to January 15, 1886; and that the attention of the Trustees of the General Assembly be directed to the errors referred to in this Report in connection with the aforesaid Benjamin and Guthrie Funds. (Report on Bibles, pp. 104, 105, 112, 117, 122.)

*Resolved*, 5. That in addition to the annual balance-sheets, the Board is hereby instructed to send to the General Assembly, for the use of the Standing Committee on Publications, a special report of its actual profits during the year, and also plain, concise, and separate statements of the business during the year in its two departments, and the various branches thereof.

S. J. M. EATON, *Chairman*.

At its own request, a portion of the Report of the Committee on Correspondence was reconsidered and recommitted.

*Resolved*, 3. That this Committee shall have power to determine whether an editor shall be employed; and if one is employed, then to choose the editor, to determine his duties, and to fix his salary, to apportion the expenses of the magazine among the Boards, and to do whatever may be necessary to start this publication, and to conduct it until the next General Assembly.

*Resolved*, 4. That this Committee is directed to report to the next General Assembly, any measures which they may deem necessary to continue the magazine in the manner best adapted to meet its purposes, and that when their report is accepted their duties shall cease.

*Resolved*, That the Board of Publication be directed, in all future editions of the Confession of Faith and of the Form of Government, whether printed in separate form or in connection with the Hymnal, and of the Digest, to place upon the title page thereof the date of publication. Adopted.

*Paper No. 17.* The Committee also recommend the adoption of the following:

*Resolved*, That the Board of Publication be instructed to place upon the title page of all future editions of the Constitution, in place of the words, "as adopted, amended by the Presbyteries, and ratified by the General Assembly, 1821–85," the following: "As adopted by the Synod of New York and Philadelphia in 1788, and amended by the Presbyteries reporting to the General Assemblies of 1821," etc., (mentioning the year of the Assemblies to which the amending Presbyteries reported); to make the captions of the Larger and Shorter Catechisms uniform and in the following form: "Adopted by the Synod of New York and Philadelphia in 1788;" to place a similar caption before the Confession of Faith; and to make the captions of the Form of Government, the Book of Discipline and the Directory for Worship as follows, "As framed and adopted by the Synod of New York and Philadelphia in 1788 and amended by the Presbyteries reporting to the General Assemblies of 1821," etc., stating further in connection with each book the year of the Assembly to which the amending Presbyteries reported. Adopted.

Also, that the time is too short to give due consideration to so important a matter as the revision of the language of the recently adopted chapter of the Directory, for the worship of God by offerings. They, therefore, recommend that it be referred to a Special Committee of three, to consider the whole subject and to report to the next Assembly, whether any changes in the phraseology of said chapter are necessary, and if, in the judgment of said Committee, such changes are necessary, then to report an Overture in which such changes shall be embodied as proposed amendments, to be sent down to the Presbyteries for their action.

The Report was adopted, and E. R. Craven, D.D., William H. Roberts, D.D., and William E. Moore, D.D., were appointed such Committee.

*Paper No. 18*, in reference to the resolutions referred to the Committee, requiring that all the Boards of the Church close their fiscal year on the 31st of March. This Committee recommends that they be referred to a Special Committee, consisting of the Treasurers of the Boards, of which *Ruling Elder* William Rankin, Treasurer of the Board of Foreign Missions, shall be Chairman, with directions to report to the next Assembly. Adopted.

*Paper No. 4*, being an Overture from the Presbytery of Cayuga, asking that provision be made in our statistical tables for the recording of deaths, dismissals and suspensions. It is recommended that the whole subject of the rearrangement of the statistical columns in the Minutes be referred to the Clerks of the Assembly, in conference with the Special Committee on Methods of Reporting Number of Communicants, of which Dr. Crosby is Chairman.

E. R. CRAVEN, *Chairman*.

Rules xxiii and xxvi of the Rules for Judicatories were referred for revision to the Committee on Changes in the Directory for Worship.

It was ordered that the Rules for Judicatories be published in the Appendix to the Minutes of the Assembly.

The Permanent Committee on the Next Place of Meeting presented its Report, which was adopted, and is as follows:

The Committee on the Next Place of Meeting respectfully report that they have received invitations from the First Presbyterian Church of Niagara Falls, N. Y.; the First Presbyterian Church of Saratoga Springs, N. Y.; the Presbyterian churches of Jacksonville, Florida; and the Presbyterian churches of Omaha, Nebraska. The invitation from the churches of Omaha is accompanied with a guarantee that 150 Commissioners will be entertained free of charge, and the assurance is also given that a sum will be raised, sufficient to defray the purely local expenses incidental to the meeting of the Assembly.

In view of these generous offers, and having also in mind the

unquestioned quickening and stimulating influence exercised by the Assembly upon the churches and upon the Home Mission work of the great West, we recommend the adoption of the following resolutions:

1. That the next General Assembly be called to meet in the Second Presbyterian Church of Omaha, Nebraska, on the third Thursday of May, 1887.

2. That the following persons be and hereby are constituted the Committee of Arrangements for the next General Assembly, with power to add to their number:

*Ministers*—William J. Harsha, Thomas C. Hall, Joseph N. Boyd, William R. Henderson, Thomas L. Sexton, R. L. M. Braden, W. W. Harsha, D.D., William H. Roberts, D.D.; *Elders*—Peter L. Perine, Joseph L. Welshaus, Otis H. Ballow, Samuel K. Spaulding, M.D., Oscar F. Davis, George E. Crosby, J. K. Baird, J. K. Bates, Thomas Officer, Manley Rodgers, Thomas A. Creigh, Professor H. E. Hitchcock.

3. That the Stated Clerk be directed to tender our cordial thanks to all the churches which have kindly extended invitations to the Assembly for its next meeting.

D. C. MARQUIS, *Chairman*.

The Committee on Correspondence reported an answer to the fraternal letter of the Presbyterian Church in the United States, which was directed to be attested by the Moderator and Stated Clerk, and sent in the name of the Assembly. The letter was ordered to be printed in the Appendix.

The Special Committee appointed to canvass the reports of the votes of the Presbyteries presented a Report, which was adopted, and is as follows:

The Special Committee appointed to canvass and report the votes of the Presbyteries on the two Overtures sent down by the last General Assembly; first, on the Amendments to the Directory for Worship (Minutes of 1885, p. 644); second, on Term Service for Deacons (p. 689), respectfully report as follows:

There are in connection with the General Assembly 199 Presbyteries, of which number a majority is 100.

The returns from 179 Presbyteries, properly attested, on the Overture for the Amendment of the Directory for Worship, were in the hands of the Committee and counted.

The following is a statement of the vote on said Overture:

In the affirmative, the Presbyteries of Aberdeen, Albany, Alton, Athens, Atlantic, Austin, Baltimore, Bellefontaine, Binghamton, Bismarck, Bloomington, Boulder, Cairo, Cape Fear, Carlisle, Central Dakota, Champlain, Chemung, Chicago, Chillicothe, Cincinnati, Clarion, Cleveland, Council Bluffs, Crawfordsville, Dakota (Indian), Dayton, Denver, Detroit, East Florida, Ebenezer, Emporia, Fairfield, Fargo, Fort Dodge, Freeport, Geneva, Holston, Huron, Idaho, Indianapolis, Iowa, Iowa City, Jersey City, Kearney,

In the negative, the Presbyteries of Allegheny, Benicia, Blairsville, Boston, Brooklyn, Buffalo, Butler, Catawba, Cayuga, Cedar Rapids, Chester, Chippewa, Columbia, Columbus, Des Moines, Dubuque, Elizabeth, Erie, Fort Wayne, Genesee, Genesee Valley, Grand Rapids, Gunnison, Hastings, Hudson, Huntingdon, Kalamazoo, Kittanning, Larned, Lehigh, Lima, Los Angeles, Madison, Marion, Mattoon, Monroe, Morris and Orange, Nebraska City, New Albany, Newcastle, New York, Niagara, Osborne, Otsego, Ottawa, Philadelphia, Portsmouth, Redstone, Rock River, Sacramento, Saginaw, St. Clairsville, St. Lawrence, St. Louis, Schuyler, Shenango, South Florida, Steubenville, Topeka, Utah, Utica, Washington, Washington City, Westchester, White Water, Wood River, Zanesville—67.

In the affirmative, with an exception, the Presbytery of Westminster; in the negative, with a question, the Presbytery of Winona; reporting no action, the Presbyteries of Knox, Northumberland, Philadelphia North and Union.

The Overture is therefore adopted, and is as follows:

(1) Insert after Chapter v:

*Chapter vi: Of the Worship of God by Offerings.*—

I. In order that every member of the congregation may be trained to give of his substance systematically, and as the Lord has prospered him, to promote the preaching of the Gospel in all the world and to every creature, according to the command of the Lord Jesus Christ, it is proper and very desirable that an opportunity be given for offerings by the congregations in this behalf every Lord's Day, and that, in accordance with the Scriptures, the bringing of such offerings be performed as a solemn act of worship to Almighty God.

II. The proper order, both as to the particular service of the day and the place in such service for receiving the offerings, may be left to the discretion of the minister and Session of the church, but that it may be a separate and specific act of worship the minister should either precede or immediately follow the same with a brief prayer, invoking the blessing of God upon it and devoting the offerings to His service.

III. The offerings received may be apportioned among the Boards of the Church, and among other benevolent and Christian objects, under the supervision of the church Session, in such pro-

portion and on such general plan as may from time to time be determined; but the specific designation by the giver of any offering to any cause or causes shall always be respected and the will of the donor carefully carried out.

IV. It is the duty of every minister to cultivate the grace of liberal giving in his congregation, that every member thereof may offer according to his ability, whether it be much or little.

(2) Amend Chapter vi, Section 5, by striking out the words, "A collection raised for the poor or other purposes of the Church."

(3) Amend the numbers of all the chapters succeeding the present Chapter v to read each one number higher.

The Overture on the Worship of God by Offerings was declared by the Moderator to be adopted and to be a part of the Directory for Worship.

The Committee also report that the Overture on Term Service for Deacons was acted on by 171 Presbyteries, as follows:

In the affirmative, the Presbyteries of Albany, Allegheny, Alton, Athens, Atlantic, Austin, Bellefontaine, Benicia, Binghamton, Bismarck, Bloomington, Boulder, Brooklyn, Buffalo, Butler, Cairo, Cape Fear, Carlisle, Catawba, Cayuga, Cedar Rapids, Central Dakota, Champlain, Chemung, Chicago, Chillicothe, Cincinnati, Clarion, Cleveland, Columbia, Columbus, Council Bluffs, Crawfordsville, Dakota (Indian), Denver, Des Moines, Dubuque, East Florida, Elizabeth, Emporia, Erie, Fairfield, Fargo, Fort Dodge, Fort Wayne, Freeport, Genesee, Geneva, Grand Rapids, Gunnison, Hastings, Holston, Hudson, Huron, Idaho, Indianapolis, Iowa, Iowa City, Jersey City, Kalamazoo, Kearney, Kittanning, Lackawanna, La Crosse, Lake Superior, Lehigh, Lima, Logansport, Long Island, Los Angeles, Louisville, Lyons, Madison, Mahoning, Marion, Mattoon, Maumee, McClelland, Milwaukee, Monmouth, Monroe, Montana, Morris and Orange, Muncie, Nassau, Nebraska City, Neosho, Newark, New Brunswick, Newton, New York, Niagara, Niobrara, North River, North Texas, Northumberland, Omaha, Oregon, Osage, Otsego, Ottawa, Ozark, Palmyra, Pembina, Peoria, Philadelphia Central, Pittsburgh, Portsmouth, Pueblo, Puget Sound, Redstone, Rochester, Rock River, Sacramento, Saginaw, St. Clairsville, St. Lawrence, St. Louis, St. Paul, San Francisco, San José, Santa Fé, Schuyler, Shenango, Solomon, Southern Dakota, Springfield, Steuben, Syracuse, Topeka, Transylvania, Trinity, Troy, Utah, Utica, Vincennes, Washington City, Waterloo, Wellsboro, West Jersey, Westminster, West Virginia, White Water, Winnebago, Winona, Wood River, Wooster, Yadkin, Zanesville—149.

Reporting no action, the Presbyteries of Knox, Mankato, Philadelphia North, Union—4.

Twenty-eight Presbyteries have not been heard from.

The Overture is therefore adopted, and reads as follows:

*Form of Government: Chapter xiii, Section 8.*—If any particular church, by a vote of members in full communion, shall prefer to elect Ruling Elders or Deacons for a limited time in the exercise of their functions, this may be done, *provided*, the full time be not less than three years, and the Session or Board of Deacons be made to consist of three classes, one of which only shall be elected every year; and, *provided*, that Elders, once ordained, shall not be divested of the office when they are not re-elected, but shall be entitled to represent that particular church in the higher judicatories, when appointed by the Session or the Presbytery.

W. S. KNIGHT, *Chairman*.

The Overture was formally declared by the Moderator to be adopted, and to be a part of the Constitution of the Church.

The Committee on Finance presented an additional Report, which was adopted, and is as follows:

Your Finance Committee make this further Report: We have received the annual account of Rev. W. H. Roberts, D.D., Stated Clerk, as Treasurer of General Assembly for the year ending May 10, 1885. The Committee (the Chairman not acting) have audited the account and found vouchers for all payments made, and recommend that the account as it stands be approved by the Assembly. From this account it appears that the receipts of the Stated Clerk, as Treasurer of the Assembly, from all sources, are \$42,360.59, which includes \$759.83, the balance as per Report of the previous year (see pp. 659 and 825, Minutes of 1885); and the disbursements for all purposes during the year have been \$31,048.27, leaving a balance of \$11,312.32. By a certificate of deposit exhibited to the Committee it appears that the sum of \$11,000 is deposited with the United States Trust Company in New York City, and until May 12, 1885, the sum drew interest at the rate of 2 per cent, but the rate of interest since that date is  $1\frac{1}{2}$  per cent. Of the other moneys constituting the balance, the sum of \$312.32, part, namely \$122.88, was deposited with the Merchants' National Bank of New York City, and the other part, \$189.44, which is the interest to the credit of the account, has been earned from and is deposited with the United States Trust Company, in New York City. We desire to call attention to the fact that this is the first time, so far as our knowledge or information goes, where an earning of any interest upon the balance of the funds of its treasury, has ever been secured and reported to the General Assembly.

In view of the fluctuating amount of the balance in the hands of the Stated Clerk as Treasurer, and the impossibility of permanent investment thereof, and the advisability of keeping the same in such condition that it can readily be turned into cash for the uses of the Assembly when needed, and in view of the small rate of interest allowed by trust companies on such deposits, we recom

mend that the Stated Clerk, as Treasurer, be authorized, in his discretion, to invest in United States bonds the balances which may from time to time be in his hands, or so much thereof as he shall deem proper.

In view of the apparent alarming increase of dishonesty in the world and unfaithfulness in financial trusts, we are constrained to say that the Church should take warning, and conduct her financial affairs with the utmost watchfulness and with the most zealous care and faithfulness, and should not take it for granted that the honesty of any man is so unquestionable as to dispense with watchfulness. In some of the Boards of our churches we learn that the accounts of the treasurers and other custodians of money are carefully examined and audited at least once a month. We are constrained to recommend that in all the Boards, the accounts of the treasurers and custodians of moneys be faithfully and fully examined and audited at least once in every three months, and we urge that, if practicable, it be done once every month. We also recommend that the bonds given to the Boards by persons handling their moneys be considered at stated times—and we suggest the times of auditing their accounts—with a view of requiring the furnishing of new sureties, when former sureties shall have died, or their financial condition and responsibility shall have changed unfavorably, and also with a view of requiring security in greater amounts, when changed circumstances, or the increase of the fund shall seem to demand it.

Respectfully submitted, by order of the Committee,

RALPH E. PRIME, *Chairman.*

*Resolved*, That the sum of \$8000 of the balance now in the hands of the Stated Clerk, as Treasurer, be, and hereby is, set apart for the extraordinary expenses of the One Hundredth General Assembly, to be held in 1888.

The Standing Committees on the Records of the Synods reported, recommending that the Records of the following Synods be approved without exception, viz: Baltimore, Dakota, Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, New Jersey, Ohio, Pennsylvania, Tennessee, Texas, Utah and Wisconsin. The recommendations were severally adopted.

The Minutes of the Synod of India were not presented.

The records of the following Synods were approved upon report, with exception, as follows:

The Committee on the Records of the *Synod of Atlantic* beg leave to report, calling attention to the following note on page 316, viz: "The remainder of minutes of this afternoon session not found among the Temporary Clerk's papers," and recommend that

diligent search be made for them, and when found that they be recorded as part of next year's record, after they have been approved by the General Assembly.

The Committee upon the Records of the *Synod of Colorado* would report their approval, with one exception, to wit:

On page 254 the Synod excepted to the action of the Presbytery of Boulder, in admitting to a seat in an adjourned meeting, an alternate in place of a principal who had sat in a previous regular meeting.

The Committee had also referred to it the Report of the Judiciary Committee upon the matters involved in the complaint of Rev. J. L. Reid against the action of the Synod of Colorado, in excepting to the action of the Presbytery of Boulder, in admitting to a seat at an adjourned meeting, an alternate in place of a principal who had sat in a previous regular meeting. The Committee would report;

1. That, in their opinion, the very object of electing an alternate is to insure, if possible, the actual representation of each constituency in its proper judicatory.

2. That, as the General Assembly has in several instances admitted to seats in its own body, during the progress of its annual meeting (see Digest, page 468), an alternate in place of a principal who wished to be absent during the residue of the meeting, it is expedient that this subject, so far as there is no positive law, be left to the judgment of the several Presbyteries, as circumstances may require.

The Committee upon the Records of the *Synod of the Columbia* respectfully report, recommending their approval, with the following exceptions, namely: 1. We find on page 17 this record, that "the Rev. T. L. Elliott, of the Unitarian Church of Portland, being present, was invited to the privileges of the floor." To this action of Synod the Assembly excepts. 2. We find that in the case of several recesses no record is made of the sessions of Synod being closed or adjourned with prayer.

The Committee on the Records of the *Synod of Nebraska* respectfully recommend that the records be approved, with the following exceptions:

1. It does not appear that the session of the first day was closed with prayer.

2. The Synod has not obeyed the direction of the last General Assembly to amend its record, but declares (page 5) that said record is in words "which express the exact truth just as nearly as it could be expressed, so it is impossible to make any change in compliance with the Report of the General Assembly's Committee."

This difficulty seems to arise from the fact that the minutes of the Synod for 1884 were misunderstood.

The Committee recommend that the Assembly direct the Synod to send up its records for 1884 and 1885 to the next Assembly, in order that possible mistakes may be corrected, and the proper action in the matter be taken.

The Committee on the Records of the *Synod of New York* report that they have examined the same in a printed and attested copy, and that they recommend the approval of the records, with the following exceptions:

1. On page 38, in answer to a paper propounding the following question: "Have the Trustees of a Presbytery the legal and ecclesiastical right, to make absolute and final disposition of the funds raised from the sale of the property of a defunct church, without consultation with, or instruction from, or vote of, the Presbytery?" the Synod replied that "the Trustees of a Presbytery are its servants, and not its masters. The power to act, in cases like the one contemplated in the paper presented, is not inherent, but delegated. The Trustees of a Presbytery can make final disposition of funds entrusted to their care, only as they are empowered by Presbytery to do so."

It is the opinion of your Committee that the Synod in its answer, failed to distinguish between the legal and the ecclesiastical rights of the Trustees of a Presbytery in the State of New York, and that when, as in the case proposed, there is an apparent lack of full accord between the laws of the State and the Constitution of the Church, the relation of the two should receive very careful examination.

Your Committee therefore recommend that the portion of the records containing this action of the Synod be referred back to the Synod for further consideration.

2. On page 38, line 12, the word "overture" is used to describe a paper received from a Presbytery in another Synod.

Your Committee recommend that the word "communication" or "memorial" be substituted for the word "overture."

The Committee on the Records of the *Synod of North Dakota* recommend their approval, with the exception that there is no evidence in them that the minutes of the last two days were read and approved.

The Committee on the Records of the *Synod of the Pacific* would respectfully report that, no certified copy of the records has been placed in their hands. It appears that such a copy of the records was placed upon the Clerk's desk at the close of an evening popular meeting, though not in the Clerk's hands, by a Commissioner from said Synod, but has not been seen since. Your Committee would recommend that greater care be hereafter taken, by the

parties concerned, to get the minutes of the Synod safely into the possession of the Assembly.

The Committee on the Question of Privileges raised by the Rev. Solomon P. Hood reported. The Report was adopted, and is as follows:

The General Assembly, having noticed in one of the daily papers an insulting reference by some unknown person to the colored brethren who are Commissioners in this body, in justice to this court of Christ, and in justice as well as generosity to these brethren, and in order to set forth the facts, explicitly declares that there having been some nine of these Commissioners sitting in this body, they have been cordially welcome to all the privileges of Commissioners upon a basis of full equity, and have taken, as we believe, an intelligent and helpful part in all the deliberations and discussions of the Assembly. The Assembly disowns and deprecates any slighting reference to brethren who are so respected and beloved in this court of Christ, where no distinctions of race or color are encouraged, but where Christ is all and in all.

*Resolved*, That the Moderator be empowered to fill any vacancies that may occur in any of the Special Committees appointed during this Assembly.

The Special Committee appointed to apportion undesignated balances in Sabbath collections made a Report, which was adopted, and is as follows:

The Committee on Apportioning the Undesignated Contributions to the Boards of the Church, raised according to the plans and principles of Systematic Beneficence, report that they have carefully examined the whole subject, have had before them the sums raised last year, have conferred with the Secretaries and the Chairmen of the various Standing Committees, and have, after exact computation and full consideration of the features of each distinct scheme, agreed to recommend the following scale of apportionment: Foreign Missions, 33 per cent; Home Missions, 31 per cent; Church Erection, 8 per cent; Publication, 3 per cent; Freedmen, 5 per cent; Education, 5 per cent; Ministerial Relief, 9 per cent; Aid to Colleges and Academies, 6 per cent.

J. S. MACINTOSH, *Chairman*.

*Whereas*, By direction of this Assembly, a most important change has been ordered in regard to the missionary periodicals of the Church;

*Resolved*, 1. That every Commissioner to this Assembly is hereby urged to use all suitable means to secure a wider circulation of intelligence concerning the work of our Church as conducted by its Boards.

*Resolved*, 2. That the Committee issue the first number, as far as necessary, gratuitously.

*Resolved*, That the Stated and Permanent Clerks be a Committee to supervise the publication of any and all editions of the Constitution, hereafter issued by the Board of Publication, and also of the Rules for Judicatories.

*Resolved*, That no expenses of Special Committees to be appointed by the General Assembly, exceeding in amount the sum of \$100, be paid without the approval of the General Assembly.

The Special Committee on the Records of the Synods of Pennsylvania, appointed by the Assembly of 1885 (Minutes, p. 662) made a Report, which was adopted, and is as follows:

The Special Committee appointed by the General Assembly of 1885 upon the Records of the Synods of Pennsylvania, and the Report of that Assembly's Standing Committee thereon, respectfully report as follows:

The Committee met in Philadelphia, February 10th, 1886, at the call of the Chairman, at which meeting all the members were present, viz.: *Ministers*—E. R. Craven, W. E. Moore, W. H. Roberts; *Elders*—C. R. Drake, R. E. Prime. The papers referred to the Committee were read, and the Rev. E. E. Swift, being present, represented before the Committee the Synod of Pennsylvania.

The Committee has also had another meeting during the Sessions of this Assembly, at which all the members were present, with the exception of Elder Drake, and before which appeared the Rev. Dr. Swift, representing the Synod of Pennsylvania, and the Rev. Mr. Holland on the part of the Presbytery of Pittsburgh.

Two exceptions to the Records were recommended by the Standing Committee of 1885, and to the consideration of these the attention of the Special Committee was particularly directed.

I. As to the first of these recommendations of exception, viz.: "The withholding of approval of the Synod's action in sustaining the complaint of Mr. J. D. Carlisle against the Presbytery of Pittsburgh," the Special Committee reports:

1. It should be distinctly recognized that as no appeal has been taken in the case it is not competent for the Assembly on review of Records to reverse the decision of Synod's Commission approved by that body. The extent of the Assembly's authority is to express approval or disapproval of the mode of procedure or form of record. (See Book of Discipline, section 74, last clause.)

2. Inasmuch as the only light on the merits of this case which is before the Committee is, the Report of the Commission of the Synod of Pennsylvania, and inasmuch as that report does not state the case so fully and circumstantially as to make possible a complete and just decision of the whole matter, in the judgment of the Committee, it is inexpedient for the General Assembly to take any present action on the merits thereof.

3. The Committee recommends for adoption and insertion in the Record Book of the Synod the following:

*Resolved 1,* That the Synod erred in not making a more complete statement of the case of J. D. Carlisle as it appears on pages 14 and 15 of its printed Records.

*Resolved 2,* That the Synod be enjoined to place on its Minutes a full statement of all the material facts of the case, with a view to action by the next Assembly.

*Resolved 3,* That the attention of the Synod be specially called to the omission in the Report of the Commission, in the quotation from the Form of Government, Chapter xiii, section 8, of the word "particular" before the word "church."

II. The second recommendation of exception by the Standing Committee was in these words: "The Committee further recommends disapproval of an exception taken by the Synod of Pennsylvania to the record by the Presbytery of Pittsburgh upon its Minutes, of certain complaints with the answers thereto."

The Special Committee, after hearing both Dr. Swift and the Rev. Mr. Holland, agrees with the Standing Committee in its judgment in the case, with the further recommendation of disapproval of the reading before the Synod, as a part of the record of the case, of the recorded complaint and the Presbytery's answer thereto. (See printed Minutes, p. 37.) The record of the case, as it should have been read before Synod, closed with the notice of complaint. The Special Committee agrees with the Standing Committee, in seeing no impropriety in the Presbytery's recording in their own Minute book, an answer to a complaint which they also recorded. Had the case been one of appeal, there had been a manifest impropriety, since an appeal stops all further proceedings, and removes the case to the jurisdiction of a superior judiciary. Any unfair advantage that accrued to the Presbytery arose from the reading of their answer *in limine*, which was an improper proceeding, as it formed no part of the action of Presbytery against which a complaint was entered.

III. The Committee had also referred to it the report on the case of John G. Kerr, an Elder from the Presbytery of Canton, but present without a commission in the Assembly of 1885. The Committee recommends that no further action be taken in the case.

*Resolved,* That this Assembly, reiterating the deliverances of former Assemblies on the subject of Sabbath desecration, declares its most emphatic condemnation of Sunday newspapers, and pleads that our people wholly abstain from their use, and warns all Christian business men against advertising in them their secular business. And it is enjoined upon our pastors and Sessions to see that the pulpits of our Church bear no uncertain voice in the matter.

The Stated Clerk was directed to pay the usual bills and salaries.

*Resolved*, That the Stated Clerk forward a copy of the printed Minutes of this Assembly to every elder who is a Commissioner therein, provided the elder forward his Post-office address, and that the Presbytery which he represents has paid its full quota to the Mileage and Contingent Fund.

*Resolved*, That the Stated Clerk be authorized to furnish the Minutes only to such Presbyteries as have paid in full their quota to the Contingent Fund.

The Stated Clerk was authorized to publish the Minutes of this Assembly, with the customary Appendix, in the usual form.

The Standing Committee on Leave of Absence, presented their Report, which was approved. The Report is as follows, and the day of the Sessions of the Assembly, on and after which leave of absence was granted to a Commissioner, is indicated by the number appended to his name :

#### NARRATIVE

OF THE STATE OF RELIGION WITHIN THE BOUNDS OF THE  
PRESBYTERIAN CHURCH IN THE UNITED STATES OF  
AMERICA FOR THE YEAR ENDING APRIL 30, 1886.

---

The Committee on the Narrative of the State of Religion submit the following Report :

Narratives or tabulated statements, or both, have been received from 171 of the 199 Presbyteries connected with this General Assembly. No Reports for your Committee have been received from 11 of the foreign Presbyteries or from 16 of the home Presbyteries. The Reports received reveal the fact that there has been quite decided progress in the work of our Church during the past year. There are many indications of vitality and vigor. Prayers have been graciously answered and faithful service has been abundantly blessed. Comparing ourselves during the year with ourselves in some former years, which may not be unwise, we have many reasons for gratitude and thanksgiving. But when we consider our numbers, all that God has bestowed upon us for use in His service, the open doors for service which He has set before us, and what we have really accomplished, we have great reason for confession, humiliation, repentance and reconsecration. We have need to break off our sins by righteousness ; and " forgetting those things which are behind, and reaching forth unto those things which are before," to " press toward the mark for the prize of the high calling of God in Christ Jesus."

#### THE FINANCES.

SUPPORT OF THE GOSPEL IN THE LOCAL HOME CHURCHES.—The contributions to everything which pertains to the local home work have been liberal. Quite generally, salaries have been paid promptly and fully. Many new church edifices have been erected, old ones have been enlarged and repaired, debts upon church property have been liquidated, and in some places manses have been built. Much more might be done in the line of building manses with great advantage to the local work of our churches. More might be done in many directions ; but we may safely say that never before was our Church more prosperous in all its local home work than during the last year.

## SUPPORT OF THE GOSPEL AT HOME AND ABROAD.

This includes the contributions to all the Boards of the Church. The Presbyterian Narratives show that there is healthy and decided progress in this very fundamental department of the Church's life, spirituality and aggressiveness. Intelligent, systematic and proportionate giving are becoming more common. The admirable work of the Assembly's Special Committee on Systematic Benevolence is bearing much fruit. A large number of our ministers, many of our laymen and many of our devoted women are giving themselves to the promotion of this cause. Christian giving is coming to be considered an essential factor in Christian living. The pockets of Christians are being converted. And yet what has been given is only a small portion of what should be given. The Narratives indicate quite a decided increase in the gifts to the Boards of the Church during last year. And yet an average of \$4.31 per member to all the Boards of our Church, the General Assembly and Miscellaneous Benevolence is exceedingly small. There is a withholding here that tendeth to spiritual poverty, and cannot add to the material prosperity of those who withhold; and it is hampering the evangelistic work of the Church in every direction. When we consider the meagre amount contributed by each member, and contemplate the ability God has bestowed upon us as a people to contribute to the support of the Gospel at home and abroad, we may well hang our heads with very shame. When our contributions to the Boards, which are now less than \$2,000,000 in the aggregate, equal or excel what we give for the local home work, which is nearly \$8,000,000 annually, we may look up and rejoice. Till then every energy should be bent to bring the Church up to her high privilege and consequent imperative duty to give systematically, proportionately as an act of worship, and as God has prospered her.

## WORSHIP AND SERVICE.

**SUNDAY SERVICES.**—Throughout our churches, the usual services of the Lord's Day are in general regularly maintained. There are exceptions in the case of smaller churches and more scattered congregations. But as far as your Committee can judge from the Narratives, real advance towards the regular holding of services, more or less frequently, in all our churches has been made during the year. The life blood of the Church is flowing more freely to the very extremities.

On the whole there has been a decided increase in the attendance upon the Church services. This is markedly and most encouragingly so with reference to the attendance of the young people and children. There is, however, a very general complaint of the smallness of the Sunday evening congregations. In many churches and most of the Presbyteries various plans have been adopted to remedy this evil. In some cases these plans have been successful. The Committee suggest that the real difficulty is the prevalent notion among our people that they attend Church solely for what they are to receive. Every effort should be put forth to make the Sunday evening service an evangelistic, soul-winning service; the people should be taught that he who lives to win souls is wise; and that this is their great opportunity in connection with the services of the Lord's Day and House. This Committee would call attention to the continued neglect of and desecration of the Lord's Day, with the suggestion that God's people should see to it that they are in no way responsible for it.

## THE SUNDAY-SCHOOL.

Most encouraging reports come with reference to this department of the Church's work. The attendance is steadily increasing, the *Westminster Lesson Helps* are very generally used, and the Catechism is taught, though very commonly, not with great thoroughness. One Presbytery reports that the want of thorough instruction in the Catechism, and the Bible also, is made manifest in the examinations of candidates for the Ministry. There is, too, a very general complaint that many of the older young people, and those more advanced in life who should, do not attend the Sunday-schools.

## THE PRAYER-MEETING.

This is generally conceded to be the real indicator of the Church's religious life and power. If so, the Narratives clearly indicate that the real life and power of the Church are found in a minority of her membership. Prayer-meetings are generally held. In a very few instances large attendance is reported. But the average attendance varies from one in fifteen to one in three of the membership. And where one-third of the members attend it is considered most encouraging.

There is real encouragement in the fact that there is marked increase in the number of and the attendance upon the young people's prayer-meetings, particularly the Sunday afternoon meetings in all sections of the country.

## FAMILY WORSHIP.

The family is the social unit of the Scriptures and is at the very foundation of the Church. The almost uniform refrain of the Narratives is, that family worship and religious instruction in the family are very commonly neglected. The Church in the house is almost ceasing to be. Why the family altar is abandoned so commonly is not explained. But quite a number of these Narratives account for the neglect of religious instruction in the family, upon the theory that that duty had been turned over to the Sunday-school. It is the opinion of the Committee that the General Assembly should, through the Narrative, direct the especial attention of the Presbyteries, pastors and people to this subject. If there can be a thorough reform here, and a genuine revival of family worship and of religious instruction in the household, we may confidently expect every other needed blessing to be added. The utterances from our pulpits are earnest, Scriptural, orthodox and practical. The attitude of our Church towards all the important political, social and moral questions of the day is sturdily right. The work of our women is developing grandly. Our Sunday-school system from top to bottom is excellent. But if this abandonment of the family altar is not stayed, and this neglect of religious instruction in our households is not corrected, the future outlook of our Church is dark indeed. Let something be done to meet this crying need. Perhaps the haziness which characterizes the most of the answers to the question, "Has the Session been diligent in the spiritual oversight of the Church," shows just where the remedy must begin to be applied. Let the Sessions of all our churches be aroused to see this great danger to our beloved Church, and begin at once to correct the evil.

## REVIVALS AND INGATHERINGS.

Here we come to that which is the best indication of the aggressive work of the Church. Revivals have been one of the most important factors in the progress of the Church. Ingatherings are approximately the measure of what the Church is doing. The tabulated statements indicate that nearly one thousand of our churches have enjoyed revivals during the past year. As to the accessions to the churches upon confession, a brief retrospect may be of interest and profit. After the reunion in 1869 the reports show that there was a general increase in the numbers received, until, in 1876, the highest number, 48,240, was reached. From that time there was a steady decrease in the numbers; 1877, 43,068; 1878, 32,277; 1879, 29,196; 1880, 26,831; 1881, 25,344, in which year the lowest point was reached. Since that year there has been a corresponding steady increase. 1882, 29,389; 1883, 32,132; 1884, 34,938; 1885, 42,972.

From the tabulated statements received, it is safe to say that this year the accessions on confession will reach nearly 55,000, some 12,000 more than last year. It is well to remember, however, that this number is not any larger than that reached in 1877 in proportion to the number of ministers and members in the Church. If we may properly use figures in such a computation and review, it is well to notice that for each ten who have confessed Christ, one minister, four elders, rather more than one deacon, and one hundred and seventeen members have been on the roll of the Church.

It would not be true to the facts to say that this number were engaged in the work of winning souls. And when we remember how small a percentage of the membership of our churches, are actually and actively engaged in the work, the above figures may assure us that wherever planting and watering have been prayerfully and faithfully done, God has given the increase. "Praise God from whom all blessings flow." Let it be said here that the Reports from the Presbyteries bear uniform testimony to the fact that wherever any individual church, any Presbytery or group of churches have put forth special and persistent efforts they have been crowned with abundant blessing, revivals have come, and the ingatherings have greatly increased. This has been true in the city, the village and the country, east or west, in the home or in the foreign field. It should be remembered, however, that there may be prayerful and faithful service not immediately followed by ingatherings, and that there is a work of training as well as ingathering.

## REFLECTIONS.

We need not raise the question whether God keeps His covenant. On this we may rest with perfect confidence. The question for us to raise and always keep before our minds and on our hearts is, whether we are a faithful, aggressive and soul-winning Church. The highest revelation of God's sovereign grace is the free offer of salvation to every one who will believe on His incarnate, crucified and risen Son; and His imperative commission to His children is to "preach the Gospel to every creature" and "disciple all nations." And while we have reason to praise God for the blessing that has rested upon what little work we have done, yet this Assembly ought to face squarely, and lay upon the heart of the Church the fact, that the past year has been another in our history when many wide open doors for service have not been entered, and glorious opportunities have passed unimproved, both in the home and in the foreign fields; and this only because ourselves and our property have not been entirely consecrated to God. Shall we not go forth to "live not unto ourselves but unto Him who died for us and rose again."

JAMES LEWIS, *Chairman.*

## FRATERNAL LETTER

FROM THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN  
THE UNITED STATES.

*To the General Assembly of the Presbyterian Church in the United States of  
America :*

DEAR BRETHREN :

It is on the occasion of the twenty-fifth anniversary of our organic existence that we send you this message of fraternal regard. This salutatory letter—if there be any need of the reiterated assurance—is not merely formal, is not merely the observance of a standing custom; but is sincere and hearty.

At this quarter-centennial meeting of our General Assembly, and as a part of the pre-arranged programme, the beloved and trusted Moderator of our First Assembly addressed us and reannounced the principle which constrained us, in the first instance, to separate from you. That principle we still stand upon and adhere to with devotion. Yet, while we thus reassert our position, we sincerely assure you that an unfeigned spirit of fraternity exists among us.

Brethren in Jesus! We call you such; we believe you are such; we esteem you as such. Our bosoms are not full of bitter resentment. We trust grace has enabled us to mingle all bitter feelings with the ashes of the past. We have no desire to feel them over again. When we hear of your prosperity our hearts are made glad; and if adversities rise against you we mingle our sorrow with yours. We look with anything but indifference upon the great enterprises of your Church.

Are your hearts and energy and means given to the spreading of the Gospel among the heathen? So are ours. Are you longing and laboring for the evangelization of the masses of the ungodly on our own continent and at our own doors? So are we. Are you seeking to disseminate a pure and refining and Christianizing literature among your people? So are we. Do you offer the Psalmist's prayer, "O Lord, we beseech Thee, send now prosperity"? We fervently unite with you, brethren, and express the hope that God will favor your Church with an ample, permanent and ever-increasing prosperity in all things which will brighten His glory and magnify His grace.

If you inquire after our health and prosperity, as we survey the traveled past, we are glad to say that we have made some progress in our church work. We have desired and endeavored to kindle Messiah's camp-fires in some of the dark places of the earth, and our missionary work has met with a growing success. We long to bring the people in our own bounds under the powerful influences of the Gospel; and here, too, we have not made a failure by any means. We have never given up the negroes; they are upon our hearts, and we long and are seeking to be a blessing to them. The prospects in this direction are brightening. Though rising out of the very ashes, we have many flourishing schools and colleges and institutions of learning, and our educational work is pleasant in our eyes. We note these few and might note many other things with pleasure; but we are oppressed with the thought that too much yet remains to be done in every department of church work for us even to pause and sum up what has been already accomplished.

In conclusion, brethren, we take the prayer from the lips of that Jabez who was "more honorable than his brethren" and offer it in your behalf: "Oh, that God would bless you indeed, and enlarge your coast, and that His hand might be with you and that He would keep you from evil, that it may not grieve you."

And may God grant that which is requested.

Yours fraternally,

THE GENERAL ASSEMBLY OF THE PRESBYTERIAN  
CHURCH IN THE UNITED STATES, IN SESSION, AT  
AUGUSTA, GA., MAY 26, 1886.

J. H. BRYSON, *Moderator.*

JOSEPH R. WILSON, *Stated Clerk.*

## ANSWER TO THE FRATERNAL LETTER.

MINNEAPOLIS, Minn., May 31, 1886.

*To the General Assembly of the Presbyterian Church in the United States :*

BELOVED BRETHREN :

The General Assembly of the Presbyterian Church in the United States of America sends fraternal greetings, earnestly desiring that to you grace, mercy and peace be multiplied.

We were greatly gratified, on receiving your fraternal letter, to learn of your increasing strength and prosperity. We desire to unite with you in expressions of thankfulness to God for the many proofs which your letter affords of your successful prosecution of the work committed to you by our common Lord. We honor your steadfastness in maintaining and defending the doctrines of our common faith ; the heritage entrusted to us by your fathers and ours and alike dear to us and to you.

We rejoice, too, in the open door which God has set before you for the education and evangelization of the large colored population in your midst. It affords us pleasure to learn of the efforts you are making and of the great good you are accomplishing in this department of Christian labor. We believe that this vast population brings a great and pressing responsibility to rest upon the Christian people of this land. In seeking to discharge our own share of that responsibility, we will be glad to coöperate with you in all ways that may be truly helpful to you in your work.

The general work of our Church has been greatly prospered during the past year. The Holy Spirit has been poured out upon many of our congregations, and large numbers have been added thereto. Our missionary enterprises have shown a decided and hopeful advance. The number of candidates for the Gospel Ministry has increased. We are striving with God's help to press our work to a growth proportionate with the rapid expansion of our field.

Dear brethren, we have a great work to do in this land. We are assured of your sympathy and of your prayers for our success. We extend to you a like cordial assurance that our prayer shall continually ascend for you, "that our God would count you worthy of this calling and fulfill all the good pleasure of His goodness and the work of faith with power ; that the name of our Lord Jesus Christ may be glorified in you and ye in Him, according to the grace of our God and the Lord Jesus Christ."

In behalf of the General Assembly,

D. C. MARQUIS, *Moderator*.WM. HENRY ROBERTS, *Stated Clerk*.

## FRATERNAL LETTER.

FROM THE GENERAL SYNOD OF THE REFORMED CHURCH IN AMERICA

*To the Moderator and General Assembly of the Presbyterian Church in the United States of America :*

DEAR FATHERS AND BRETHREN :

The General Synod of the Reformed Church in America at its last session, held at Syracuse, N. Y., in June, 1885, appointed the Rev. Dr. William E. Griffis delegate *primarius*, and your correspondent delegate *secundus* to attend the General Assembly of the Presbyterian Church at Minneapolis. Your correspondent regrets that Dr. Griffis, the well-known author of "*The Mikado's Empire*" and other works relating to the Orient, is unable to fulfill his mission, having been called to another denomination. Dr. Griffis, however, could not take greater delight in emphasizing the ardent affection of the Reformed Church in America for your great denomination ; or in expressing the earnest desire of the great majority of our people for closer relationships between the two bodies than your correspondent. It is both my privilege and pleasure to express to your General Assembly the very

warm regard, and the deep Christian love and admiration which we, the oldest Presbyterian Church in America, feel for you, the greatest and most influential Presbyterian Church on this hemisphere, if not in the world.

Your correspondent regrets that distance and other circumstances do not permit him to appear in person before your Assembly. It is hardly necessary, however, to repeat in writing what has been said so often and so well by living delegates for the last sixty years, that our respective Churches agree in all the great doctrines relating to Sin and Grace. And we also agree in the deep consciousness of our obligation to our Lord Jesus Christ to convert the world to the knowledge of His name. How this may be accomplished the most quickly and the most surely is the great and all important question before the Church. To accomplish this result is the purpose for which the Church exists; and each division of the Church must hold everything, however loved and cherished, in subordination to that one great object—the establishment of the Redeemer's kingdom throughout the world. And for the accomplishment of this great end, a closer federation, first, of the various denominations of the same type, and ultimately of all Christian bodies, is absolutely essential.

While many letters passed back and forth between the Continental and British Reformers, to which we cannot now specifically refer, a more formal intercourse by letter was actually begun between certain classes of the Church in Holland and your famous Westminster Assembly of Divines. In that correspondence the plan of the Dutch Ecclesiastical Establishment was communicated to that Assembly.

Just a century later (1743), the Classis of Amsterdam advised the feeble and struggling Dutch and German Churches in this country to unite with the Presbyterians, and thus combine their strength for one collegiate and theological institution. But differences of language, chiefly, prevented the success of the proposed scheme, and also defeated a similar effort which was made in connection with the arrival of Dr. Witherspoon about 1770.

At the close of the Revolution, our own Dr. Livingston expressed the hope that some genius, equal to the task, might arise to unite all the Reformed Churches in America into one grand "National Church," as he expressed it. "Notwithstanding the seeming difficulties in the way, I humbly apprehend," said he, "that this may be practicable, and I yet hope to see it accomplished." That genius has not yet arisen; but the Holy Spirit of God is ever stamping the conviction of the importance and propriety of closer relations of some kind, whether federation or organic union, upon the hearts of His people.

The efforts to promote friendly correspondence between the Presbyterian, the Associate Reformed and the Dutch Churches in America were initiated in 1784. Committees met and articles of agreement were drawn up in 1785, and again in 1800, but the results were not very satisfactory. In 1822 a new effort was made between our two Churches, and the exchange of delegates or letters has now continued for sixty-four years. Nor do we forget the still more earnest efforts for closer relations, which were begun in 1873, under the leadership, respectively, of your beloved Dr. Adams, who has since entered upon his reward, and of our beloved Dr. Ganse, whom you took from us to our great regret and loss. Those Committees were continued for several years, but through causes, which need not now be referred to, did not accomplish so much as was generally hoped for.

But this correspondence in general, not to speak of other special efforts, has not been in vain. It has led to a better understanding of each other; it has softened asperities; it has excited a spirit of true brotherly affection; and, indeed, its whole tendency has been toward more hearty coöperation, federation and such closer union as God, in His infinite wisdom, designs. For surely it was not the purpose, in the correspondence between our Churches, that we should forever be simply telling each other how much we are alike, and how much we love each other; but rather, after strengthening each others hands, as we have done for a century past, at length to come closer together, and so dispose our forces, under the common Captain of our salvation, in mutual help and love, as actually to bring to its consummation, as far as in us lies, the great work for which our Divine Redeemer lived and died.

These blessed results, federation and union, have already been partly accomplished on our mission fields. In Amoy, China, English and Scotch and Dutch Presbyterians form one ecclesiastical body. In Japan, the union is still more general and complete. And an Overture will be before our General Synod in June, proposing that our Synod shall advise and direct our Classis of Arcot in India to seek union with the other Presbyterian bodies in that country.

We rejoice in all these signs of a growing desire for union, such as the Providence of God shall bring about. We pray equally for you as for ourselves that God may bless all your efforts to extend the Master's kingdom. Your success is our success, and ours is yours. We are already one in Christ, and we need to be more heartily one in labor, without a trace of jealousy or rivalry. We ask you to unite with us, and beseech God to pour out His Holy Spirit upon each of our Churches, giving us such a new baptism from heaven as shall enable us to realize the fulfillment of the Saviour's High-Priestly Prayer in John xvii.

In behalf of the General Synod of the Reformed Church in America.

Your brother in Christ,

EDWARD T. CORWIN, *Corresponding Delegate.*

*Millstone, N. J., May 22d, 1886.*

#### ANSWER TO THE FRATERNAL LETTER.

*To the General Synod of the Reformed Church in America:*

DEAR BRETHREN:

In answer to the cordial letter sent to us by your corresponding delegate, we reply that we appreciate the kindly words so expressive of the feelings of your hearts.

It would have given us greater pleasure to have heard such words from the lips of your delegate, and feel assured that they would have made a profound impression upon the minds and hearts of our Assembly.

The fact you relate, that for sixty years such fraternal correspondence has been sustained, is itself the evidence that we are linked by ties that cannot easily be broken. We rejoice at the growing desire for closer relations between the two bodies, and hope that if organic union is not yet possible, we may be able to coöperate in the great work of saving souls both in the home and foreign field.

We have been mutually helpful in the past, but if the relations could be more intimate, we feel assured that we could be more helpful and God's cause would have greater advancement. We rejoice to hear of your progress in your work, and pray that the Great Head of the Church, our Lord and Saviour, may endow you richly for the work before you and make you a great blessing to the world.

May God unite our hearts more and more and pour out His Spirit upon both denominations, making them one in purpose, and ere long, one in organization.

#### FRATERNAL LETTER FROM CHINESE CHRISTIANS.

The members in connection with the Presbyterian Church at Chefoo, China, send greetings to the General Assembly of the Presbyterian Church in the United States of America, also to pastors of every church, elders, and all brethren and sisters in Christ.

May the grace and peace of God the Father and the Lord Jesus Christ abide with you.

It is known that the people of China for ages lived in ignorance of the true

doctrine. By bowing to idols, serving false gods, and by numberless evil ways they provoked the righteous indignation of God, and were cut off from all hope of eternal life. Fortunately we became the recipient of great favors from your honorable Church.

Your desire to save the perishing led you to constantly pray for us and contribute bountifully to send missionaries, who braved dangers in crossing a vast ocean in order to preach the Gospel in China. Not a few of these laborers have gone to their reward, and our land has been consecrated by their graves. Now many of our people believe in Christ and trust in His grace for salvation. Although this is due to the grace of the Heavenly Father and the teaching of the Holy Spirit, yet if no one had come to preach to us, how could we have known the way of salvation? As saith the Scriptures, "Whosoever shall call upon the Name of the Lord shall be saved. How then shall they call on Him in whom they have not believed? And how shall they believe in Him of whom they have not heard? And how shall they hear without a preacher? And how shall they preach except they be sent?"

Pen cannot describe all the gifts from your honorable Church. By your liberality, wherever the Church has been established, hospitals have been opened, where our poor and destitute can receive medical aid. By your assistance, mission schools have been opened, where the children of many struggling with deep poverty can receive a Christian education. A few years ago, when our land was visited by famine and the people deprived of life, help freely came and countless lives were saved. The help so bountifully and cheerfully given by your honorable Church is the fruit which only a knowledge of the Gospel produces, and furnishes unmistakable evidence of the faith and love of the brothers and sisters who have been mindful of us. Would that we could travel as the wind, and meet you face to face, to express our heartfelt thanks. Alas! the great ocean which separates us makes it impossible to have our desire realized.

We can only cherish gratitude in our hearts, and thank the goodness of our Heavenly Father in providing so many precious friends whose faces we have not seen. With sincere hearts, we pray that God may richly reward you with every blessing, cause His Church to prosper in every community, make the Christians all to love one another, enjoy great peace, serve the Lord with fervent and faithful hearts, and, when life's work is ended, may it be our joy to meet you all in the heavenly kingdom.

At present, the people who believe in Jesus are exceedingly weak; in knowledge of the truth, truly are but children. Because of bitter persecution and many trials and temptations, they cannot escape sadness of heart. We entreat all the brothers and sisters in the Church to pray much for us. Plead with the merciful God to have great mercy upon us, give us the Holy Spirit in large measure, zeal and steadfastness in the service of God, enable us to increase in strength and endure to the end, that we may certainly obtain the crown of eternal life. Alas! our territory is vast and our people so numerous that countless multitudes have not yet heard the Gospel. They still sit in darkness, and have not seen the true light; as saith the Scriptures, "The harvest truly is great, but the laborers are few; pray ye therefore the Lord of the harvest that He would send forth laborers into the harvest." We earnestly entreat every member of your Assembly to exhaust strength in sending laborers to China, to help preach the Gospel, that God's Name may be glorified and His chosen people day by day be added to the Church. Pray not only that laborers may be sent from your honorable country, but also that God may choose many true and faithful workmen in China, and send them to preach in every part of the land, that every man may hear the Gospel, turn to the Saviour, and become of the people of God. That the glory of God may fill the whole earth is our heart's desire.

Peace and continued blessings to every one.

From your most unworthy servants, .

LIN SHU TANG, YU SHU FA, YU Tsz SHING  
and over 1200 others.

## ANSWER TO THE FRATERNAL LETTER FROM CHINESE CHRISTIANS.

*To Lin Shu Tung, Yu Shu Fa, Yu Tsz Shing, and upwards of Twelve Hundred others.*

## BELOVED BRETHREN :

Grace and peace be multiplied unto you.

The General Assembly of the Presbyterian Church, now in session at Minneapolis, sends greetings to you, who have obtained like precious faith, and are heirs with us of exceeding great and precious promises, through the righteousness of God and our Saviour Jesus Christ.

We are bound to thank God always for you all, praying always for you, since we heard of your faith in Christ Jesus and of your love to all the saints, and learned how ye knew the grace of God in truth, through brother Hunter Corbett, our dear fellow-servant, who is for you a faithful minister of Christ ; who also declared unto us your love in the Spirit, and your work of faith and labor of love and patience of hope.

Once, indeed, ye were carried away unto dumb idols, even as ye were led ; but ye turned from these idols to serve the living and true God. Once ye were without Christ, having no hope, and without God in the world ; but now in Christ Jesus ye who sometime were far off are made nigh by the blood of Christ. Thanks be to God that, though ye were the servants of sin, ye have obeyed from the heart that form of doctrine which was delivered you.

We exhort you, beloved, to continue in the faith and hold fast the beginning of your confidence steadfast unto the end. We must through much tribulation enter into the kingdom of God. The time may come when for Christ's sake you will be destitute, afflicted, tormented ; when he that killeth you will think that he doeth God service. May the everlasting arms be underneath you, that no one of you be moved by the afflictions unto which you are appointed. Take joyfully the spoiling of your goods, knowing in yourselves that ye have in heaven a better and an enduring substance ; count not even your life dear unto yourselves, that you may finish your course with joy, endure unto the end, and inherit all things.

Our prayer is for you that you would walk worthy of God, who hath called you unto His kingdom and glory. For now we live if ye stand fast in the Lord. Because iniquity abounds, the love of many shall wax cold, and some who are called disciples may go back and walk no more with Him. The Lord make you to increase more and more, to grow in grace and in the knowledge of the Lord, and to abound in love one toward another, and toward all men. The Lord establish your hearts unblamable in holiness, and prepare you for every good word and work. Beloved, building up yourselves on your most holy faith, praying in the Holy Ghost, keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life.

We exhort you, brethren, also to remember how that the Scripture saith, We are of God, but the whole world lieth in wickedness. Yet God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish, but have everlasting life. He will have all men to be saved and to come to the knowledge of the truth. We are witnesses of these things, and laborers together with God. He that winneth souls is wise, and they that turn many to righteousness shall shine as the stars for ever and ever. It behooves you, therefore, to adorn the doctrine of God our Saviour in all things. Let no man put a stumbling-block or an occasion to fall in his brother's way ; and if any of you do err from the truth and one convert him, let him know that he which converteth the sinner from the error of his way shall save a soul from death and shall hide a multitude of sins. Be ye followers of Him who came to seek and to save that which was lost. Of some have compassion, making a difference ; others save with fear, pulling them out of the fire, as a brand plucked from the burning. Work while it is called to-day, for the night cometh when no man can work. Redeem the time, for it is short, and the Lord is at hand.

And now, brethren, suffer a word of exhortation. We beseech you to know them which are over you in the Lord and admonish you, and to esteem them very highly in love for their work's sake ; and be at peace among

yourselves. Warn the unruly, comfort the feeble-minded, support the weak, be patient toward all men. Pray without ceasing, search the Scriptures daily, keep the Sabbath, reverence the sanctuary. Beware lest, being led away with the error of the wicked, you fall from your own steadfastness. Be not conformed to this world; for all that is in the world, the lust of the flesh, the lust of the eyes, and the pride of life, is not of the Father, but is of the world. Keep yourselves from idols. Be not partakers of other men's sins, lest you follow the Lord afar off, grieve the Holy Spirit, and give occasion to the enemies of the Lord to blaspheme.

Finally, brethren, pray for us, that we may be delivered from unreasonable and wicked men, for all men have not faith; that we may not seek for ourselves great things, lay up for ourselves treasures upon earth, or look at things seen and temporal, but live under the power of an endless life. Pray for us as ministers of God, that we may lift up our voice like a trumpet to warn the wicked of his evil way, that he die not; that we may speak the truth in love, and be faithful as ensamples and shepherds to the flock. Pray for us as elders, that we may rule well as overseers in the churches, and as stewards, that we may be found faithful. Pray for our churches, that, walking in the fear of the Lord and in the comfort of the Holy Ghost, they may be both edified and multiplied, and that the Lord may add unto the Church daily such as should be saved.

And let us agree in prayers for one another and for all men, that the Word of the Lord may have free course and be glorified, and the earth be filled with the knowledge of the Lord as the waters cover the sea.

Your fellow-servants and companions in labor and tribulation, and in the kingdom and patience of Jesus Christ.

In behalf of the General Assembly,

D. C. MARQUIS, *Moderator.*

Bates and Clemens from Lane Theological Seminary; Mr. Hood from the United Presbyterian Theological Seminary, Allegheny; Mr. Fergusson from Morrin Theological Hall, Quebec, Canada; and Mr. Macdonald from the Pacific Seminary, Oakland, California.

In addition, the following were received to the under-graduate courses from other Theological Seminaries: Mr. G. W. Giboney from the Theological Seminary of the Northwest; Messrs. Burgess, Fraser, Highland, Lafferty, Lumpkin, Mebane and Wilson from Columbia Theological Seminary; Messrs. Grier, Parlman and Williamson from Union Theological Seminary, New York City; Mr. Hoffmeister from Union Theological Seminary, Va.; Mr. Thompson from the United Presbyterian Theological Seminary, Allegheny; Mr. Sinclair from the Theological Institute of Connecticut, Hartford; Messrs. D. S. and W. L. Moore from the Assembly's College, Belfast, Ireland; Mr. N. McLeod from Morrin Theological Hall, Quebec, Can.; and Mr. Baldwin from the Theological Faculty, Berlin University, Germany.

The total number in attendance during the session has been:

|                                              |     |
|----------------------------------------------|-----|
| Graduate Students (including Hebrew Fellow), | 13  |
| Special Students,                            | 2   |
| Senior Class,                                | 40  |
| Middle Class,                                | 55  |
| Junior Class,                                | 41  |
| Total,                                       | 151 |

Of the graduating class, two expect to go on Foreign Missions, seven go to the West, most of them under the Home Board; fifteen are already called to churches in the East; one goes to Edinburgh to study, and several of the rest have the prospect of speedy settlement.

The students have been actively and earnestly engaged in evangelistic work in the neighborhood during the winter. More than fifteen stations have been steadily supplied by eighty-five or ninety of them. The members of the senior class are not usually able to engage so much in this work, owing to their engagements to preach out of town. At two of these stations deep and sustained religious interest was manifested, and about forty additions to neighboring churches were among the results.

The L. P. Stone lectures this year were delivered by Dr. James McCurdy, who consented to waive the advantage of longer preparation so as to fulfill the duty of this year. They were upon the subject of Assyriology, of which he has made himself a master, and were in the highest degree instructive

and able. They are to be published, and will afford an important contribution to the illustration of Biblical history.

Mr. J. D. Davis will assume his duties as tutor in Hebrew with the next session. He will teach the elementary Hebrew, and form classes in the cognate languages; and Professor Charles C. Aiken will thus be released sufficiently to lecture upon Old Testament history, with reference to the critical theories which are under discussion.

The following thirty-nine students have received certificates of their graduation, viz:

John H. Boyd,

## II. AUBURN THEOLOGICAL SEMINARY.

THE Governing Boards of the Seminary report as follows for the year ending May 6, 1886, to the General Assembly of the Presbyterian Church in the United States of America :

The control of the Seminary is vested in a Board of Trustees and a Board of Commissioners. The Trustees have the immediate care of the Seminary, and the management of its estate, both real and personal. The Board of Commissioners is composed of a representation of two clergymen and one layman, from each of the Presbyteries in what were formerly the Synods of Albany, Central New York, Geneva and Western New York ; namely, the Presbyteries of Albany, Binghamton, Buffalo, Cayuga, Champlain, Chemung, Columbia, Genesee, Genesee Valley, Geneva, Lyons, Niagara, Otsego, Rochester, St. Lawrence, Steuben, Syracuse, Troy and Utica. The Commissioners fill the places of the Trustees as they become vacant ; appoint the Professors, and, with the concurrence of the Trustees, fix the

salaries and make all necessary appropriations of funds. Each Commissioner holds his office three years; one going out of office and the Presbytery supplying his place by a new election, each year. Vacancies occasioned by death or change of residence are filled by the Presbyteries as they occur. The appointments of Professors are reported to the General Assembly of the Presbyterian Church. Through the kindness of Mr. Henry A. Morgan, one of the Trustees, a course of three lectures was delivered before the Seminary in March, 1886, by the Rev. Wm. Hayes Ward, D.D., of New York, on Recent Explorations and Discoveries in Mesopotamia.

Of these, James Donehoo Spriggs was a graduate of the Theological School of Boston University, Mr. Robert Jackson Phipps was received into the Senior Class on dismissal from Princeton Theological Seminary, Messrs. E. F. Johnson and U. S. Grant Jones into the Middle Class, on dismissal from Princeton, and Mr. Thomas William Swan into the Middle Class, on dismissal from Union Theological Seminary.

The following have been regularly dismissed to other seminaries, to wit: Mr. Christopher H. Bente, to Union Theological Seminary; Mr. William Wallace, to the same institution; Mr. Earl B. Hubbell, to the Seminary of the Northwest; Mr. Brevard D. Sinclair, to the Hartford Theological Seminary.

The whole number of students has been seventy-eight. Of these, one has been a resident graduate, nineteen have been in the Senior Class, twenty-four in the Middle Class, and thirty-four in the Junior Class. One of the last has been irregular.

The health of the students has been remarkably good.

Early in the last session, Rev. S. H. Kellogg, D.D., presented his resignation as Professor of Didactic Theology, with the view of accepting the pastorate of the St. James Park Presbyterian Church, of Toronto, Canada. At a special meeting of the Board, held September 29th, 1885, the resignation of Dr. Kellogg was accepted, on the condition proposed by himself. This condition was that he should continue his services until the first of April, 1886. In the month of December, however, his health so far failed that he was compelled to suspend all labor and spend the remaining portion of the winter in the South. The Committee of the Board of Directors were happy in securing temporarily for this vacant place the services of Rev. William F. Johnson, D.D., who has fulfilled all the duties of the position with great faithfulness and acceptance.

Rev. Robert Dick Wilson, who had been an instructor in the Seminary since January, 1884, was elected a Professor on the 17th of November, 1885, and on May 5th, 1886, he was inaugurated.

The instruction in the department of elocution has been successfully carried forward by Professor James E. Culliton, A.B.

Through the kindness of different pastors in the cities of Pittsburgh and Allegheny, and their suburbs, a course of lectures on practical subjects, has been delivered to the students. These lectures have been highly appreciated, and the Board feels under great obligation to the gentlemen who have rendered the service.

Missionary meetings have been held once a week. During the year addresses have been delivered to the Missionary Society by the Rev. W. H. Robinson, of the Gaboon and Corisco Mission, by Rev. Dr. W. F. Johnson, of Allahabad, India, and by the Rev. S. G. Wilson of the West Persia Mission.

Three cases of discipline have occurred, one of which has resulted in exclusion from the Seminary.

The following students, having completed the course of study prescribed, have been granted the usual diploma :

Absalom T. Aller,  
J. Philander Anderson,  
Samuel L. Boston,

### II. FACULTY AND INSTRUCTION.

The peculiar condition and circumstances of this Seminary have been laid before the General Assembly in previous Reports, and need not be repeated here. The only Professor retained in office is the Rev. Stephen Yerkes, D.D., who, during the past year, has given instruction to two matriculated students, viz: W. W. Bruce, under the care of West Lexington Presbytery, of the Southern Presbyterian Church, and Robert H. Horton, under the care of Transylvania Presbytery. These young brethren have been pursuing, at the same time, in whole or in part, the collegiate course in Centre College. The latter will preach during the summer in the mountain region of Kentucky, and return to the Seminary in the fall.

## III. A REORGANIZATION.

After full and free conference, the Board has reached the unanimous conclusion that the time has come when provision should be made for enlarging the work of the Seminary—putting it on a broader basis again. Arrangements have accordingly been made by which the Seminary will not only furnish instruction in all the departments of a complete theological curriculum during the coming year, but so that a separate instructor shall have charge of each particular department, and by availing itself of the services of several members of the Faculty of Centre College and of the pastor of our church in the town of Danville, the Rev. Dr. C. B. H. Martin, the Board will be able to carry this plan into effect without bringing any new men on the ground, and at an expense not exceeding for the present one-third of the income of the institution; so that the desired increase of the funds will still go on. The brethren who have agreed to take charge of the several departments are well known to the churches of Kentucky and the adjacent States, and have their regard and confidence. Moreover, they are experienced teachers. We are thoroughly persuaded of their excellent qualifications for the work they have consented to undertake, and with them and Professor Yerkes as instructors, we can most cordially and conscientiously commend this Seminary to the attention of candidates for the Christian ministry.

The movement we are now inaugurating is somewhat tentative, and the appointments to the several departments temporary; but, while this is the case, we have reason already to expect that several young men, in addition to the two named in this report, will enter at the opening of the next session.

It is proper to add that this arrangement has been consummated only after extensive conference with our brethren, ministers and elders, who are tenderly alive to the interests of our Church in this region; that it has received the unanimous approval of the Board of Trustees of Centre College, a number of whom are also members of this Board; and that we trust it will meet with the approval of your venerable body, and, above all, with the blessing of the Glorified One who is "Head over all things to the Church, which is His body."

All of which is respectfully submitted,

GEO. J. REED, *Vice-President.*

STEPHEN YERKES, *Secretary.*

*Danville, Ky., April 15th, 1886.*

Chairman, Hon. ROSWELL B. MASON,

Secretary, Rev. DANIEL S. GREGORY, D.D.,

Hon. Henry G. Miller,

William C. Gray, Ph.D.,

Charles H. Mulliken, Esq.,

Hon. Thomas Dent,

Cyrus H. McCormick, Jr. (provisionally).

Two honored and beloved members of the Board have gone to their eternal reward since the last Annual Meeting—Hon. Samuel M. Moore, LL.D., and Rev. William S. Curtis, D.D. The former passed away before the Report of last year to the General Assembly had been completed, and his departure was accordingly reported to that Assembly. Dr. Curtis was

widely known in the Church, he having held various responsible positions, among which may be mentioned, the Professorship of Mental and Moral Philosophy in Hamilton College and the Presidency of Knox College. His son holds the Chair of the Hebrew Language and Literature in this Seminary.

Among other Resolutions passed by the Board was the following :

*“Resolved,* That we record our sincere sorrow in the removal from our midst of one whose eminent ability, conscientiousness and urbanity ever commended him to his brethren in his long and faithful labors in the Board, and we record our thanks to Almighty God for sparing His servant so many years to impress upon his age the principles so dear to his heart.”

The Rev. Edward L. Curtis, A.B., was elected, subject to the action of this Assembly, to the Chair of Old Testament Literature and Exegesis. We ask the Assembly to confirm this election.

The following Overture to the General Assembly was also passed :

“In view of the munificent and unselfish benefactions on the part of the McCormick family, the Board of Directors request the General Assembly to re-enact Section 2 of Article ii, of the Constitution of the Seminary, adopted by the Assembly of 1882, with the change of name, as follows :

## “ARTICLE II.

“*Section 2.* In just recognition of the relation of the late Hon. Cyrus H. McCormick and his family to this Seminary, Cyrus H. McCormick, Jr., is hereby constituted from this time forth a special member of the Board of Directors of the Presbyterian Theological Seminary of the Northwest, to qualify as and to be entitled to all the prerogatives of other full members of the Board, and to continue in the office during the term of his natural life or until he shall resign.”

The question of the advisability of changing the corporate name of the Seminary came before the Board of Directors at the annual meeting in 1885. A committee of lawyers, members of the Board, was then appointed to report upon the legality of such a change of name. That Committee reported at the meeting this year in favor of the legality of the change and pointed out the mode of procedure. After due discussion the following was heartily taken :

*“Resolved,* That, in the opinion of this Board, the corporate name of this Seminary should be changed so that it will read : ‘The McCormick Theological Seminary of the Presbyterian Church.’

*“Resolved,* That the Trustees be requested to take the legal measures necessary to effect such change.”

Twenty-two members of the Board were present and voted unanimously, by rising, in favor of these resolutions.

## II. FACULTY.

The Faculty, as now constituted, consists of the following members :

Rev. LEROY J. HALSEY, D.D., LL.D., Professor Emeritus, and in charge of Church Government and the Sacraments.

Rev. THOMAS H. SKINNER, D.D., Cyrus H. McCormick Professor of Didactic and Polemic Theology.

Rev. WILLIS G. CRAIG, D.D., Professor of Biblical and Ecclesiastical History.

Rev. DAVID C. MARQUIS, D.D., Professor of New Testament Literature and Exegesis.

Rev. HERRICK JOHNSON, D.D., LL.D., Professor of Sacred Rhetoric and Pastoral Theology.

Rev. EDWARD L. CURTIS, A.B., Professor-elect of Old Testament Literature and Exegesis.

The Faculty reported to the Board of Directors that the year had been one of gratifying spiritual and intellectual progress.

In view of what may be termed the revival in Old Testament study, a step forward has been taken by the Faculty. For those who have pre-

viously pursued the study of the Hebrew a special course of advanced study has been provided. Students in this special course are to receive advanced "instruction in Old Testament Theology, History, or Introduction, as they may elect, together with continued reading of the Hebrew text." The foundation has thus been laid for a fourth year's course in this department, such as is now offered at Princeton, Western and Union Seminaries. There is also a desire to add instruction, at as early a day as possible, in the Cognate Semitic Languages.

Earnest attention was called to the fact that in consequence of the large influx of students fifteen were obliged to room outside of the Seminary buildings, and were thus subjected to various inconveniences. The institution has thus been placed at a decided disadvantage. Arrangements have been made so that ample provision is assured, for the accommodation of all students who may seek instruction in the Seminary during the coming year.

The cheering fact is reported to the Church that this year this Seminary sends more men to the foreign field than any other Seminary in our connection.

There have been added to the Library during the past year by purchase twenty volumes; by donation, thirty-eight; making a total of fifty-eight volumes. The Library contains 9949 volumes.

### III. STUDENTS.

Since the date of the last Annual Report, the following students have entered the institution :

Rev. William Thomas Dixon—as a post-graduate.

#### ADMITTED TO THE SENIOR CLASS.

The Annual Report of the Trustees amply vindicates the policy adopted a few years since, of realizing upon the securities of the Seminary and using them for building purposes on the lands of the institution, for the purpose of rental. The income on the amount invested has been much larger than could be obtained under the former system of bonds and mortgages.

## SCHOLARSHIPS.

The Seminary is in great need of an increased Scholarship Fund. Of the 101 students in attendance during the past year, 82 received aid from this fund. The whole amount distributed was \$7196. Part of this amount was derived from the income of scholarships, and part was the gift of generous friends of the institution.

The scholarships endowed in full or in part are as follows :

1. The Mason Scholarship, founded by Hon. Roswell B. Mason, Chicago.
2. The Powers Scholarship, founded by Orlando Powers, Decatur, Ill.
3. The Bruen Scholarship, founded by Dr. A. M. Bruen, New York, N. Y.

### VIII. BLACKBURN UNIVERSITY.

Although the general financial stringency, owing to the successive failure of the wheat crop over a large section of Illinois, has affected the general number of students in colleges in this State, the number is not diminished of the present and prospective candidates for the ministry in Blackburn University.

Eighteen candidates for the ministry have been pursuing their studies in this institution during the year, four of them taking studies belonging to a strictly theological course. A large amount of Christian work has been done by these students during the year. One of them, under the direction of the Committee on Education of the Presbytery of Alton, has supplied the pulpit of the first church founded, by Dr. Blackburn, in the State of Illinois, and his labor, especially among the young people, has been greatly blessed, quite a number having been recently gathered into the Church, and, it is believed, into the Spiritual Kingdom of our dear Redeemer. Another has supplied two churches in another Presbytery, with good results and evidences of the Divine presence and blessing. All of the

students for the ministry have been also active Christian workers. It may be mentioned that four of the graduates of this institution have been pursuing their studies in the McCormick Theological Seminary, at Chicago, during the year, who had taken their collegiate studies and a part of their theological studies with us.

The deed of Dr. Blackburn and the corresponding charter of Blackburn University requires that there shall always be a Theological Professor and a Theological course. Accordingly a course of study is prescribed containing the essential studies of the regular Seminary course and a Collegio-Theological course, which, for the sake of Christian workers who cannot take the full course, adds to those essential studies the necessary studies of the College course, furnishing a shorter course, not for the regular students, but for these cases.

The regular classical students, candidates for the ministry, are encouraged, upon completion of the regular College course, to enter our regular and complete Theological Seminaries, while Christian workers, who are found to be men of the right stamp and of suitable attainments, have furnished for them a course to equip them for usefulness.

The property of the institution remains much the same as in previous Reports; in round numbers, of the value of two hundred thousand dollars, of which about ninety thousand dollars is in interest-bearing funds.

More than three hundred volumes have been added to the Library during the year, large and beautiful additions have been made to the Taylor Museum, now one of the finest collections west of the Alleghanies, and in various ways the facilities of the institution have been increased.

New arrangements are made for Bible-study through the entire institution, and the religious tone and life are happy.

Upon the whole, we gratefully record another year of the presence and blessing of God.

In behalf of the Board,

E. L. HURD, *President.*

## IX. SAN FRANCISCO THEOLOGICAL SEMINARY.

### FIFTEENTH ANNUAL REPORT.

SINCE the death of Dr. Scott, the Directors have labored strenuously to complete and provide support for the Faculty of the Seminary. While thankful to be able to report considerable progress, they have twice been called to mourn.

One of their number, Rev. R. L. Tabor, in the prime of his life and in the midst of his usefulness, was suddenly removed by death.

Rev. James Eells, D.D., LL.D., declined the professorship to which he was elected, but undertook, and for nearly a year prosecuted with remarkable success, the business of endowment. Death removed him in the midst of his work. He accomplished much in bringing the Seminary before the Church, and obtained large subscriptions. Another summer spent, as he contemplated, on the coast, would in all probability have secured the endowment of two professorships. We still hope that this will be accomplished. About half the amount required for all professorships has been pledged in California. A bequest of \$25,000 from Ohio and a donation of \$10,000 from the Marquand estate in New York will probably be paid within a few months.

The great event of the Seminary year is the proposition of Mr. W. S. Ladd, of Portland, Oregon, to endow a professorship with \$50,000, on conditions uniting the two Synods of the Pacific and the Columbia in the support and management of one Seminary. This will forbid competition and command the patronage of a vast territory. We have simply to hold our position and go forward, as God leads, to build up an institution in influence and usefulness equal to any in the world.

The Directors have elected Rev. H. J. Van Dyke, D.D., of Brooklyn, New York, Professor of Systematic Theology.

The number of students remains extremely small. No effort has been made to increase the number. Directors and Professors are working and waiting for improved facilities and stronger attractions. The students during the term made admirable use of their opportunities. We have equal occasion to commend the diligence and fidelity of the Professors.

Mrs. W. A. Scott has given 500 volumes, in addition to her former gift of 3300. This will increase the library to 14,100 volumes.

The Directors of the Seminary at the present time are:

The School opened punctually at the beginning of the year with all the Chairs filled and all the Professors in attendance except one, who was absent for a few weeks, laboring in the interest of the School.

The duties of the Professors, which have been discharged with great fidelity, were very laborious. They have, each of them, labored in the class-rooms an average of five hours a day throughout the term, in addition to the work of preparation for their classes.

The whole number of students in attendance was thirty, considerably more than in previous years. They have been earnest and diligent, and have made very satisfactory proficiency in their studies. The School examinations at the close of the term, as well as the examinations for licensure of members of the graduating class by the Presbytery of Dubuque, were highly creditable both to the pupils and their teachers.

Interesting commencement exercises were held at the close of the term in the Second Presbyterian Church of Dubuque, and an address was delivered to the students by Professor Willis G. Craig, D.D., of McCormick Theological Seminary.

Four students completed their course, viz: F. G. Lemuel, F. L. Wolters, L. H. Hayenga, H. A. Van Griethuysen. All of these received calls to churches before their graduation, and have already entered upon the work of the ministry.

The Faculty recognize the gracious hand of Providence, in the unbroken

and remarkable good health which has been vouchsafed, to both students and Professors throughout the year.

Previous to the opening of the term, the Academic Department was in some points remodeled, with a view to its greater efficiency, and the standard of scholarship was raised.

As an experiment, a few English-speaking pupils—not students for the ministry—were received into the Academic Department, for whom a tuition fee was charged, with the object of thus adding somewhat to the revenues of the School. The experiment was found impracticable and has been abandoned.

#### ALUMNI ASSOCIATION.

An Association of the Alumni was organized on the fourth of May, 1885, of which Professor Godfrey Moery is President, the Rev. Jacob Brinkema Vice-President, and the Rev. Ernst Schuette, D.D., Secretary and Treasurer. Its objects are to cherish the remembrance, and further the interests of the institution. All the Alumni are requested to identify themselves with the Association and heartily further its ends.

#### LIBRARY.

The number of volumes in the library of the School is about 1600. Additions have been made during the year, principally by donations from Messrs. Funk & Wagnalls, Charles Scribner's Sons, Armstrong & Son, and A. D. F. Randolph & Co., of New York city.

From the financial statement which accompanies this Report, it will be seen that our income for the year is considerably in excess of our expenditures. We wish, however, to call special attention to the fact that this excess is due to a legacy of about three thousand dollars, which was received. Our income, from those ordinary and habitual sources upon which the School must mainly depend, has fallen far short of our needs. In view of these facts it is necessary that we earnestly and urgently appeal to the liberality of the Church in support of our important work.

The Board desires to make grateful acknowledgment of the aid they have received from churches and individuals, and especially to express their great satisfaction at the almost unanimous response and liberal contributions of the German churches of the West.

## THE FACULTY.

The FACULTY consists of the following persons:

Rev. CHARLES E. KNOX, D.D., President and Professor of Homiletics,  
 Church Government and Pastoral Theology.  
 Rev. GEORGE C. SEIBERT, Ph.D., D.D., Professor of Biblical Exegesis

Professor WILLIAM LIBBY, Jr., Sc.D., on Glaciers.

Rev. CHARLES F. DEEMS, D.D., LL.D., on A Scotch Verdict.

Mr. PHÆBUS W. LYON, on The Danubian Principalities.

## THE STUDENTS.

The number of students connected with both departments is twenty-eight, all of whom have the ministry in view, and receive instruction for the sacred office. Eight of these students are in the Theological Classes, and twenty are in the Academic Department.

Three students were graduated at the annual commencement, June 24th, 1885, and are now pastors of churches.

Eight new students have been admitted during the year; five from Germany, one from Roumania and two from America. The prospect indicates an increase in the number of students during another year.

The endeavor to secure suitable students, out of whom to form a native ministry for the German people in America, is beset with the difficulties common to the formation of a native ministry in foreign mission lands. The number of students must necessarily be comparatively small, until the German Presbyterian churches are more numerous, and our American churches are more earnest in directing their German young men to the ministry.

*Additional Statements, outside of Treasurer's Account.*

*The Endowment.*—The German churches had contributed to their endowment of a German Professorship on May 1, 1885, \$1556.04; they have added to the fund during the year \$438.69, making the fund on May 1, 1886, \$1994.73. Their endeavor is to make the amount \$3000 before the close of the calendar year.

The unpaid subscription for the increase of the Newark Professorship is \$909.25. The subscription has reached the sum of \$25,000, and the Board of Directors have ordered that that amount be set aside, so soon as the remaining \$909.25 is paid, as a special fund for this purpose.

The plan proposed by the Synod of New Jersey to make an addition of \$10,000 to the Endowment Fund has been prosecuted during the year, and progress has been made. About \$4500 has been subscribed, most of which has been paid. In this \$4500 is included \$2096 for the completion of the \$25,000 for the Newark Professorship, already described. A friend of the institution, a resident of Newark, has subscribed, as part of the above \$4500, \$1000, on condition that the addition to the endowment shall be made \$20,000, instead of \$10,000, before January 1, 1887. For the additional or second \$10,000, some \$4000 has been secured, of which \$2049.03 is represented in the German Professorship Fund, in the care of a separate German Treasurer; \$1000, received by the bequest of the late Mrs. Eliza Knox Williams; a subscription of \$100, paid by the executors of the late Aaron Price, of Newark, and some small amounts received in Philadelphia, are paid. It is hoped that the full amount of \$20,000 will be secured within the time specified.

Mr. Thomas Williams, of Vernon, N. Y., has made a special contribution for a definite object. This donation consists of a plot of land at Point Pleasant, N. J., surveyed and mapped in streets and lots and valued at \$6000. It is appropriated to the purchase of a lot and the erection of a house, which is to be under the use and control of his brother-in-law, the present President of the German Theological School, during his lifetime, and afterwards to be the property of the Seminary as a President's House.

The bequest of \$1000 by Mrs. Eliza Knox Williams is appropriated to a Scholarship to be called by her name and is represented in a dwelling-house situated on one of the lots of the above tract.

The total amount received from all sources during the year has been :

Total amount received, . . . . . \$21,943 38

We have received a larger total amount from all sources than during any preceding year. Although we have still the indebtedness in the current account incurred in previous years, we have reason to thank God and to take courage.

The German friends—ministers and laymen—of the late Rev. John Neander, of Brooklyn, have purchased his library, at a cost of four hundred dollars, and have presented it to the Seminary. There are some nine hundred and thirty volumes, the most valuable of which are the Talmud and Rabbinical Commentaries.

The statistical reports of the churches under the care of the alumni are published in the Catalogue. The summaries for the year 1884-85 exhibit the following results:

|                                                  |      |

| Number of Sunday-school members, . . . . .       | 6448 |
| Number of members added to the Church, . . . . . | 530  |

With these alumni are intimately associated some eight German pastors, not alumni, who have eleven churches under their care, with 2230 members of the Church and 3560 members of the Sunday-school. Together the Church membership numbers 6572 and the Sunday-school membership 10,008.

The financial results in churches under the care of the alumni were for the year 1885-86:

The importance and the great need of a special institution, for preaching the Gospel to the German people, was never more evident than to-day, when designing men, in the interest of disorder, are endeavoring to make themselves the leaders of our foreign population. Spiritual leaders, well trained in mental and religious power, are, it may be, a slow growth, but when they are fully matured, they are a mighty force for the protection and promotion of the dearest interests of society and of the immortal soul. The prayers, the sympathies and the earnest support of the Church should place the institution, in a position to increase its educational and spiritual power.

## IRREGULAR.

Joseph A. Brown,

Kingston, Jamaica.

The Academical year began on Thursday, the 16th of September, 1885. The opening address was delivered by Rev. G. T. Woodhull, D.D., on the importance and responsibility of ministerial work: 1 Tim. iii: 1, "This is a true saying, If a man desire the office of a bishop, he desireth a good work."

The Annual Sermon to the students was preached in the Chapel on Sabbath, the 18th of April, by the Rev. William P. Breed, D.D., from 2 Tim. ii: 15, "Study to show thyself approved unto God, a workman that needeth not to be ashamed."

The commencement exercises took place on Wednesday, the 21st of April, and the degree of S. T. B. was conferred on all the members of the Senior Class. Messrs. E. F. Eggleston and C. Lawton have been licensed to preach the Gospel, and Yorke Jones has been ordained.

It will be gratifying to the Assembly to know that through the favor of Rev. William A. Holliday, D.D., \$15,000 have been offered to Lincoln University for the more complete endowment of the Chair of Natural Science, upon conditions heartily accepted by the Trustees. This important department of instruction, through which all our candidates for the ministry are carried, will at an early day be placed upon a permanent foundation. Seven thousand dollars had previously been placed in the hands of the Board for the same purpose.

The institution has enjoyed another season of religious interest, during which several students in the Collegiate Department made profession of faith in Jesus Christ. The whole number of students in all the departments during the past year has been 181. One hundred and seventy-one are professors of religion. Only 10 make no profession. Of the professors of religion, 98 are Presbyterians, 47 are Baptists, 20 are Methodists, 5 are Episcopalians, and 1 is a Campbellite. Including the students in the Theological Department, there are in the institution 110 candidates for the ministry.

At the annual meeting of the Board of Trustees, on the third of June, 1885, the Rev. David E. Shaw, A.M., of the United Presbyterian Church, was unanimously elected Professor of Hebrew and Old Testament Literature. During the year Professor Shaw has given instruction in Ecclesiastical History, and also in General History, to the students in the Collegiate Department.

At the same meeting of the Board it was

*Resolved*, 1. That we hereby establish a Chair of Instruction in the Theological Department, to be called in the records of the University, "The Chair of Instruction in the English Version of the Bible," and that among the duties of this Chair shall be: The giving of instruction in the subject of Versions of the Sacred Scriptures, including English Versions, and especially the Authorized Version; a course of instruction in the historical contents of the Old and New Testaments; a course of instruction in the different forms of Sacred Literature contained in the several Books; and a special course of instruction in the Prophecies of the Bible.

*Resolved*, 2. The design of the Board of Trustees in establishing this Chair is to secure that, no student shall be graduated from the Theological Department of this institution, without acquiring a thorough knowledge of the Bible in the English Language. To this end the Board of Trustees enjoins it upon the Faculty of Theology to require the students, under the direction of the incumbent of this Chair, to read the whole Bible carefully and studiously, and to commit to memory such passages as may be assigned to them. To this Chair of Instruction in the English Version of the Bible the Board of Trustees transferred the Rev. Benjamin T. Jones, from the

Chair of Sacred Rhetoric, in which he had been confirmed by the General Assembly.

The Board of Trustees also elected the Rev. Samuel A. Martin, A.M., of the Presbytery of Westminster, to the William E. Dodge Professorship of Sacred Rhetoric.

By invitation of the Faculty, Rev. John B. Rendall, Professor of Latin in the Collegiate Department, has given instruction to the Junior Class in Ecclesiastical Latin. During the year the class has read with much interest Tertullian's *Ad Martyres*.

The attention of the Assembly is particularly directed to these changes and appointments, and their approval respectfully invited.

The INCOME from the Endowment Fund has been as follows:

Of these Endowments only the William E. Dodge and the John C. Baldwin Professorships, and the John Dunlap and Wm. W. Watson Scholarships, were by the founders distinctly designated to the Theological Department of our work.

At the last Annual Meeting of the General Assembly, in Cincinnati, it was resolved that the Board of Missions for Freedmen, and the Board of Trustees of Lincoln University, be recommended to confer together, with a view to some closer coöperation in their common work in behalf of the colored race (*Minutes*, 1885, p. 648).

The Board of Missions for Freedmen, after conference with the representatives of Lincoln University, agreed to a plan of coöperation in the following particulars:

I. The Board of Missions for Freedmen, having examined the organization and methods of Lincoln University, and having knowledge of its resources for the training of theological students, expressed its approval of the said institution, and agreed to adopt it (with other institutions) as a suitable agency for theological education.

II. The Board of Missions for Freedmen agreed to pay annually the salary of one Professor in Lincoln University. But among the conditions, upon which the Board of Missions for Freedmen insisted, were two to which the Board of Trustees of Lincoln University could not consent.

The first was, "That this coöperation should cease, at the option of either party to this agreement, if dissatisfied with its workings, at the end of any educational year, three months previous notice having been given." The second was, "That it should be understood that whenever the representatives of Lincoln University should present its claims for funds to churches, it must be distinctly stated that, the contributions then made must not be a substitute for the one to the general work of the Board of Missions for Freedmen."

To the first our answer was, in substance, that Lincoln University has always tried to attract to its chairs of instruction not educational experimenters, nor ministerial adventurers, but men who would be willing to take up this work for the negro as a life work; that this work is not a temporary work, and it is a part of the inducement to enter on this field of labor that the call is to work in Christ's harvest to the end of his days; that we could not call competent ministers from permanent pastorates to precarious chairs of instruction, and that we could not enlarge our course of instruction by the introduction of a new subject of study, and then lose this attraction without depressing the enthusiasm of our students and dis-

appointing their awakened expectations; that it would do us irreparable harm to enter upon this coöperation, drawing the attention of the Church to our union, and then to receive notice from the Board of Missions for Freedmen that it must cease. In such a case it would be impossible to protect ourselves against injurious suspicions, which might not be the mind of that Board, but which would undermine the confidence of the friends of the higher education of the Freedmen.

To the second it was answered, that from the foundation of Lincoln University, before the existence of the Freedmen's Board, the General Assembly had sanctioned our direct appeal to the churches, and had encouraged their liberality to sustain and endow our educational work, and that we hoped the Board of Missions for Freedmen, in entering upon coöperation, would not demand a change in our relations to the churches, so long and repeatedly recognized by the General Assembly, nor subject our coöperation to the liability of annual interruption.

The answer of the Board of Missions was conveyed to us in the following resolution:

*"It was resolved,* That the Board of Missions for Freedmen, in view of all the circumstances, does not see its way clear to recede from the propositions made by it as a basis for coöperation with the Trustees of Lincoln University, and the Secretary was directed to communicate this action of the Board to the Trustees of Lincoln University."

With gratitude to God for continued tokens of his favor, this Report is respectfully submitted.

By order of the Faculty,

I. N. RENDALL, *President.*

Since our last Annual Report, Messrs. David Brown, of North Carolina, and William G. White, of South Carolina, have completed the three years' course of study.

Messrs. Augustus U. Frierson, Benjamin F. Murray, Furman L. Brodie Benjamin L. Glenn and Nathan Bell have matriculated.

The following students have received instruction during the year in their several classes :

Notwithstanding the limited number of professors in this department of the University, we have provided instruction in all the various branches of a Theological course, including the study of the Greek and Hebrew Scriptures. A shorter course is provided for those who have not had the advantages of a collegiate training. All but three of those named above are taking a full course. The students have special advantages in practical training, as all of them are employed in mission work in the churches in the vicinity. In connection with the other departments of the University, the students have had during the present year, the benefit of two lectures on the "English Bible," and one on the "Life and Work of Luther."

In all departments, we have enrolled 136 students, over 100 of whom are church members, and fifty-six are preparing for the ministry.

Since our last Report, Messrs. David Brown, Irby D. Davis, George S. Luper and William E. Partee have been ordained, and are engaged in their appropriate work at different points in North Carolina.

The library has been increased during the year by gift and purchase about 150 volumes, and now contains over 3000 volumes. No additions have been made to our permanent funds during the year, but friends have contributed for students' aid and current expenses, \$2576.75, and the income of scholarship funds has amounted to \$580.

The students in all departments of the University have been generally diligent, and have made commendable progress in their studies.

We imperatively need an increased number of instructors, and increased funds to aid students, and to provide better facilities for their comfort. To supply these needs, we must look directly to the General Assembly, to which the University holds special relations. Planted and fostered by the Assembly's Board for Freedmen, and dependent upon that Board for the salaries of professors and teachers, and having no soliciting agents before the churches, it must depend for success upon the intelligent interest taken in it by the Assembly and its Board for Freedmen. It is the only representative of its class which the Church has in the South, and a just denominational pride, as well as regard for the interest of the millions of Freedmen, demands that in all its facilities it be made equal to the best of other similar institutions in the country. For this purpose, we think it would be wise to appoint, at an early day, a competent financial agent to procure the funds needed.

With the earnest hope that the Assembly will devise liberal things for her foster child in this Southland, this Report is respectfully submitted.

By order of the Faculty,

STEPHEN MATTOON, *Chairman.*

### ABSTRACT OF THE FIFTEENTH ANNUAL REPORT.

First of all, we desire to make due acknowledgment of the goodness of Almighty God. None of the members of the Board or of its officers have been called away by death; and while this is more than can be said of the missionaries, a smaller number than usual of them have died—the greater part having been spared through the year to labor in the Master's vineyard with very encouraging results, as the facts hereinafter set forth will abundantly show.

We take occasion to thank the Presbyteries for their vigilance and care; and especially the Chairmen of the various Presbyterian Committees on Home Missions for keeping our work before the pastors and all the people, and for

patiently and persistently presenting to them the great importance of the Board of Home Missions.

The Woman's Executive Committee, and all the assistant workers throughout the country, have labored with most admirable zeal in behalf of the "exceptional populations;" they have also contributed larger sums than ever before, and added new interest to the subject of Home Missions in all parts of the land. The Sabbath-schools have also contributed more to the Board than during any preceding year.

We desire to make honorable mention of those who have died in our service. Their names are Geo. W. Leonard, Utah; C. G. Vor Thoren, Iowa; C. W. Alexander, Texas; John C. Young, Missouri; Thomas M. Christie, California; James Petrie, Pennsylvania.

#### OUR FINANCES.

If we consider the aggregate receipts of the Board for the past year, its financial condition may be pronounced prosperous and full of encouragement. Including what came into the treasury for the liquidation of the debt, the receipts reached the unprecedented sum of \$671,728.70. But the most conspicuous fact in the history of the year was

#### OUR ENORMOUS DEBT.

We closed the last year with a debt, including that of the Woman's Executive Committee, amounting to \$139,708. The result was wholly unexpected; our receipts for the seven preceding years showing an annual average increase of over \$47,000. Had that average been kept up, our receipts that year would have reached nearly the \$650,000 recommended by the preceding General Assembly, and have left us substantially free from debt. Notwithstanding the hard times, the churches came up manfully to these figures, having given \$28,000 more than ever before. But we found that the debt came mostly from the falling off of legacies. The legacies in 1882 were \$55,000; in 1883, \$103,000; in 1884, \$151,000; but in 1885 only \$55,000, or \$96,000 short of the previous year.

We could say at the beginning of the last year that "there are vast fields of promise open to us and demanding the Gospel at once."

But when we looked at the debt we were constrained to resolve:

"1. That no new work be undertaken, or enlarged responsibilities assumed, while our treasury remains in its present condition.

"2. That the work already in hand be abridged, and the expenses reduced wherever this can be done without serious loss.

"3. That our monthly schedules, which represent the needs and demands of the work on the one hand, and its cost on the other, be scaled down at an average of twenty-five per cent. This is a desperate and cruel remedy, but it is made under the pressure of a necessity which knows no law and which takes no counsel of mercy. A great emergency is upon us; not only is our treasury empty, but the limit of our legitimate borrowing capacity is also reached. All the securities which we are at liberty to use as collaterals are already pledged."

When the Annual Report was laid before the General Assembly, that body greatly interested itself in the subject, and unanimously and enthusiastically resolved to pay off this debt by the first of October next; if possible, by August 1st. (See Minutes of 1885, pp. 648, 649.)

#### THE WORK OF THE YEAR.

Notwithstanding the burden of our debt and the order not to take up new work, the preaching of the Gospel has not been in vain. The churches have been strengthened, many revivals have been enjoyed, and our missionaries have reached out beyond central points, and new Sabbath-schools and churches have been organized. The growth of the work has been most encouraging.

The number of missionaries employed during the whole or part of the last year was 1367. As a result of their labors, 15,695 have been gathered into the churches—9561 by confession of faith and 6134 by letter.

## BUT WHAT OF THE YEAR TO COME?

The same brilliant prospects of a year ago still continue. Some golden opportunities that were present at that time have passed beyond our reach. Others have come into possession of fields that were fairly our own; but work enough remains for all. The population increases, especially in the West; new railroads are being built; new towns are springing up that need and call for missionaries, churches and Sabbath-schools. We know of no better way to set this matter before the Church than to give the testimony of living witnesses in different parts of the field. Beginning with the Synod of Michigan:

Rev. Theo. D. Marsh, Superintendent of Home Missions, says:

"In answer to your inquiries, we are needing sixteen men now to fill vacancies that need permanent pastors."

Dr. Wishard, Synodical missionary of Kentucky, says:

"We greatly need *twelve men* to occupy eighteen vacancies; that is, ten county-seats, with eight vacancies adjacent, are pleading for the Gospel. Every one of the above places has suffered."

As to Texas, Rev. Dr. H. S. Little, the Synodical missionary, writes:

"As to the wonderful outlook in our Texas work, let me say: One brother preaches in five counties and in twelve places; each county is thirty miles square. Then there are several just such vast districts that need to be occupied at once, where earnest men could prepare the way for enough workers to constitute a new presbytery. Give us twelve men at once, and twice as many more in a year, and every man that loves God will praise Him for the wonders of grace accomplished in Texas."

As to the Indian Territory, Dr. Timothy Hill says:

"1. All these five nations, Cherokees, Choctaws, Chickasaws, Creeks and Seminoles, may be called Christians.

"2. These tribes are not wasting away, but are increasing, and, in connection with the half-breed element, some of them are increasing rapidly.

"3. Mingled among these people is a large and constantly increasing multitude of white people. It is quite probable that the actual number of whites now living in the Territory is quite equal to the entire Indian population, and is constantly increasing.

"Whatever may be the final status of that Territory, the white population will soon be in the majority, and they are there to stay. For this class there are no schools, except as they are furnished by the various missionary societies and Boards.

"4. The colored people are increasing rapidly. They are Indian citizens, and as such are in a more favorable situation than any other class of colored people in America. They are in most cases favorably disposed toward the Presbyterian Church, in consequence of the kindness received from the former missionaries.

"This field, so far as the five tribes are concerned, has been sown thickly with the seed of the Gospel and watered with the tears of holy men. The dying wail of these people goes up daily into the ears of the Lord of Hosts, and woe to His Church if they refuse to hear it. We need, at the earliest practicable time, seven good men."

As to Kansas, a missionary writes from West Plains: "Can there not be more laborers sent to Southwest Kansas?" A member of the Presbytery of Larned says: "The immigration into Southwestern Kansas is unprecedented in the history of immigration into any part of the State, it being confidently asserted that 50,000 persons have settled in the region now covered by Larned Presbytery, within a year from April, 1885. An unusually large proportion of the Christian people among these immigrants are Presbyterians, and students leaving the seminaries can find nowhere a field promising such rich returns for well-directed labor."

A missionary in Nebraska writes as follows: "There is a large territory opening in the north-west corner of the State, and extending to its western border, which ought to be looked after this summer. A new railroad is being rapidly extended through to the Black Hills, and all along its line the people are pouring in. It is my opinion that our Presbytery could wisely employ at least four men in developing new territory during this year."

Another missionary in Nebraska says: "L. County is a very needy field. I know of but one minister of any name in the county. The people are anxious to have me preach to them. 'They are as sheep without a shepherd.'"

The Synodical missionary of Iowa writes: "If the Board could meet the demands for assistance in supporting them, we could wisely employ for the coming year from twelve to fifteen more men than we now have in sight. And several of these men would be on very important fields with growing promise, while some would be needed on fields like those in the more Eastern States, where the duty of the hour is to hold on to what remains, care for those whose time of activity is past, and whose strength has been given to the newer work by way of immigration."

The Synodical missionary of Minnesota says: "We could, in the four Presbyteries, use fifteen (15) new men if we had the means—some in new places, some where old work needs reviving. Some of our few self-supporting churches have almost gone back on account of inability. Yet, better days are coming; revivals of unusual power have been enjoyed at Owatonna, Balaton, Beaver Creek, and Argyle; and a number of other places are just now in the midst of good meetings. These revivals will work changes, and soon bring on a crop of self-supporting churches."

The Synodical missionary of Southern Dakota says: "We need thirty men in all; for now there are tokens of an advance along the whole line in railroad building, and consequent opening of new territory, and now is the time. We shall suffer severely if we do not occupy the Black Hills region. We ought to have enough men to form a Presbytery. I am more and more convinced that now is our time to gain a firm footing in this rich mineral country."

The Synodical missionary in Northern Dakota says: "I give you sixteen fields which need men. How are we to hold them without men? We have lost much already; will lose more unless we can have more men. Give us the ability, if you can, not only to hold, but to go forward, and do for our brethren in the work what is rendered imperative by their self-denial and suffering."

The Presbyterian missionary of Montana writes as follows: "We have had a church organization at White Sulphur Springs since January 1st, 1882. From White Sulphur Springs I went north-east to the Judith basin. Lewistown is a new county-town in the centre of this very fertile region, an excellent stock country. I have thirty-two names to a petition asking for a church there. Philbrook, forty-five miles from Lewistown, is the centre of another very promising region. I expect to organize there with about twenty-five members. The people in this region are intelligent, refined and prosperous. I consider it, next to Anaconda, the most important unoccupied field in the Territory. I will not stop now to speak of other points of importance. We must have seven more men. Ellis, at Stevensville and Corvallis, is killing himself. He has eight regular preaching places, and four others ask his attention."

From Washington Territory, a missionary writes: "I have just returned from a trip I took as far as Moscow. That is a nice town, has greatly improved since the railroad came in there last summer, and we ought to have a man there at once. There are many places also contiguous to it, where churches of our denomination could be formed. Indeed, that whole region is white to the harvest, but the laborers how few! I think we could organize a score of churches in two or three months if we had men to work up the fields now unoccupied. But we have resolved we will organize no faster than we can foster the churches when organized. We could wisely give employment to twenty men in our Presbytery at the present time, and plant each man in some good and hopeful field." Another missionary in the same Territory writes: "There is every prospect of a prosperous business season before us, and new-comers appear continually. The surrounding country is also developing rapidly. The little church at Rathdrum still prays and waits for a settled pastor. The Presbyterian Committee on Home Missions calls for a man to take charge of Rathdrum and Coeur d'Alene City. I hope he will come soon, as they are very hungry at Rathdrum."

More than one hundred and fifty ministers are called for by these men, resident in the several States and Territories, and who know whereof they

affirm. They are not wanted to dispossess any other denominations, but to fill Presbyterian pulpits or fields where Presbyterian people are calling to us for help, and are hungering for the Word, and not likely to have it but at our hands. Additional ministers are also wanted in New England and Florida, Wisconsin, Missouri, Colorado, and in the Territories of Wyoming, Utah and Idaho. But any view of the field would be incomplete without noticing the work done by and demanded of us among the exceptional populations.

### 1. AMONG THE INDIANS.

Alaska, since the time of the purchase of the Territory by the United States Government, had remained uncared for, almost unvisited and unknown, till the religious condition of the natives arrested the attention of our Church as a missionary field. The establishment of government in Alaska is the direct result of missionary labors there. With the establishment of law and order and setting up of schools among the natives, the present time is most auspicious for pushing forward the work.

But missionaries and teachers, schools and churches among various tribes of Indians elsewhere have done much to awaken such an interest in the Indian's welfare as probably the country has never seen before. The Indians are being sought out in all their reservations—the Government is ready to undertake more for them than ever before. The open doors before our Church never were so numerous as now. More schools are needed, more missionaries, and more chapels and school buildings.

### 2. THE MORMONS.

The present condition of our work in Utah is as follows: We have nineteen missionaries, seventy teachers, thirty-eight schools and 411 church members, and about 2000 pupils, of whom 1500 are Mormons.

A late writer speaks of "the steady and most serious inroads which for five or ten years the rapidly increasing Christian schools and the rising tide of the Church work have been making upon Mormon faith and practice." And he adds: "The Christian school work is to be set down as second to none of the forces coöperating for the regeneration of Utah." And what is better still, our Synodical missionary in Utah says: "I am fully persuaded that the time has come in this Territory for more preaching of the Word. The people come out—the attention is good."

### 3. NEW MEXICO.

In this Territory we have schools both for the Mexicans and Indians. We have enlarged our work among the Pueblo Indians somewhat during the past year. The Indian Training School at Albuquerque is the central point into which the Indian children have been gathered, and we have had no difficulty in obtaining all we could accommodate. Our opportunities to establish schools far outrun our ability to maintain them. Says a missionary in New Mexico: "This whole lower half of New Mexico, outside of Las Cruces is destitute of religious teaching. My heart yearns for these poor people. They are waking more to the truth, and if we cannot do something for them, who will?"

### WOMAN'S WORK.

All this school work has been committed to the women of our Church. And while their resources have steadily increased since their organization, the work still outruns their income. Their success has created new demands; there is all the time more work than they can do.

New schools are needed on every hand. Many new school buildings are needed, and many now in use need enlargement, and new equipment in the different tribes and Territories; and yet not one half of the women in our Church take any part in this great work.

The following is a summary of the schools and teachers among the exceptional populations of our land, viz :

|                                | Schools. | Teachers. |

#### NEW TOPICS.

As time goes on, and the work of Home Missions grows, it seems naturally to embrace within its range certain subjects which have also grown in importance, or with which the Church regards the Board better able to grapple than ever before. Of these :—

##### 1. THE EVANGELIZATION OF CITIES.

We have already written on this subject in previous reports ; but the subject grows in magnitude and importance, and we are constrained to call the attention of the Assembly to it anew.

For while a new impetus has been given to the work of city evangelization, it is believed that we are not yet fully aware of its importance. We are told that one-fourth of the entire population of the country is in cities of not less than 8000 people each. The cities, if neglected, are seats of power for evil. There the liquor power is overwhelming ; strikes are usually organized in cities ; Sabbath desecration is more defiant and is well organized ; vice is more flagrant, because more easily concealed. These and other things render the thorough evangelization of cities an object of supreme importance to the best interests of the entire nation. Make the populations of our great cities really and practically Christian, and no argument will be needed to show that the baleful influence of their ignorant, poor, and vicious classes, as well as of their pleasure-loving, covetous, rich and half skeptical people would be changed to a power for good which would make itself felt in all the smaller towns and rural districts, in favor of sound morals, Christian education, and Bible religion.

The unsettled and disturbed condition of affairs in our cities during the winter past, the conflict between labor and capital, seem to make it more than ever our duty to apply the remedy ; to give the Gospel more fully to all the people in our great cities as the only panacea for the social and all the other ills that are caused or fostered by them. We cannot act too promptly or vigorously.

Nearly related to this topic is another, namely :—

##### 2. OUR FOREIGN POPULATION.

It is not a new thing to call the attention of the Assembly to the immense immigration to our shores. The Scotch, the English, the Scotch-Irish, and Welsh, we have welcomed to the fellowship of our Protestant churches. But so many representatives of other nations are hurrying to our shores, that the subject seems to assume new importance.

The French Canadians already number 300,000 in New England. The Bohemians, Germans, Danes, Norwegians, Swedes, Russians and Hungarians, arriving at the port of New York alone, for the years 1880 to 1884, inclusive, number 1,220,552. The German immigration was over 820,000, or 41 per cent of the entire foreign-born German population in the United States in 1880. The Bohemians 42.6 per cent. The Scandinavian population has advanced on the same basis 57.9 per cent, and the Russians have increased 15.1 per cent, and the Hungarians 47.5 per cent.

More than half of these continental people are to be found in the great Central West. They are to be found in great numbers in our Western cities, and adding largely to all the dangerous elements therein. In Chicago there are 40,000 Bohemians, 10,000 Poles and 200,000 Germans, or one-third of the entire population, while in St. Louis the proportion is still greater. In Kansas City there are 12,000 Germans. In Milwaukee, there are over 16,000 Germans, while the population of the State is 72.5 per cent of foreign parentage.

### 3. SCHOOL WORK IN THE SOUTH.

Among Presbyterians, religion and knowledge go hand in hand; churches and schools supplement and assist each other. Where Presbyterians plant themselves they are sure to want a church and a school. So colleges and academies and common schools are a necessity to the Presbyterian Church. And, hence, our Church at large may not expect, for any great length of time, to escape appeals for aid to plant and sustain institutions of learning, when they are giving money to plant churches. Historically, if not logically, the two go together. The Presbyterian Church does not prosper in ignorance or illiteracy.

In pushing our missionary work into the South, we have struck another great mass of illiteracy, this time among the whites. They do not say "your General Assembly have done so much for the South; now, can you do something for us?" no; they are too independent for that; but there they are. The census tells the story. These people want education for their children. When opportunity is offered they speak in terms that would stir the hearts of this General Assembly to their depths if they could be heard. These hardy mountaineers are eager for schools. They say we are poor, we have no knowledge of the common school system—give us a leader—show us how to begin, and give us a start, and then leave us to ourselves. The first expressed want is an academy—and perhaps they are quite right, for if universal education is to be introduced in their States, as the common school system is in some other States, the first want is the education of their sons and daughters that they may become teachers.

Rev. Prof. T. J. Lamar, of Maryville College, Tennessee, writes of the mountain region of the Central South, and says:

"This district includes all East Tennessee to the western slope of the Cumberland Plateau, all of Western North Carolina, Southwestern Virginia, Southern and Eastern Kentucky, contiguous to Eastern Tennessee and the two Virginias, and Northern Georgia.

"Well-trained and thoroughly qualified teachers, with their whole heart and soul in the work, would soon do much to instruct the entire people in the common school system, by practically demonstrating to them what a good school is and what it means.

"Some time ago I wrote to one of our best and most philanthropic men in the North, that, if I had at my disposal, annually, \$10,000, I could use it all in sustaining and running ten Christian academies, to stand here and there over this destitute, illiterate district as lights shining in dark places."

Rev. J. M. Davies, Synodical missionary of Tennessee, writes as follows:

"Fifteen Southern States—Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia—have an enrolled school population of 3,000,000.

"The school population of Tennessee, between the ages of six and twenty-one, is about 600,000. In round numbers, half of these youths are enrolled, while the average daily attendance is about one-third. The average number of days taught during the year is equivalent to two and one-half months."

The Rev. N. Bachman, of Knoxville, in answering the question: What does this Switzerland of America need in order to make it a rich blessing to the country at large? says, among other things:

"She needs education, and education under Christian teachers. In the valleys and along the main lines of travel you will find culture and refinement; but in many of the mountain counties and remote districts the illit-

eracy is very great. In one of these counties a resident physician, who has traveled over the greater part of it, estimates that not twenty per cent of the women can read.

"This illiteracy is not so much the fault as the misfortune of this people. For generations they have been shut out from all educational advantages.

"The Synod of Tennessee has done something; and yet what she has done is but a little of what she could and would do in this direction, if the poor young men in these neglected counties were gathered up into Christian schools—and schools that would be under the positive and moulding influence of our Church.

"If we could establish and maintain, here and there in these neglected regions, a few good schools, presided over by good men, we should soon see, I have no doubt, very happy results."

The same state of things, to a certain extent, is in Kentucky.

Rev. S. E. Wishard, D.D., Synodical missionary in Kentucky, says:

"Before our Synods and Presbyteries I have constantly advocated the establishment of academies, especially through the thirty-seven mountain counties. Our school fund in Kentucky is inadequate. We have 320,000 people in the thirty-seven mountain counties, of whom 132,000 are of proper school-age. We ought to have from four to six academies located at proper intervals, as educational centres in the mountains. Of the forty-three members received into a church recently, nine were young men and women engaged in teaching in the county. These young men and women (with many others) want more education.

"Be assured of one thing—you cannot overstate the importance of educational work in conjunction with Gospel work. They must go together.

"It is a shame, a dishonor, and a loss to our national life, that such material, out of which noble men and women are to be made, should pass away undeveloped."

#### THE NEW OPENING FIELDS.

God's blessing on our labors creates enlarged demands for more laborers and necessitates enlarged expenditures. Nothing can be more manifest.

The Board is constantly calling for laborers—and for means for their support. But the Board does not create the demands. We venture to assume that that is God's work, and that we only give voice to the call of God. Some of the people seem to be displeased with our constant appeals; but we do not build the railroads that lay open new and wide sections of the country to settlement. It is not the Board, but God, that is behind the thousands of immigrants that fill these wide fields. God is over all and guiding all. The missionary who preëmpted six counties for Christ in Southwestern Kansas must have six more men soon. The missionary who has held the ground at the Black Hills a whole year at his own expense must have the helpers he has been begging for. The one man in many such wide fields has gone from place to place and lifted his voice for Christ, and the people hear him gladly; and they want such a man as he is, a Presbyterian, to come and preach to them—yes, "one, two, three, four," or six or more. Is not that God's call to our Church? If they had been men that none had cared to hear, or to hear others like them, how should we have mourned and hung our heads for shame? But now that many more like them are called for, and means to sustain them, shall we become impatient that the open doors are so numerous, the calls so many and so urgent? For our ingratitude and sluggishness and avarice, God might have left our Church without an open door and without a call. Instead of that, He spreads out before us the wide and ripening harvests, and bids us enter and reap.

#### A WORD WITH THE PRESBYTERIES.

We have already recognized the assistance the Presbyteries have rendered us in our work; more properly, it is their work, in which we are appointed by the Assembly to assist them. Hence, we come to ask you, what shall we do? What will you help us to do? We have tried to lay before you the magnitude of the want. Shall we undertake it? Dare we neglect it?

Two questions press upon us.

1. Can you not call for less aid from the Board, yet do no injustice to churches within your own bounds? Churches are liable to rely on the Board too long and for too large amounts.

Feeble churches sometimes need some gentle compulsion. The young eagle may not dare try its own pinions till the parent bird stirs up the nest and turns the youngster out. Can you not, with gentle presbyterial pressure, secure a determination on the part of feeble churches to assume self-support? How else can we secure the funds to carry the Gospel to the regions beyond?

2. Can you not secure generous—more generous—contributions for our Board? They need to be both more generous and more general. We beg of you to take this cause to your hearts, and make it a fixed purpose to obtain contributions from every church and Sabbath-school, so that in all the new States and Territories the Home Missionary work may receive a new impulse and make a more manifest advance?

#### THE SUSTENTATION DEPARTMENT.

This department of our work has been maintained, as in previous years, though with diminished receipts, probably on account of the efforts made for the reconstruction of the scheme by the great Synods of New York, New Jersey and Pennsylvania, which it is to be hoped will reach a satisfactory adjustment during the present year.

## ABSTRACT OF THE FORTY-NINTH ANNUAL REPORT.

### RECEIPTS, EXPENDITURES AND STATISTICS OF THE MISSIONS.

The Board desires to express its grateful sense of the Divine goodness which has attended its efforts. It would recognize, also, the fact that the Spirit of God has moved the hearts of His people to sustain the Board in carrying out the appropriations which were made at the beginning of the year.

The year has been one of especial prosperity in Japan, where large accessions have been made. The Union Church, with which our mission is connected, reports a gain in church membership of eighty per cent in two years.

In China, both north and south, no little disturbance has existed, partially as a result of the late Franco-Chinese war, and partly in consequence of the outrages committed upon the Chinese in this country. Notwithstanding this, encouraging progress has been made, and in the South special advantages have been gained in a peaceful occupation both of Kwang Sai province and of the great Island of Hainan.

The newly formed Korean Mission has met with no reversals, but, instead, a still wider influence and a more favorable position have been gained with the government and the people.

General prosperity and a sure, but not rapid, advance have marked the year in the Missions of India, while in Siam and Laos signal encouragements have been given to our missionaries.

The Syria Mission has experienced blessed reviving influences, especially in Beirut, and new evidences have appeared of that general leaven which is affecting all society, and especially the social condition of woman.

In Persia, also, the work has prospered, and the churches have advanced in strength and influence. Signal usefulness has marked the schools and the medical mission.

In Africa, notwithstanding the insalubrity of the climate and the restrictions of the French, there have been considerable accessions to the churches in the northern part of the field, and the recent establishment of German jurisdiction in that region may be recorded as an element of great encouragement.

The Mission in Mexico has been gradually perfecting its organization and arrangement of fields, and has given increased attention to theological education and to the work of the press. A goodly number have been added to the churches.

The work in Peru and Colombia has met with serious discouragements, owing in part to the disturbed condition of the country; but in Chili and Brazil a good degree of progress has been made.

The evil results which it was feared might follow the change of administration in Guatemala have not occurred, and the Mission has been undisturbed.

The work among the Indians of our own country, always beset with difficulties, has been faithfully prosecuted, and with some blessed fruits.

The work among the Chinese has suffered from the public hostility toward these people, but some decided steps in advance have been made, and on the part of Christian people all over the land there is an increased disposition to give them sympathy and instruction.

The Board has been called to mourn the loss of one of its Corresponding

Secretaries, Rev. David Irving, D.D., who died on the 12th of October, after a protracted illness.

Dr. Irving was first engaged from the year 1846 to 1849 as a missionary of the Board in Northern India, but being compelled to return home, he spent some years in the pastorate of churches, always strongly advocating the cause of missions. In 1865 he was appointed a Secretary of the Board, and from thenceforth devoted his whole life and strength to the great cause. The vacancy which his death occasioned was filled by the appointment of Rev. John Gillespie, D.D., who entered upon his duties on the 1st of February, and has since given himself earnestly to the work.

In the ranks of our missionaries five deaths have occurred during this year. Rev. John Butler, of the Central China Mission, died suddenly of cholera at Kukiang, while returning with his family and other missionaries from a mission meeting at Nanking; Mrs. Dr. John G. Kerr, of the Canton Mission, died on the 1st of April, while on leave of absence in this country; Mrs. Asher Wright, for fifty-three years a member of the Seneca Mission, died at the Cattaraugus station, January 21st; Mrs. M. E. Beall died at Saltillo, Mexico, in May; Miss S. M. Coffman, of the Siam Mission, in November. More particular reference to the character and work of these faithful missionaries is made in the reports of the missions with which they were connected.

The total Receipts of the Board have been as follows :

The Woman's Boards of Foreign Missions have continued their generous support, aggregating a total contribution of \$224,025.40. As a rule, these helpful auxiliaries have shown a handsome advance from year to year, even when other resources fell short, but in their gifts for the past year they have fallen \$573.15 behind the total reported in 1885. This small shrinkage is not due to any relaxation of effort, but is supposed to have been occasioned by the diversion of woman's work to other objects. It is to be hoped that while neglecting no other interest, the women of the Church will remember the vast proportions of the work which is the only hope of uncounted millions of their sex now in the utter darkness of heathen superstition.

The Board takes pleasure in recognizing the generous gifts of individual donors, both to the general fund for current work and toward the liquidation of the debt. It also appreciates the special efforts of those churches which have contributed toward the payment of the debt in addition to their regular annual collections.

A total of \$5269 has been given by the Sabbath-schools as a Christmas offering, and it is a hopeful feature of this effort that the schools in nearly all the mission fields have taken a part, and in many cases very generously.

But even with these special gifts, the total direct contributions from the Sabbath-schools has fallen considerably below the total of the previous year. There is great reason to fear that only to a very inadequate degree are our Sabbath-schools taught to realize the duty of giving for the enlightenment of the heathen, and so preparing to carry forward the great work which the passing generation has inaugurated.

From bequests the Board has received \$111,189.44, against \$112,189.77 last year. The influence which may be exerted by those who have died long since has been illustrated in some of these posthumous gifts. In one instance, a large residuary interest, which had been bequeathed years before, came to the rescue of our depleted treasury in the early summer, when other resources seemed most doubtful. And the friends of the cause were cheered with a renewed assurance that the providence of God is over His own great work.

In connection with the financial part of its Report, the Board would represent that, in pursuance of the urgent counsel of the last General Assembly to avoid, if possible, a debt, the estimated appropriations called for by the missions were cut down about 12 per cent on the average, and the total amount of appropriations actually made fell \$31,000 short of the actual expenditures of the previous year. The impossibility of cutting down a growing work in the enemy's country, is shown, however, in the fact that with the utmost effort only a reduction of about \$3000 from last year's expenditures could be made. In looking toward the future of our missions, and the question of adequate and steady supply of resources, some grave problems present themselves. It is evident that the work must in its very nature expand continually; that success for which the prayers of the Church are offered implies a proportionate and ever-increasing responsibility on the part of those who pray and those who contribute of their substance. In an important sense, the Church is on her trial in her missionary work. It is found that the progress of the work itself is very remarkable. Thus the increase of the mission churches in membership during the last decade, from 1875 to 1885, has been very remarkable.

Yet over against this rapid advance of the work and its successes, there does not appear a corresponding increase of funds, and especially from the gifts of the churches.

For the last three years, the contributions of the churches, including Sabbath-schools, for the current work of the Board, has shown the following strange uniformity: 1884, \$279,068.95; 1885, \$279,730.95; 1886, not including special gifts for the debt, \$279,916.98. These amounts taken alone would seem to indicate that the churches had become stationary in their support of this great and expanding work of missions. The total receipts for these years, including the proceeds of woman's work, legacies, etc., scarcely improves the exhibit. They are as follows: 1884, \$687,396; 1885, \$693,257; 1886, not including debt, \$686,363. Here is a decrease of \$6594. What makes the matter worse is that so great a work must depend chiefly on the regular gifts of the churches.

Thus the Board respectfully submits to the General Assembly the great problem with which its own unaided wisdom is not able to cope.

The Board has a deep conviction that there are not only abundant resources at hand for this work, but also a wide-spread and ever-deepening missionary spirit in the churches, if only a more thorough organization and a better concert of action could be secured in the methods of giving. And especially would we express the hope that the churches, in the distribution of their gifts among many worthy objects, may remember the peculiar responsibility which rests upon them in reference to their own work, which as united and plighted constituencies of the General Assembly they have jointly undertaken, and especially to their own sons and daughters who, relying upon their pledges, have given up their lives to faithful toil in the dark places of the earth.

The Expenditures, grouped generally in this Abstract of the Annual Report, and the Statistics of the Missions, for last year are as follows:

For missions among 11 tribes of Indians, with which are connected 15 American and 15 Indian preachers, 5 Indian

#### OFFICE OF THE BOARD,

No. 1334 Chestnut Street, Philadelphia, Pa.

#### ABSTRACT OF THE SIXTY-SEVENTH ANNUAL REPORT.

The Board of Education reaches the close of its sixty-eighth year grateful for the large measure of success it has enjoyed, amid circumstances that threatened not a little embarrassment at the first. Beginning the year with a debt of \$6700, and finding its associate Boards of Home and Foreign Missions enormously burdened, to whose imperative claims for immediate relief it would be obliged to give way, it comes to the Assembly with a balanced account, while the number of students under its care has been increased. For this freedom from debt thanks are due to the Great Head of the Church for providing the means.

Some changes have taken place in the composition of the Board during the year. Elder Fulton W. Hastings, a faithful attendant at its meetings and a good counselor, has been removed by death; and the Rev. N. S.

McFetridge, D.D., having been called to a Professorship in Macalester College, Minn., tendered his resignation. In place of the latter, the Rev. George D. Baker, D.D., of the First Church in Philadelphia, was elected to serve until the meeting of the General Assembly.

The amount of the scholarships given, and the regulations for their distribution, remained the same as before—for those in College and in the Theological Seminary, \$110; and for those in the Preparatory Department, \$85; save in the institutions under care of the Freedmen's Board, where less was required and asked for.

#### CANDIDATES AIDED.

The number of candidates received has increased to 638. They are distributed as follows: 262 in the Theological Seminaries, 308 in Colleges, and 68 in the Academic and Primary Departments. Classified according to nationality or race: 29 are Germans, 5 Bulgarians, 96 negroes, 1 Hindoo, 1 Indian, and 2 Spanish. The remainder are Scotch, Irish, English and Americans. In point of scholarship, 193 are reported high, 173 medium+, 222 medium, and 7 low. Those marked low have been retained in deference to the judgment of their instructors who have testified to their promise of usefulness through excellencies in other respects. In the course of the year, one candidate has died, four have withdrawn, having found other means of support; one lost his scholarship for marrying prematurely. Only five have been dropped for marked disqualifications in attainments and character. Such failures are, however, unavoidable; college life applies tests which sometimes will disprove the favorable opinion formed of young men by too lenient and charitable Presbyteries. The following aided students have completed their studies this Spring at the several Theological Seminaries: From Princeton, 16; Union, 5; Northwestern, 15; Lane, 10; Western, 12; Auburn, 3; the German School of Dubuque, 3; Howard University, 2; Lincoln University, 3; Biddle University, 3. The institutions in which our candidates are studying, by the advice and consent of their Presbyteries, are mostly in direct connection with our Church. The wish of the Presbyteries has been acceded to when no special objection was seen to exist to their attending elsewhere.

#### CONTRIBUTIONS.

The income of the Board from all sources was \$82,217.46—an increase upon that of the year previous of \$9484.09. But of the above sum only \$47,160.12 consisted of contributions from churches and Sunday-schools, showing a falling off of \$2877.71 from those of last year, and of \$3948.19 from those of the year before. Are we to regard this decline of gifts as indicating a decline of interest in the cause on the part of the churches, or is it due to the special efforts made for canceling the debts resting on other Boards? It is to be hoped that the latter cause is the true one.

#### DEMAND FOR MINISTERS, AS SHOWN IN THE MINUTES OF THE ASSEMBLY, 1885.

The roll of churches for 1885 shows that out of 6093 there were 1197 marked vacant—less by 5 than those of last year, while 68 of those tabulated last year have been dissolved—a number altogether unprecedented. And lest it should be said that these vacant churches are mostly too weak to support a pastor or even to deserve care, let it be noted that 28 report a membership ranging from 250 to 700; 17, a membership from 200 to 250; 25, a membership from 150 to 200; 62, a membership from 100 to 150, and 217, a membership from 50 to 100. In all, 349 that report a membership of over 50. Then 289 rank from between 50 and 25. How many of the remainder might be developed into strength by care, it would be impossible to tell. As they were, a large number, no doubt, have been already dissolved.

As an additional proof of our lack, we need but look at our large indebtedness to other denominations for our ministerial supplies. The following

table, giving the contrast between the extent of our receiving and giving in this particular, is suggestive of much:

|                     |    |               |    |
|---------------------|----|---------------|----|
| In 1880 we received | 46 | and dismissed | 23 |
| " 1881 "            | 68 | " "           | 32 |
| " 1882 "            | 54 | " "           | 28 |
| " 1883 "            | 64 | " "           | 22 |
| " 1884 "            | 85 | " "           | 29 |
| " 1885 "            | 81 | " "           | 19 |

Very evident is it that in the matter of ministers we are not entitled to the blessing of those who give rather than receive.

Another fact, too, is observable: the number of ordinations last year was 130, less by 20 than those of the previous year, and less by 47 than the number of churches newly organized, and only 10 more than the net increase of the whole number of ministers, and 26 more than the number deceased. Such, then, is the exhibit of the demand as shown by the minutes. It may not be exact, perhaps. Errors do occur in reporting, both of omission and commission. But this is how we appear to the world through our organs.

#### SUPPLIES FOR THE FUTURE.

As far as can be ascertained from the catalogues, the graduates from our six main theological seminaries this year number 155. This is an excess of 6 beyond those of the year previous. Not all of these, however, can be counted on for immediate service, nor do they all belong to our body; yet, including all, they are only about 20 more than sufficient to fill the 132 vacant pulpits that overlook churches numbering over 100 members, leaving the rest of the 1197 churches unprovided for.

There is a promise of larger numbers in the future. The sum-total of our candidates has grown from 600 in 1880 to 839 in 1885. Yet it must be borne in mind that the sum-total of our churches and population is increasing likewise, and that by the time these candidates are ready for service the demand will be just as pressing as it is now. We must increase our rate of enlistments in order to overtake it.

In addition to our graduates, there is to be mentioned a large reserve force to draw from, consisting of 401 ministers marked without charge and 241 styled evangelists—642 in all not regularly employed. What portion of this force is really available we have no means of ascertaining. There is a waste of talents here that seems positively culpable and that ought in some way to be obviated. Not only is it wrong in itself, but it is also obstructive in its effect. The sight of it leads young men to think that they are not needed, and warns them against incurring a like fate of inactivity and uselessness; so, too, it is an argument with the people against contributing to the education of more young men which no demonstration of a real scarcity can counteract. It also disposes many to call in question the wisdom of our educational methods, on the alleged ground that they turn out so many seeming inefficient, and, in fact, unfit for service. We say to the Assembly, with respectful earnestness, something needs to be done, and ought to be done at once.

In this connection it is pertinent to mention that more than ever have Presbyterians, mainly from the West, urged upon the Board requests to aid young men, proved to possess natural gifts for enforcing religious truths, in taking a partial theological course. The reason assigned is the great need of just such laborers as those recommended promise to be. And in view of this need, it is insisted that the Board should relax the stringency with which it adheres to the rule requiring in its candidates the pursuance of a collegiate course, or its equivalent, as the condition of aid in the theological seminary. The pressure is one difficult to resist. This scarcity of regularly educated ministers to take charge of our feeble churches is presenting a serious problem for the Church to solve. The subject presses for consideration, and the Board respectfully suggests that the Assembly grapple with it at once, and set a time for giving it full and earnest consideration. The questions which present themselves are such as these: What shall be done

to secure larger enlistments for the ministry from among the young men of our Church? Are there any obstacles to be removed, or encouragements to be given, or means to be employed which shall facilitate this object? Is it advisable for the Church to lower its requirements for ordination, and open a wider door of admission into its pulpits, or, while preserving its present standard, to bring into service a second grade of evangelists and teachers who can take charge of its feebler churches? Irreligious and demoralized masses of people are accumulating upon all portions of this country, and the call is for more men who are able and willing to work, in every variety of methods, for enforcing the Gospel upon the hearts and consciences of mankind. How shall it be responded to?

The members whose term of service expires this year are as follows:  
*Ministers*—J. Frederick Dripps, D.D., R. M. Patterson, D.D., Jno. S. McIntosh, D.D.; *Laymen*—Wm. Few Smith, A.M., Samuel Field, Hon. R. N. Wilson.

All of which is respectfully submitted,

By order of the Board,

D. W. POOR, *Corresponding Secretary*.

The "Digest for 1885" is in press.

## THE PERIODICALS.

The Board reports great prosperity in this part of its publication enterprise. The periodicals meet a warmer approval than ever, accompanied by the substantial testimony furnished by a greatly increased circulation.

The changes are: The discontinuance of the Lesson Questions, for which there was found to be no sufficient demand, and the reduction of the price of the Westminster Quarterly for Older Scholars.

The cash receipts from sales of periodicals for the year were \$106,062.70; an increase of \$3563.71. But, owing to the reductions in prices, the increase of circulation vastly exceeded what these figures would indicate, the copies printed in the year now reported exceeding those printed in the previous year by 1,461,608.

The unpaid bills transferred as hopeless to the account of profit and loss for the entire year amount only to \$74.01.

THE WESTMINSTER HELPS and illustrated papers have been adopted by the Publication Committee of the Presbyterian Church of England.

THE WESTMINSTER TEACHER reaches a constantly increasing number of those for whom it is prepared. It is published in octavo form, forty pages, monthly. One copy per annum sixty cents; school subscriptions, to one address, each fifty cents.

THE WESTMINSTER QUESTION BOOK is a complete manual for the study of the International Bible Lessons of the year, intended for use in Bible classes and the senior classes of the school. It has an immense circulation. Price, \$15 per hundred, *net*.

THE WESTMINSTER QUARTERLY FOR OLDER SCHOLARS is adapted to use by the more intelligent classes of our Sabbath-schools. It is an octavo of thirty-two pages. Its constantly increasing circulation warranted the reduction made in its price, with January, 1886, from \$15 to \$12 for one hundred copies, to one address, for one year.

THE WESTMINSTER PRIMARY QUARTERLY.—Prepared by Mrs. G. R. Alden ("Pansy"), and illustrated. School subscriptions, to one address, 100 copies per year, \$8, or eight cents a year for each scholar.

**WESTMINSTER LESSON LEAF.**—For intermediate scholars. School subscriptions, to one address, 100 copies, per year, \$5; 100 for six months, \$2.50; or five cents a year for each scholar.

**WESTMINSTER PRIMARY LESSONS.**—In the same form and at the same rate as the *Westminster Lesson Leaf*.

**WESTMINSTER GERMAN LEAF.**—At the same rate as the *Westminster Lesson Leaf*.

**FORWARD.**—An illustrated semi-monthly paper of twelve pages. School subscriptions, to one address, once a month, 100 copies, per year, \$15; twice a month, 100 copies, per year, \$30.

**THE SABBATH-SCHOOL VISITOR.**—Illustrated paper of four pages, published twice each month. School subscriptions, to one address, once a month, 100 copies, per year, \$10; twice a month, 100 copies, per year, \$20.

**THE MORNING STAR.**—Illustrated semi-monthly. School subscriptions, to one address, once a month, 100 copies, per year, \$5; twice a month, 100 copies, per year, \$10.

**THE SUNBEAM.**—The weekly paper for very little people. Large type and fully illustrated. School subscriptions, to one address, 100 copies, per year, \$20.

Many of our good people have no idea of what their own Board is doing to aid them in the responsible work of training the young for holy and useful lives and to become helpers in the spread of the blessed Gospel. If they do not see these periodicals, let them send for samples, and so be prepared to give advice intelligently to their Sabbath-school workers.

**THE PRESBYTERIAN MONTHLY RECORD**, the property and organ of the eight Boards of our Church, is sent free of charge to all our ministers. The price to single subscribers is fifty cents a year. When four or more copies are sent to one address, the price is twenty-five cents a year per copy, which is less than cost. The loss incurred by its publication and distribution is shared by the Assembly's Boards.

#### BUSINESS ARRANGEMENTS.

If the general condition of business throughout the country be taken into consideration, the year under review compares well with previous years in the matter of success in the circulation of the publications of the Board—book, tract and periodical.

To reach the people with its publications is the object of this Board. The question as to how this can best be done through its business department, has been settled by the adoption of the plan of having a representative in each of the chief commercial centres of the country, through whom buyers can have their wants supplied. For this purpose a full stock is kept in Philadelphia, Pittsburgh, Chicago, St. Louis and San Francisco; but the Board's list of publications is now so large that it is very difficult to do more than keep a moderate supply, at other points which have been selected with reference to easy access by the different parts of the Church, and to the building up of centres of Christian and Presbyterian influence through this agency. The points thus occupied are: New York, Baltimore, Md.; Cincinnati, Ohio; Minneapolis, Minn.; Indianapolis, Ind.; Syracuse, N. Y.; Halifax, N. S.; Buffalo, N. Y.; Cleveland, Ohio; Detroit, Mich.; London, Ont.; Albany, N. Y.; Montreal, Quebec; Harrisburg, Pa.; Denver, Col.; Omaha, Neb.; Portland, Ore.; Topeka, Kan.; Winnipeg, Manitoba; and at these places, the publications of the Board can be obtained on the same terms as at Philadelphia.

#### RECEIPTS AND SALES.

The receipts into the treasury during the year from all sources were, including balance April 1, 1885, \$298,419.50.

The entire expenditures of the year have been \$284,466.14.

The balance in the treasury at the end of the year, March 31, 1886, is \$13,953.36.

The Balance Sheet showed April 1, 1886, a capital stock of \$496,323.04; the Treasurer's Report receipts, \$298,419.50; expenditures, \$284,466.14; balance on hand, \$13,953.36.

#### THE MISSIONARY DEPARTMENT.

The Report made to the last Assembly rejoiced in "a year of extraordinary and unequalled usefulness," of calls from the Presbyteries for the appointment of colporteurs gladly met by the Board, and of enlarged grants to Sabbath-schools, home missionaries, foreign missionaries and pastors. But these enlarged activities exhausted the Missionary Fund, and left it at the close of the last ecclesiastical year with an indebtedness of \$6467.94.

The Report presented to the last Assembly was received by it with warm congratulations, and with the most unmistakable exhortations that the Board go forward in this good work, and that the churches heartily sustain it in its aggressive movements.

Thus encouraged the Board entered hopefully on the new year, prosecuting with vigor this much needed enterprise for reaching the people with the truth. But as the year advanced, and the income of the Missionary Fund failed to equal its expenditures, caution became necessary; then new appointments of colporteurs were refused and grants were limited to the more urgent cases; and finally the last measure was reluctantly and sadly reached of dismissing men already in the service. The necessity was a most painful one, but it was one not to be avoided under the circumstances.

Of the \$75,000 recommended by the Assembly to be raised for the missionary and Sabbath-school work of the Board, there was received:

|                                                                        |                    |
|------------------------------------------------------------------------|--------------------|
| From churches and Sabbath-schools, . . . . .                           | \$29,919 78        |
| From individual gifts, . . . . .                                       | 1,006 65           |
| From legacies, . . . . .                                               | 10,101 50          |
| From interest, . . . . .                                               | 4,213 64           |
|                                                                        | <u>\$45,241 57</u> |
| Add profits made by the colporteurs on their sales of books, . . . . . | 5,653 07           |
|                                                                        | <u>\$50,894 64</u> |

This sum proved unequal to the expenditures of the year, so that it closed with a balance of \$24,511.42 against the Missionary Fund. Had the Board received the \$75,000 recommended by the last Assembly, it would now have no indebtedness to report to this Assembly, and would be in a position not merely to sustain, but to enlarge its beneficent work. One thing may be asserted beyond a peradventure, viz: that if this work—of house to house visitation by earnest men with the printed page, godly converse and prayer; of gathering the neglected youth of the land into Sabbath-schools; of aiding feeble churches and Sabbath-schools by grants of books and papers; of supplying pastors and missionaries with tracts—has been restricted, it has not been restricted from lack of a crying need for just this work for our widely-scattered population.

#### A GREAT WORK ACCOMPLISHED.

Yet a great and blessed work has been wrought through this arm of the Church. The Board has had at work during the whole or portions of the year just ended 89 colporteurs, who have labored in 22 Synods and 107 Presbyteries. These have distributed by sale 52,344 volumes; while 78,055 volumes (making a total of 130,399 volumes) and 7,143,060 pages of tracts and

periodicals have been gratuitously distributed by them and the Missionary Committee, acting through large numbers of voluntary, unpaid and uncommissioned laborers. Our commissioned colporteurs have visited 126,354 families, having religious conversation and prayer with them whenever circumstances permitted, with the reading of the Scriptures and the offering of the consolation, admonition and instruction needed by the several cases. They also report having held 4166 prayer meetings and other religious services.

The good effected through these labors are but feebly indicated by these figures. It is the misfortune of this work that where there is the greatest ability to sustain it, the need of it is least known; whilst where the value of the work is understood, there is not the ability to support it.

#### OUR COLPORTEURS AND SABBATH-SCHOOLS.

It is the duty of every colporteur to organize new Sabbath-schools wherever he can do so, and to supply these schools with the library books, catechisms, lesson helps and papers of the Board. It is also his duty to visit and encourage, so far as he can, all Sabbath-schools, especially such as are feeble, on his field. This part of his work grows in importance and value every year. In very many cases it prepares the way for a demand for the home missionary, and in not a few instances has been a first step towards the organization of flourishing Presbyterian churches. The colporteurs report that during the past year they have organized 167 new schools in such destitute localities. They have also visited and encouraged 2817 schools during the year.

This branch of our colportage work has begun about eleven years ago, since which time the Board's colporteurs have organized and nurtured 1300 Sabbath-schools, and have visited and aided 18,467 schools.

#### THE ANNUAL COLLECTION.

The first Sabbath in May has been designated by former General Assemblies, as the most suitable time for the churches to take an annual collection for the Board's Missionary Fund. All money given to this fund, whether by churches or individuals, or received from legacies, is expended in carrying forward the Board's missionary or benevolent work. Notwithstanding the repeated announcement of this fact, there is a strange confusion in the minds of many persons in regard to the matter.

#### \*SABBATH-SCHOOL WORK.

The Rev. James A. Worden, D.D., reports good progress made in the promotion of the organization and elevation of the great Sabbath-school army of the Presbyterian Church. In the year considered he finds, so far as reported:

An increase of 37,694 in Sabbath-school membership, but with a decrease of 7313 in the average attendance; and an increase of 14,917 in Sabbath-school scholars attending Church services. In the statistics of 133 Presbyteries (out of 196) 20,778 Sabbath-school scholars are reported as received into the full communion of the Church. There are 187 more teachers' meetings held, and 84,937 more books in our Sabbath-school libraries; 507 more Sabbath-schools made the Shorter Catechism a part of their study than before. The Sabbath-schools gave to our own Boards 98,581. The number of schools using the *Westminster Lesson Helps* increased by 567.

*The Bible Correspondence School.*—This institution, organized in 1883, is a new development of Bible study in connection with our International Sabbath-school Lessons. It is a new system of teacher training. This year it had 8000 members, scattered in all our States and Territories, in Canada, Great Britain, Africa, Syria, India, China, Siam, Persia, Mexico, South America, etc., etc. The Committee of Publication of the Southern Presbyterian Church has adopted the Bible Correspondence School as their own, and a special edition of the text-books—approved by that committee—is furnished to that Church. By authority of the Board, the Secretary has added a theo-

logical section to the Bible Correspondence School. The text-book is written by the Rev. Dr. A. A. Hodge. Its subject is The Theology of the Westminster Shorter Catechism. This department opened May 1, 1886. The cost to members will be twenty-five cents a year.

*Sabbath-school Institutes and Conventions.*—One of the evidences that the entire Church is becoming aware of the importance of Sabbath-school work, and of the necessity of training teachers for it, is the fact that our Presbyteries are taking careful supervision of the Bible-teaching of their churches. All the Presbyteries have standing committees on this work. Most of them hold Presbyterian Institutes, either in connection with their regular meetings or at special times. The Secretary has engaged largely in this kind of work during the year.

*Sabbath-school Interests in Theological Seminaries.*—We have the assurance that in none of our theological seminaries, do the professors now fail to give explicit instruction on the true principles and methods of Sabbath-school work. Lectures have been given by the Secretary upon the pastor's position and work in the Sabbath-school, in the Reformed (German) Theological Seminary at Lancaster, Pa.; in Lincoln University, and in Princeton Theological Seminary.

OFFICE OF THE BOARD: 1334 Chestnut Street, Philadelphia, Pa.

THIRTY-SECOND ANNUAL REPORT.

The Trustees of the Presbyterian House respectfully report to the General Assembly that, as authorized and directed by the last Assembly, they, concurrently with the Trustees of the General Assembly, made application, in September, 1885, to the court of competent jurisdiction in the matter, namely, the Court of Common Pleas, No. 4, of Philadelphia county, State of Pennsylvania, for the merger of the two corporations; that the application was successful, and that now the necessary transfers and assignments having been made, the union of the two corporations, under the corporate title of "The Trustees of the General Assembly," is completed. As thus formally and fully accomplished, the fact of the merger will be certified to the General Assembly by the United Board, which, in consequence of it, becomes the legal successor to this corporation.

The Trustees report further that, during the portion of the year which at date has expired, their receipts and expenditures, as shown by the Report of their Treasurer, duly audited and herewith submitted, have been as follows:

|                                                    |             |
|----------------------------------------------------|-------------|
| Total receipts, including balance, . . . . .       | \$12,018 85 |
| Total expenditures, . . . . .                      | 11,320 18   |
|                                                    | <hr/>       |
| Balance paid over to Trustees of General Assembly, | \$698 07    |

The Trustees report still further, that they have accepted the trust of \$115.03, the bequest of Miss Fannie M. Fitch, late of Oxford, Chenango county, New York, deceased, of an equal one-fourth part of her estate, "to be expended for the appropriate uses of the Ministerial Relief Fund."

In closing their corporate existence, the Trustees deem it not improper to recite briefly some of the leading facts in their history.

I. INCORPORATION.

The Trustees of the Presbyterian House were incorporated by an act of the Legislature of Pennsylvania, approved by the Governor of the Commonwealth on the twenty-first day of April, one thousand eight hundred and fifty-five.

manage all funds, property and effects committed to their care by gift, purchase, bequest, or otherwise, and to execute any trusts confided to them by the said General Assembly, in such manner as shall be deemed most advantageous and not contrary to law or the intention of the donor or testator."

### III. CORPORATORS.

Secretaries, two—1. Rev. Benjamin J. Wallace, D.D., from election, June 22, 1855, to decease, July 25, 1862; 2. Rev. Thomas J. Shepherd, D.D., from election, November 10, 1862, to the present time.

Treasurers, three—1. Mr. John C. Farr, from election, March 14, 1859, to resignation, June 16, 1868; 2. Mr. Wm. E. Tenbrook, from election, June 16, 1868, to decease, August 9, 1881; 3. Charles M. Lukens, Esq., from election, October 3, 1881, to the present time.

## VIII. TRUSTS.

The whole number of separate trusts accepted from the beginning is thirty-five (35), of which eighteen are executed trusts and seventeen unexecuted trusts. The executed Trusts embrace those which were limited in time, such as moneys to be paid over to certain objects when certain conditions were complied with, or such as titles to church properties to be conveyed to the corporations which should become competent to receive and hold them. Of the seventeen unexecuted trusts, seven are similar to the executed trusts just described and ten constitute the permanent funds of the Board. These funds, denominated the John C. Baldwin, the John W. Irwin, the D. T. Woodbury, the Ministerial Relief, the Starkweather, the Josiah P. White, the Jonah Guthrie, the Macalaster Memorial, the Benjamin and the Frederick Starr, are represented by investments amounting in the aggregate to \$113,483, the securities for which have all been handed over to the Trustees of the General Assembly.

## IX. MINISTERIAL RELIEF.

The General Assembly of 1864, in session at Dayton, Ohio, projected a fund to be called "The Ministerial Relief Fund," and entrusted the reception and disbursement of the fund to the Trustees of the Presbyterian House. The trust was accepted by the Trustees, who committed the details of the work to an executive Committee, consisting of the Rev. Thomas James Shepherd, Chairman, the Rev. William T. Eva, D.D., and Messrs. John C. Farr, John A. Brown and Matthias W. Baldwin. Subsequently, in 1869, upon the resignation from the Board, because of infirm health, of Mr. John A. Brown, Mr. William E. Tenbrook was elected a member of the Committee in Mr. Brown's place. The Committee nominated as their Secretary the Rev. Charles Brown, who, elected by the Trustees, discharged the duties of the office with great fidelity and acceptance for six years and until the two branches of the Presbyterian Church were happily united. At the reunion the permanent fund in aid of ministerial relief had reached the sum of thirty-four thousand, seven hundred and fifty dollars, and the amount collected and disbursed from the beginning was ninety thousand six hundred and ten dollars.

Not uneventful, therefore, has been the history nor unimportant the work of the Trustees of the Presbyterian House. The Board has had the confidence of donors, of testators and of the Church at large. In accordance with the expressed wishes of donors and testators, thousands of dollars without loss have been collected and paid over to various charitable and Christian objects. For the general favor which they have met, and for the opportunities of usefulness which have been opened up to them, the Trustees acknowledge that they are indebted not to themselves, but to the Church's Head. With one voice they say: "Not unto us, O Lord, not unto us, but unto Thy name give glory."

Respectfully submitted,

By order of the Trustees,

THOMAS JAMES SHEPHERD, *Secretary.*

## ABSTRACT OF THE SIXTEENTH ANNUAL REPORT.

We commenced our year's work with fond hopes and raised expectations of doing more for the cause of the dear Master than during any previous year. The cordiality with which our Annual Report had been received, the many expressions of approval given, and, above all, the unanimous vote of the Assembly to raise for this Board not less than \$200,000 during the year, seemed to indicate a more just appreciation of the importance of this work, and a determination to sustain it as it never had been sustained. So we buckled on the harness afresh for the work, but we soon found that our hopes were to be disappointed. Instead of increased contributions, there was upon every side a falling off, to so great an extent that for the first six months of the year it seemed as if the grants to these applicants would have to be diminished to a perilous degree.

## RECEIPTS.

At the beginning of the year the balance of cash and securities in the Supplementary Fund, above appropriations and special donations, was \$5113.66, which scarcely met the applications at the first monthly meeting of the Board. We worked along for months, hoping for better things, but they did not come. At the end of the first six months of the year, we were \$35,000 behind our receipts for the same months of the preceding year. This was discouraging to the Board, and had the same condition of things

\* Died June 8th, 1886.

continued through the year, the result would have been disastrous in the extreme to our struggling churches. They would have been obliged in many cases to borrow money at a ruinous rate of interest, or stop work and leave their unfinished buildings exposed to the weather and liable to be seriously injured by this exposure. The conviction of this loss, and of the increasing difficulty in getting the promised aid of the Board while there are mechanics' liens upon these unfinished buildings, has at length aroused some of our contributing churches to do what should have been done sooner. This favorable change is in a measure to be ascribed to the faithful effort of some of the Presbyterial Committees on Church Erection.

As will be seen from the Treasurer's Report, our gross receipts during the year have been \$116,578.24, of which \$89,321.24 was for the Church Erection Fund and \$27,257 for the Manse Fund.

#### APPLICATIONS.

During the year we have received 400 applications, formal and informal, for churches and manses, calling for over \$200,000. This shows that the call of the General Assembly last year for \$200,000 was not preposterous, being less than might have been advantageously expended. Had the Board yielded to the pressure brought to bear upon them, they might have contracted a debt of many thousands of dollars. But this they have steadfastly resisted, choosing rather to be considered parsimonious than extravagant. The vast majority of these applications have asked for small and reasonable amounts—no more than was absolutely needed to enable them to secure plain and inexpensive buildings; but in other cases we have been asked for large sums and for very expensive buildings. As a matter of necessity, these were either declined in whole or in part. We suppose that the poorer and weaker churches have the strongest claim upon our aid, and that churches, the estimated cost of whose buildings range from \$8000 to \$15,000, do not fall within the list of beneficiaries for whose benefit the contributions of the churches are entrusted to us. If in this judgment we are mistaken, we are very willing to be set right by the Assembly. As in all applications for aid we require the indorsement of Presbytery, not a few of our applicants mistake this indorsement for a grant entitling them to the sum asked for, and in their reply want to know why "the full amount voted them by Presbytery has not been sent." Will the Presbyteries be kind enough to explain this to their churches, to avoid disappointment to them?

#### APPROPRIATIONS.

Grants have been made during the year to 144 churches, chapels and parsonages, amounting to \$59,672.66. Special aid has also been given, through the Board, to 39 other churches, chapels and parsonages, amounting to \$7173.36, thus making the entire number aided 183, and the amount \$66,846.02, an average of \$365.28 to each church. This shows a falling off from the work of the preceding year of fifty-seven churches aided and of \$41,195.98 in amount. This is a disappointment to us, but how much sorer the disappointment to those poor churches who, for want of sufficient aid, have been obliged to drag through another winter without a shelter from the storm, or a Christian home for their families. Nevertheless our hearts have been made glad by the reports received from quite a number of those churches that, with our aid, have been enabled to complete their buildings free of debt and to dedicate them to God's service. As usual, our work extends over almost all the States and Territories of the Union, as the outline map indicates. From the number of churches aided in Kansas during the last few years, we had hoped that growing State was pretty well supplied with sanctuaries; but it will be seen from the map that the Synod of Kansas has built more churches last year than any other within our bounds. We shall expect to reap bountifully from this productive field, in which we have been planting so bountifully.

If to the 183 grants made since April 1st, we add the 39 churches on hand, but not completed at the beginning of the year, it will be seen that the Board had under its care during the last twelve months the wants of 222

churches, amounting in the aggregate to \$84,946.02. Grants to 10 churches, amounting to \$4300, have been withdrawn, in consequence of the conditions not having been fulfilled within the specified time. Some of these grants have been renewed, upon the receipt of new applications. We have the money in readiness to pay all the appropriations made, so soon as the conditions are fulfilled. This is a matter of no small consequence to the many churches looking to us for the means with which to fulfill their contracts at a specified time—much better, we think, than the plea of debt and the promise to pay when we get the means. We never make a promise without having the means on hand with which to meet it. Owing to the pressure of the times, many churches have begged us very earnestly to make prepayment, but this we cannot do, as it is positively forbidden by the Assembly's rules, under which we act. In regard to these rules we have no option. The amount of the Board's grants, paid to churches during the year, is \$47,347.34.

#### INSURANCE.

All the church buildings completed and paid for within the year have been insured in reliable companies, and all the loss or damage sustained by fire has been promptly and honorably met by these companies. Within the year under review, 371 policies have been taken out, some of these being renewals. We have in our possession 1700 policies, protecting property for \$1,183,661.83. It is not easy to get our churches to understand this matter, although we have repeatedly endeavored to make it plain. This insurance is for the protection of the Board's interest. One of the conditions upon which the Board gives money is that that money shall be protected at the expense of the church receiving this aid—not for one year or for five years, but in perpetuity. We take a policy for five years at a time, renewable at its expiration. For the first five years we deduct the cost of policy from the amount of the Board's grant. At the expiration of five years we inform the church, and expect them to send us the money with which to renew their policies for five years more. We claim the right (stipulated in the mortgage) of selecting the company and securing the policy ourselves. Should the building be injured or destroyed by fire, we recover the insurance from the company and hold it for the Board's benefit. If the church is still financially weak and unable of itself to rebuild, an application may be made, with the indorsement of the Presbytery, for a reappropriation of the money recovered from the company, which will be granted, but without such an application on the part of the Presbytery, the money goes into the treasury of the Board to help in the building of other sanctuaries. Frequently churches that have received help on these conditions from the Board refuse to send the money for renewal, or perhaps they send us some policy from a local insurance company that cannot be accepted by our Board, not knowing or not thinking that in so doing they are violating their written and recorded contract. We are sure if they rightly understood this matter they would not persist in this violation of their own legal contract.

#### ARCHITECTURAL DESIGNS AND PLANS.

For the express purpose of aiding those of our own weak churches not within reach of an architect or not able to bear the expense of employing one, we had a number of designs for churches and manse prepared, and to correspond with some of these designs, we had plans and specifications prepared and printed. These were of much benefit, to those for whom they were intended. This matter has grown beyond our expectation and beyond our means of supply. Having no money to meet the expense of plates and printing, we charge seventy-five cents a copy for the pamphlet.

#### MANSES.

By the last Assembly we were authorized and instructed to add to our appropriate work of Church erection that of Manse building, when the necessary means were furnished. To do this, it was found necessary to

have an amendment made to our charter, which has been effected. The plan proposed for the execution of the work is as follows :

1. That a fund be raised by special gifts and such portions of church collections as may be designated by the givers for this end, to be so used by the Board that the property represented by it will be secured to the church and protected by insurance, as in the case of church buildings.

2. That it be in the power of the Board only to make grants of money designated for this end, and in ordinary cases to make loans, the amount, without interest, to be repaid by installments or otherwise within three years.

3. That no more than one-third of the cost of the building in any case be given, and no more than one-half be advanced as a loan.

4. That the recommendations of the Presbytery's Committee on Church Erection be required, as in the case of churches, the title to be in fee simple and unencumbered, save to this Board.

5. That such limit be fixed as will confine the work to the feeble and mission churches.

Funds for this special purpose have recently been furnished by generous friends, to be administered in accordance with the above-mentioned rules.

In behalf of the Board,

H. R. WILSON, *Corresponding Secretary*.

### ABSTRACT OF THE THIRTY-FIRST ANNUAL REPORT.

The number on the roll (not including those at the Ministers' House, Perth Amboy), during the year from April 1, 1885, to April 1, 1886, was as follows :

|                      |     |
|----------------------|-----|
| Ministers,           | 191 |
| Widows of ministers, | 265 |
| Orphan families,     | 28  |
| Total,               | 484 |

The number of persons included in these families is over two thousand. The Presbyterial recommendations on their behalf came from 148 Presby-

teries; 64 of the number were new applicants; namely, 30 ministers, 32 widows, and 2 from orphan families. 35 persons have died, being heads of families; that is, 22 ministers and 13 widows of ministers. Last year there were 516 on our roll. The new applicants are nearly twice as many as those who died during the year, so that it will be seen a large number have withdrawn their names from the roll.

## RECEIPTS.

The receipts of the Board for the fiscal year, from April 1, 1885, to April 1, 1886, were as follows:

| Total, . . . . .                             | \$18,414 01 |

## II. For Current Use:

|                                              |             |

Total funds received for current use during the year, \$120,437 19

To this amount in money for current use during the year, should be added the estimated value of boxes of clothing (amounting to \$5065.83, a decrease of \$816.31 from that of last year), making an increase of \$21,757.23 in the funds for current use this year over those of the previous year. There is an increase of \$3848.18 in the additions to the Permanent Fund.

## REVIEW OF THE FISCAL YEAR.

The fiscal year, which has just closed, commenced with a balance of \$5146.15 in the treasury. But the painful and humiliating fact must be kept in view, that if the appropriations had been paid in full for the last five months of the previous year (instead of one-quarter of the sum asked being withheld), the year which has just closed would have commenced with a deficit instead of a balance. And was not this amount withheld really a debt?

This question at the beginning of the year engaged the serious attention of the Board; but so slowly did the contributions reach our treasury during the first few months, that the Board, so far from discussing the question whether this debt should be paid, were anxiously discussing the question whether the promises of the Church could be redeemed, even with a continuation of the reduction of one-quarter. On the 14th day of August, notwithstanding the balance of \$5146 with which we began the year, there was found to be in the treasury not one cent for the appropriations due to those upon the roll for the month of August. But, worse than this, there were yet three thousand dollars due the families to whom the reduced appropriations for July had been voted! Under these circumstances, the Secretary published in the papers of our Church a statement of the facts, and appealed for special donations. It was hoped, that all over the land God's people would respond, and that, if only a very little was sent from each, the aggregate would be enough to pay at least these reduced remittances. But the result of this appeal was not what had been hoped. A few persons promptly responded, both with money and with generous words of encouragement and of appreciation of the sacred duty of the Church to support its wards, but the aggregate of these special contributions scarcely amounted to one hundred dollars. At this time of our extremity, God put it into the heart

of one of His servants to send, August 24th, his check for the entire three thousand dollars still due upon the July appropriations!

From the glad day when all these arrearages were paid, the collections from the churches and contributions from individuals increased, slowly but steadily. God's people seemed to be awakening to the conviction that the support of this sacred cause—unlike the endowment of our great educational and eleemosynary institutions—is not the privilege of the few whom God has blessed with the means to give munificent sums, but that every loving and loyal disciple of Christ should claim the privilege of contributing something, however small, to relieve the sufferings of those whom, in a special sense, He calls “these, my brethren.” And the rising stream of beneficence flowed so steadily into our treasury, that all the appropriations (though still reduced one-quarter) were promptly paid in September and October. In November, which completed a whole year, during which all who were upon the roll had been called upon to suffer this reduction, the Board ventured to resume payments in full, and were able to pay all the appropriations asked for by the Presbyteries, and, at the close of the year, found there was in the treasury the sum of \$26,408.83.

A special meeting of the Board was called, and, with devout thankfulness to Almighty God, who had put it into the hearts of His people to bring about this result, and with a joy heightened by the contrast of the sad days during the year, the following minute was unanimously adopted:

With devout gratitude to Almighty God, the Board would make special record of the fact that, by His favor, it finds itself at the close of the year in possession of current funds sufficient not only to meet the claims of its beneficiaries, but also to pay to those of them whose allowance the Board was obliged to reduce, the entire amount of the reduction. It is therefore

*Resolved*, That, relying with great confidence upon the continued liberality of the Church in ministering to the righteous and most tender claims of the recipients of the distributions of the Board, and believing that the Head of the Church has placed anew His seal upon its work, the Treasurer be directed, without delay, to remit, as an act of justice, to the persons from whose usual allowance a reduction of twenty-five per cent was made, the amount so deducted, and enter it in his accounts as of March 31st, 1886.

Many of those to whom the appropriations had been voted were no longer living, but the sum paid out in accordance with this resolution amounted to \$20,723.31. After this just debt was discharged, the books were finally balanced, and we gratefully report \$5685.52 on hand with which to begin the new year.

#### THE ELDERS.

Next to the earnest advocacy of this sacred cause on the part of pastors, the gratifying results of the past year are due to the movement among the elders, inaugurated at Cincinnati during the sessions of the last General Assembly.

The impulse thus happily given to this sacred cause has been felt throughout the Church in widely distant parts of the land. Conferences with the elders were held by the Secretary in many places, and everywhere the subject was received with interest and with the growing conviction that the Board of Relief has a peculiar claim upon the eldership. A number of elders' conventions have been held, in which the subject has been discussed and the action of the elders at Cincinnati heartily indorsed. At many Presbyteries and Synods, during the past year, Ministerial Relief was not only prominently discussed, but was given a place, with other Boards of the Church, as a subject for popular addresses in the public meetings usually held during their sessions.

#### THE WOMEN OF OUR CHURCH.

Nor ought we to omit grateful mention of the increased interest manifested in the Board of Relief by the women of our Church, upon whom, indeed, this cause has a peculiar claim, appealing, as it does, both to our sense of justice and to the tenderest and most sacred sympathies of the hu-

man heart. And with special fitness the Board of Relief may appeal to those engaged in "Women's Work for Woman," because it is their sisters who so often and so sadly need the relief extended by this Board—not only the women who have been missionaries, but the wives of ministers suffer with their husbands who are laid aside from their work; and there are very many widows upon our roll.

#### SUNDAY-SCHOOLS.

Increased contributions from Sunday-schools, during the past year, have greatly aided the Board in its beneficent work. These gifts are a significant mark of respect from the young to the ministry, and of Christ-like sympathy with the sick and suffering.

#### THE MINISTERS' HOUSE AT PERTH AMBOY.

The number of guests upon the roll at the Ministers' House during the past year was twenty-five. Of these, nine were ministers, three of whom, during the year covered by this Report, have been called to the "house not made with hands." Two of these had served the Church as missionaries—one in India, the other upon our Western frontier. All of them had passed the bounds of three score years and ten. Surely the faithful and self-denying services of such men cannot be lost sight of, and a grateful Church will provide for them (whether at Perth Amboy or among their kindred and friends) a home in which their declining years may be spent free from care and want.

And ought not this Home to be endowed? The property was the gift of Dr. Bruen, but the entire expense is defrayed out of the annual collections from the churches, every dollar of which is needed for the hundreds of destitute families upon our roll. During the past year a member of the Baptist Church, in Germantown, Pa., has bequeathed nearly \$300,000 for such a Home for Baptist ministers. Are there not members of our own Church, whom God has blessed with wealth, and also with a heart to sympathize with His poor and to honor His ministry, who will endow this Home for the disabled and aged ministers of our own beloved Church? Would that those possessed of ample means to do this would read the following letter from one of the aged ministers who has recently come to the Home:

"I am constrained to give you my favorable impressions and observations, after five weeks' residence here in this happy 'Home.' We all have our infirmities and peculiarities—growing older every day and year. With all our necessary wants supplied, and free from the distracting cares of self-support, why should we not, one and all, not only be content, but happy, in this paradise of the Church, free from past toils and trials? If the wealthy people of our rich Presbyterian Church only knew the comfort, or rather the happiness, they are conferring on us inmates of this 'Home,' they would rejoice to give the needed means for its current supply from month to month, and even for its permanent endowment and enlargement."

#### THE PRESENT SITUATION AND THE COMING YEAR.

We beg pastors to explain to their people the exact situation. The Board have now paid in full all the appropriations recommended by the Presbyteries during the year just closed, together with the amount withheld the last five months of the previous year, and we begin the new fiscal year with only about five hundred dollars more than the balance with which we began last year. All the efforts, therefore, that were found necessary to secure these increased contributions from churches and individuals during the year just closed, must be kept up if there is to be no reduction during the year upon which we are entering. And from all quarters of the land comes from God's people the earnest protest, *No more reduction!* rather an advance in the slender amounts now recommended by the Presbyteries!

The Board also begs pastors and elders to remember that, during the summer months, contributions from the churches come in slowly, while the

monthly appropriations are large. Taking the figures of last year as a basis of comparison, it is evident that unless more strenuous efforts are made this year on behalf of our treasury, during these summer months, the Board will be sadly embarrassed to meet the appropriations falling due each month. Indeed, it may be mentioned in this connection, that the appropriations for the month of April (made of course since the fiscal year closed), left in the treasury only \$789.37—the balance of \$5685 with which we began the year being already, in the very first month, exhausted.

#### CIRCULARS, ETC.

The Report of the Standing Committee of the General Assembly of last year, unanimously adopted by the Assembly, urges the use of “increased means to teach and persuade Christian people to bear this cause upon their minds and hearts;” and the Board has not been slow to follow this direction, although it has involved considerable additional expense. The large items of the Annual Report and the *Monthly Record* are incurred by the direction of the Assembly, but the Board have sent out in addition, during the past year, a large number of circulars and other printed matter, the returns from which have been seen in large additions to our treasury. “There is that scattereth, and yet increaseth.” It should be added that special gifts have been made to our treasury for the purpose of meeting this increased expenditure. An elder in one of our Western cities sends us \$100, with the direction: “Please employ this in payment of the expense incurred in circulating the Elders’ Pamphlet containing a report of the meeting in Cincinnati.” These special contributions probably covered the entire amount of the additional expenditure, so that but little, if any, of the Benevolent Fund was drawn upon to meet the expense of employing these “increased means” used to bring the subject before the churches. It is hoped that during the coming year the brethren will make still larger use of the circulars, etc., of the Board, always to be had on application at the office, by letter or in person.

Respectfully submitted on behalf of the Board,

WILLIAM C. CATTELL, *Secretary*.

#### ABSTRACT OF THE TWENTY-FIRST ANNUAL REPORT.

The first part of our financial year was a time of much discouragement. We had begun the previous year with a balance of \$3703.75, and it closed with a debt of \$1660.08. So that at the very start we were \$5363.83 worse off than in April, 1884. But the heavy debts resting upon the Boards of Home and Foreign Missions were still greater obstacles, as the special efforts put forth in their behalf enlisted the sympathy and liberality of the Church and benevolent people, to such an extent as to delay contributions to the department committed to this Board, and in some instances to altogether prevent their being made. It was supposed by the General Assembly that the debts of the two Boards would be liquidated by October, but at that time the work had only fairly begun, and farther on, when the Secretary had made arrangements for bringing two of our missionaries from the South, and for holding conventions in behalf of the interests of the Freedmen in a number of places, the protracted illness of his wife and her death put a stop to this movement. But we are glad to be able to say that, notwithstanding the heavy falling off in our receipts during the former part of the year, as its close drew near, churches, Sabbath-schools, women's societies and individuals came to our help in such force that we actually received more money from all sources than during the previous year. Our receipts have been \$113,918.52. Last year our resources were \$116,219.93; but it is to be kept in mind that \$3703.75 were in our hands from the year before. Deducting this sum from \$116,219.93—the sum of our resources for the year ending April, 1885,—we have \$112,516.18 as the actual receipts for that year; while for this year, ending April, 1886, our actual receipts were \$113,918.52, showing a gain of \$1402.34 for the year just ended. Among the receipts of the year is a certificate of stock in the Cooper Fire Insurance Company, of Dayton, Ohio, to the amount of \$2000, which, along with the certificate of stock in the same company for \$3000, given the year before, has been placed with the permanent funds of the Board. The entire expenditures of the Board have been \$118,459.25, leaving a debt, we are sorry to say, of \$6200.81. But, in view of all the circumstances and the enlargement of the work during the last twelve months, and the great depression in business, we have great reason for gratitude to God that the indebtedness of the Board is not much greater. The colored churches, last year, contributed to their own support \$17,254.20; this year, \$17,291.33, a slight gain over the previous year.

It will be noticed from the Treasurer's Report that we have received from women's societies \$7966.83.

## ABSTRACT OF THIRD ANNUAL REPORT.

During this year the work entrusted to the Board has, in every respect but one, been not only encouraging, but inspiring. It has suffered under lack of means. There have been very obvious reasons why the larger gifts of the churches have been directed to other Boards than this. But we have not required the larger gifts, nor asked for them. The churches that have coöperated with this last organic advance of our denomination have given with great ease in a proportion which, if it had been general, would have put vigor into every part of our work.

This movement has now reached a stage at which, unless it shall be at once accorded a large increase of means, it cannot but bring discredit on the Church. The claim which such an opening has upon a Board of Missions is purely spiritual. Such a Board judges of it under no precedent contract with the field itself, but only under its responsibility to the Lord of Missions, by whom all such fields are opened. But the Board to which the Church has entrusted her work of Home Missions by Christian Education, has its duty determined very largely by an additional element. The action which organized this method of "Aid for Colleges and Academies" notified the whole great region for which such "aid" was proposed, that new institutions were to be established by a "coöperation" between this Board and "local agencies." Thereafter the Board defined the substantial conditions upon which its coöperation was to be expected; which conditions, being made known to subsequent Assemblies, have had their fullest approbation. One of them is, that there shall be an actual need of the proposed institution, and that such need shall have been attested by a vote of the proper Synod or Presbytery. But a further condition requires the applying community to make a liberal provision of property, and to put that property, from the beginning, into the hands of trustees, who, with their successors, are to hold it in perpetuity in our Church's interest for Christian education.

These conditions becoming widely known, different communities that have respect for our denomination have undertaken their part of the coöperation, and have, for its first stage, accomplished it. That is, they have, with the advice of their Synod or Presbytery, put valuable property out of their hands into the possession of boards of control, which are to hold it forever to our Church's advantage.

So it has happened that our Church, having chosen her ground and made

her challenge, finds herself confronted with an answer that surprises her. In 1883, when the Board was just organized, its appeal for funds was met with the very frequent prediction that the West would now throw upon the East the whole task and expense of building its Presbyterian colleges and schools. But within three years, we discover that the West has so taken upon herself this task and expense that for some of her burden-bearers the East has not afforded so much as a cup of cold water.

It is worth while to notice the several steps by which this movement has come to such a stage.

In the Board's first year, 1883-4, it gave the Church three new colleges: at Emporia, Kansas; Pierre, Dakota; and Deer Lodge, Montana—reaches of 500 miles lying between them.

The actual property and trustworthy pledges, at that time made over to Presbyterian education, in connection with the three new colleges, are now seen to have exceeded \$80,000.

In the second year, 1884-5, the Board took up another new college, at Del Norte, Colorado, and three new academies: at Geneseo, Illinois (voted upon in the first year, but not helped till the second); at Sumner, Washington Territory, and at Anna, Illinois. These four new institutions brought with them an aggregate property of over \$40,000. Meanwhile the property of the three colleges taken up in the Board's first year, as already described, had been so increased by local effort and the help of friends, as to raise, by that second year, the total of new property in the seven institutions to \$175,000.

It was natural that by the third year the character of the Church's undertaking, by means of the Board, should be still more widely understood, and that still new communities should offer to coöperate with it. Accordingly, the list of appropriations for 1885-6 includes five new colleges and seven new academies. Their names and localities will be given below. The property of these twelve new institutions, including good subscriptions, amounted to \$129,000. The \$175,000 reported by the previous new institutions had, in the lapse of another year, increased to \$217,223; so that the aggregate of the property which the establishment of this Board may be said to have brought into being was, by this third year, raised to \$346,229. Still other institutions, however, a little antedating the Board by their charters, but beginning their work in dependence on its help, made a showing of their new property to the amount of \$346,318. And others still, the newest of all, that have not yet opened as they expected to do, made further showing of their own valuable property. Thus, in making appropriations for this year of 1885-6, the Board found that three-quarters of a million of new educational property was asking help of our Church, upon the conditions on which the Church, had made offer of helping it.

And even these are not the only applications to which the Board has responded; for it has considered from the first that every institution has claim upon it, whenever its investment may have been made, provided it is doing the kind of work which the Board is intended to assist, and that it has need of help in that work. The older institutions that have thus appealed to it have made returns of a further quarter of a million of property, thus raising the aggregate of this investment to a million.

#### APPROPRIATIONS AND PAYMENTS MADE IN THE BOARD'S THIRD YEAR, 1885-6.

For the reason set forth above, the same difference which was made in former years between absolute and *pro rata* appropriations has been maintained in this. The Board reckoned approximately to the income which it might confidently expect to receive, and up to that measure made absolute appropriations; that is, appropriations which it bound itself to pay, even by borrowing if income should fail. Since in its first year, its income available for appropriations and its own expenses, had been \$13,732, and that amount had, in the second year, increased to \$19,418, it seemed reasonable to expect at least a proportionate increase in the third year. Such increase would yield over \$28,000. Under these circumstances, the Board bound itself to pay in full the appropriations named in the first of the following lists.

It will be noticed that while the first list is made up chiefly of new institutions, it includes a few older ones. The Board was anxious to carry its system of absolute promises as far as it could; and such institutions as Salt Lake Collegiate Institute and Park College appeared to have an exceptional claim upon the help of the Church. It will also be seen, on the other hand, that some of the newest institutions have been included in the second list of *pro rata* appropriations. In some of these cases the amount of local outlay did not seem to entitle the movement to an absolute share of the Board's small means. In other cases, the application was not received until the Board had made all the absolute promises that prudence seemed to warrant. The Board does not claim that this kind of discrimination has always been easy to make, or that it has been without mistake. It only claims that in its difficult position, with more applications than it knew how to provide for by any regular increase of its income, it did the best within its power.

The Board believes that it has laid all obligation for the unpaid appropriations where it belongs; namely, not upon the Board, nor upon those churches which have provided the Board with such means as it has had, but only upon that large proportion of our denomination which has made no response to the showing of these needs.

If the alleged needs had been extravagant, this withholding of response might have been regarded as a just rebuke of the Board's excess. But no such view can be entertained. The annual outlay which the several States and Territories make upon the current expenses of the secular schools averages fifty per cent upon the total property investment. The investment in the Church's schools has been made, as has been seen, not by the Church, but by individuals, yet to the Church's advantage; and the largest aggregate demand made upon the Church for this year's maintenance of her schools was not fifty per cent upon this donated outlay, but five per cent. It now appears that through the lapsing of some claims on the Board, as above described, four per cent on the investment would have met the current needs of all these schools. The Church has furnished less than three per cent.

The evils of a direct competitive solicitation of the churches at large by interested institutions are so manifest, that the churches are requested to put into the Board's treasury, unrestricted, the very moderate amount which it asks for so great a work, and leave entirely to it the office of distribution.

#### STATISTICAL TABLES.

The information given in the following tables will be of more than present interest. The institutions which have begun their work under the auspices of this young Board cannot be expected to make, as yet, any large showing of results. College classes, in a college not more than one, two, or even three years old, cannot but be small. The wonder is that some of these new colleges make so fine a showing as they do. But the real interest of these tables will appear in future years, when the young institutions shall have come to their strength, and the story of their first years shall be studied as the beginnings of our older colleges are studied now.

One feature of the above tables challenges the attention of the Church—the number of youth who have been credibly converted during the past scholastic year in some of the schools which this Board is aiding. Yet

such statistics are given with a clear understanding that they make but a very inexact and inadequate representation of this most delicate and sacred result of Christian labor. When this clear evidence of God's favor upon this work is contrasted with the measure of help which a great part of the denomination has supplied to it, the regret of the Board will be widely shared. It appears from one case that our strong Church, having, by her responsible methods, engaged a minister in a zealous effort for the founding of one of her schools, suffered him not only to lose remuneration for that work, but to apply his own limited income from the Board of Missions to the payment of other teachers. This case of hardship is by no means exceptional. When the older parts of the Church shall come to understand the quality and measure of the interest which her pioneer preachers feel in having Christian schools accessible to their congregations, such cases will fall out of date.

##### *Personal Gifts Made Direct to Institutions.*

(For particulars, see "Direct Donations," p. 50.)

|        |             |
|--------|-------------|
| Total, | \$19,528 35 |
|--------|-------------|

It will be seen that this sum added to the actual receipts of the Board's treasury makes the aggregate of \$67,902.85, against a similar aggregate of \$54,020.36 in the Board's second year; and of \$28,957 in its first.

Among the gifts so reported, the continued liberality of Mr. Trask to Montana College will especially be noticed. Our Church should not forget that while this munificence results to her advantage in building up one of her institutions, she ought not to credit herself with it in any degree. Mr. Trask belongs to another communion, and unless his benefactions stimulate our own, they are greatly misused.

Another class of personal benefactions demands equal acknowledgment, namely, those which have been made to the general treasury of the Board, many of them in response to special request of its officers, and for the purpose of meeting, as far as possible, the unexpected deficit with which the year has closed. Among these are the donation of \$2500 (to be mentioned again) by Mr. W. Thaw, of Pittsburgh, Pennsylvania; of \$500 by Mr. John Taylor Johnston, and a like sum by Mr. David B. Ivison, both of New York; of \$100 each by Mr. George Griffiths, of Philadelphia, and Mr. D. L. Knowlton, of Freeport, Illinois. Similar acknowledgment is gratefully made of the donation of \$100 by G. L., of \$200 by Mr. Morris K. Jesup, of New York, and of \$1000 by Mrs. Eliza McKee, of St. Louis. At the last, it has been by the very kind intervention of the following that the Board has escaped a debt with which its books were actually closing: The McCormick estate, which gives \$2000; Mr. Henry J. Willing, \$100; Mr. Abraham Poole, \$50; Hon. W. C. Goudy, \$200; the First Church, a special additional collection of \$162.17—all these being of Chicago—and Mrs. Jane F. Willard, of Auburn, N. Y., \$500.

## GIFTS SOLICITED FOR BUILDINGS AND ENDOWMENT OF YOUNG INSTITUTIONS.

One of the chief objects of the Board is to enlist individual donors in aiding the building and endowment funds of young institutions. This year some departure has been attempted from the accustomed method of soliciting such assistance, which has been by canvass of assigned fields by successive representatives of different institutions. Such a canvass has some obvious disadvantages, which this different method, if it can meet acceptance, would avoid. A letter was sent out to some extent in behalf of a Property Fund of the Presbyterian Board of Aid for Colleges and Academies, to be kept separate from the income from church collections (which latter is applied chiefly to the support of teachers, and in no case to the increase of property), and to be distributed by the Board under the following conditions:

"1. Every giver, of whatever amount, shall be guaranteed a receipt from the treasurer of the institution to which his gift shall be sent, covering the whole amount of the gift, and certifying that it has been applied, and in what way, to increase the permanent property of the institution.

"2. Every giver of \$500 or more at one time shall be fully advised with, in order that he may make selection, both of that one of the Board's institutions to which his gift shall be applied, and of the purpose which it shall serve.

"3. Donors who shall employ this method of contributing to the property of the Board's schools and colleges shall not be subject, to the personal solicitation which the Board may have need to warrant in behalf of particular institutions. It is the earnest wish of the Board that this form of help may prove so acceptable to the friends of this great work that the costly and troublesome methods of particular solicitation may be abandoned.

A good beginning has been made by the following subscriptions: Of Mr. W. Thaw, of Pittsburgh, Pa., \$2500, to be "used at the discretion of the officers of the Board;" of Mrs. R. L. Stuart, New York, \$10,000, for the building fund of the College of the Synod of Kansas, at Emporia.

## CONCLUSION.

The experimental stage of this work is now passed. It has been proved: (1) That the needy territory is ready to do its full duty toward meeting its own needs. (2) That teachers are at hand, full of the evangelical spirit of this movement. (3) That God is already putting upon them the most noticeable seal of His grace. (4) That the demand which this great and far-reaching work makes upon the means of the Church at large is entirely trivial in comparison with the interests at stake. The single critical question then is, will that most moderate demand be met? And we must answer: Not without the coöperation of a great part of our ministers and congregations that have not helped this cause as yet. There has indeed been a continued increase in the number of contributing churches. But whatever may have been the exact rate of the increase of such actual contributions, the fact now is that this third year finds only 1529 out of the 6500 congregations of our Church coöperating with the Board. And it is further true that a large proportion of the churches that have withheld their help, are of such importance to all the financial work of the denomination, that the lack of their assistance is sorely felt. The success or embarrassment of this great work lies decisively in the hands of the men who have more moved than any others to insure its triumph. So far as it has developed strength already, either at the West, in founding new institutions, or at the East, in succoring them, the educated pastors have been its foremost abettors. Their words, by the liberal backing which they are sure to command, have created property and distributed gifts; and pastor's words, that remain to be spoken, will, with that blessing of God which has met this endeavor at the outset, speed it to complete success; in which case, to God will be the glory, but an endless satisfaction will also be to them.

Respectfully submitted, by order of the Board,

H. D. GANSE, *Corresponding Secretary.*

## X. SPECIAL COMMITTEE ON SYSTEMATIC BENEFICENCE.

## ABSTRACT OF THE SEVENTH ANNUAL REPORT.

The Seventh Annual Report of the Permanent (Special) Committee on Systematic Beneficence—the second under its present organization is respectfully presented to the Assembly. The year has been in many respects the most busy and effective period of the Committee's existence. The victories of the year towards the establishment of a new era of Christian giving in the Presbyterian Church have been more definite and unquestionable than at any previous period of our history as a denomination.

Your Committee have been impelled by the needs of the cause to do more printing and circulate more documents than in any previous year. Ten publications have been issued. Up to January, 1886, five additional "Reminders," in behalf of as many of our Boards, were sent to the churches at the hands of our valued allies, the Committeemen upon Beneficence in Presbyteries and Synods. Here we take occasion to mention, gratefully, and with highest appreciation, the priceless aid we have received from these brethren.

Circulars of information concerning the new overture have been mailed to ministers and elders in every Presbytery. We think that we are neither over-sanguine nor prejudiced, when we consider the acceptance of this overture, and the adoption of the new chapter in our Constitutional "Directory for Worship," the most important legislation in support of highest principles and best rules for Christian giving, that our Church has ever seen. We take the lead of other evangelic denominations in our land in earliest adoption of so important and progressive a measure. Now, the Church has adopted it, in God's name let the Church stand by it loyally!

We have been gratified to discover that even where the overture was rejected its principles were not antagonized. Exception was taken to some of its phraseology, or to some special feature of the order recommended. To prevent occasional misapprehension, permit us to remind the Assembly that the commended plan of weekly offering combines all advantages, furnishes all needed flexibility.

1. It admits every opportunity for presentation of special causes and offerings for them, since the Sabbath can be divided, if desired, in any arranged proportion between the several Boards.

2. It concedes largest liberty to the individual giver to direct the disposition of his offering as he may designate.

3. It habituates the worshiper to give with spiritual purpose—"as to the Lord, and not to men."

4. It is simple, pervading, may be made to reach everybody.

5. Every Board, without undue discrimination, is more likely to be aided.

6. Its frequency makes giving easy, habitual and successful, by gathering in the littles. Multitudes never will, and cannot, give in one amount as much as they will readily contribute by fifty-two installments in the year. With too great an interval between our gifts, the act can never ripen into a habit. It reaches all occasional absentees—counteracts the depletion of a stormy Sunday.

7. It removes the stigma of "begging," in benevolence, by connecting giving with our most hallowed customary worship.

8. Earnestly adopted, and with sincere energy employed in the spirit of other devotional activities, it promises to afford a regularity and volume of flow into the treasuries of our Church unattainable in any other way.

For suggestions of practical work upon this line, we refer the churches to our "Document 16, Principles and Plans."

We are glad to report the Church almost fully organized in Presbyteries and Synods for coöperation in the work of your Committee. Very few indeed are lacking in good Committees on Beneficence, and the rare omissions occur more through forgetfulness than purpose.

The Presbyteries where greatest lack is felt are those whose churches are absorbed in self-support, and find it all the harder to gain because their giving is never allowed to go beyond themselves. As one Presbyterian Committeeman expresses it, "Pastors and supplies in constant state of flux, ever moving, going to and fro—chiefly fro—so that no system has any opportunity except to strangle." Pastoral and sessional labor earnestly directed to the development of any congregation's beneficence will always meet success. We have yet to discover the first exception to that rule.

Here and there we find clubs or societies of proportionate givers, who quietly meet and compare notes and do what they can to add others to their number. Such a movement in every church might be of pronounced service. The children of mission-bands and Sabbath-schools in hundreds of churches are under quiet, efficient training for regular, habitual, often proportionate, giving for God.

Our great Church is weakened before the world by the chronic indebtedness, the annually threatened bankruptcy of our noblest schemes. Our struggling, debt-smitten Boards are casting about for some new and surer mode of raising money to supply their needs. Can they do better than lend all their large influence to urge into wide practice this Scriptural, simple, successful method that the Church has just approved?

Movements are making in a number of Presbyteries to bring practically this whole great subject to the minds of all the members of their churches. We quote the action of the Presbytery of Pittsburgh, as briefly representing this enlarging conviction:

"*Resolved*, That on the last Sabbath of February, or on some Sabbath as soon thereafter as possible, a service be held in each church in the Presbytery in the interest of Systematic Beneficence, and that pastors call to their aid elders and lay members who, out of their knowledge and experience, can testify to the blessings and benefits of systematic giving."

The fact that Western Presbyteries are often leading the East to-day is illustrated upon the ground where the Assembly meets this year; St. Paul Presbytery exceeding Brooklyn by 80 per cent in gifts per member to Home and Foreign Missions.

Your Committee is charged with the duty of presenting to each Assembly a brief summary of the benevolent work of the fiscal year, so far as it concerns the Boards of our Church:

## TOTAL RECEIPTS OF THE BOARDS.

An aggregate advance over last year of \$208,556. The special effort originated in the last Assembly to liquidate the debts of our two largest Boards brought in \$169,005. Yet three of our Boards are in debt again to the extent of \$107,687, while in addition the Board of Publication reports a balance against its Missionary Fund of \$24,511. But for the crippling debts of last year, large advance could have been made. Now we face another year of special struggle. Shall we be wise to meet it with the old methods only?

Last year our churches contributed to outside causes of benevolence more than three-fourths of a million dollars. In view of the situation it is well worthy of wise, conscientious question, by every church, whether a portion of this "miscellaneous" generosity is not due and payable to our own Boards.

## NUMBER OF CHURCHES CONTRIBUTING.

An aggregate gain of 664 contributions. Yet here remains a lack of 30,500 in all—omissions which could not have been possible, even if one individual in each delinquent church had contributed to one of the neglected causes, or if the session had not discriminated against it in their apportionment of the Church's gifts.

It may be well to remember that our Church at large gives an average of \$4.31 per member for the Boards, General Assembly and Miscellaneous Benevolence. Any member can compute whether he has given in the course of a year, beyond his pew-rent, the sum of \$4.31 to the Lord's cause. If not, he can at once tell where the delinquency applies.

Ten cents a Sabbath from each of our members would bring in for the same causes \$3,432,000 a year. An average of such giving is perfectly practicable, and we ought not to do less. Demonstration is clear that the great majority are making the Lord's work a matter of careless convenience or fitful impulse, doing virtually nothing to help it on. For multitudes of them the results of regular worship by offerings would be a happy surprise.

Your Committee ask that the Assembly take measures, to commend the adopted overture to the attention and earnest practical consideration of all ministers and Sessions of our Church.

We may express our hope, however, that the weekly offering may not be adopted in any church as a mere matter of business administration, but in the fear of God, in Christian love and as a solemn, thankful feature of Divine worship and personal consecration.

We submit the following recommendations: (See Minutes, p. 91.)

A bill for the necessary expenses of the Committee, mostly for printing

and postage, is hereby presented with respectful request for payment. Great economy has been practiced, and no traveling expenses are included.

Moreover, entire independence, as an agent of the Assembly, is, we believe, essential to the efficiency of this Committee. In justice to the Boards and to themselves, they must respectfully decline to be longer a beneficiary of the Boards, as they were constituted by resolution of the last Assembly.

Respectfully submitted in behalf of the Committee,

CHARLES S. POMEROY, *Chairman*.

DAN. P. EELLS, *Secretary*.

ANSON SMYTH, *Acting Secretary*.

### ABSTRACT OF THE FIFTH ANNUAL REPORT.

At the annual meeting, held June 18, 1885, Mr. David M. Stiger was re-elected Treasurer, and Rev. William Y. Brown, D.D., was re-elected Chairman. Subsequently—that is, on the first day of October—in order to bring the organization of the Committee more clearly within the ordinary nomenclature of the benevolent work of the Church, Dr. Brown resigned the office of Chairman, and was elected Corresponding Secretary of the Committee, and Rev. Robert D. Harper, D.D., was appointed Chairman.

It has been the aim of your Committee to collate facts pertaining to the temperance work in the Church and State, including methods, without presuming to pass judgment upon the relative importance of the facts, or the comparative value of the different methods of dealing with the drink problem.

By the terms of its appointment, your Committee is “to seek to quicken and unite the Synods and churches in suitable measures for promoting the temperance reform.” It understands by these words that the Committee bears virtually the same relation to the temperance work in the Church that the various Boards do to the causes which they severally represent, and that the temperance work in the Church is to receive, in the several

Church judicatories, substantially the same supervision that is given to the other departments of benevolent work.

*Synodical Supervision.*—Your Committee gladly reports that all the Synods, not including the foreign, have appointed Permanent Committees on Temperance. These committees have presented elaborate reports to their several Synods, which have received the earnest and prayerful consideration of these bodies.

*Presbyterial Supervision.*—It is also gratifying to be able to report that nearly all the Presbyteries (not counting the foreign) have reported the appointment of Standing Committees on Temperance. Great credit is due to many of these committees for earnest and active work within their several bodies, and for their prompt and cordial coöperation with your Committee in the distribution of documents and special work within their bounds.

#### PRESBYTERIAL TEMPERANCE INSTITUTES.

Under the joint supervision of your Committee and the Standing Committee on Temperance of the Presbytery of New York, a series of Sabbath Evening Temperance Institutes was held in the city of New York during the past winter.

The Standing Committee on Temperance in the Presbytery of St. Louis arranged a series of six Union Meetings in Presbyterian churches, similar to the above, except that they were held on Thursday evenings. In this connection a joint meeting of the ministers and elders of the Presbytery was called to consider "the relation of the Session to the temperance work in the Church."

These Institutes show the importance and possibilities of Presbyterial supervision and stimulation of temperance effort in the city churches. The most gratifying reports of the meetings in St. Louis have reached your Committee, and it can speak from personal knowledge of the profound interest awakened by the Institutes in New York. Many other Presbyterial committees have held Institutes with the happiest results: The Presbyteries of Wooster, Butler, Binghamton, Utica, Genesee, Lehigh, Philadelphia Central, Portsmouth, and Lackawanna.

#### TEMPERANCE LESSONS IN THE SABBATH-SCHOOL.

Your Committee again calls attention to its plan of organizing the work in the Sabbath-school, given in Papers Nos. 12 and 13. This plan has worked well wherever tried, and is earnestly recommended to Church Sessions and Sabbath-school superintendents. Other plans have been communicated to your Committee, among which the most prominent is that known as "The White Ribbon Army." This is the method used in the Bethany Sabbath-school in Philadelphia, Pa., of which Rev. Dr. A. T. Pierson is pastor and Mr. John Wanamaker is the superintendent. Another is "The Declaration of Independence against King Alcohol," used by Rev. Wilbur F. Crafts in First Union Church Sunday-school, New York.

Incidentally half a dozen practical temperance lessons occur in the series of 1886, and the International Committee have selected the text for temperance lessons in the series of 1887. By this act they have recognized the importance of this matter in the schools; yet it is left in a shape that will require the vigilance and authority of Church Sessions to see that the subject has its proper place and treatment in the school. More temperance books, too, are needed in the Sabbath-school libraries. The Presbyterian Board of Publication is giving increased attention to this necessity. Three new temperance books have just been added to its list.

*Home Supervision.*—In its last analysis, the matter of supervision of temperance work is in the home. It is a pleasing fact to note that the temperance sentiment has made such progress in the Church and in society that the great body of communicants in the Presbyterian Church are total abstainers from all intoxicating drinks; some, for the reason that it is the only safe rule; others, on the ground of expediency laid down by Paul in the Epistle to the Romans; some, doubtless for other reasons, and the question is properly relegated to the individual conscience.

## THE CENTENNIAL OF MODERN TEMPERANCE REFORM.

Reference was made to this subject in the Report of last year, and the Assembly recommended churches to celebrate the event and make a centennial offering for the use of the Permanent Committee. The event was very largely observed by churches of all denominations. Many of the pastors in different parts of the Church preached special temperance sermons suitable to the occasion. Some of these were published in the local newspapers, others in pamphlet form, the whole making a valuable contribution to temperance literature. The most notable observance of the occasion, however, was the National Centennial Conference, which was held in St. George's Hall, in Philadelphia, Pa., September 23 and 24, 1885. It was composed of more than 500 delegates, representing all creeds and denominations of Christians in this country, and all phases of the temperance work. The delegates hailed from twenty-one States, the District of Columbia, Washington Territory, and from sixteen national bodies. It was unquestionably the most important temperance conference ever held in America, and the Memorial Volume, containing the speeches and papers laid before the Conference, is the most valuable contribution to temperance literature that the century has produced.

By appointment of your Committee, its Corresponding Secretary prepared a sketch of the temperance work in the Presbyterian Church for the National Conference. It is published in the Memorial Volume. It has also been published by your Committee as Paper No. 20, and entitled "A Century of Temperance Work in the Presbyterian Church," by Rev. William Y. Brown, D.D.

## TEMPERANCE IN OTHER CHURCHES.

The Rev. Francis H. Marling, D.D., Chairman of the Committee of Correspondence with other Religious Bodies, makes an admirable report, from which extracts are given.

It is cheering to report an advance along the whole line. We know of no backward step on this subject; there are many forward ones.

During the past year the ROMAN CATHOLIC CHURCH IN AMERICA has spoken with an unprecedented clearness and authority on this great question. Among its decrees are such deliverances as these, still far below the proper mark, but reaching a higher point than before:

"Lastly, we warn our faithful people who sell intoxicating liquors to consider seriously by how many and how serious dangers and occasions of sin their business—although not unlawful in itself—is surrounded. If they can, let them choose a more honorable way of making a living; but if they cannot, let them study by all means to remove from themselves and others the occasions of sin. Let them not sell drink to the young; that is, to those who are not of age, nor to those who they foresee will abuse drink. Let them keep their saloons closed on Sunday, and at no time let them allow blasphemy, cursing, or obscene language within the walls of their taverns. If, through their culpable neglect or coöperation, religion is brought into contempt and souls ruined, they must know that in heaven there is an avenger who will exact the severest punishment from them."

The progress of the Temperance Society in the EPISCOPAL CHURCH, both in England and America, is a noteworthy sign of the times. True, it is founded on the "double basis"—"moderation" and "total abstinence"—with a pledge for each. But the total abstinence pledge is there in a place of honor, under the highest authority, and it is much for it to have secured such a foothold.

The attitude of other American Churches on the subject is well known. Elaborate reports on the temperance history of the several denominations were made at the Temperance Centennial Conference in Philadelphia, in September last. There was a friendly rivalry as to which had made the earliest beginning and which the greatest progress. But the story in every case was one of growth from a little seed to a great tree.

When we cross the northern border of the United States, we find a kindred zeal among our Canadian brethren. There is a vigorous temperance

movement there, and the churches are the inspiration of it. The General Assembly of the Presbyterian Church yearly appoints a Temperance Committee, which gathers facts, diffuses information, cultivates public sentiment, and shapes ecclesiastical deliverances.

If we cross the seas we find a like advance. A list of temperance organizations in Britain, gives particulars of denominational societies in connection with the Established Church of England and the Church of Ireland, the Weslevans and various other Methodist bodies, the Congregationalists, the Baptists, and the Society of Friends.

Our Presbyterian brethren also take a forward position on the subject. Thus, in the Free Church of Scotland, with its 1035 congregations, the abstainers have in their ranks "550 ministers, seven-eighths of the divinity students and a large proportion of the Christian workers." The United Presbyterian Church numbers 557 congregations; and 285 of its ministers practice abstinence, and ninety per cent of the students. In the Presbyterian Church of Ireland, 310 ministers—more than half of the entire number—117 students in the Belfast College, and all but four of those at Londonderry, are on the same side. Each of these sister churches has its regular Committee on Temperance.

Even on the Continent of Europe, where drinking customs are so inveterate, the temperance idea is taking root, and Christian hearts are feeling the pressure of the double argument, "My safety," "My neighbor's good."

#### STATISTICS.

As in duty bound, your Committee has endeavored "to gather and report such statistics as may be of value and interest to the Church."

*Concerning the Liquor Traffic.*—As a matter of compulsory economy, your Committee uses the plates of last year's Report to give a detailed statement of facts for the fiscal year ending June 30th, 1884. The following is a summary of similar statistics for 1885:

(a) The number of persons engaged in the liquor traffic who paid special taxes to the United States Government during the special tax year ending April 30th, 1885, was as follows: Rectifiers, 1307; retail liquor-dealers, 182,318; wholesale, 4190; brewers, 2230; retail malt liquors, 8676; wholesale malt liquors, 2705; total, 201,435—an increase of 2496 over the fiscal year of 1884.

(b) *United States Revenue derived from Tax on Liquor Traffic.*—The United States Internal Revenue receipts from taxes on distilled and fermented liquors for the fiscal year ending June 30th, 1885, were: On distilled spirits, \$67,511,208.63, being a decrease of \$9,371,601.95; on fermented liquors, \$18,230,782.03, showing an increase of \$145,827.92.

(c) For scientific purposes, 23,330 gallons, and for manufacturing purposes, 403,003 gallons were withdrawn from warehouses.

#### PUBLIC SCHOOLS.

A detailed statement of the school population for the year 1882-3 will be found in the Appendix. The following is a summary of school statistics for the year 1883-4: School population in the States and Territories, 16,794,402; enrolled, 10,738,192; in private schools, 601,216; number of teachers, 307,804; income and expenditures, \$110,567,567. By comparing the two years, it will be noted that a gratifying advance has been made in every aspect of the case.

These statistics are specially significant when viewed in relation to the subject of

#### SCIENTIFIC TEMPERANCE INSTRUCTION IN SCHOOLS.

It is gratifying to see by the report of the Commissioner, that this subject has the cordial sympathy and support of the National Bureau of Education. The following States have adopted the system: Vermont, New Hampshire, Michigan, New York, Rhode Island, Alabama, Kansas, Oregon, Pennsylvania, Maine, Nebraska, Nevada, Missouri, Wisconsin, Massachusetts, Washington Territory, Connecticut, Maryland, Iowa.

## RAILROADS AND TOTAL ABSTINENCE.

Your Committee has corresponded with a large number of the great railway corporations, with reference to their rules concerning the use of intoxicating drinks among the men in their employ. The total number of persons employed by these companies was 418,957, of whom 79,650 were train men.

*The Chicago and Northwestern Railway System:* It is gratifying to know that this great railway system declares that, "the use of intoxicating liquors as a beverage debars any man from entering the train or engine service of the company."

*The Pennsylvania System:* "The use of intoxicating drinks while on duty is prohibited. Persons known to use them in excess at any time will not be retained in the service."

*The Baltimore and Ohio System:* "It is well understood by every one desiring to enter the service of this company that no drinking man can find employment or be retained in the service."

Similar rules are also enforced by the Michigan Central, Illinois Central, the Chicago, Burlington and Quincy Railroad systems.

## DOCUMENTS AND LITERATURE.

Your Committee has printed, and for the most part distributed, the following documents during the year: Of the Fourth Annual Report to the General Assembly, containing seventy-two pages each, 6000 copies. Although this number was as great, and even more than the funds of the Committee justified to print, yet it is much less than the necessities of the work require. Of Paper No. 6, giving a Summary of Deliverances of the General Assembly from 1812 to 1885 inclusive, 5000 copies. Of No. 16, "The Session and Temperance," 1000 copies. Of Paper No. 17, "What Can be Done in the Sunday-school in the Interest of Temperance?" 1000 copies. Paper No. 18, containing Important Statistics, eight pages, 2500 copies. Of Paper No. 19, containing the Deliverance of the last General Assembly on Temperance, 10,000 copies. About 400 of these were sent to newspapers in every State and Territory in the country, accompanied by a personal letter requesting the publication of the document as far as possible.

## TEMPERANCE WORK IN THE SEVERAL STATES.

The last General Assembly passed, among others, the following resolution:

5. "That the Permanent Committee is recommended to ascertain the nature of the efforts being made by temperance people, and especially by the Church, to promote the cause of temperance in each of the States in the Union, and report the results of its inquiry to the next General Assembly."

Your Committee has endeavored to meet the requirement of this resolution; but the scope is so broad, and the necessary data are so difficult to collect, that it begs to report only in part this year.

*Alabama, Florida, Georgia, Maryland, Mississippi and Virginia.*—In the above States, and the South generally, the line of temperance effort, in the spiritual and moral aspects of the cause, is by preaching the Word of God on the subject. In the legal aspects of the subject it is by county local option. "We are endeavoring to secure State prohibition on the Georgia plan—local option," writes a prominent temperance worker in Alabama. "The Church," he says, "is almost a unit in favor of prohibition."

*Wisconsin, Illinois, Missouri and Nebraska.*—These States are grouped together because their license systems have a general similarity, and the license fee is higher than in most of the license States. As, for instance, in the State of Illinois, the law requires \$500 license fee, and has a local option feature; Missouri, \$275 to \$600 license, and local option; Nebraska, \$500 to \$1600 license and local option; Wisconsin, \$250 and \$500 license, with a modified local option feature.

*Maine.*—"The Maine Law" was passed June 2, 1851. After a trial of statutory prohibition for a third of a century, and with a full knowledge of the practical benefits of the law, the citizens of the State put the principle of prohibition into their State constitution in September, 1884, by a vote of 70,783 to 23,811—nearly three for to one against it.

*Rhode Island.*—The voters of this State, on April 7, 1886, adopted constitutional prohibition by a majority of more than three-fifths of the total vote. It was a non-partisan measure, and was supported by the Christian people of all denominations. The present legislature, enlightened by experience and stimulated by public opinion and the demands of the "Christian conscience," have recently enacted what is known as the "Clark Prohibitory Law," which deals effectively with the subject. It is said to be the most stringent law against the saloon that has ever been enacted in this country. This law has now gone into operation all over the State.

*Kansas.*—The Synod of Kansas last fall adopted the admirable report of the Rev. H. W. George, Chairman of its Permanent Committee on Temperance, in which, among other things, it is said, "We desire to correct the impression that exists in nearly every section of the country that prohibition in Kansas is a failure," and "that the people are tired of it, and all such expressions, which tend to mislead the popular mind. Seventy-six out of eighty-two organized counties are rid of the traffic in that most pestiferous of all manifestations, the open saloon."

*Pennsylvania.*—The temperance people of the State seem to have come to a substantial agreement upon a few converging lines of action, along which their forces are moving with tremendous and, it is to be hoped, with irresistible power:

1. *Educational.*—Through the pulpit, the Sabbath-school, the State schools, and the press.

2. *Mitigation.*—Convergent with the educational action is earnest and persistent effort in most parts of the State to mitigate the evils of the liquor traffic, and lessen the number of the saloons. Among the means used one is preventing the granting of licenses. For many years, some of the judges of the State, notably in Washington county, and Judge White in Indiana county, have refused to grant any licenses whatsoever, taking the broad ground that the question of granting or refusing any or all licenses was within the discretion of the Court. The Supreme Court of the State has affirmed this doctrine.

3. *Prohibition.*—The third converging line along which the temperance forces of the State are moving, is a methodical plan for securing constitutional prohibition. We are assured the Presbyterians of the State, as a whole, are in earnest and hearty sympathy with all these lines of effort. The Synod of Pennsylvania, in session at Bellefonte, October 19, 1885, adopted, unanimously, a very able report of its Permanent Committee, closing with the declaration "that we approve of the principle of constitutional prohibition."

*New York.*—There is not sufficient unanimity of action among the temperance people of this State to formulate a distinct line of effort that is being made by them.

#### SUGGESTIONS.\*

The duty of your Committee—"to mature and report action on the subject to the Assembly"—is fulfilled, it hopes, in general, in the several parts of this Report. There are a few points, however, which experience has taught it to be of such vital interest, that it ventures to speak of them in the way of suggestion:

1. In regard to funds, your Committee regret to say that it has been crippled beyond expression by the want of funds to do its legitimate and imperative work, and suggests to the Assembly to take some action, in its own wisdom, that will impress upon the churches the duty and obligation

\* For the Assembly's action on suggestions, see p. 235.

to aid the Committee by their financial as well as moral support in carrying on its work.

2. That the Assembly recommend that the churches which have not yet arranged to take a collection for the Permanent Committee, be advised, as far as practicable, to take such collections in the month of April.

3. That the Stated Clerk of the General Assembly be directed to provide for this Committee a Statistical Column in the Annual Minutes, in which all funds contributed to the temperance cause, whether for local work or the Permanent Committee, shall be reported.

#### TEMPERANCE NARRATIVE.

For this, the last General Assembly gave the following directions:

"That Presbyterian Standing Committees arrange for holding temperance institutes and conventions under their direction, and to prepare a distinct temperance narrative and send the same to the Permanent Committee on Temperance, on or before the 1st day of April, and that a report on the narratives shall be made to the Assembly by said Committee."

It was evidently the intention, by this action, to secure, by means of the Presbyterian Narratives, late and reliable information of the status of the temperance work in all parts of the Church. Your Committee regrets to say, however, that only twenty-two Committees have sent in any narrative, so that it is utterly impossible to give any satisfactory report.

A hopeful spirit pervades all the narratives, and a general advancement of temperance sentiment is noted.

#### OFFICE.

David M. Stiger & Co., wholesale druggists, 58 Barclay street, New York, have kindly, and, it is feared, at considerable inconvenience to themselves, furnished your Committee desk room for the entire year, gratuitously, and for which the Committee returns its sincere thanks.

In behalf of the Committee,

#### REPORT OF THE STANDING COMMITTEE ON TEMPERANCE.†

The Committee to whom has been referred the Fifth Annual Report of the Assembly's Permanent Committee on Temperance respectfully report, that they have examined it with care, and find much in the suggestions and information it furnishes to interest and encourage the Church in the great cause of temperance reform.

That Report presents to this Assembly the following principal items:

1. That all the Synods, except the foreign, and nearly all the Presbyteries, have now appointed Standing Committees on Temperance, and to these, the Report gives deserved credit for their coöperation with the Assembly's Permanent Committee and for the efficient work performed by them within their own several bounds.

2. A schedule of a series of Sabbath evening Temperance Institutes, sixteen in number, and extending through a period of five months, which were held in various churches in New York City, under the auspices of the Permanent Committee and the Standing Committee on Temperance of the Presbytery of New York.

\* It is proper to note that Dr. Brown resigned his office on May 29th, 1886.

† This Report would have appeared in its proper place on page 102 of the Minutes but for the temporary loss of part of the manuscript.

The magnitude and importance of the cause are very suggestively set forth in the topics discussed at these meetings, such as "The Church and Temperance," "The Relations of the Drink Traffic to Crime," "The Attitude of the Presbyterian Church to the Drink Traffic," "The Gospel Remedy," etc.

The discussion of themes like these throughout our churches cannot fail to extend the needful information, and keep alive the needful interest in regard to this great and worthy cause. Similar temperance meetings were held also in ten other Presbyteries, with good results. In one Presbytery (Portsmouth) it has been determined to appoint one elder in every Session a standing committee on temperance.

3. A statement in regard to methods of temperance work in our Sunday-schools, and a recommendation of the Committee's plan of organized work presented in their Papers Nos. 12 and 13. The *International Series* for 1886 contains several temperance lessons, and others are provided for 1887, and the Board of Publication is giving increased attention to temperance literature.

4. An account of the observance of the centennial year of temperance reform in various ways, and specially by a National Centennial Conference, held in Philadelphia, and the publication of a memorial volume, containing the addresses and papers presented to the Conference.

In this Report is republished also, in full, one of those papers—the extremely interesting sketch of the history of temperance in the Presbyterian Church in the United States, with a summary of the deliverances of its Assemblies on the subject down to the present time. This sketch (Paper No. 20), prepared by the Secretary of the Assembly's Permanent Committee, is a paper of unusual value and importance, and ought to be placed in all the families of our Presbyterian congregations.

5. The Report furnishes encouraging information, gathered from many sources, of an advancing temperance sentiment, not only in our own Church, but in other denominations and in other lands, "an advance along the whole line." In the United States, in Canada, in England, Scotland, Ireland, in the Roman Catholic and Protestant Churches alike, the sin of intemperance and the evils attendant on the liquor traffic are being brought more and more prominently under consideration, and arousing an interest that deepens as the years go by. And while there are wide differences of view on some points, and a diversity of methods in dealing with the evil, a sense of the importance of the subject, and of the duty and necessity of doing something to restrain or end the evils, was never before so deep and so general as now.

6. The Permanent Committee, in accordance with its instructions from the Assembly "to gather and report such statistics as may be of value and interest to the churches," has given in the Appendix a number of statistical tables, and, in the body of the Report, a summary of them, showing the enrollment and attendance of the school population of the States and Territories, the consumption of wines and liquors for several years, the number of persons engaged in the liquor business, and the United States revenue received from the tax on this traffic. We call attention only to the fact, that there is an army of sin, more than 200,000 persons—rectifiers, brewers, wholesale and retail liquor dealers—paying tax to the Government amounting in 1885 to the sum of nearly \$86,000,000. The cost of liquors consumed as a beverage is estimated at the enormous figure of \$800,000,000 a year. The terrible results of their use cannot be told in figures or in words.

7. In regard to the progress and outlook of the temperance reform, the Report furnishes such interesting and significant facts as the following: That temperance sentiment is being implanted in the minds of the young, by systematic instruction on the subject, not only in the Sabbath-schools, by temperance lesson-papers, temperance bands and temperance exercises, but also in the public schools, with their 13,000,000 of children. Nineteen States and Territories have already, by special legislation, made provision for scientific temperance instruction in their public schools, particularly in regard to the pernicious effects of alcohol on the human system; and the Congress of the United States have recently passed a bill requiring such instruction to be given in the District of Columbia, the Territories,

and all schools under Government control. Yet another indication of the growth of sound principle and right practice is found in the fact that so many of the most important railroad companies are making it an imperative rule that no man given to the use of intoxicating liquors shall be employed or retained in any department of their service. Many of the States, also, are endeavoring, by temperance legislation, either to abolish the liquor traffic altogether, or to diminish and limit its power for evil in the community.

8. We find that the Permanent Committee have printed and distributed during the past year 27,000 copies of various temperance documents (about 640,000 pages). The want of funds has prevented the publishing of many more which they felt to be important. But our religious papers, and many secular newspapers, have given wide circulation to temperance articles and news, equivalent to many millions of pages of tracts.

9. The last General Assembly directed "that Presbyterial Standing Committees prepare a distinct temperance Narrative and send the same to the Permanent Committee on Temperance, and that a report on the Narratives shall be made to the Assembly by said Committee." This direction of the Assembly was complied with by only twenty-two of the Presbyteries, so that it has been impossible for the Permanent Committee to prepare a report required by them for this Assembly.

10. In regard to the funds of the Committee, the Treasurer's report shows as follows: The Committee began the year with an indebtedness of \$1070.52. The expenditures of the year have been for salary, \$3000; other expenses, \$1110.92; estimated balance of cost of printing the Fifth Annual Report, about \$230; making a total, including the debt, \$5,410.44. The receipts from collections and donations have been but \$3307, so that the present indebtedness is about \$2100.

We respectfully recommend the adoption of the following resolutions, to wit:

1. That the Permanent Committee on Temperance be continued as the natural complement to the similar Committees in Presbyteries and Synods, and as completing the organic bond between the Presbyterian Church and the great temperance movement.

2. That, in the judgment of this Assembly, the work thus far practicable on the part of this Committee is not sufficiently large or extensive to demand a Corresponding Secretary all of whose time shall be given to this work, and that the contributions from the churches do not justify at present such an outlay.

3. That the resignation of the Corresponding Secretary should be accepted by the Committee, and that the Committee be requested to carry on the work as economically as possible, leaving the future to show whether the work shall so expand and the coöperation of the churches so increase as to justify larger administrative force and corresponding expenditure.

4. That the Permanent Committee be reorganized, as follows: That its headquarters shall be in Pittsburgh, Pa.; that it be composed of the following:

#### *Ministers.*

Rev. Elliott E. Swift, D.D., *Chairman*,  
 Rev. William O. Campbell, D.D.,  
 Rev. William J. Holland,  
 Rev. Isaac N. Hays, D.D.,  
 Rev. J. P. E. Kumler, D.D.,  
 Rev. Neville B. C. Comingo,

#### *Elders.*

C. L. Rose,  
 O. L. Miller, M.D.,  
 J. H. Baldwin,  
 Thomas H. Rabe,  
 Robert S. Totten,  
 William B. Negley,

And the Committee shall determine by lot the several terms of their service and report the result to the Stated Clerk for insertion in the Minutes of the Assembly.

5. That the deficiency of the late Permanent Committee on Temperance, to the amount of \$2100, be paid by the Stated Clerk of the General Assembly, out of the Contingent Fund of the Assembly of 1887, provided there be no objection made to such appropriation of said fund on the part of a majority of the Presbyteries.

6. That this Assembly hails with rejoicing and thanksgiving the progress of temperance reform throughout the country, and that its prayers and sympathy attend every wise and legitimate movement that looks toward the total extermination of the liquor traffic.

7. That this Assembly repeats and emphasizes the deliverances of former Assemblies, in regard to the sin of intemperance, the unspeakable evil and wrong of the liquor traffic, and the duty of all members of our churches to encourage and promote the cause of temperance in every legitimate way, and especially by the power of personal influence and example. Holding fast what has already been gained, there should be no backward step, but the war against this gigantic evil of intemperance should be pushed forward until it is destroyed.

8. That the Board of Publication be urged to continue its good work of publishing sound temperance literature, and to enlarge that work, as far as lies in its power; that the agencies and colporteurs under the control of the missionary department be supplied abundantly with temperance books and tracts, and that temperance instruction for the young be made a constant and prominent feature in the Sunday-school work of the Board.

9. That the Assembly, with renewed earnestness, calls upon the Synods and Presbyteries to give diligent attention to the cause of temperance in their bounds, by the appointment of temperance committees, the holding of frequent temperance meetings and the requiring of temperance narratives.

10. That the Assembly calls on all pastors, stated supplies and sessions to be mindful of their responsibility, and so to use their influence against the Satanic influence of the saloons and the deadly vice of intemperance, by the faithful preaching of the gospel of temperance, by their personal effort in its behalf, and by the watchful care of the young people of the Sabbath-schools and homes of the churches, as to awaken the conscience of the indifferent, save those who are tempted or fallen, and bring all entrusted to their care up to an ever higher standard of holiness unto the Lord.

J. H. MONTGOMERY, *Chairman.*

The Trustees respectfully submit herewith to the Assembly their Treasurer's Report and financial statements for the year closing March 31, 1886, with the proper certificates of the Auditing and Finance Committees. There have been but three legacies received during the year, viz:

*Archibald Falconer*, of New York, net \$16,045.51, which, in accordance with directions of the General Assembly, following the provisions of the will, has been paid over to the Board of Education.

*Mrs. Eliza Wallingford*, of Pittsburgh, Pa., net \$2953.43, for the Board of Missions for Freedmen, which has been paid over to the Treasurer of that Board; and

*Mrs. Charlotte C. Banks*, of Indiana, Pa., net \$9345, to be held in trust for the Boards of Home Missions, Foreign Missions and Ministerial Relief, one-third for each, and the same has been added to the permanent funds held by the Trustees for those Boards respectively.

The interest on all the investments has been collected, with but few payments remaining overdue. The interest on the O'Rourke mortgage (No. 31 in Treasurer's list), proceedings for the collection of which, principal and interest, have been commenced, as stated in the last Report of the Trustees, must be excepted.

The sureties upon the bond of the Stated Clerk, as Treasurer of the Assembly, having both died during the past year, a new bond with other satisfactory sureties in a like amount (\$5000) was promptly and voluntarily given by the Treasurer to the Trustees, and has been approved by them and placed with their securities, and the former bond canceled and surrendered.

The merger and consolidation of "The Trustees of the Presbyterian House" into and with "The Trustees of the General Assembly of the Presbyterian Church in the United States of America," under the title of the latter corporation, as authorized and directed by the last General Assembly, has been consummated under proper proceedings had in the Court of Common Pleas of Philadelphia County, having jurisdiction in the premises. The preparation of the necessary papers and the completion of the details of the formal transfers of the property, securities and effects to the new consolidated corporation not having been fully accomplished before the close of the fiscal year, no items of the securities and funds of "The Trustees of the Presbyterian House" are included in the present Treasurer's Report or financial statements. They will fully appear in the next and future Reports. It is understood, however, that "The Trustees of the Presbyterian House," in their final Report to this Assembly, have fully and in detail presented the accounts and statements of the funds, securities and property which passed to the present consolidated corporation under and by virtue of the merger, so that the Assembly will be specifically informed of all the matters relating to the financial aspects of the consummated consolidation.

Simultaneously with the action of the Court for the merger of the two corporations, its approval was obtained of the amendment to the sixth section of the charter of the corporation, as likewise authorized and directed by the last Assembly. This enables the present Assembly to fill existing vacancies and future Assemblies to change at their discretion, in such manner as they may deem proper one-third of the whole number of Trustees, which is eighteen.

The Hon. William Strong, LL.D., having tendered his resignation, owing to inability from non-residence to attend the meetings of Trustees, leaves eight vacancies, which it is respectfully requested may be filled by the present Assembly.

GEO. JUNKIN, *President*.

JACOB WILSON, *Secretary*.

The undersigned have examined the Treasurer's account, and compared it with the vouchers and find it correct, the balance in the Treasurer's hands being \$698.07. They have also seen the securities in the foregoing statement (except the coupon bonds, for which we have seen the Fidelity Trust Company's receipt and certificate of deposit), the whole amounting to \$113,483, and all of said securities, with the cash balance as above, have been duly assigned, transferred, delivered and paid to the Treasurer of the Trustees of the General Assembly, in accordance with the consolidation and merger of the two corporations, as set forth in their respective Reports to the Assembly. There is included in said cash balance the sum of \$500, cash uninvested, belonging to the "John W. Irwin Fund."

## V. Miscellaneous.

---

### I. THE MILEAGE AND CONTINGENT FUNDS.

SPECIAL attention is called to the *Mileage and Contingent System* adopted by the General Assembly of 1870, and amended by the General Assemblies of 1875, 1877 and 1884. As amended it is as follows :

"The Committee to whom it was referred to consider and report a uniform system of Mileage, whereby full provision may be made for the traveling expenses of the Commissioners to our General Assemblies, and to meet the contingent expenses of each Assembly, respectfully report :

"It is affirmed, *Form of Government*, Chap. xxii, Section 3, that, 'in order, as far as possible, to procure a respectable and full delegation to all our judicatories, it is proper that the expenses of ministers and elders, in their attendance on these judicatories, be defrayed by the bodies which they respectively represent.'

"The principle is thus established, that provision should be made for the payment of the traveling expenses of Commissioners to the General Assembly. This provision should be made by the Presbyteries. As far as possible, the feebler Presbyteries should be aided in this matter by the stronger. It appears just and reasonable, and so has been found by experience, that the estimated contingent expenses of each Assembly, and the traveling expenses of the Commissioners in coming to and returning from the Assembly, should be fully met by the apportionment of the whole amount among the several Presbyteries, according to the number of their communicants respectively.

"It is therefore recommended—

"1. That the Standing Committee on Mileage, annually appointed, be instructed to present an estimate of the probable amount that will be needed by the next General Assembly, in order to meet their contingent expenses and the traveling expenses of their Commissioners, with a statement of the *per capita* rate, based on the number of communicants, that will be needed to secure the amount.

"2. That the Presbyteries, at their Stated Meeting next following the adjournment of the General Assembly, apportion the amount required of their churches as they deem best.

"3. That the churches be instructed to pay over their respective apportionments at the Stated Meeting of their Presbyteries next preceding the meeting of the General Assembly—the whole amount due from the Presbytery to be forwarded to the Assembly by their Commissioners.

"4. That, as early as the fourth day of the sessions of the Assembly, the apportionment of each Presbytery be paid in full, and a bill of the necessary traveling expenses of its Commissioners be presented to the Standing Committee on Mileage.—N. B. It is understood that Commissioners, both in coming to and returning from the Assembly, will avail themselves of any commutation of fares that may be offered in season; and that in other cases they are to take, when practicable, the most economical route; no allowance to be made for extra accommodations on the way. Also, that no one will charge for return expenses unless he intends to go back to his field of labor; and that no one on a business tour, or excursion of pleasure, will make a convenience of the meeting of the Assembly and expect payment of his traveling expenses from the Mileage Fund. Also, that Commissioners, as soon after their arrival as practicable, are to report themselves to the

Committee of Arrangements, and have their respective places of abode assigned them.

"5. That the Mileage Committee, after appropriating from the whole sum an amount sufficient to meet the estimated contingent expenses of the Assembly, be instructed to audit these bills and pay them *pro rata* (if found in accordance with the preceding regulations), as far as the funds will permit.

"6. That, in order to avail themselves of the proceeds of this fund, the Presbyteries must contribute their full proportion to it according to the *per capita* rate.

"7. That every minister, and every vacant church contributing to this Fund, connected with the Presbyteries thus complying with the provisions of this plan, be entitled to a copy of the Annual Minutes of the General Assembly.

"8. That the Commissioners from Presbyteries in foreign lands receive their necessary traveling expenses, *pro rata*, from their place of residence in this country."

In accordance with this system, every Presbytery is requested to pay in full, next year, to the Stated Clerk of the General Assembly, a sum equal to *four cents* for mileage, and *one cent* for Contingent Expenses, or in all *five cents* for every communicant under the care of their churches, as determined by their Statistical Report, herewith printed. This will entitle their Commissioners to a full share in the apportionments for necessary traveling expenses. It is expected that these expenses will be fully met, if the Presbyteries comply with the recommendations of the Assembly.

They are expected, also, to provide for an

#### ENTERTAINMENT FUND.

In addition to the Mileage Fund, the Assembly of 1877 made provision for a "Supplemental Contingent Expense Fund," to "be used for the purpose of meeting the expense of entertaining such Commissioners as are not otherwise provided for." Each Presbytery is requested to contribute to this Fund a sum equal at least to *two cents* per church member, and to forward it, with the Mileage Fund, to the Stated Clerk of the Assembly. It is to be disbursed by the Committee of Arrangements, whose bills for entertainment the Stated Clerk, as Treasurer, is authorized to pay, after they have been approved by an Auditing Committee.

☞ See, also, Minutes of 1886, p. 98.

## II. THE ANNUAL MINUTES.

The Minutes for 1886 will be supplied at *One Dollar* per copy, postage included. A copy will be sent, without charge, to the Stated Clerk of every Presbytery and of every Synod; also (in the case of every Presbytery that has paid its full apportionment to the Mileage and Contingent Funds of the Assembly), to every ordained minister, and to the Session of each contributing *vacant* church, whose address is known; also to every ordained missionary of the Foreign Presbyteries.

## III. SYNODICAL REPORTS.

A *Statistical Report* is to be forwarded to the Assembly by the Stated Clerk of every Synod; in which are to be stated the number and names of the Presbyteries within their bounds; the changes which may have been made in the number or arrangements of their Presbyteries; the names of the Stated Clerks of the Presbyteries; the place and hour of the next annual meeting; and the names of the Moderator and Stated Clerk of the Synod. A blank will be sent to the Stated Clerk of every Synod, near the close of the calendar year, which should be filled up, and forwarded, without delay, to the Stated Clerk of the Assembly.

## IV. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 221 of the present Appendix; of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. A *Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sabbath-schools and Bible-classes organized, with the number of scholars and teachers. Also, the various arrangements of the Presbytery for Church extension; stating the number of their ministers, and the particular manner in which they are employed; the number of their churches, and how they are supplied; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the Gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. By order of the Assembly of 1880, a blank for a Tabulated Statement of facts will annually be forwarded to the Stated Clerk of each Presbytery, to be filled properly, and duly reported to the Assembly. As the Narratives are not to be publicly read, less care may be given to their style, and more to the details of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church. The blank for the Church Narratives, ordered by the Assembly of 1885, can be had from the Board of Publication, by whom it has been printed for the use of congregations and Presbyteries.

## V. STATED CLERKS OF PRESBYTERIES.

(6) If a Church fail to report, let the "whole number" of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (\*) in the column of communicants, denoting the fact.

(7) In the *Additions* to the Church, distinguish between those on *examination* and those on *certificate*; in the *Baptisms*, between the *adults* and the *infants*; and be careful to observe the order of the columns in which these particulars are recorded.

(8) In the report of "*Funds*" contributed, observe the order of the columns, and the directions of the Assembly of 1871 (p. 589) as modified by the Assemblies of 1873, 1874 and 1883, as follows:

12. *Miscellaneous.* To include all other collections, for Bible and Tract Societies, etc., and for general benevolence.

**Be sure to omit the fractions of the dollar**, except in the General Assembly column.

(9). The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column, with their *Address* in the next column; but of the Candidates—including all who are studying for the ministry under the care of the *Churches* of the Presbytery—the *number* only is to be given.

(10). **ADD UP** and **verify** every column of figures, and *Authenticate* the Report with your *signature*.

**Revise** your Report, and find out its defects. Put in the commas and periods that are wanting; fill out the abbreviations; supply the *Christian* name of every minister (an *initial* letter is not a name); and see that every name and figure is perfectly legible.

 If anything should prevent the forwarding of the Statistical Report in time for the meeting of the General Assembly, let it be sent as soon as possible—*not later than June 1st*—by mail, to the STATED CLERK OF THE GENERAL ASSEMBLY.

## GENERAL RULES FOR JUDICATORIES.

[The following "General Rules for Judicatories," not having been submitted to the Presbyteries, make no part of the Constitution of the Presbyterian Church. Yet the General Assembly of 1871, considering uniformity in proceedings in all the subordinate judicatories as greatly conducive to order and despatch in business, having revised and approved these rules, recommended them to all the lower judicatories of the Church for adoption. The rules were amended by the General Assembly of 1885.]

I. The Moderator shall take the chair precisely at the hour to which the judicatory stands adjourned; and shall immediately call the members to order; and, on the appearance of a quorum, shall open the session with prayer.

II. If a quorum be assembled at the time appointed, and the Moderator be absent, the last Moderator present, *being a commissioner*, or if there be none, the senior member present, shall be requested to take his place without delay, until a new election.

III. If a quorum be not assembled at the hour appointed, any two members shall be competent to adjourn from time to time, that an opportunity may be given for a quorum to assemble.

IV. It shall be the duty of the Moderator, at all times, to preserve order, and to endeavor to conduct all business before the judicatory to a speedy and proper result.

V. It shall be the duty of the Moderator, carefully to keep notes of the several articles of business which may be assigned for particular days, and to call them up at the time appointed.

VI. The Moderator may speak to points of order, in preference to other members, rising from his seat for that purpose; and shall decide questions of order, subject to an appeal to the judicatory by any two members.

VII. The Moderator shall appoint all committees, except in those cases in which the judicatory shall decide otherwise. In appointing the standing committees, the Moderator may appoint a Vice-Moderator, who may occupy the chair at his request, and otherwise assist him in the discharge of his duties.

VIII. When a vote is taken by ballot in any judicatory, the Moderator shall vote with the other members; but he shall not vote in any other case, unless the judicatory be equally divided; when, if he do not choose to vote, the question shall be lost.

IX. The person first named on any committee shall be considered as the chairman thereof, whose duty it shall be to convene the committee; and, in case of his absence or inability to act, the second named member shall take his place and perform his duties.

X. It shall be the duty of the clerk, as soon as possible after the commencement of the sessions of every judicatory, to form a complete roll of the members present, and put the same into the hands of the Moderator. And it shall also be the duty of the clerk, whenever any additional members take their seats, to add their names, in their proper places, to the said roll.

XI. It shall be the duty of the clerk immediately to file all papers, in the order in which they have been read, with proper indorsements, and to keep them in perfect order. The Stated Clerk shall receive all overtures, memorials and miscellaneous papers addressed to the judicatory; shall make record of the same and deliver them to the Committee on Bills and Overtures for appropriate disposition or reference. This committee shall have the floor on the reassembling of the judicatory after each adjournment, to report its recommendations as to orders of business or reference of papers, and this right of the committee shall take precedence of the Orders of the Day.

XII. The minutes of the last meeting of the judicatory shall be presented at the commencement of its session, and, if requisite, read and corrected.

XIII. Business left unfinished at the last sitting is ordinarily to be taken up first.

XIV. A motion made must be seconded, and afterwards repeated by the Moderator, or read aloud, before it is debated; and every motion shall be reduced to writing, if the Moderator or any member require it.

XV. Any member who shall have made a motion, shall have liberty to withdraw it, with the consent of his second, before any debate has taken place thereon; but not afterwards, without the leave of the judicatory.

XVI. If a motion under debate contain several parts, any two members may have it divided, and a question taken on each part.

XVII. When various motions are made with respect to the filling of blanks, with particular numbers or times, the question shall always be first taken on the highest number and the longest time.

XVIII. Motions to lay on the table, to take up business, to adjourn, and the call for the previous question, shall be put without debate. On questions of order, postponement, or commitment, no member shall speak more than once. On all other questions, each member may speak twice, but not oftener, without express leave of the judicatory.

XIX. When a question is under debate, no motion shall be received, unless to adjourn, to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged; and the motion for adjournment shall always be in order.

XX. An amendment, and also an amendment to an amendment, may be moved on any motion; but a motion, to amend an amendment to an amendment, shall not be in order. Action on amendments shall precede action on the original motion. A substitute shall be treated as an amendment.

XXI. A distinction shall be observed between a motion to lay on the table *for the present*, and a motion to lay on the table *unconditionally*, viz: A motion to lay on the table, *for the present*, shall be taken without debate; and, if carried in the affirmative, the effect shall be to place the subject on the docket, and it may be taken up and considered at any subsequent time. But a motion to lay on the table, *unconditionally*, shall be taken without debate; and, if carried in the affirmative, it shall not be in order to take up the subject during the same meeting of the judicatory, without a vote of reconsideration.

XXII. The previous question shall be put in this form, namely, Shall the main question be now put? It shall only be admitted when demanded by a majority of the members present; and the effect shall be to put an end to all debate and bring the body to a direct vote: First, on a motion to commit the subject under consideration (if such motion shall have been made); secondly, if the motion for commitment does not prevail, on pending amendments; and lastly, on the main question.

XXIII. A question shall not be again called up or reconsidered at the same sessions of the judicatory at which it has been decided, unless by the consent of two-thirds of the members who were present at the decision; and unless the motion to reconsider be made and seconded by persons who voted with the majority.

XXIV. A subject which has been indefinitely postponed, either by the operation of the previous question, or by a motion for indefinite postponement, shall not be again called up during the same sessions of the judicatory, unless by the consent of three-fourths of the members who were present at the decision.

XXV. Members ought not, without weighty reasons, to decline voting, as this practice might leave the decision of very interesting questions to a

small proportion of the judicatory. Silent members, unless excused from voting, must be considered as acquiescing with the majority.

XXVI. When the Moderator has commenced taking the vote, no further debate or remark shall be admitted, unless there has evidently been a mistake, in which case the mistake shall be rectified, and the Moderator shall recommence taking the vote. If the House shall pass the motion to "vote on a given subject at a time named," speeches shall thereafter be limited to ten minutes. When the time named shall arrive, no further discussion shall be allowed, either as explanation or argument, but the Moderator shall proceed to put to vote in their proper order all pending propositions, and also all those of which notice has been given during the discussion. Should the hour for adjournment or recess arrive during the voting, it shall be postponed to finish the vote, unless the majority shall vote to adjourn; in which case the voting shall, on the reassembling of the House, take precedence of all other business till it is finished. Under this rule the "yeas and nays" shall not be called, except on the final motion to adopt as a whole. This motion to fix a time for voting shall be put without debate.

XXVII. The yeas and nays on any question shall not be recorded, unless required by one-third of the members present. If division is called for on any vote, it shall be by a rising vote, without a count. If on such a rising vote the Moderator is unable to decide, or a quorum rise to second a call for "tellers," then the vote shall be taken by rising, and the count made by tellers, who shall pass through the aisles and report to the Moderator the number voting on each side.

XXVIII. No member, in the course of debate, shall be allowed to indulge in personal reflections.

XXIX. If more than one member rise to speak at the same time, the member who is most distant from the Moderator's chair shall speak first. In the discussion of all matters where the sentiment of the House is divided, it is proper that the floor should be occupied alternately by those representing the different sides of the question.

XXX. When more than three members of the judicatory shall be standing at the same time, the Moderator shall require all to take their seats, the person only excepted who may be speaking.

XXXI. Every member, when speaking, shall address himself to the Moderator, and shall treat his fellow-members, and especially the Moderator, with decorum and respect.

XXXII. No speaker shall be interrupted, unless he be out of order; or for the purpose of correcting mistakes or misrepresentations.

XXXIII. Without express permission, no member of a judicatory, while business is going on, shall engage in private conversation; nor shall members address one another, nor any person present, but through the Moderator.

XXXIV. It is indispensable, that members of ecclesiastical judicatories maintain great gravity and dignity while judicially convened; that they attend closely in their speeches to the subject under consideration, and avoid prolix and desultory harangues; and, when they deviate from the subject, it is the privilege of any member, and the duty of the Moderator, to call them to order.

XXXV. If any member act, in any respect, in a disorderly manner, it shall be the privilege of any member, and the duty of the Moderator, to call him to order.

XXXVI. If any member consider himself aggrieved by a decision of the Moderator, it shall be his privilege to appeal to the judicatory, and the question on the appeal shall be taken without debate.

XXXVII. No member shall retire from any judicatory without the leave of the Moderator, nor withdraw from it to return home without the consent of the judicatory.

XXXVIII. All judicatories have a right to sit in private, on business, which in their judgment ought not to be matter of public speculation.

XXXIX. Besides the right to sit judicially in private, whenever they think proper to do so, all judicatories have a right to hold what are commonly called "interlocutory meetings," in which members may freely converse together, without the formalities which are usually necessary in judicial proceedings.

XL. Whenever a judicatory is about to sit in a judicial capacity, it shall be the duty of the Moderator solemnly to announce, from the chair, that the body is about to pass to the consideration of the business assigned for trial, and to enjoin on the members to recollect and regard their high character as judges of a court of Jesus Christ, and the solemn duty in which they are about to act.

XLI. In all cases before a judicatory, where there is an accuser or prosecutor, it is expedient that there be a committee of the judicatory appointed (provided the number of members be sufficient to admit it without inconvenience), who shall be called the "Judicial Committee," and whose duty it shall be to digest and arrange all the papers, and to prescribe, under the direction of the judicatory, the whole order of proceedings. The members of this committee shall be entitled, notwithstanding their performance of this duty, to sit and vote in the cause, as members of the judicatory.

XLII. But in cases of process on the ground of general rumor, where there is, of course, no particular accuser, there may be a committee appointed (if convenient), who shall be called the "Committee of Prosecution," and who shall conduct the whole course on the part of the prosecution. The members of this committee shall not be permitted to sit in judgment in the case.

XLIII. The permanent officers of a judicatory shall have the rights of corresponding members in matters touching their several offices.

XLIV. The Moderator of every judicatory above the Church session, in finally closing its sessions, in addition to prayer, may cause to be sung, an appropriate psalm or hymn, and shall pronounce the apostolical benediction.
